APNs: 175-060-12, -40, -59, -61, -66 & -67; General Commercial (GC) District; MeloneGeier Partners, owner/applicant; PLAN21-039, ZC21-001, UP21-007, ED21-024, TS21-002, IS21-002 & DA21-001

**Project Planner:** Tricia Stevens, Contract Planner [tricia.stevens@cityofsanrafael.org](mailto:tricia.stevens@cityofsanrafael.org)

Tricia Stevens, Contract Planner, presented the Staff Report on the project.

Applicant Team gave a presentation on the project.

Applicant Team and Staff responded to questions from the Board Members.

Chair Rege asked for public comments. Public Comment received about traffic, building heights, residential density, amount of open space, affordable housing need, sustainable

design, water conservation measures, impacts to local school capacity, and pedestrian and bicycle circulation.

Board Members provided comments.

Member Paul moved, Vice Chair Kovalsky seconded recommendation that the applicant address the following comments and return to the Design Review Board for consideration.

**1. Massing:**

- a. Seven-story apartment buildings appear out of scale for the site and the project is too dense in the south/middle portion of the site. Concern about pedestrian scale and a canyon effect. Consider spreading out density over the entire site (particularly to the north) and providing building stepbacks for upper floors.
- b. Existing parking garage could be better utilized. Consider densifying this area with residential development or a taller parking garage.

**2. Town Square:**

- a. Consider replacing the parking area to the west of the Town Square with open space or other active use.
- b. Relocate the dog park to more of a periphery location to minimize noise impacts of the dogs.
- c. Town Square should be more of a functional active park with amenities for all ages, including a tot lot, a playground for older children, and restroom facilities.

**3. Architecture:**

- a. Architecture is not cohesive throughout the project. DRB questions the use of red brick.
- b. Affordable housing design is not of similar quality as other residential uses with regards to setbacks in façade, variations in roof height, and overall quality of design and materials. Also, consider providing balconies since at grade open space is not provided.
- c. Need more information and detail on rooftop activities.

**4. Circulation:**

- a. Consider providing multi-modal paths around the entire site and stronger pedestrian pathways throughout the site.
- b. Consider providing a transit hub within the site

**5. Additional Submittal Materials**

- a. Applicant to prepare lighting plans for DRB consideration.
- b. Applicant to prepare fencing plans for DRB consideration.

Board Members discussed motion.
