ICON KEY

Symbol	Meaning
 Box	Inbox
 Wrench	Service requests
 Scales	Community Issues
 Person	Constituents
 Pillars	Organizations
 Check box	Pending Tasks
 Clock wheels	Settings, contact info, preferences, response templates

ANSWERING AN INQUIRY FROM SERVICE REQUEST:

1. Click on wrench in top left corner, then click on "Assigned To Me"

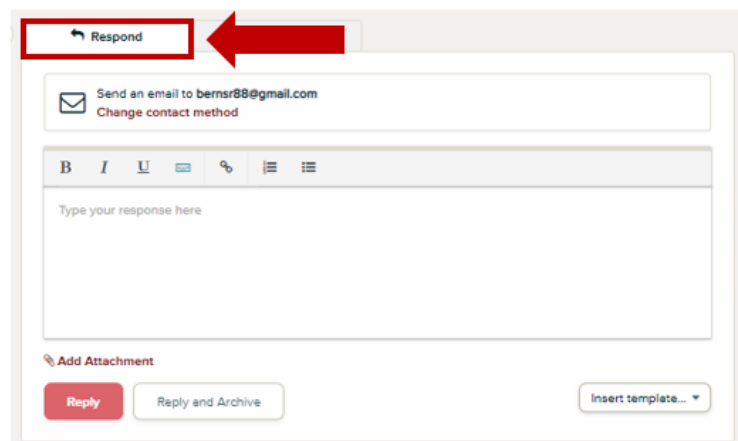

2. Select the service request and go to the conversation tab.

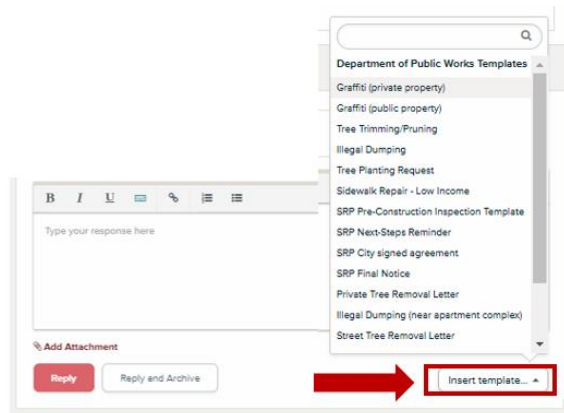

3. Click on the arrow on the far right of the message you want to reply to.

4. An inquiry requires action from DPW, create a service request (for instructions on how to create a service request see "[Service Request](#)").

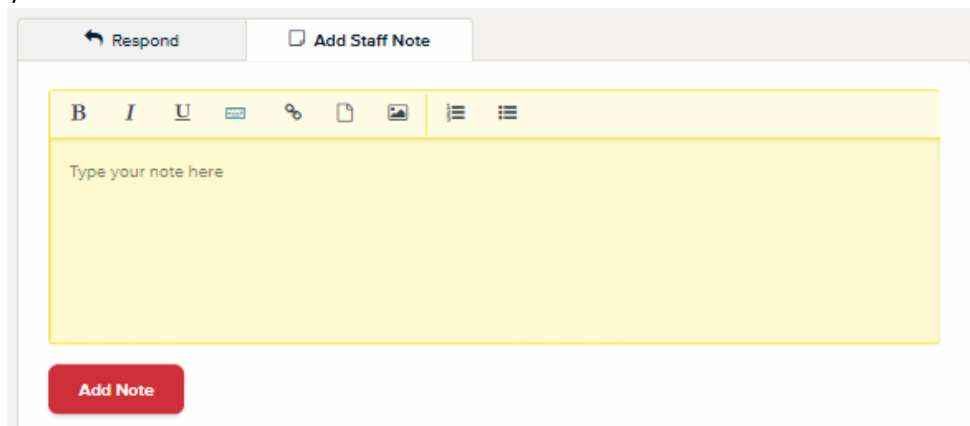

5. To insert an automated response, hit the "Insert template" drop-down menu at the lower right corner of the respond message. Select the desired template from the list to insert in the response box. Hit reply to send message.

ADDING NOTE TO CONVERSATION:

- Notes are added to service request or inquiry messages to update others on CP Connect about the inquiry.

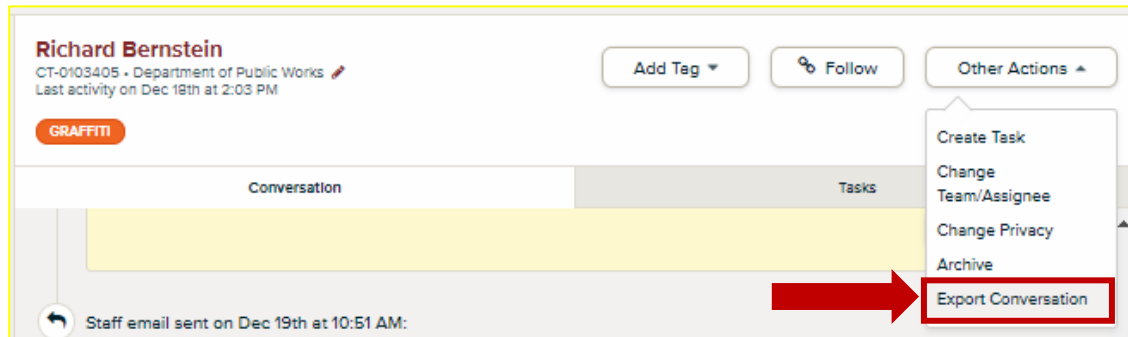

If you are in the process of researching an answer, add it in the notes to update others on the DPW Team. It's also helpful to add if you have emailed another staff member requesting a response for the resident.

EXPORTING CONVERSATION:

1. Inquiries may be exported into a pdf if you need the conversation in a file. To export click on “Other Actions” drop down menu, select “Export Conversation,” a pdf of the conversation will pop up.

TRANSFERRING CONVERSATIONS:

There will be times when a constituent's request belongs to another department. When this occurs you will need to transfer the conversation to another department. There will be no need to create a service request unless this case also involves DPW.

1. While on the conversation. Click the pencil icon and a new menu will appear.

The screenshot shows a user interface for managing conversations. On the left, there is a list of four conversations:

- Linda Garb**: Nallely Manriques, Department of Public Works, Jan 22nd at 6:58 PM. 3 messages, 1 edit.
- Geremy Cohen**: Department of Public Works, Jan 22nd at 3:42 PM. 1 message, 1 edit.
- Jeffrey Wilson**: John Shindelus, Thomas Wong, Nallely Manriques, Christine Foster, Department of Public Works, Jan 18th at 10:12 AM. 11 messages, 2 edits.
- Jennifer Mitchell-Basilio**: Mark Wright, Talia Smith, Nallely Manriques, Department of Public Works, Jan 17th at 5:26 PM. 5 messages, 1 edit.

Below the list is a '+ No more conversations' button. On the right, the detailed view of the conversation with **Geremy Cohen** is shown. The conversation ID is CT-0105029, Department of Public Works, with last activity on Jan 22nd at 3:42 PM. A red box highlights a pencil icon next to the conversation title, with a red arrow pointing to it. Below the conversation details, there is an 'Automated message' section and a 'Conversation' section with the text: 'Thank you for your message. We value your input and strive to... Department of Public Works City of San Rafael'. At the bottom, there are buttons for 'Respond' and 'Add Staff Note', and a section for 'Send an email to geremy.cohen@gmail.com' with a 'Change contact method' link.

2. Choose the appropriate team that should own the conversation and, if known, you may also choose the appropriate staff member, or you may leave it blank. Then click save.

The screenshot shows a 'Change Team/Assignee' dialog box. It contains the following fields:

- 'Which team owns this conversation?': A dropdown menu showing 'Department of Public Works' with a red arrow pointing to it.
- 'Who is assigned to this conversation?': A 'Select user...' dropdown menu with a red arrow pointing to it.
- A search input field with a magnifying glass icon and the text 'Start typing to search...' with a red arrow pointing to it.
- 'Cancel' and 'Save' buttons at the bottom right, with a red arrow pointing to the 'Save' button.

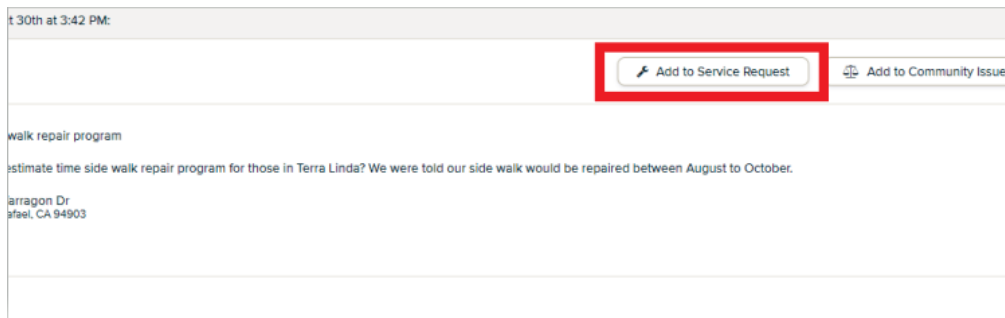

CREATING SERVICE REQUESTS:

EXTERNALLY (FROM A RESIDENT WRITING IN):

Below is a service request table to guide you in knowing who to assign service requests to. There are 7 division tags: **Admin, Engineering, Garage, Parks, Streets, Traffic,** and **DPW non-division.**

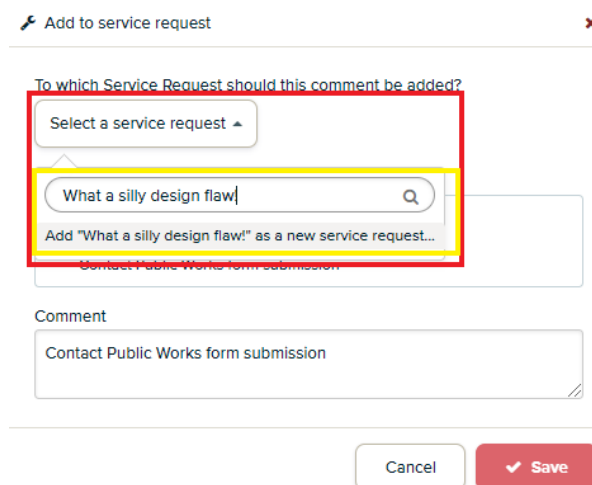

When creating a service request for the Facility Division, you will need to change the assigned team to **“Facilities.”**

1. To create a new service request, click the "add to service request" button.

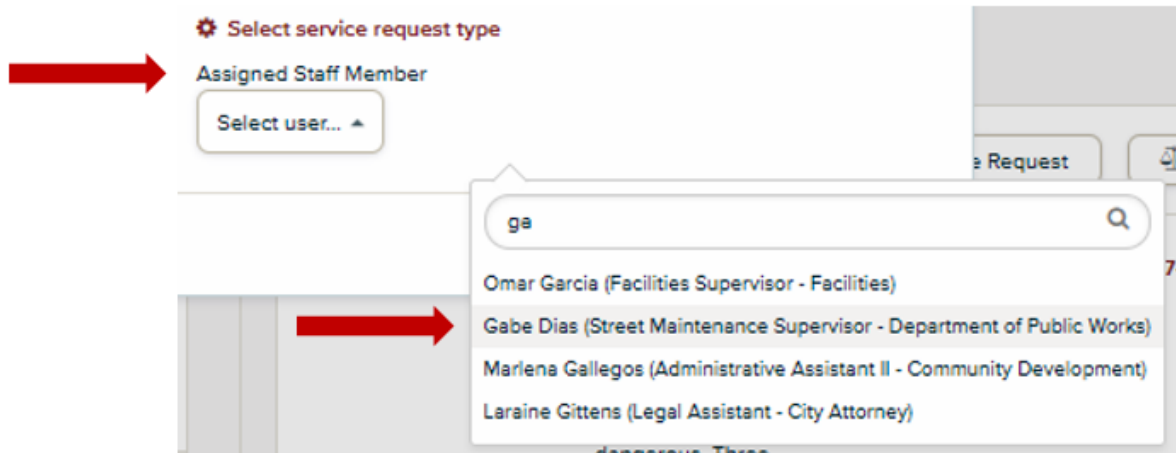

A screenshot of a web interface showing a service request form. At the top, there is a header with the text "t 30th at 3:42 PM:". Below this, there are two buttons: "Add to Service Request" and "Add to Community Issue". The "Add to Service Request" button is highlighted with a red rectangular box. Below the buttons, there is a text area containing the following text: "walk repair program", "estimate time side walk repair program for those in Terra Linda? We were told our side walk would be repaired between August to October.", "arragon Dr", and "Alhuel, CA 94903".

2. Title the service request in the following format: **address/location of service request – followed by service needed** (i.e. 111 Morphew St – graffiti on building door).
3. If you do not wish to tie the current communication to an existing service request and you simply wish to create a new request, start typing the new title, you'll see an option for "add 'blah blah blah' as a new service request", select this option. Note: If you do not see this option it may be because there are many service requests with the same title. Simply scroll down to the end of the list and you will see “Add ‘....’ as a new service request.”

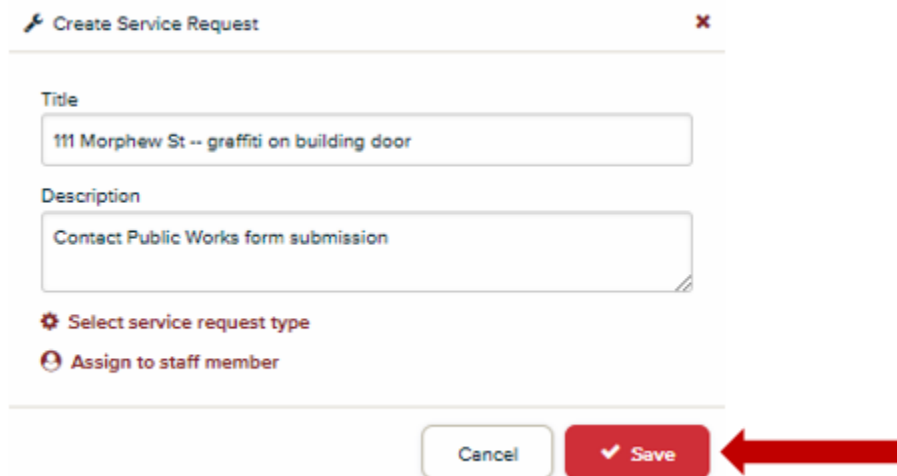

A screenshot of a dropdown menu titled "Add to service request" with a close button (x) in the top right corner. The menu is open, showing a search bar with the text "What a silly design flaw|". Below the search bar, there is a list of search results. The first result is "Add 'What a silly design flaw!' as a new service request...". This result is highlighted with a yellow rectangular box. Below the search results, there is a text area with the text "Contact Public Works form submission". At the bottom of the form, there are two buttons: "Cancel" and "Save".

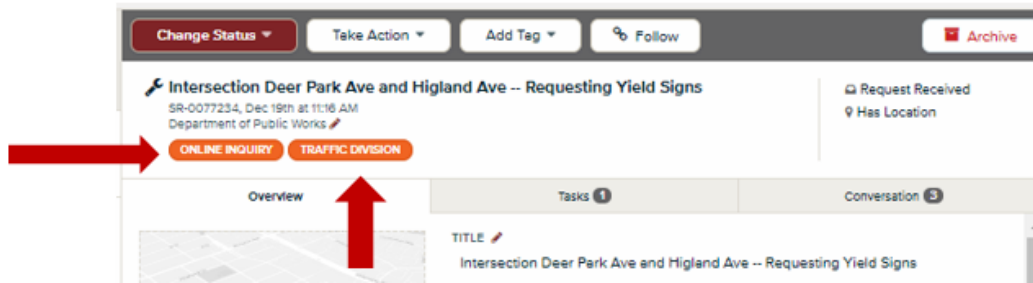

4. Assign to staff member – use [Service Request Guide](#) for guidance

5. Click “save” to submit service request

3. After service request has been submitted add appropriate division tag to service request. Division tags are used to generate monthly reports for DPW.

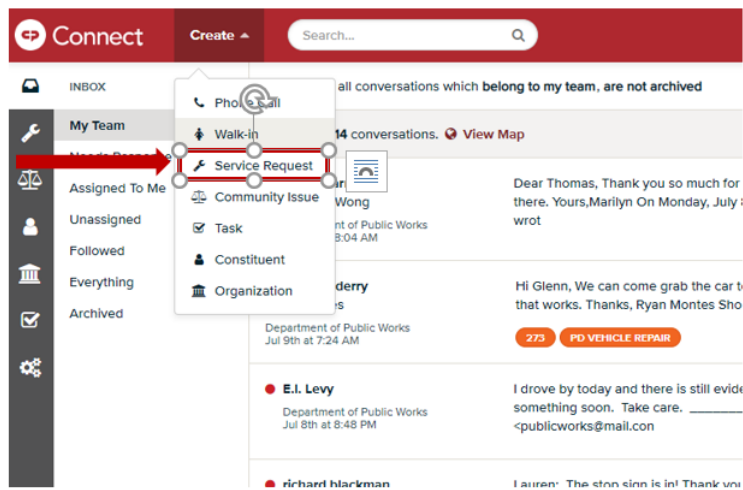

- Once the service request has been created you and the assigned staff member will automatically be named followers. To add additional followers, click the “+Add Follower” icon located on the lower left side of the service request.

INTERNALLY (FROM AN EMAIL OR PHONE CALL)

- Click on the “Create” tab, and then on the drop-down menu, click on “Service Request”.

2. A box will pop up. Under “Requestor”, type in their name or phone number (phone number is usually easier). If they have written a request before, their contact information will come up. Click on it. If they have not, add them by typing in their name, scrolling to the bottom of the drop-down menu, and clicking on “Add ___ as a new constituent”. Another form will pop-up; fill it out accordingly. If they are adamant on remaining anonymous, type in “Anonymous Constituent”.

3. Title the service request in the following format: **address of service request – followed by service needed** (i.e. 111 Morphew St – graffiti on building door). Type in any additional or detailed information in the “Description” box.

4. Assign to staff member by clicking on the “Select user” drop-down menu – use [Service Request Guide](#) for guidance.

- Click "Save" to submit service request.

- After service request has been submitted, you will be taken to this screen. Add appropriate division tag to service request. Division tags are used to generate monthly reports for DPW. Add any additional tags describing the service request (e.g. stop sign request, pothole, vegetation, etc.)

The screenshot shows the 'Connect' interface. On the left is a sidebar with navigation options like 'My Team', 'Assigned To Me', 'Unassigned', 'Followed', 'Everything', and 'Archived'. The main area displays a list of service requests. The selected request is '353 Hyacinth - possible sinkhole, wants DPW to take a look'. The detailed view includes a map, a 'LOCATIONS' section with the address '353 Hyacinth Way, San Rafael CA 94903-2401', and a 'DESCRIPTION' section stating: 'Homeowner called - worried about possible sinkhole in street adjacent to curb and gutter. Says curb and sidewalk are caving into space. Resident would know if there is a sinkhole and what next steps are - wants to meet DPW staff out there when they take a look. Please call him at 415-307-8003 when you think you might be able to go out there -- he would like it to be sometime this week'. A red box highlights the 'Add Tag' button in the top navigation bar, with a red arrow pointing to it.

- To enter a location, click on “Add Location”. A screen will pop up and you can type in the address. Alternatively, you can click on the Map to select a location from there (this is helpful when referencing intersections).

- Once the service request has been created you and the assigned staff member will automatically be named followers. To add additional followers, click the “+Add Follower” icon located on the lower left side of the service request.

ADDING STAFF NOTE TO SERVICE REQUEST:

Note: This is different than adding a note to a Conversation (as shown above). Staff notes is a useful tool to inform everyone on the case. Any staff notes that are written will be sent to the assigned staff member, as well as, the followers.

1. Click add note

STAFF NOTES + Add Note

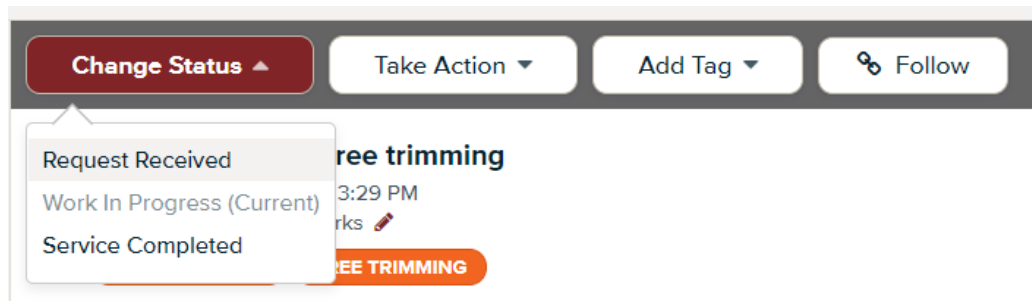

2. A new window will open. Type any information that you would like to share with everyone on the case.
3. Once finished click “add note”

Note: This assists relaying information to the public when they are asking for updates on their case.

CHANGING SERVICE REQUEST STATUS:

1. If you have received a service request, you must “change status” of the request:
 - a. **Request Received** – indicates that the service request was created.
 - b. **Work in Progress** – currently working on service request and add “staff notes” if the request may take longer than one month or if there is any information that can be shared to the resident (and staff members) if they were to call again.
 - c. **Service Completed** – service request has been completed and no follow-up is needed.

1. If this option is chosen you may now archive the case.

CREATING A MESSAGE TEMPLATE:

1. Go to settings
2. Click "Response Templates"

3. Click "Create Template" at upper right-hand corner of screen

4. Title the template

A screenshot of the 'Create New Response Template' dialog box. The dialog has a title bar with 'Create New Response Template' and a close button. Below the title bar is a 'Name' field with a red arrow pointing to it. Below the 'Name' field is a 'Body' field with a rich text editor toolbar (B, I, U, link, unlink, list, ul) and a text area containing the placeholder text 'Type your response here'. At the bottom of the dialog, there are two radio buttons: 'Who is this template for? Only me' and ' Only Department of Public Works'. At the very bottom are 'Cancel' and 'Create Template' buttons.

5. Insert the body of the message in the box
6. Click “Only Department of Public Works” at the bottom of the body section to share with DPW CP Connect Team or “Only me” if a personal template.
7. Click “Create Template” to save.
8. The template should appear in the Department of Public Works Templates list. Use the pencil to edit the template should you need to make changes.

Personal Templates

No response templates were found.
