

Greening Our Future: A Tree Plan for San Rafael

Learn why trees are key to cooling Marin's urban heat islands and sequestering the greenhouse gases driving climate change. And how we can better nurture and care for them.

Bill Carney, Sustainable San Rafael
Where Trees Stand in the City's General Plan

Nancy Hughes & Emily Spillet, CA Urban Forests Council
What's Needed in a Comprehensive Tree Master Plan

Ray Moritz, Urban Forestry Associates
The First Step: A Complete Tree Inventory

Tanner Mar, Regional CalFire Urban Forester
Potential Resources to Fund & Implement a Tree Master Plan

Thursday, September 14, 7:00pm, San Rafael City Hall
Also available via Zoom
