Coverage will not be issued until the insurance company approves acceptable evidence of good health. Evidence of good health may include a paramedical exam or physician's statement.

## How Much Your Coverage Will Cost

The monthly cost of insurance for you and your spouse will depend on the amount of insurance you wish to purchase. Note that at age 65, your benefits are reduced.

**You** – Your monthly cost of insurance is \$2.60 per \$10,000 of coverage.

**Your Spouse** – The monthly cost for your spouse is \$1.30 per \$5,000 of coverage.

**Your Children** – The monthly cost for children is \$0.40 per \$2,000 of coverage. One premium will insure all your eligible children, regardless of the number of children you have.

*Costs are subject to change.*

## When You Reach Age 65

By the time you reach age 65, chances are that your children will be grown and your mortgage paid. At age 65, providing you are still employed, your coverage will decrease to 65% of the benefit amount. It will decrease to 45% at age 70, 30% at age 75 and 20% at age 80.

## How Much Life Insurance Do You Need?

We have provided this worksheet to help you calculate how much life insurance you may need for a surviving spouse and dependents. When calculating annual amounts, be sure to multiply the annual income or cost by the number of years you expect to receive that income, or incur that cost.

### 1. Living Costs

Day-to-day Living Expenses ( <i>Use 75% of current net income</i> )		
\$ _____ annually x _____ years	=	\$ _____
Child Care Expenses		
\$ _____ annually x _____ years	= +	_____
Education Funding		
\$ _____ annually x _____ years	= +	_____
Major Purchases ( <i>cars, home repair</i> )		
\$ _____ annually x _____ years	= +	_____
Estate and Funeral Expenses	= +	_____
<b>TOTAL LIVING COSTS (A)</b>	=	<b>\$ _____</b>

### 2. Available Resources

Cash and Savings	=	\$ _____
Retirement Savings ( <i>IRA, 401(k), etc.</i> )	= +	_____
Stocks and Bonds ( <i>at current market value</i> )	= +	_____
Spouse Income ( <i>multiply by 60%*</i> )		
\$ _____ annually x _____ years	= +	_____
Other Assets	= +	_____
<b>TOTAL AVAILABLE RESOURCES (B)</b>	=	<b>\$ _____</b>

### 3. Life Insurance Need

<b>TOTAL LIVING COSTS (A)</b>	=	<b>\$ _____ (A)</b>
<b>LESS TOTAL AVAILABLE RESOURCES (B)</b>	-	<b>\$ _____ (B)</b>
<b>EQUALS LIFE INSURANCE NEED</b>	=	<b>\$ _____</b>

*Naturally a worksheet like the above is only an aid to determining life insurance needs. It cannot predict all of your expenses, economic conditions, inflation, investment performance or other factors which may alter your needs. For a more accurate plan, you should consider consulting an investment advisor.*

*\* Estimate likely spouse income as sole provider. Include your estimate of Social Security benefits to surviving spouse and dependents. The 60% factor above is used to account for taxation so that a net income figure can be derived. Vary this factor if you feel combined federal, state and local taxes, and FICA will be different for your situation.*

## **Other Benefit Features**

---

### ***Accelerated Death Benefit — Terminal Illness***

If you or your spouse is diagnosed by two unaffiliated physicians as terminally ill with a life expectancy of 12 months or less, the accelerated payment benefit for terminal illness provides for up to 75% of the life insurance coverage amount in force or \$375,000, whichever is less, to be paid to the insured. This benefit is payable only once in the insured's lifetime, and will reduce the life insurance death benefit.

The terminal illness benefit may be taxable. As with all tax matters, an insured should consult with a personal tax advisor to assess the impact of this benefit.

### ***Increasing Your Coverage***

You may increase your coverage at any time. We do require evidence of good health for all new coverage elections.

### ***Continuation for Disability for Employees Age 60 or Over***

If your active service ends due to disability, this plan provides a continuation of coverage feature. If you are disabled at age 60 or over, your coverage will continue while you are disabled. This benefit will remain in force until the earliest of the following dates: the date you are no longer disabled, the date the policy terminates, the date you are disabled for 12 consecutive months, or the day after the last period for which premiums are paid. You are considered disabled if, because of injury or sickness, you are unable to perform all the material duties of your Regular Occupation, or you are receiving disability benefits under your Employer's plan. "Regular Occupation" means your occupation, as routinely performed in the general labor market, at the time your disability begins.

## **Extended Death Benefit with Waiver of Premium**

---

### ***Extended Death Benefit***

*If you become Disabled* — The extended death benefit ensures that if you become disabled prior to age 60, and die before you qualify for Waiver of Premium, we will pay the life insurance benefit if you remain disabled during that period. If you qualify for this benefit and have insured your spouse or children, their coverage is also extended. You are considered disabled if, because of injury or sickness, you are unable to perform all the material duties of your Regular Occupation, or you are receiving disability benefits under your Employer's plan. "Regular Occupation" means your occupation, as routinely performed in the general labor market, at the time your disability begins.

### ***Waiver of Premium***

*If you become totally disabled* — To make sure you can keep the life insurance protection you need during a difficult period of your life, this plan provides a *waiver of premium* feature. If you are totally disabled prior to age 60 and can't work for at least 9 months, you won't need to pay premiums for your coverage while you are disabled, provided the insurance company approves you for this benefit. You must continue to pay premiums until the insurance company approves you for this benefit. You are considered totally disabled when you are completely unable to engage in any occupation for wage or profit because of injury or sickness. This benefit will remain in force to age 65, subject to proof of continuing disability each year. If you qualify for this benefit and have insured your spouse or children, the premium for their coverage is also waived.

## **What Is Not Covered**

---

The plan will not pay benefits if loss of life is the result of suicide that occurs within the first two years of coverage.

## **When Your Coverage Begins and Ends**

---

The date your coverage begins is called its “effective date.” Your employer will let you know the effective date of your coverage. If you are not actively at work on the effective date of coverage, your coverage will not begin until you return to work.

For coverage for your spouse and/or children to be effective, they must not be hospitalized or confined at home under the care of a doctor.

Your coverage cannot be terminated as long as you remain eligible, the premium is paid and the group policy remains in force.

For your spouse and children, coverage ends when your coverage ends, when their premiums are not paid or when they are no longer eligible.

### **Converting Your Coverage to Permanent Life Insurance**

If group life insurance coverage is reduced or ends for any reason except nonpayment of premiums, you can convert to an individual policy. No medical certification is needed. To convert coverage, you must apply for the conversion policy and pay the first premium payment within 31 days after your group coverage ends. Family members may convert their coverage as well. Converted policies are subject to certain benefits and limits as outlined in the conversion brochure which may be requested as needed. Premiums may change at this time.

### **Apply Today**

---

In order to apply for coverage, you must complete an application form. Be sure to answer all questions accurately.

### **Payroll Deduction**

You pay your premiums through payroll deduction.
