

Sidewalk Repair Program - Replacement Tree Replanting Property Owner Special Request Form

This form is for property owners who participated in the City of San Rafael Sidewalk Repair program, and have a specific request relating to the replanting of a tree(s) removed during sidewalk construction.
www.cityofsanrafael.org/sidewalks

Please note the City will make every effort to accommodate special requests from property owners. However, we may not be able to accommodate all requests.

Month / year sidewalk repair completed

Diagram Instructions

1. **Draw** your property's sidewalk, driveway, planting strip. Include estimated measurements.
2. Clearly mark all irrigation lines and known utilities (water, sewer).
3. Outline the location of any **tree removed** with a **circle**. Label each circle with a letter (A, B, C, etc.)
4. Outline the location of where you would like the **replacement tree** planted with a **square**. In most all cases the circle in step 3 should overlap with the square in step 4. Label the square with the appropriate corresponding letter (A, B, C, etc.)

Replacement Trees

Property owners may request one of three trees:

- David's Maple (Acer davadii) - H 35'
- Amur Maple (Acer ginnala) - H 25'
- Crape Myrtle (Lagerstroemia fauiei) - H 30'
