

# You can have a more energy efficient home at ZERO COST!

Synergy Companies, in collaboration with the Santa Ana Energy Efficiency Partnership, is offering to help make your mobile home more energy efficient at ZERO COST to you.

Act now and you may be eligible to receive the following energy saving products and services:

- ★ Compact Fluorescent Light Bulbs
- ★ Hardwired Fluorescent Fixtures
- ★ Central Air Conditioning Tune-up

- ★ Testing your HVAC ducts for leaks
- ★ Sealing of HVAC duct leaks

- ★ Low-flow Showerheads and Faucet Aerators
- ★ Energy Conservation Evaluation

*Mobile home owners are eligible for this program provided the mobile home has not received this service within the past two years.*

This program does not include installing new duct systems. California consumers are not obligated to purchase any full service or other service not funded by this program. Funding for this program is limited and available on a first-come, first-served basis.
