Questions from both In-Person Meeting and Zoom Chat Option

What is the parking like?

Response: Each unit will have a 2 car garage, total 9 guest spaces to the east in 3 locations.

What is the parking requirements?

Response: What is required is 1.75 spaces per unit. We have 2.25.

What is going to happen with the parking on the lot now? Will something be worked out with them?

Response: Ownership has a lease for the parked cars and no discussion has yet been had with tenant.

What are prices for the new townhomes?

Response: What the market will be at that time. Audience member states the prices will likely be pretty high so people who buy the place will need more people living in the unit which increases parking needs. MO states there will be an HOA to govern and enforce the parking.

What is the city process and timing of the project?

Response: Application of the project submitted a couple of weeks ago. The city departments' comments expected in the next couple of weeks. No planning commission required; it is by right, per Fernanda. Zoning administrator will be approving the tract map.

So if the project is by right, then the city will approve no matter what the neighboring community wants?

Response: We welcome the input. Audience member states how bad the parking is in the neighborhood. MO recommends talking to the City regarding parking permit program.

When will construction start and how long will the process take?

Response: The construction could start late 2026, built in phases and might last 18-24 months.

Will there be patios?

Response: Yes.

Will the open space be open to the public?

Response: Open space is for the residents only.

Are you going to have another Community Meeting?

Response: Yes, within the next 6 months. After we receive city comments and public comments, we'll do our best to respond to them.

Community Meeting Minutes for 501 S. Harbor Blvd

How will we be notified for the next meeting?

Response: Same way you were notified this time plus signs will be posted on the property and the city will have a notice on the website.

Questions from Zoom Participants

What type of environmental impact with this construction have on the community?

Response: Construction will be governed by City laws so any dust or noise will be governed by AQMD as well as City of Santa Ana.

How will you be compensating the businesses that are on the property?

Response: The business currently have leases and we would wait for the lease to be terminated.

How big are the units?

Response: Units range from 1,300 sf to 1,900 sf, from 3 bedrooms 3 baths to 4 bedrooms and 3 ½ baths.

How much does it cost?

Response: Can't quote the current sales price for a condo but you can take a pretty good guess looking at nearby properties on Zillow. The homes across the street are \$800-900,000. Audience share when those were first sold, they were \$500,000.

Do we have a first right to buy?

Response: No, they will be on a first come first serve basis at market prices.

What is the approximate duration of the project, start date and end date?

Response: We anticipate getting approved in 2024 by city and anticipate starting construction 2026 and duration of construction would be roughly 18-24 months.

Closing

MO reminds audience that his email address is on the notice and they can email any other questions.

Meeting ends approximately 7:45pm.
