

# HELP SAN RAFAEL REDUCE WILDFIRE RISK

*It's your responsibility. It's the law.*

## Complete Seasonal Maintenance

- Clear gutters, cut tall grasses, and prune vegetation
- Remove dead and dying vegetation from your property
- Fill your green cart up every week
- Sign up for a Chipper Day: [www.chipperday.com/marin](http://www.chipperday.com/marin)

## Schedule a Wildfire Safety Evaluation

Get a customized checklist of steps to reduce wildfire risk. Sign up at [srfd.org](http://srfd.org).

## Create and Maintain Defensible Space

- Create a buffer between buildings & vegetation
- Keep things "Lean, Clean, and Green"
- Install gutter guards and ember resistant vents

**The Fire Department can assist!**  
**Learn more at [srfd.org](http://srfd.org).**

## Grant Funding

Get up to \$1000 back for risk reduction work.

Eligible expenses can include:

- Vegetation removal
- Pruning
- Installation of gutter guards
- Ember-safe vents
- ...and much more!

## Direct Assistance

The Fire Department's team can help remove vegetation for free. Reach out for more information!

**Citations are being issued. \***  
**Protect your home today!**

\*In March of 2019, City Council adopted citywide wildfire safety vegetation standards. SRMC 4.12 requires all property owners to comply with the standards for community safety or face monetary penalties.

## Make an Evacuation Plan

- Sign up for Emergency Alerts at [www.alertmarin.org](http://www.alertmarin.org)
- Stay informed at [www.emergency.marincounty.org](http://www.emergency.marincounty.org)
- Map your evacuation route at [www.aware.zonehaven.com](http://www.aware.zonehaven.com)
