FOR IMMEDIATE RELEASE

Lane Closure Expected as 101 NB Central San Rafael Harbor Bridge Replacement To Start Again in Marin County

The electrical work will begin on Monday, June 27

The bridge work will begin on Tuesday, July 5

SAN RAFAEL — Caltrans is re-starting this month (June) the Harbor Bridge Replacement Project on the northbound 101 off-ramp to Central San Rafael, Marin County. The project started in February 2021, and on Dec. 11, 2021, was suspended due to environmental regulations for in-creek work.

The first lane closure will be from June 27 through July 1, starting at 9 p.m. and lasting until 5 a.m. for electrical work. Upon exiting the Central San Rafael off-ramp, one lane (out of three) will be closed during construction; the other two lanes will remain open at all times.

There will also be a closure from July 5-7, from 9 p.m. until 5 a.m., for bridge work. One lane (out of three) will be closed during construction; the other two lanes will remain open at all times.

These are nighttime closures only. All lanes will be open during the day.

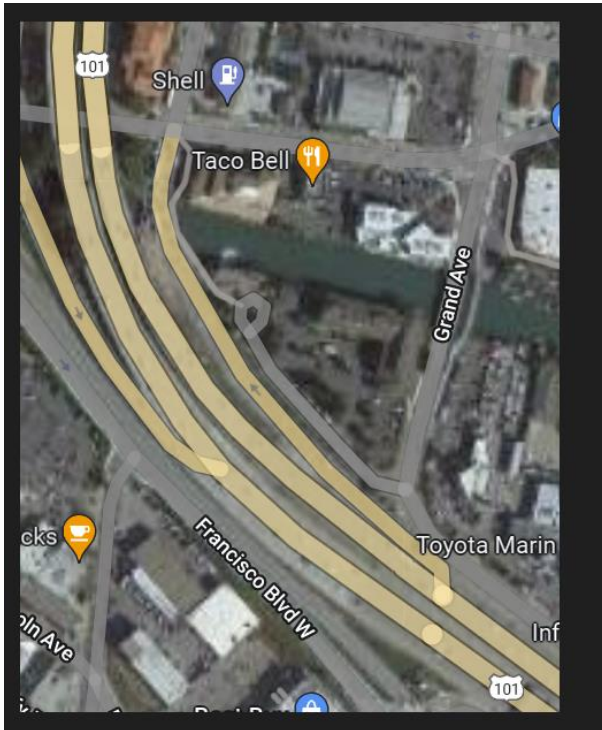

The project is expected to be completed in the fall of 2022. The Harbor Bridge project is partially funded with SB1 funds, approved by the voters in 2017.

Changeable message and directional signs will be in place to assist motorists traveling in the area. The California Highway Patrol (CHP) will be on-site during the closures.

TRAFFIC ADVISORY

Please drive with caution. Slow for the Cone Zone and Be Work Zone Alert. Caltrans thanks motorists for their patience while we work to maintain our state's highways, bridges, and tunnels.
