### **Quality of Life (QOLT) Selected Summaries**

- Customer Service Requests were opened and submitted with Caltrans to address homeless hot spots on their properties. Caltrans properties continue to receive complaints from the surrounding businesses and residents.
- City Staff, along with staff representing Cal Trans and the California Highway Patrol met to discuss encampments on Cal Trans properties and operational strategies moving forward.
- QOLT continues to provide support to Union Pacific on clean-up efforts as the City considers additional measures.

QOLT and City Net routinely contact individuals on the Caltrans, Union Pacific railroad and OCFC Channel property to offer homeless outreach services. These services include mental health, domestic violence, substance abuse related services as well as shelter. Many unhoused individuals are found to be service resistant.
