- A. **Housing Needs Follow-Up.** At the February meeting, Working Group members were asked to share their perspectives on housing needs in San Rafael and react to data provided by staff. Many of the comments related to longstanding issues related to race, equity, and income. A future meeting of the Working Group is being planned to discuss how the Housing Element can affirmatively further fair housing and better respond to these issues. Working Group feedback is invited. *Recommended time allowance: 20 minutes*

An opportunity for public comment on this item will be provided

B. Site Inventory Presentation. The Housing Sites inventory is a critical part of the Housing Element Update process. It provides a comprehensive list of properties on which housing can be built in the next eight years, including estimates of the number of units each site can accommodate, and what income groups those units are likely to serve. Staff will deliver a PowerPoint presentation on the Inventory, highlighting the methodology for identifying sites, the types of sites that are included, and rough estimates of the number of sites in each category. *Recommended time allowance: 20 minutes*

C. Housing Sites Discussion. The Committee will participate in a discussion about the Housing Sites Inventory, including several policy questions that will be raised in the presentation. Staff is seeking feedback on the sites identified, additional sites that could be considered, and policies and programs to support development on the sites. *Recommended time allowance: 60 minutes*

An opportunity for public comment on this item will be provided.

6. MEMBER AND STAFF ANNOUNCEMENTS
