

For Member of City Council, District 2

Name: Eli Hill

Age: 45

Occupation: San Rafael City Councilmember

As current San Rafael Councilmember, I have focused on quality of life for working families, affordable housing opportunities, balancing San Rafael's budget, and sustainability. I have worked with small business owners to improve economic vitality and beautification of Downtown and in the West End Village. I am committed to the safety of our residents and ensuring that the growing danger from wildfires is mitigated. I am dedicated to advocating for issues that District 2 neighbors care about. I am running to serve you as your Councilmember because I care about our city and would be honored to earn your vote.

I previously served on both the San Rafael Fire Commission and Planning Commission. I hold a BS degree in Nuclear Engineering from UC Berkeley and work as a strategy and technology consultant. I am endorsed by Mayor Kate Colin and Councilmembers Rachel Kertz, Maribeth Bushey, and Maika Llorens Gulati. With the additional endorsements of Congressman Jared Huffman, State Senator Mike McGuire, Assemblymember Marc Levine, and Supervisor Damon Connolly, I have forged regional relationships to accomplish strategic and impactful outcomes for San Rafael.

We are living in challenging times and my Council experience enables me to know what is needed to continue to make San Rafael a wonderful place to live and work.
