Station #2 – Residences at 4th

The proposed development is a transformative 7-story mixed-use project offering 270 thoughtfully designed housing units, all targeted to serve median-income families and workers in Santa Ana. Situated within the Metro East Mixed-Use Overlay (MEMU), this project is poised to enhance the community by addressing critical housing needs while also supporting equitable opportunities for local and statewide youth through community enrichment.

COMMUNITY ENRICHMENT

Beyond housing, this development has a profound mission: its revenue will support Think Together in its mission to changing the odds for kids. This organization provides high-impact academic programs, alongside enriching opportunities in the arts, STEM, and physical education, creating pathways for holistic development.

CONNECTIVITY AND INTEGRATION

The project is thoughtfully integrated into the MEMU framework, offering excellent access to both local and regional public transportation, including proximity to the Santa Ana Metrolink Station. This location supports sustainable commuting and aligns with the City's vision for connected, mixed-use neighborhoods.

VISION FOR SANTA ANA

This project aligns with Santa Ana's demographic and economic goals, addressing the critical needs for attainable housing. It exemplifies how innovative urban design can serve as a catalyst for broader social impact.

DESIGN APPROACH

The building incorporates contemporary architectural forms, with enhanced materials strategically applied at focal points, such as the lobby, along 4th Street and at resident amenity areas. This approach ensures a timeless and welcoming aesthetic that harmonizes with the surrounding city fabric. The design also features an illuminated sky deck, which serves as a beacon for the project and a gateway into the 4th Street corridor.

RESIDENT AND PUBLIC AMENITIES

Residents will enjoy a range of thoughtfully curated amenities, including a resort-style pool deck, a fitness center, a leasing office, and a resident lounge, which connects to an outdoor courtyard. The ground floor along 4th Street will be anchored by a flexible co-working space. Crowning the development, the sky deck offers an open-air retreat with sweeping views of the vibrant community. The project also features a pet park and lawn space, accessible to the public.

El desarrollo propuesto es un proyecto transformador de uso mixto de 7 pisos que ofrece 270 unidades de vivienda cuidadosamente diseñadas, todas dirigidas a familias y trabajadores de ingresos medios en Santa Ana. Ubicado dentro de la superposición Metro East Mixed Use (MEMU), este proyecto está destinado a mejorar la comunidad al abordar las necesidades críticas de vivienda, al tiempo que apoya oportunidades equitativas para la juventud local y estatal a través del enriquecimiento comunitario.

ENRIQUECIMIENTO COMUNITARIO

Más allá de la vivienda, este desarrollo tiene una misión profunda: sus ingresos apoyarán a Think Together en su misión de mejorar las oportunidades para los niños. Esta organización proporciona programas académicos de alto impacto, junto con oportunidades enriquecedoras en las artes, STEM y educación física, ayudando al desarrollo integral de los estudiantes.

CONECTIVIDAD E INTEGRACIÓN

El proyecto está cuidadosamente integrado en el marco de MEMU, ofreciendo excelente acceso al transporte público local y regional, incluyendo la cercanía a la estación de Metrolink de Santa Ana. Esta ubicación apoya el transporte sostenible y se alinea con la visión de la ciudad de vecindarios conectados y de uso mixto.

VISIÓN PARA SANTA ANA

Este proyecto se alinea con los objetivos demográficos y económicos de la ciudad de Santa Ana, abordando la necesidad crítica de viviendas asequibles. Ejemplifica cómo el diseño urbano innovador puede servir como un catalizador para un impacto social más amplio.

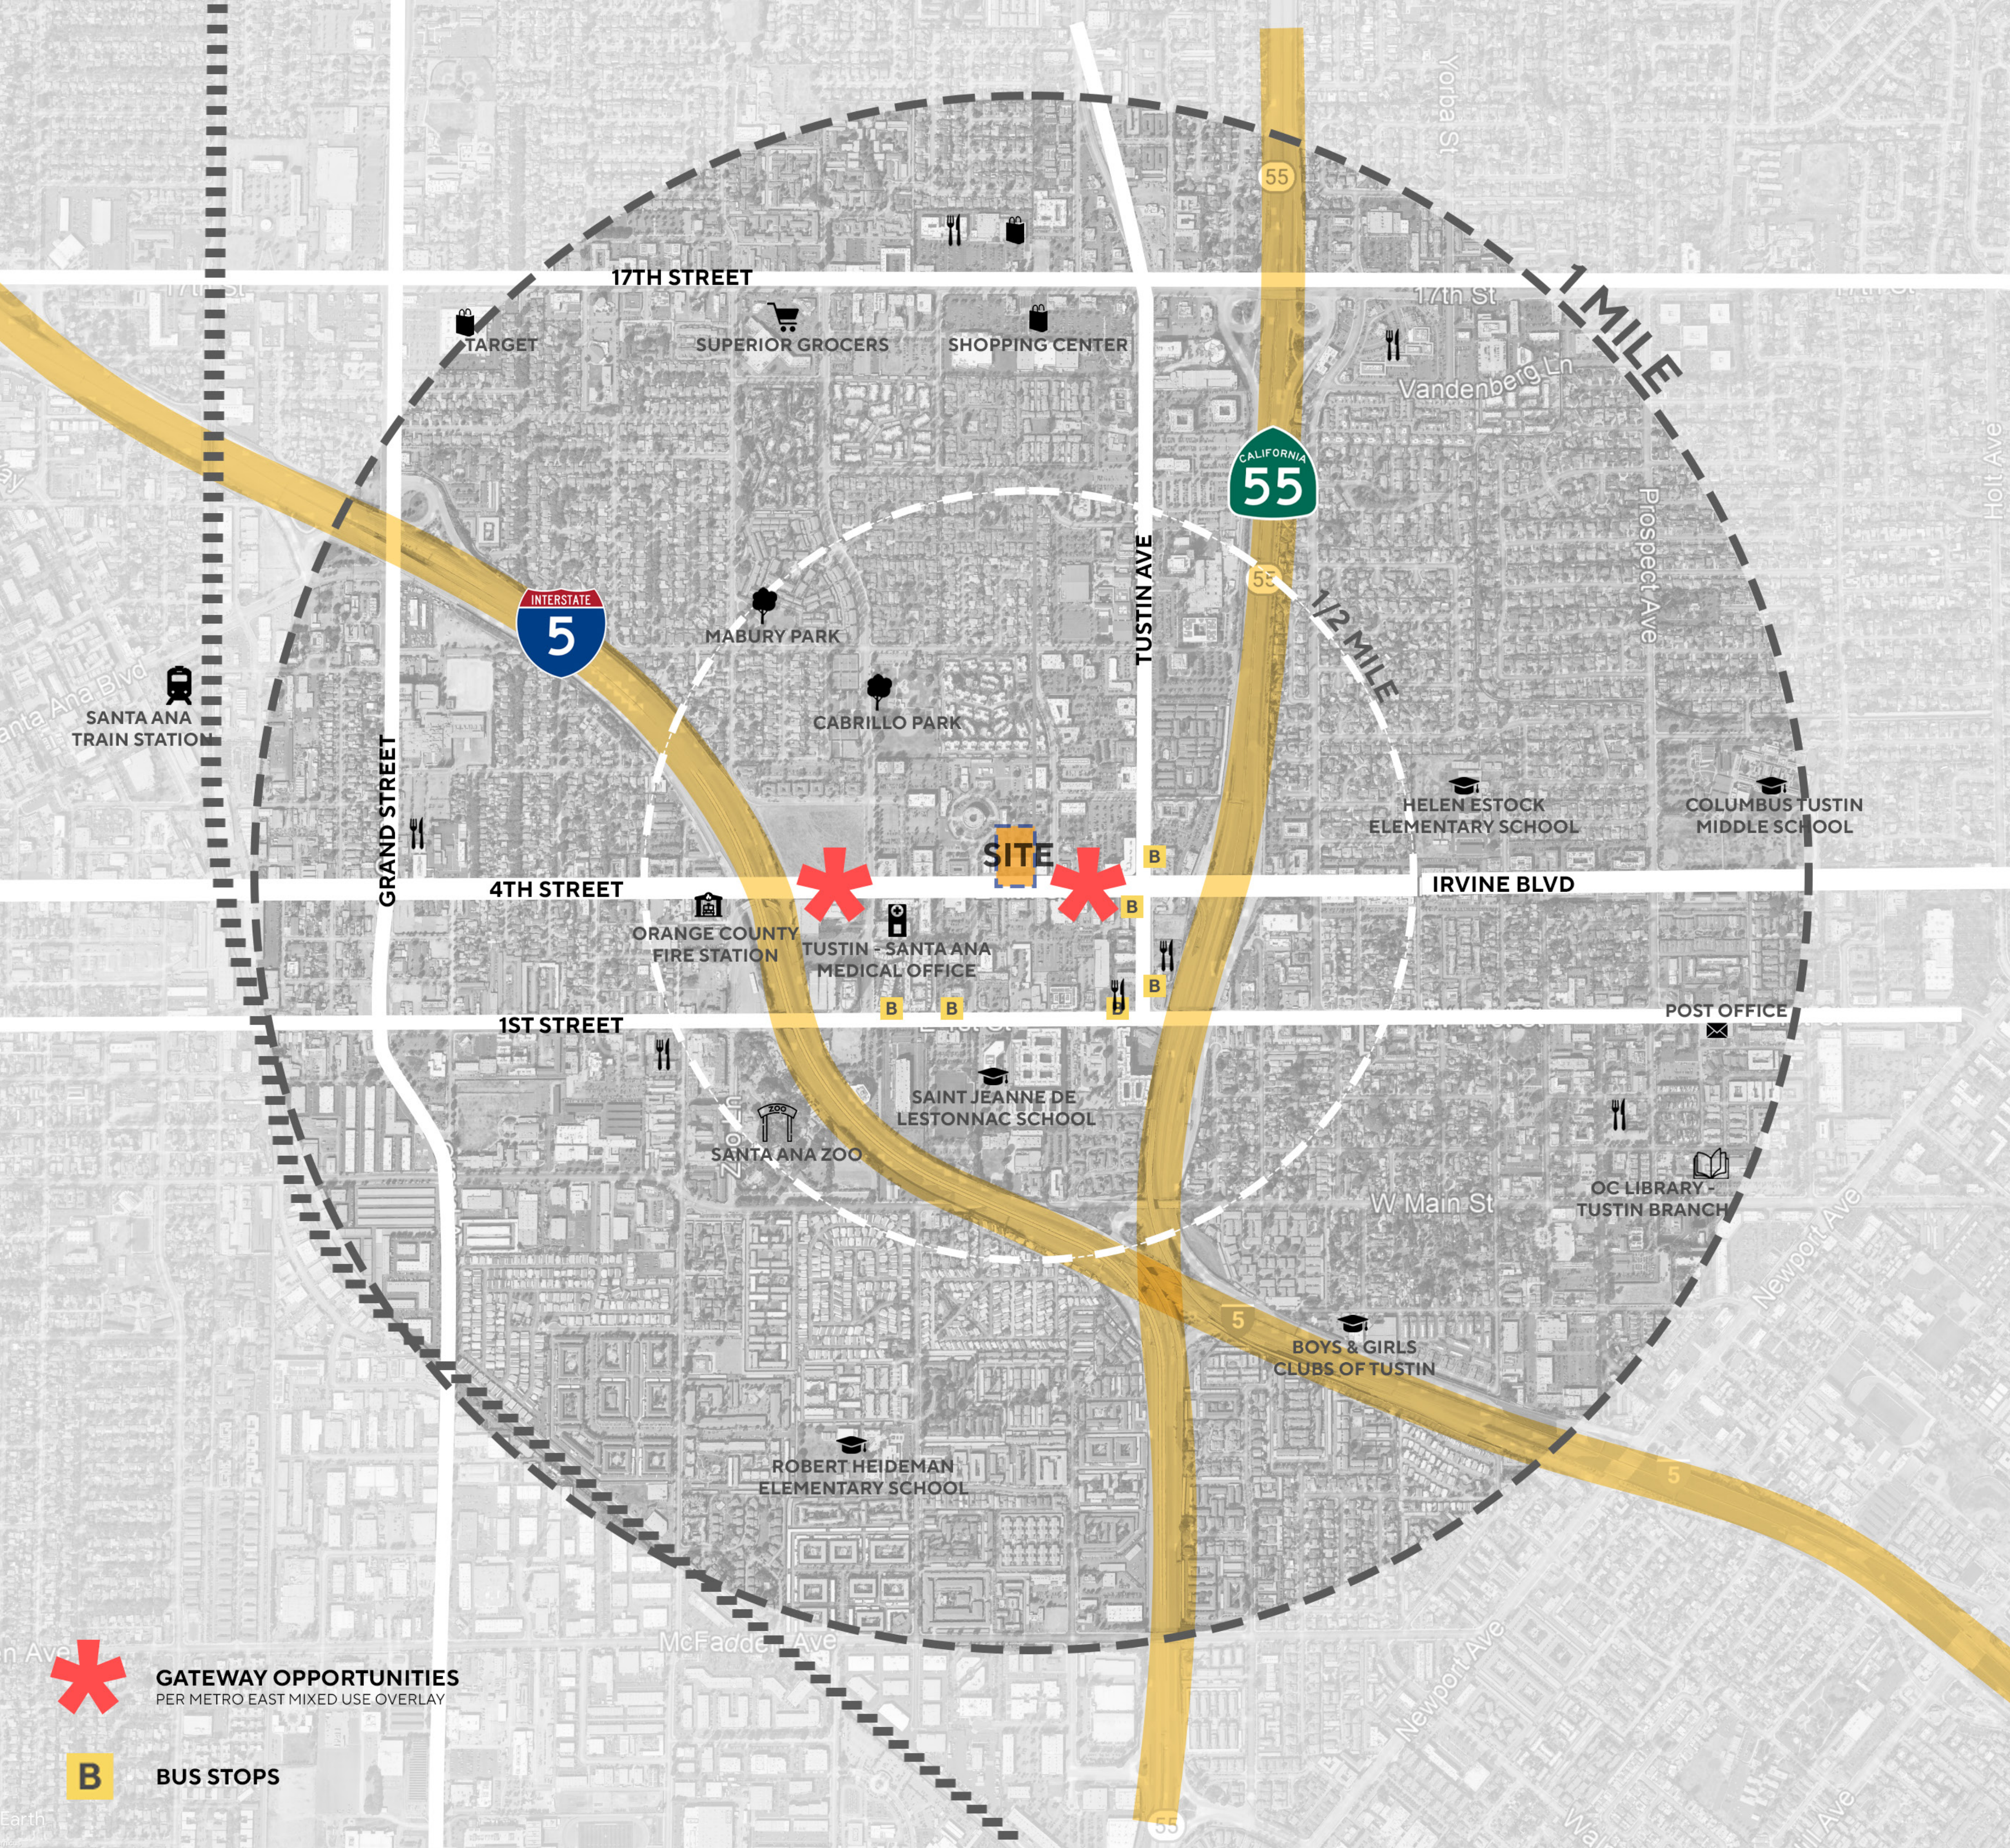

ENFOQUE DE DISEÑO

El edificio incorpora formas arquitectónicas contemporáneas, con materiales mejorados aplicados estratégicamente en puntos focales, como el vestíbulo, a lo largo de la calle 4 y en las áreas de servicios para los residentes. Este enfoque garantiza una estética atemporal y acogedora que armoniza con el tejido urbano circundante. El diseño también incluye una terraza iluminada en el nivel superior, que sirve como un faro para el proyecto y como una puerta de entrada al corredor de la calle 4.

AMENIDADES PARA RESIDENTES Y EL PÚBLICO

Los residentes disfrutarán de una variedad de amenidades cuidadosamente seleccionadas, que incluyen una terraza con piscina de estilo resort, un gimnasio, una oficina de arrendamiento y un salón para residentes que se conecta a un patio al aire libre. La planta baja a lo largo de la calle 4 estará anclada por un espacio de co-working flexible. En la cima del desarrollo, la terraza en la azotea ofrece un refugio al aire libre con vistas panorámicas de la vibrante comunidad. El proyecto también incluye un parque para mascotas y un área verde, accesibles al público.

Sunshine Ordinance Community Meeting
December 16, 2024
5 p.m.- 7 p.m.

Think Together hosted Community Meeting #1 in compliance with the City of Santa Ana's Sunshine Ordinance on Monday, December 16, 2024 from 5:00 p.m. to 7:00 p.m. at the Think Together Headquarters located at 2101 East 4th Street in Santa Ana to discuss the proposed Residences at 4th Project. An online webcast option hosted on zoom was also offered. The Project application was submitted to the City of Santa Ana on Monday, December 9, 2024.

The meeting was conducted primarily in English, with Spanish interpreters and bilingual team members available for attendees, both online and in person. Seven community members attended the event in person, and no community members participating via online webcast. Attendees from the City included assigned planner Fernanda Arias.

The meeting was conducted as a hybrid open house/presentation style meeting. Boards with information about the Project were displayed around the room, with staff members knowledgeable about the subject matter available to answer questions. At 5:15 p.m. a presentation by key staff began, highlighting the mission of Think Together, the purpose of the Project, and key Project features. A Project fact sheet was provided (in English and Spanish) at check-in that summarized what is being proposed as part of the Project.

Staff presented that the needs of Think Together's office have changed, at the same time there is a unique opportunity to support the City of Santa Ana's Metro East Mixed-Use opportunity zone. The proposal is to redevelop the site into a mixed-use apartment home community, using the revenue generated to support the mission of Think Together to partner with schools to change the odds for kids.

Located between the Interstate 5 and State Route 55 freeways, the Residences at 4th will be a modern, seven-story, mixed-use apartment community introducing 270 new residential units and space for future commercial use.

Staff explained that the Residences at 4th will feature a mix of one-, two-, and three-bedroom apartments serving middle-income families and workers. There will be ample parking, as well as other thoughtfully curated amenities, including a resort-style pool deck, fitness center, leasing office, resident lounge and signature open-air deck. There is capacity for future commercial use on the ground floor, anchored by a flexible co-working space.

Community members were encouraged to ask questions as part of the presentation and also encouraged to submit comment cards once they reviewed the Project information. A summary of those comments and responses from the Project team are below.

COMMENTS RECEIVED DURING THE MEETING:

1. What is the definition of moderate housing?

RESPONSE: We will use the guidelines set forth by the state to determine median family income eligibility at the time we are leasing the units. This is based on Area Median Income (AMI).

COMMENTS RECEIVED ON COMMENT CARDS:

1. I approve. Thank you for the presentation.
RESPONSE: N/A
2. I think it will be a good idea. Thank you for the presentation.
