City Council meeting on housing today

**Message**

Hello, I wish I could go to this meeting however I have a Dr.'s appointment this afternoon around the same time. I would like to suggest a site for the "tiny houses". The Sloat nursery on Lincoln Av.e that has been closed down for more than a year. It is relatively flat and has a small existing building that, I believe, has bathrooms. Also, there is a bus stop near there. Could you suggest this site to the committee today, thanks Jerry
