COVID-19 Protocols

Screening and Intake Procedures

Parents must accompany their child(ren) to the intake table and verify daily temperature with staff and answer questions regarding your child's health. Please maintain at least six feet of distance between you and any other families dropping off their child(ren).

Intake procedure and questions:

- Take Child's temperature. For children and adults, fever is 100 degrees or above using a forehead thermometer.
- Do you or your child live with anyone or have you or your child had close contact with anyone with a prolonged cough, fever, or flu-like symptoms? Or with anyone who has been diagnosed with COVID-19 within the last 14 days?

Parents and caregivers must also monitor their children for signs of infectious illness every day at home and children must stay home when they are sick. If a child has a cough or other illness symptoms, they may not come to our program even if they have no fever. It is not uncommon for children with COVID-19 to have cough without fever, especially early in the course of illness. Please make sure to do illness checks with your child daily at home prior to coming to our Child Care program.

Signs of illness: Children will be monitored for signs of illness throughout the day including

- Headache or tiredness. Unable to participate in routine activities or need more care than staff can provide
- Fever with behavior changes, difficulty breathing, uncontrolled coughing, unusually tired, persistent crying, etc.
- Open sores, rash, signs of infection
- Runny nose, colored mucus

If children are exhibiting any of the above symptoms, they will be separated from the group.

Parents/guardians are required to and must agree to come pick up their child without delay if they are exhibiting these symptoms.

If a child has had a confirmed exposure or tested positive for COVID-19

We will continue to follow the Marin County Office of Education COVID-19 Safety-Decision tree. This is always subject to change, and please reach out to the Center Director should you have any questions regarding exposure or COVID related questions.

Facial Coverings

- Face coverings are required for young children between 2 years old to 5th grade. Masks must be worn properly (covering the nose and mouth, avoid touching or adjusting the covering).
- Face covering should be removed for meals, snacks, naptime, and outdoor recreation.
- Children under 12 wearing a face covering will be actively monitored by teachers.
- All staff will continue to wear facial coverings.

COVID-19 Waiver

All families must sign this document as well as the Assumption of the Risk and Waiver of liability relating to Coronavirus/COVID19 for participation in our program.

I HAVE READ AND AGREE TO ABIDE BY THE COVID-19 PROTOCOLS for Summer 2021 programming.
