Subject: 6/21 City Council Meeting - Public Comment

Mayor Kate,

I respectfully request that you postpone appointing any Board or Commission vacancies until the City follows its established process as happened with the 1-year term appointment of Jon Haveman. This was NOT done with the two 4-year positions that have become vacant this month. The City needs to follow its own transparent and democratic procedures, announce vacancies widely including reaching those not on PC or social media. Then Camille Harris, Jon Previtali and whoever else is interested may apply, conduct interviews, and then make an appointment.

This has been the City of San Rafael process for years and needs to be followed with these vacancies and all future vacancies.

I kindly request that the City Clerk distribute to any other City Official that is responsible for making changes to tonight's agenda.

Sincerely,

A. Medved
35 year resident of San Rafael
