AFFIDAVIT OF CONDUCTING A SUNSHINE ORDINANCE MEETING

I, Jonny Schneider, do hereby declare as follows:

- I have conducted a Sunshine Ordinance community meeting for the proposed project in compliance with the Sunshine Ordinance.
- The meeting was conducted at 200 E. Sandpointe Avenue (location/address) on 2/6/25 (date) from 6:00pm (time).
- I have included the required Sunshine Ordinance meeting information. I understand that I am responsible for the accuracy of this information and that erroneous information may result in the development project application being deemed incomplete until such time that all required information and materials listed below are provided.
 - ☒ Video/audio recording of the meeting, also provide link to hosted recording (e.g. YouTube)
 - ☒ Presentation Materials
 - ☒ Summary of the presentation and questions and answers provided during the meeting
 - ☒ Meeting minutes and written record of, and response to, the public comments made
 - ☒ Meeting Sign-in Sheet
 - ☒ Notice(s) Legal Notice in OC Register
 - ☒ Site Posting(s) On Site Posting 1/26/25
 - ☐ Advertisement(s)
 - ☐ Other Communication Used to Publicize the Meeting (if any)
 - ☒ Notification List(s) and Radius Map(s) includes mail invitation
- I have prepared these materials in good faith and to the best of my ability.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

EXECUTED ON THIS DAY, 7th MONTH February, 20 25 IN Redlands (City)

3rd Sunshine Ordinance Meeting for 200 E. Sandpointe Avenue February 6, 2025

Project Summary

A mixed-use development is proposed on the 200 E. Sandpointe Avenue site consisting of two residential buildings, 5 story, Type 111 construction with a total of 401 apartment units and ground floor retail wrapped around a central parking structure. The top level of the parking structure would include an amenity deck, with a pool, club room and fitness room. Phase 1 would include 224 apartment units and approximately 5,000sf of ground floor retail and the parking structure. The existing 8-story office building would be retained. Phase 2 would require the 8-story office building to be demolished and replaced with 177 apartments with approximately 13,000sf of retail.

Summary of Comments

A 3rd Sunshine Ordinance Meeting was held as a follow up to the first two Sunshine Ordinance meetings where comments and questions were posed by the community. Since that time comments from City staff were also received. The project plans have been revised to address some of the comments and this meeting is being held to discuss proposed revisions prior to a resubmittal to City of Santa Ana.

Five persons attended in person and there were two attendees on the ZOOM call.

Attendees asked about appearance of building along South Main Street wanting to confirm that it would have a residential appearance. Other questions included timing of the Phase 2 portion of the project, impacts of parking to the neighborhood and how parking would be managed as well as what type of retail.

It was explained revised plans would be submitted for City staff review and the community will be notified by the City staff at time of the Planning Commission hearing. It was noted we are available to be contacted via the phone and email on the flyer with any questions from the community.

3rd Sunshine Ordinance Meeting for 200 E. Sandpointe Mixed Use Project February 6, 2025, 6:00pm-7:00pm

Pamela Sapetto began the meeting by explaining this meeting is a follow up to the meetings held in November and December to introduce the project to the community. At those meetings, comments and questions were given by the community and since then we have also received comments from City of Santa Ana. In this meeting we will share revised plans and how comments were addressed.

Pamela introduced the project team and indicated that in addition to persons in attendance there were persons participating remotely via ZOOM. She asked in Spanish if anyone needed translation and indicated that no one requested Spanish language translation. She also explained the format of the meeting would be for the project's architect to provide a description of the project and the proposed revisions and then the team would take questions from attendees as well as remote attendees.

Pamela introduced Paul Anderson of TCA architects who described the proposed Mixed-Use Project with 401 apartments with on-site leasing and amenities as well as ground floor retail to be constructed in two phases. Phase 1 will include apartments with leasing and amenities and some retail wrapped around the parking structure on the current surface parking area. Phase 2 would require demolition of the existing 8-story office building to be replaced with apartments and ground floor retail. Paul indicated that there would be a mix of studio, 1 bedroom and two -bedroom units, with approximately 74% studio and 1 bedroom units.

Paul indicated that Parking was an issue the community brought up in the previous meetings. He noted that in the first phase the residential, retail and existing office parking were parked to code by use. As a result on evenings and weekends the office stalls would be available for residential use. He noted that ultimately with Phase 2, approximately 1.9 stalls per unit would be provided and in addition the retail area has been parked at a rate of 5 stalls/1,000sf. Although not counted in the parking count, four parallel, on-street stalls have been included on Sandpointe in front of the Phase 2 retail. It was noted that diagonal parking was suggested in front of the retail on Sandpointe but it was verified with

Santa Ana Public Works Department that diagonal stalls would not work with Sandpointe traffic. However, parallel parking would be acceptable. Generally, the retail parking which is provided in the parking structure is open to the public and available for retail use, would provide additional on-site parking for nights and weekends when the retail may not be operating.

Paul discussed each of the exhibits which included Phase 1 Site Plan, Phase 1 and 2 Site Plans, Amenity deck detail, Building Sections and Perspectives. (A file of the exhibits is included.)

Traffic flow was another comment and the project design provides for two means of ingress/egress so the project traffic will not all come from one direction. Vehicular Traffic already exists with the existing 8 story office building but when both phases are built out the project will basically have same level of traffic as what is existing, not an increase.

Paul noted that comments on project walkability were made and the project has positioned retail along Sandpointe to make it a more walkable street with retail, landscaping and more of a presence.

Paul indicated that City staff had asked that the roof deck planned for the corner of Main and Sandpointe be removed so there is no resident access in that area and views would be eliminated.. The roof line has been retained but no access. City also asked for enhancement of that corner so more wood and brick materials have been added on the façade. A mural wall has been included to wrap around the corner of the retail area to enhance the appearance. Some additional details have been added such as framed elements at windows and balconies to create more visual interest and “eyebrow elements” to create a cap to building. The retail area in Phase 1 has been pulled back with residential overhead and the Phase 2 retail has been popped out to be closer to the street, clad in brick with signage elements and “eyebrows”.

To address parking, Watermarke is the developer and will also be the operator so and build projects to keep them and manage themselves. They purposefully manage the amount of residents per unit and parking availability. Additionally, the site is unique because the ownership of the 200 and 201 E. Sandpointe buildings is the same, thus if there is a guest parking demand in excess of parking

spaces provided on site, parking can be made available at 201 E. Sandpointe. This is an unusual benefit not provided on other sites in Hutton Center.

Andrea Maloney reported on some additional traffic questions regarding offsite conditions that were previously asked about closing Murphy to thru traffic and traffic at Hutton Center and in front of Essex. These are off site issues that the project cannot address but can be raised with City staff.

Following the presentation, Pamela Sapetto asked for questions/comments from the attendees in person or on ZOOM.

1. Is there a residential frontage on South Main, do not want to see a parking structure?

RESPONSE: In Phase 1 you will see the the apartments along Main Street and the existing Office Building. The parking structure is wrapped by residential, so the parking structure will not be visible.

2. What is the time frame for Phase 2?

RESPONSE: Not sure, we are processing the project now and will have a Planning Commission hearing, after that it is approximately a year fro construction drawings and to get building permits and then about 2 years of construction. The developer will make a decision when to initiate Phase 2 but do not know at this point.

3. Lived in area for 45 years, it doesn't matter how much parking is provided it matters how it is managed and will there be a Parking Management Plan? The project at Main and MacArthur does a good job with parking but that is not the case for the project at Columbine and Main which is overcrowded.

RESPONSE: Jonny Schneider noted that parking will be addressed in the lease agreements and Watermarke has processes for managing the on-site parking for its projects. Watermarke will be attentive to any issues it receives regarding tenants.

4. What kind of retail is planned?

RESPONSE: Jonny Schneider responded that it is early to have tenants identified but they will look for retail tenants that address the needs of the residential tenants and the surrounding community. He noted that Rafael's Kitchen at 201 East Sandpointe, across from the project is expanding.

5. It is a mistake to include parking on Sandpointe, unless there are curb indents.

RESPONSE: There currently is parallell parking on Sandpointe in certain areas.

Pamela Sapetto thanked the attendees for participating and noted that we can be contacted with any questions.
