COMMUNITY SURVEY RESULTS
SPRING 2021

PRIORITY ACTIONS TO IMPROVE QUALITY OF LIFE

613 Respondents

FIRST CHOICE: Additional public parks, open space, and community centers in walking distance from my home, school, or business.

SECOND CHOICE: More information regarding the conditions in my neighborhood that may be affecting my health (location of industrial sources of pollution, lead contaminated soil, upcoming health fairs, etc.).

THIRD CHOICE: Removal of heavy industrial uses near my home, school and local parks.

FOURTH CHOICE: Informational workshops for residential tenants and landlords regarding tenant protections, wrongful evictions, and property maintenance requirements.

FIFTH CHOICE: Educational programs regarding lead paint and soil contamination focusing on residents in EJ areas.
