Discussion regarding consensus items.

Planning Manager Leslie Mendez summarized the Members' consensus items:

- Nice project
- Buildings are tall, but can be mitigated with darker tones and horizontal materials
- Trees should be not uniform but clustered, and more natural spacing
- Concern over shading of common area
- Concern of height over ridgeway
- Step back or vegetation for grading

Chair Paul asks Board for further discussion on consensus items.

Member Kent seconded motion.

Further discussion regarding consensus items.

The Board agrees on the following consensus items:

- Mitigate the appearance of building height with darker color palette consistent with Hillside Design Guidelines and horizontal elements to break of visual appearance of massing
- Trees should be not planted in a uniform row but clustered with more natural spacing to the extent practicable for available planting area
- Mitigate impact the 10' – 16' tall retaining walls with step backs or other applications such as texture/colors/materials/or vegetation
