EVERYONE COUNTS

2024 POINT IN TIME SUMMARY

County of Orange, California

TABLE OF CONTENTS

Introduction

Since 2019, the County of Orange (County), its cities, the State and Federal government, as well as the non-profit community have made large investments to address homelessness in the county. While this summary's primary focus is to provide information related to the Orange County 2024 Point in Time (PIT) Count, it will also explain the following:

1. Resources brought online to address homelessness in Orange County since 2019;

2. Highlight the additional resources currently being planned and implemented to address homelessness;

3. Compare and contrast Point in Time Count data from Orange County, the Southern California region and the entire State;

4. Provide context on the greatest challenge Orange County faces in its efforts to address homelessness – the lack of housing.

The PIT Count summary contains much of the same information seen in the 2019 and 2022 summaries. Policymakers and Orange County residents alike are encouraged to examine the information in this summary and compare it to the prior years' summaries.

Lastly, addressing homelessness in the County requires dedicated leadership from all levels of government and nonprofit partners. This summary highlights the tremendous effort and work invested to successfully address homelessness. While also highlighting the continued need for investment and work to further address homelessness in Orange County.

For more information about homelessness in Orange County, visit the Office of Care Coordination website below:

Orange County's Homeless Service System

Since 2019, Orange County has created a comprehensive and robust homeless service system.

Prevention

1,553 traditional Housing Choice vouchers issued

Since 2022, over 1,800 families provide CalWORKs emergency housing assistance

BeWell Orange Campus

Outreach & Supportive Services

OC Outreach & Engagement

Care Coordination programs serving over 800 experiencing chronic homelessness

Over 25 city specific homeless outreach teams

CalOptima Health's Garden Grove Street Medicine Program

Shelter

61 emergency shelters able to serve over 3,000 people, representing 730 additional beds since 2019

Housing

1,364 affordable and supportive housing units completed/built since 2018

217 veterans dedicated permanent supportive housing units

This data has been collected through information from the County of Orange's Office of Care Coordination, OC Community Resources, Orange County Social Services Agency and OC Health Care Agency

What's Coming Online...

Prevention

Homeless Prevention and Stabilization Pilot Program[1]

Emergency Rental Assistance Pilot Program[2]

BeWell Irvine Campus

Outreach & Supportive Services

CalOptima Health's Anaheim and Costa Mesa Street Medicine Programs

HOPE Center outreach expansion into 6 additional North Orange County Cities

Shelter

Tri-City Navigation Center

120+ Behavior Health Bridge Housing beds

CalOptima Health's 50 room Street Medicine Support Center (Garden Grove)

Housing

1,673 affordable and supportive housing units under construction, closing their construction loans or securing their funding[3]

HOMELESS SYSTEM OF CARE: SHELTER-TO-HOUSING

Homeless shelters in the County provide more than just beds for persons experiencing homelessness. Shelters are considered a gateway to housing and provide a variety of services to support people experiencing sheltered homelessness to obtain and sustain housing. On April 4, 2024, the County conducted a "point-in-time" snapshot of the County's two shelters, Yale Navigation Center and Bridges at Kraemer Place, in an effort to understand the current state of the shelter-to-housing pipeline. The results were astonishing and spoke to the need to increase housing in the county for those experiencing homelessness.
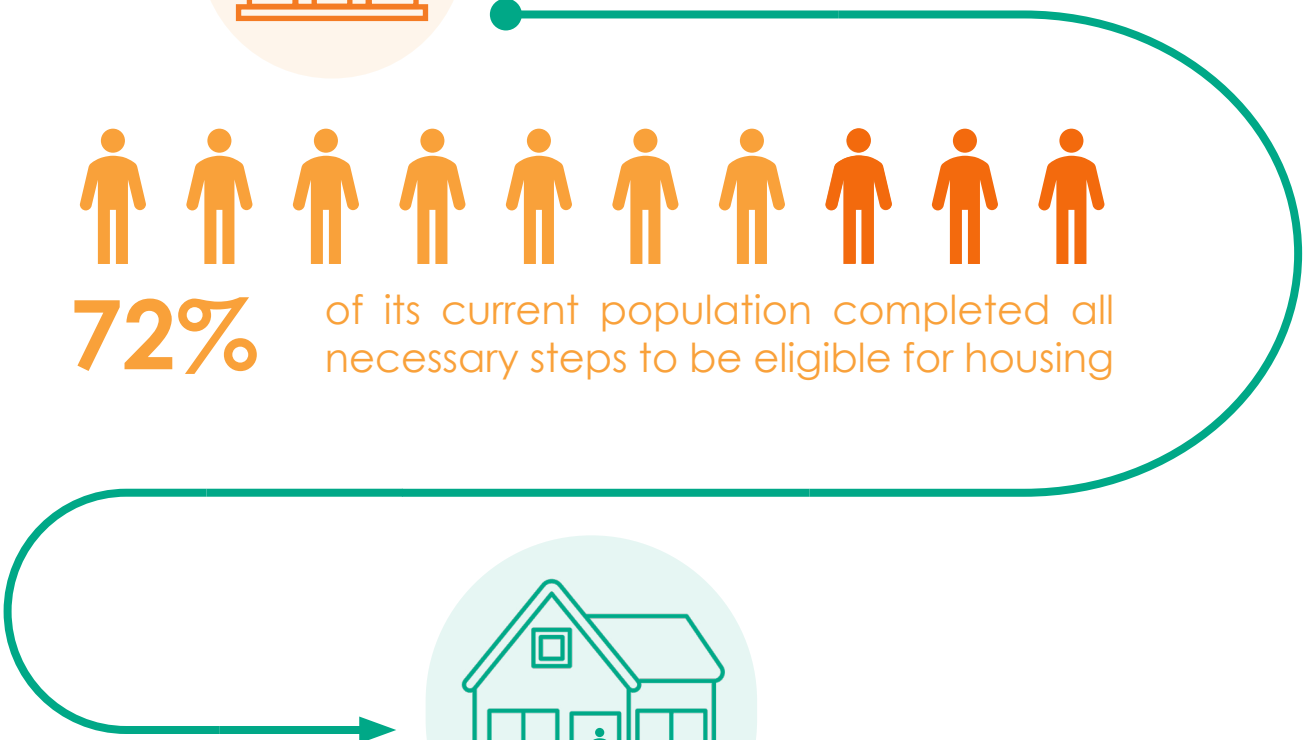

**Yale Navigation Center & Bridges at Kraemer Place**

72% of its current population completed all necessary steps to be eligible for housing

Housing

Only 1 out of every 12 were connected to housing

Background

Orange County's PIT Count, branded as Everyone Counts OC, provides a critical opportunity for the County to establish a baseline for its efforts in building a System of Care that is both comprehensive and responsive to meeting the needs of individuals and families experiencing homelessness across the county. The County and Orange County Continuum of Care conducted the 2024 PIT Count during the week of January 22, 2024, as required biennially by the U.S Department of Housing and Urban Development (HUD). The sheltered count took place on the night of Monday, January 22, 2024, and the unsheltered count occurred between Tuesday, January 23, 2024, through Thursday, January 25, 2024.

Methodology

The County's 2024 PIT Count is in compliance with HUD guidelines. These guidelines provide specific data points to be collected, including but not limited to, information regarding chronic homelessness, disabling conditions, demographic information such as single adults, families, and specific subpopulations, including veterans, survivors of domestic violence and youth. The 2024 PIT Count utilizes the same methodology as the 2019 and 2022 PIT Counts. By keeping the methodology consistent, parallel comparisons can be made between the three counts.

The methodology for the unsheltered population is a simple canvassing of the entire county by volunteers equipped with ArcGIS maps and a mobile survey application. This methodology identifies people experiencing unsheltered homelessness through surveying people encountered on the street during the count. The survey included questions required by HUD, as well as additional demographics and details the County required in order to deepen its understanding of those experiencing homelessness in Orange County. Once complete, the County's Office of Care Coordination (OCC), in partnership with City Net and Hub for Urban Initiatives reviews and investigates any discrepancies and redundancies in the data to ensure the final count is accurate. Survey results are then compiled and analyzed for the PIT Count summary.

WHAT CHANGED BETWEEN 2022-2024

The County acknowledges that there is an increase between 2022 and 2024 PIT numbers. Pinpointing the exact cause of the increase is a challenge given the number of variables that could influence the fluctuation of the numbers. The County does know, however, that certain resources existed in 2022 that did not exist during the 2024 PIT Count. Some of those include:

1. The Emergency Rental Assistance Program (ERA). Approximately $300M in rental assistance were awarded by the County and state to Orange County residents to prevent evictions due to Covid-19.
2. The Eviction Moratorium pursuant to the Covid-19 pandemic was still in effect; the moratorium ended on May 31, 2022.

While it may never be possible to identify the exact causes of the increase between 2022 and 2024, Orange County never stopped addressing homelessness. Between the 2022 and 2024 PIT Counts, Orange County:

1. Added 681 shelter beds; thereby growing the total number of shelter beds capacity to 3,920.
2. Built an additional 859 housing units between January 2022 and May 2024; of which 194 units can be attributed to the 4 additional Project Homekey sites completed between 2022 and 2024.

Notes:
The thirteen cities in the North Service Planning Area jointly fund two regional shelters located in the Cities of Buena Park and Placentia to serve individuals experiencing homelessness in the North Service Planning Area.

The City of Anaheim hosts a Homekey Program site that was operating as shelters at the time the 2024 Point In Time Count was conducted and will transition to permanent housing.
