CITY OF SANTA ANA

20 CIVIC CENTER PLAZA • P.O. BOX 1988
SANTA ANA, CALIFORNIA 92702

May 19, 2008

Honorable Mayor and City Council Members:

We are pleased to present the budget for the City of Santa Ana for the 2008-2009 Fiscal Year. This budget reflects your established priorities and maintains core services while responding to the impacts of the current economic climate on the City's financial position. Combining established priorities with the annual financial plan for operations and capital improvements enables us to direct our resources toward those programs, projects and activities with the greatest potential for achieving our vision of being

"The dynamic urban center of Orange County acclaimed for our:

- Investment in children,
- Neighborhood pride,
- Enriching cultural experiences,
- Appreciation of diversity,
- Thriving economic climate,
- Quality government services, and
- Leadership among California cities."

Santa Ana's purpose statement, which describes why the organization exists, is: "To provide quality service to enhance the safety, livability and prosperity of our community."

The City continues to pursue 12 citywide goals that are essential for achieving our vision and purpose. They are:

- Ensure a safe community;
- Be a catalyst for the positive development of young people;
- Foster neighborhood pride and community understanding;
- Provide and maintain first-rate infrastructure and community facilities;
- Ensure an attractive and well-maintained city;
- Create an environment that stimulates the growth of arts and cultural opportunities;
- Recruit and retain a highly skilled and diverse workforce;
- Ensure the City's long-term financial ability to deliver quality services;
- Attract and retain a prosperous business community;
- Optimize workforce effectiveness through training, technology, equipment and facilities;

- Develop and continuously improve systems to assure high-quality services to customers; and
- Assume a leadership role in regional issues of primary importance to Santa Ana.

At a goal setting retreat held this past fall, the City Council reaffirmed these goals, and established four focused priorities for the coming year. They are to:

- Enhance public safety;
- Improve transportation infrastructure;
- Complete minor deferred maintenance projects in all parks; and
- Ensure the City's long-term financial stability.

The proposed FY 2008-2009 budget has been developed to respond to these focused priorities, as well as with the City's vision and purpose and goals, within the financial resources available.

Economic Outlook

Consistent with the condition of the national economy, California's economy is projected to experience slower growth in 2008 than for either 2007 or 2006, although there may be some improvement in 2009 and 2010. California's unemployment rate is expected to top 6% by the end of 2008 which is higher than the 5.1% U.S. rate. California continues to experience a housing slump with very slow sales and decreases in home prices that will hit double digits by the end of 2008.

The housing slump and higher energy costs have taken a significant toll on discretionary income, and consequently have affected taxable sales statewide. Sales tax growth in 2005 was 7.4% but only 4% in 2006—and for the first three quarters of 2007 it was less than one percent. Orange County's construction and financial markets are expected to be the weakest sectors of the economy for 2008 followed by trade, transportation, and utilities, all of which are indirectly affected by the housing market. Based on the declining economic condition in California, the State is estimating a \$14 to \$21 billion dollar deficit. Although Proposition 1A, approved by the voters in November 2004, appears to be successfully protecting local government sales and property tax revenues from State shifts, the Governor has authorized the delay of gas tax payments to cities and counties for five months, and state-controlled grant and revenue funds such COPS Program and Proposition 172 public safety (1/2 cent) sales tax funds, may be at risk.

Budget Overview

Not only is the State experiencing serious financial challenges, so are the majority of cities in California. Santa Ana is no exception, and is feeling the effects of much slower revenue growth, combined with rapidly escalating costs.

The total estimated revenue for all city funds for FY 2008-09 is \$509,859,815. Of this amount \$77.8 million represents the water, sewer, sanitation and refuse funds; \$22.5 million comes from

grants and other special revenues for restrictive programs; \$76.9 million from grants for capital projects; and \$209 million represents the General Fund.

Total budgeted appropriations for all city funds for 2008-2009 is \$583,029,740 which includes a capital improvement budget of \$99.4 million; a water, sewer, sanitation and refuse budget of \$81.8 million; and a General Fund budget of \$239 million.

The General Fund budget supports the functions most commonly associated with city government: police, fire, recreation, library, planning and building, street maintenance, and general city administration. These services are being provided to an increasing population. According to the State Department of Finance, Santa Ana's population in January 2008 was 353,428, a 55 percent increase over the past 20 years. The General Fund's four largest revenue sources comprise 60.7% of total General Fund revenues. Those revenue sources are sales tax (21.1%), Property Tax (14.1%), Utility Users Tax (13.0%) and Property Tax in Lieu of Motor Vehicle Fees (12.5%).

The decline in home sales, increases in energy costs and the decrease in the growth of personal discretionary income will affect the General Fund's two largest revenue sources, sales tax and property tax. Sales tax revenue is expected to remain flat at \$45.5 million and property tax revenues are expected to increase by only 3% to \$30.4 million. Utility Users Tax revenue is expected to increase 2% to \$28 million and Property Tax in Lieu of Motor Vehicle Fees is expected to increase 3% to \$27 million. Revenues received from charges for services are expected to decrease, primarily due to the slow growth in building. Overall, General Fund revenues for the coming fiscal year are expected to decrease 1.4% from FY 2007-2008.

The City of Santa Ana is subject to the same escalating costs for energy, goods, and materials that the private sector is experiencing. In addition, commitments made to Santa Ana employees through negotiated contract extensions also have increased overall costs. As a result, General Fund appropriations for FY 2008-2009 are expected to increase by 5.6%. Police and Fire services represent 56% of the City's authorized workforce and 72.6% of the General Fund budget or \$177 million. Programs associated with Parks, Recreation and Community Services will total \$16 million (6.6% of General Fund appropriations) and Planning and Building services are appropriated at \$12.3 million (5% of General Fund appropriations).

The combination of reduced revenues and increased expenditures makes Santa Ana's budget situation worse for the coming Fiscal Year. Although funds are available to balance the structural deficit, unless efforts are taken to reduce expenditures and increase revenues, the City's fund balance will be significantly reduced by the end of FY 2008-2009.

To remedy this situation, we are proposing a two to three year approach, which will allow the City to continue to provide critical, front-line services to the public while helping the City Council achieve your goals for enhanced public safety, improved transportation infrastructure, completion of minor deferred maintenance in parks, and enhanced long-term financial stability for the City.

The two to three year strategy utilizes reductions in expenditures where feasible now, implementation of enhanced retirement benefits in January 2009 to create additional vacancies that can be eliminated in future years, and careful evaluation of all business practices over the next 12 to 24 months to reduce service redundancies and improve efficiency.

For 2008-2009, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance and Management Services, and Personnel Services) have reduced their ongoing operational budgets by five percent (5%), without jeopardizing any core services. These reductions are being accomplished primarily through the elimination of funded positions that have been vacant for some time.

The only General Fund allocation to the Public Works department is for maintenance of effort funding as required for the continued receipt of gas tax and Measure M dollars. The Planning and Building Agency has been allocated sufficient funds to cover negotiated increases in labor, but otherwise, funding remains at FY 2007-2008 levels.

Police, Fire, and Parks, Recreation and Community Services (PRCSA) have been allocated sufficient funds for negotiated increases in personnel, and a few supplemental budget requests, primarily related to increases in energy costs. PRCSA also received supplemental budget allocations to facilitate the reduction of minor deferred maintenance in parks, consistent with the Council's focused priority.

Although no new officer positions are proposed for the Police Department, the FY 2008-2009 budget will allow civilian employees to replace sworn officers in several administrative positions, so that the officers can be redeployed to front-line services. Funding will continue for the 11 police officer positions added to last year's budget. In addition, the City will continue to explore federal grant opportunities for adding police officer positions.

In addition to controlling expenditures by creating vacancies, restructuring work flow, and reducing organizational redundancies, efforts to identify opportunities for increased revenues will continue. A cost allocation study of all fees for service will be completed this summer; recommendations for increasing certain fees and charges to recover a greater percentage of the cost to provide services will be presented to the City Council at mid year. However, because of the estimated General Fund deficit, achieving the Council's vision for long-term financial stability will require a combination of revenue increases and expenditure reductions.

The proposed budget decreases full-time employees by 2 positions for a total workforce allocation of 1,754. This workforce figure equates to a ratio of five employees per 1,000 residents and demonstrates a significant improvement in operational efficiencies over the past several years. For example, in FY 1986-87, the ratio was 7.5 employees per 1,000 residents. Through a combination of reductions in our workforce, keeping a number of positions vacant and generating savings through systems improvements resulting from our continuous improvement efforts, the City continues to maintain its position of being the most efficient at providing services when compared to the 11 largest cities in California and the 100 largest cities in the country.

Achieving Established Council Priorities

In spite of the financial challenges Santa Ana is experiencing, we remain committed to providing responsive, high quality services to the public. This fiscal year the City's departments will continue to align their efforts toward reaching the four established City Council priorities, while maintaining all of the programs and services the community has come to expect. The following is a synopsis of the activities, programs and projects incorporated in the proposed budget to respond to these priorities.

Enhance Public Safety

The City will continue to dedicate significant resources to Police, Fire, Public Works, and Planning and Building, which have primary responsibility for enhancing public safety. The City demonstrates its commitment to this goal by providing public safety facilities that accommodate current and future needs of the City; recruiting and retaining quality public safety and code enforcement personnel; effectively and equitably enforcing construction and land use codes; and protecting the health of the community through high quality and reliable water, sewer and refuse collection systems.

Programs for FY 2008-2009 that will enhance the City's public safety include the following.

- The City Council approved the hiring of 11 additional police officers for FY 2007-2008 to enhance public safety with the intention to add more police officers based on available funding. Funding for these officers is maintained in the proposed budget. As mentioned above, with additional funding currently unavailable for FY 2008-2009, civilian employees will be replacing sworn police officers in some administrative positions so that sworn police officers can be dedicated to front-line services.
- During FY 2007-2008 major narcotic violators were identified, seized and prosecuted through three investigations; special investigations detectives made 781 misdemeanor arrests and 816 felony arrests; 222 career criminals/parolees were sent back to jail; and the Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets, including several cases of national newsworthiness. In the coming year the Police Department will continue working with federal, state, and local law enforcement agencies to identify and prosecute mid-level and major narcotic violations, money laundering, and other career criminal and gang operations. Funding for all of these important efforts is being maintained in the proposed budget.
- Over the past few fiscal years the Police Department received grant funding for gang injunction enforcement, domestic violence enforcement and intervention, and focused gang suppression resources toward the prosecution of Tri-Agency Resource/Gang Enforcement Teams (TARGET) offenders to reduce community fear and enhance public safety. In addition to continuing this program, the Police Department will maintain a minimum of 20 Gang Recognition Specialists in training to reduce gang crime and service as a force multiplier for the Crimes Against Persons Division.

- The City's community-oriented policing approach will continue, involving the community, private sector, other City departments and outside agencies to achieve long-term solutions to persistent crime problems.
- The City's Emergency Operations Center (EOC) is considered one of the best, non-dedicated EOCs in California, with a state-of-the-art countywide EOC communications system using "WebEOC." For FY 2008-2009 additional short wave radios will be procured to improve communications with the 20 designated citizen and employee shelters and the cache of survival food stored for employee use during a large disaster will be replaced.
- The Community Emergency Response Team (CERT) is a volunteer program designed to train local residents with important basic skills to help respond to a disaster. Throughout the program's six-year history the City has trained over 500 residents—an additional 100 CERT volunteers will be trained this next fiscal year.
- The Santa Ana Fire Department will participate in a countywide effort to acquire a data switch to a centralized server to host Orange County fire services. This will provide information sharing between each fire operations center to allow seamless requests for units across city lines, thereby improving response times to an incident anywhere in the county.
- Last fiscal year, Santa Ana implemented the Graffiti Trackers Program to significantly improve our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology. In FY 2008-2009, the Police Department will create anti-graffiti campaign videos for use at public meetings and schools, including two anti-graffiti videos for presentations targeting middle and high school aged students. This anti-graffiti campaign will be a catalyst for the positive development of young people and contribute to the City's goal of ensuring an attractive and well-maintained city.
- Community Preservation will continue to be highly responsive to citizen complaints, observed violations and special projects. The division will continue to partner with the grocers in Santa Ana to eliminate abandoned shopping cart blight in neighborhoods.
- Community Preservation also will be resuming neighborhood-by-neighborhood enforcement by the Special Projects Team in nine neighborhoods. Programs also will be developed to address the increasing number of vacant properties appearing due to foreclosure.
- All Building Inspectors have completed State certification as essential emergency services/damage assessment inspectors. Ongoing training of inspectors will continue to provide knowledge to address a combination of residential inspections during a single site visit, providing more efficient use of inspectors' time and greater convenience to the property owner.
- Last year the Planning and Building Department improved its customer service measurably by the reduction in delivery time of Development Review comments from an average of 44 days in 2006 to an average of 36 days in 2007. Efforts will continue in the coming year to further reduce turn around time for development processing.

- The Capital Improvement Program for FY 2008-2009 includes a variety of infrastructure projects that will enhance public safety, including \$1.45 million in sewer improvements, \$4.6 million in water main replacements, and continued funding for the replacement of sidewalks, curbs and gutters to reduce trips and falls.

Improve Transportation Infrastructure

The City has made significant progress over the past five years in rehabilitating its arterial highways and, due to new funding resources, long awaited improvements to the local neighborhood streets will be made over the next five years. Major funding for local streets was made available through Proposition 42 revenues and Proposition 1B at the State level, and through the issuance of \$60 million in Gas Tax Revenue Certificates of Participation (COP) in December 2007.

Programs for FY 2008-2009 that will improve the City's transportation infrastructure include the following.

- Project Restore, the City's \$100 million investment in residential streets will utilize \$20 million in COP funding in FY 2008-2009. The total budget for Project Restore this next year will exceed \$25 million.
- Considerable progress has been made on the \$225 million Bristol Street Widening Project from Warner Avenue to 17th Street. In FY 2008-2009 the City will move forward with the widening between Pine and Third Streets and between Pine and McFadden.
- Additional arterial improvements identified in the proposed budget include the completion of widening along Grand Avenue between First and Fourth Streets, intersection widening at Grand Avenue and Dyer Road; the widening of the First Street bridge over the Santa Ana River, and continuation of design work for an over-crossing at Alton Road and the 55 Freeway to improve connectivity between Santa Ana and the City of Irvine. In addition, more than \$10 million is included in the budget for arterial street reconstruction and resurfacing.
- The City's "Go Local" Transit Study, which will result in the establishment of a local transit system connecting the Santa Ana Regional Transportation Center with the Civic Center and the Pacific-Electric Right of Way to Garden Grove, has been submitted to the Orange County Transportation Authority for funding approval. Efforts will continue to advocate for this important transit project in FY 2008-2009.

Complete Minor Deferred Maintenance Projects in all Parks

Because the City is built out, parks are a critical asset for our residents, providing a place for the community's youth and families to enjoy nature and the outdoors. Santa Ana's parks are extremely well used, which increases the demand for maintenance work. To ensure that our parks remain attractive and able to serve the needs of the public the Council has requested that greater effort be placed on completing minor deferred maintenance projects in all parks.

Programs for FY 2008-2009 that will address minor deferred park maintenance projects and further enhance the utility of Santa Ana's parks and open space include the following.

- Improved contract administration and inspection to enhance the effectiveness of park landscape maintenance contracts on 18 park sites, at the Santa Ana Zoo and along the City's bike trails.
- The proposed budget includes increased funding for the Parks, Recreation and Community Services Agency to facilitate the implementation innovative initiatives in the areas of deferred maintenance. PRCSA is close to completing a detailed inventory of minor deferred park maintenance projects, as a companion to the major deferred maintenance analysis completed last year.
- The proposed Capital Improvement Program includes park improvements totaling \$3.3 million, including construction of an extension to the Flower Street Bike Trail, and the Tierra de las Pampas exhibit at the Santa Ana Zoo. Funding in the FY 2008-2009 budget also will facilitate the completion of the renovation of the Jerome Recreation Center and the Memorial Park Swimming Pool.
- The proposed budget maintains funding to complete the first phase of the Youth and Family Master Plan. This first phase will focus on the lack of open space as a contributing factor to the risks associated with problem behaviors in youth, such as childhood obesity and gang involvement. Youth program expansions added to the budget last year, such as the annual Catalina trip, Pathways to Adventure program and intramural sports are also maintained in the proposed budget.
- PRCSA will continue to partner with the community to maintain and improve parks through the Adopt-A-Park Program, and park enhancement activities such as the recent KaBOOM! event at Jerome Park, which saved the City \$300,000 in labor and equipment while adding a playground, community garden and mural.

Ensure Long Term Financial Stability

To ensure Santa Ana's long term financial stability, staff will be implementing a two to three year plan to reduce the General Fund deficit, using a combination of expenditure controls while we continue to work towards improving the City's revenue base.

Programs for FY 2008-2009 that will help ensure long term financial stability include the following.

- The first phase of the two to three year plan will include examining department businesses and services to identify opportunities for improved efficiency through reorganization or restructuring of work processes, and holding positions vacant to reduce costs. While the proposed budget envisions maintenance of existing programs and services at their current levels, it will be important to resist the temptation to add new programs or services over the next two years unless new, dedicated revenue sources can be identified.

- A Citywide cost allocation and fee study will be completed this year. Recommendations for achieving a greater percentage of cost recovery for permits and other services provided will be made to the City Council at mid year.
- The City's Enterprise Zone designation was recently renewed for another 15 years, which will continue attracting new businesses to Santa Ana and provide jobs for local residents.
- Efforts will continue to facilitate the expansion and enhancement of the Santa Ana Auto Mall and the expansion of the Main Place Mall.
- Building upon the success of last year, the Community Development Agency and its WORK Center will expand opportunities with local businesses for the Youth Employment Program.
- Funding will continue for the development of a citywide Economic Development Strategic Plan, to help guide the City in developing programs and services to expand the City's revenue base, while continuing to support the needs and interests of the business community.
- In FY 2007-2008 Santa Ana purchased Enterprise Resource Planning (ERP) software which will enhance the City's ability to automate and improve the efficiency of our business processes by providing "real time" information. Implementation of the ERP system is expected to be completed in June 2009.

Additional Accomplishments Planned for 2008-2009

In addition to the programs and activities described above, several additional efforts are proposed to help the City achieve its vision, purpose and goals. These include the following.

- Funds are proposed in the FY 2008-2009 budget to improve public access to City Council meetings through webcasting and web-based archiving.
- A major emphasis of FY 2007-2008 was to enhance Library services to the community. Funding to facilitate expanded hours for three high school libraries including the continued deployment of the City's bookmobile is being maintained for FY 2008-2009.
- A generous bequest from a previous library employee has provided the seed money for design and construction of a space in the library devoted exclusively to the needs and interest of teens. The new Center at the Main Library is scheduled to open October 2008. The library has also initiated Teen Hours three afternoons a week. Teens can drop into the library's meeting room and under a mentor, do homework, relax, meet friends, play games or read. The program currently serves about 50 teens per week, and expectations are that more teenagers will participate once the Center officially opens.
- Services related to literacy skill development and enrichment programs also are maintained in the proposed budget. These activities include reading incentive programs and weekly story times. This past year, three seasonal reading programs registered more than 8,182 youth, and the 538 weekly reading/storytelling programs had an attendance of over 19,375. In addition, 4,265 youth participated in 45 school visits to the library.

In keeping with our commitment to long-term planning, we will continue to dedicate our time, energy and resources toward providing quality service to enhance the safety, livability and prosperity of our community. In spite of the fiscal challenges the City is facing, the FY 2008-2009 budget confirms our commitment to this purpose and incorporates the important programs and projects you have requested in response to the community and its needs. On behalf of our talented and dedicated workforce, I am proud to present the budget for the 2008-2009 Fiscal Year.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Santa Ana
California**

For the Fiscal Year Beginning

July 1, 2007

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award for Distinguished Budget Presentation to the City of Santa Ana for its annual budget for the fiscal year beginning July 1, 2007.

In order to receive this award, a governmental unit must publish a budget document that meets the program criteria as a policy document, as an operations guide, as a financial plan, and as a communications medium.

The above award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine is eligibility for another award.

*California Society of
Municipal Finance Officers*

**Certificate of Award
For
*Excellence in Operating Budgeting***

Fiscal Year 2007-2008

The California Society of Municipal Finance Officers (CSMFO) proudly presents this certificate to

City of Santa Ana

For meeting the criteria established to achieve the Excellence Award in the OPERATING BUDGET CATEGORY.

March 6, 2008

Brad Grant
CSMFO President

Cindy Guziak

Cindy Guziak, Chair
Budgeting & Financial Reporting

The above award is valid for a period of one year only. We believe our current budget continues to conform to CSFMO requirements, and we are submitting it to CSFMO to determine is eligibility for another award.

Throughout the history of the City, the needs of the community have been met most effectively by groups of people sharing common goals, objectives, and a desire to improve the quality of life in Santa Ana. In 1992, the Executive Management Team (EMT) concentrated its efforts on formulating a plan to ensure that Santa Ana residents will see continuous improvement in City services and programs well into the next century.

The process began with EMT's development of a vision of what the City could become in twenty years. After completing a draft version of this vision, the EMT defined the purpose and values of the organization. Recognizing the importance of employee involvement, the EMT solicited feedback on the initial versions of the key elements of the City's philosophy. Beginning with mid-managers and supervisors, all levels of the organization were invited to offer ideas, suggestions and critical review. This input was carefully considered and incorporated into the final version of the City's vision. The extension of the process was the development of the citywide goals by EMT with feedback and input from the employees. The result of these efforts was the identification of the nine goals, which are both an expression and an extension of the City's vision and purpose.

For several fiscal years, the City utilized the tools and techniques of our quality program to review, update and revise those goals, while concurrently redefining the City's vision and purpose statements. Through this process, which was lead again by the Executive Management Team, input from over one-third of our workforce, representing every department, was solicited and incorporated into our revised purpose, vision and twelve goals.

The following section includes the new citywide purpose, vision and goals, as well as departmental or agency goals. For identification of the departmental functions supporting the goals, functional organization charts are included for ease of reference.

FUNCTIONAL ORGANIZATION CHART

ADMINISTRATION

- Processes full/part time payroll; purchases supplies; provides clerical support to Administration staff; processes and maintains personnel records.
- Provides budget and fiscal management; statistical reports and cost analysis; coordinates contracts, facility and equipment development and maintenance.

ADULT SERVICES

- Develops and maintains the book, audiovisual and electronic media collections to reflect the needs of teens and adults in Santa Ana.
- Provides information and assistance in the use of the collection.
- Responsible for the storage and retrieval of all periodicals, newspapers and microfilm.
- Provides archival and photographic materials of Santa Ana and Orange County.
- Provides programs for Santa Ana teens to promote the development of life and educational skills.
- Recruits and coordinates adult and teen library volunteers.
- Provides information and assistance in the use of adult and teen collections.
- Provides tours and curriculum support for adult ESL students and students in Santa Ana high schools.
- Provides Library services to the homebound, elderly, and the physically challenged through volunteer services.
- Acts as liaison to the Friends of the Library.

INFORMATION TECHNOLOGY & SUPPORT SERVICES

- Provides public access to computers and the Internet.
- Provides computer-related technology training and skills development to patrons and staff.
- Serves as the bibliographic and database support liaison.
- Checks out books and materials to patrons and maintains lending records for items loaned; maintains book shelves for easy public access; oversees material recovery service.
- Processes book orders, catalogs and prepares new books and materials; provides maintenance of library materials and the automated database.

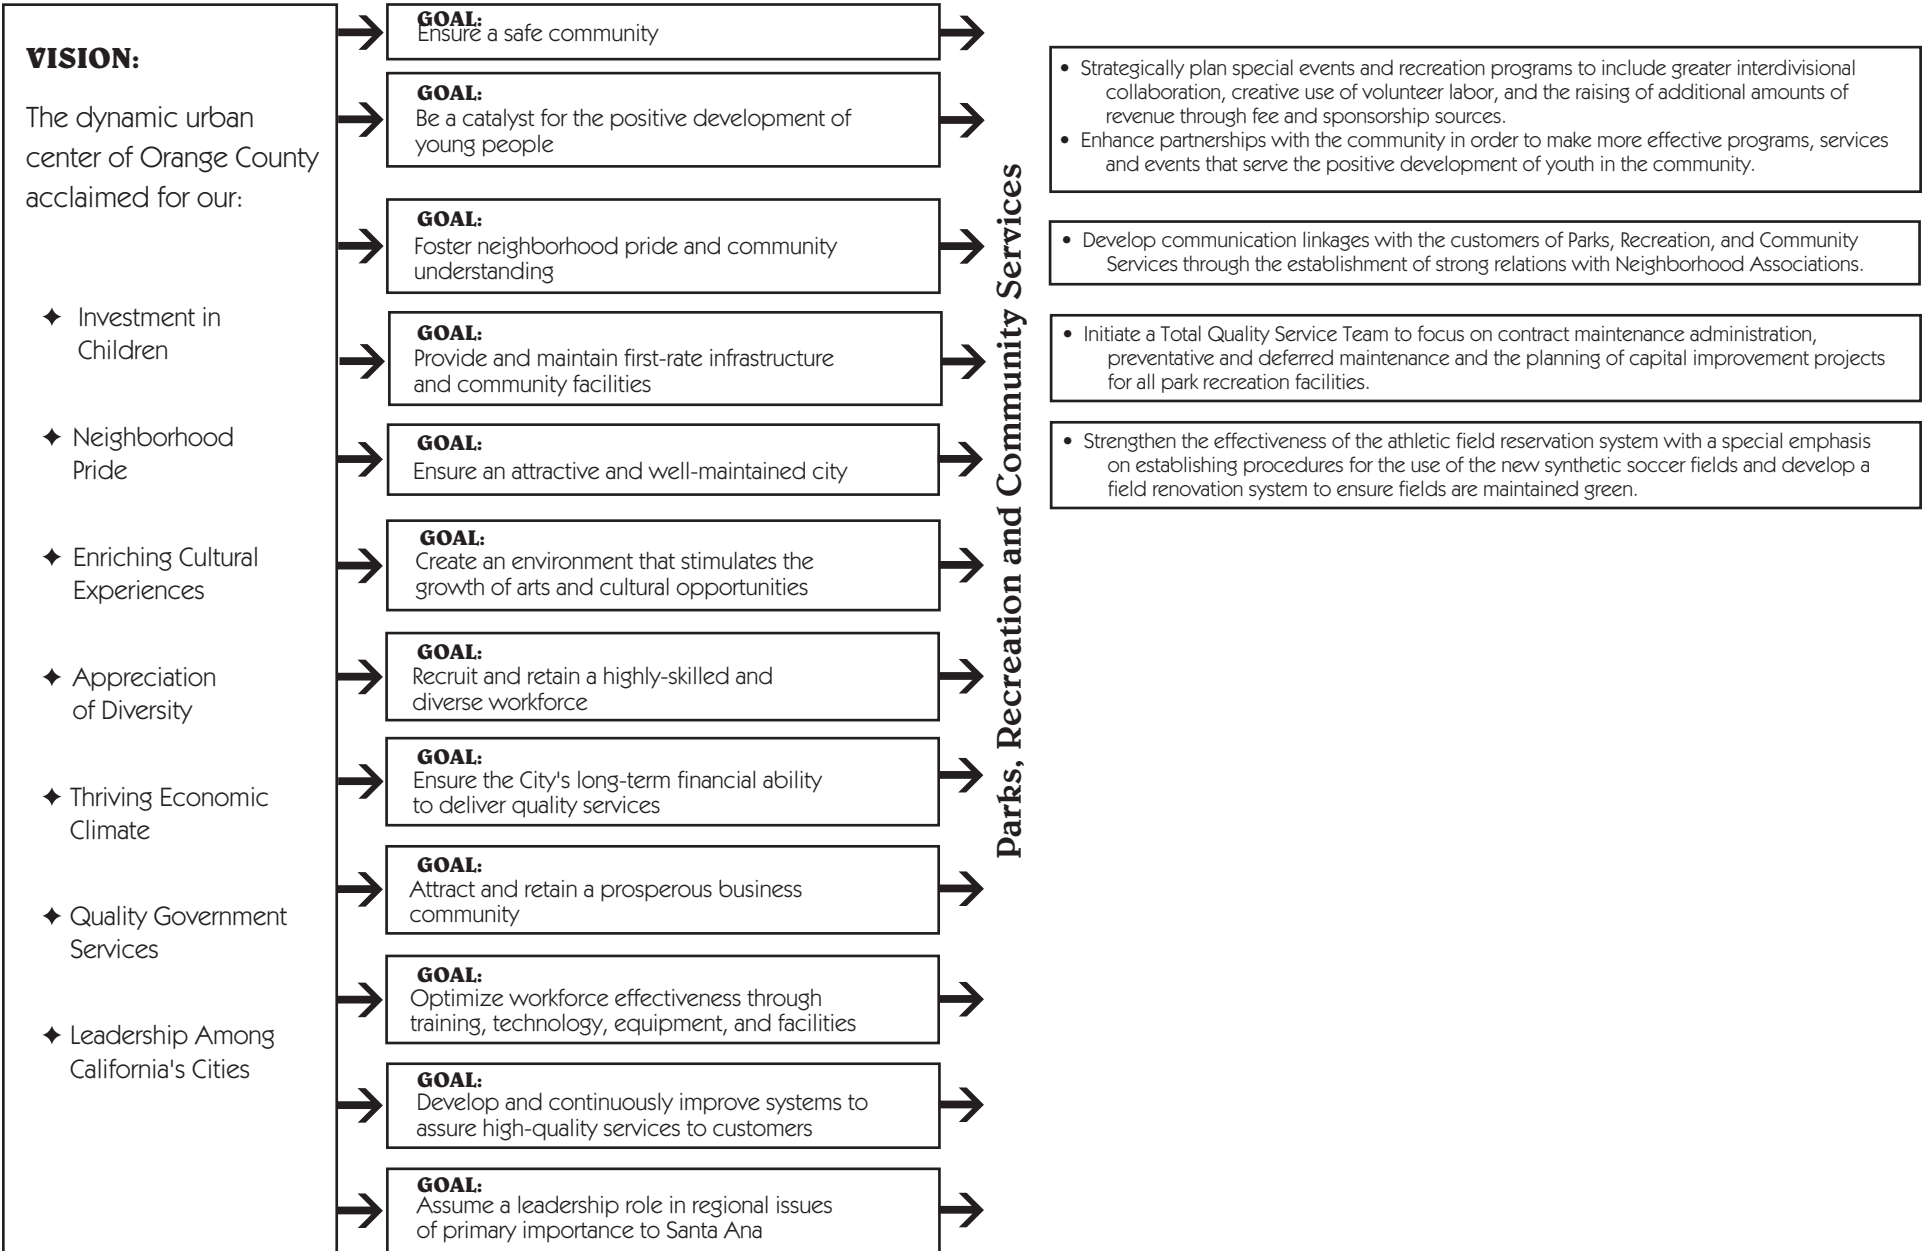

YOUTH SERVICES

- Develops appropriate collection of books and materials for the youth of Santa Ana.
- Assists youth and parents in locating books, materials, and information.
- Conducts year-round programs to satisfy the needs of youth.
- Visits schools and conducts tours.
- Conducts outreach programs to schools and underserved areas.
- Provides mobile library services to children, teens and adults in neighborhoods not served by library buildings.
- Provides after-school homework help and tutoring program for youths in grades K-12 to help build academic success and pride.
- Provides computers, Internet, and educational software to enhance students' technological skills.

A **Quick Budget Tour** is designed to give the reader a *fast and basic introduction* to the different parts of the City of Santa Ana Annual Budget. The budget sections are divided by tabs and feature a consistent outline that starts with a description and summary of the fund’s history followed by details on program objectives, recent accomplishments, action plans, line-item appropriations, and personnel counts. The City of Santa Ana staff hopes this document will give the reader an understanding of the City’s business and the municipal budget that enables the City to deliver its services.

**CITY MANAGER’S LETTER
City Vision, Purpose & Goals**

Gives a general overview of the municipal budget for this fiscal year and relates the current budget to the City’s Vision, Purpose & Goals.

TABLE OF CONTENTS

Lists sections by subject in page order.

**Section 1
TOTAL ANNUAL BUDGET
SUMMARIES & COMPARISONS**

Displays graphs and schedules of the total City budget using alternative means of presenting revenues and expenditures. Reviews the City’s financial policies and practices, and relationships between and among funds.

**Section 2
GENERAL FUND**

Presents the operating budgets for departments primarily supported by the General Fund.

**Section 3
INTERNAL SERVICE FUNDS**

Presents the operating budgets for activities funded by cross-charges to the General Fund, Enterprise, or Community Development departments. Includes employee insurance, risk management, building maintenance, telecommunications, fleet maintenance, corporate yard operations and information systems

**Section 4
COMMUNITY DEVELOPMENT
AGENCY**

Presents the operating budgets for activities primarily funded by tax increment, bond proceeds, and Federal or State sources. Includes community development/redevelopment, economic and downtown development, employment services, CDBG, WIA, and Housing.

**Section 5
SPECIAL REVENUE FUNDS**

Presents the operating budgets for activities funded by grants, or special State, Federal or miscellaneous revenue sources.

**Section 6
ENTERPRISE FUNDS**

Presents the operating budgets for activities primarily supported by user fees or direct charges for their products or services. Includes Water Utility, Sanitation, Refuse Collection, Parking Meter & Facilities, The Depot, and Sewer funds

**Section 7
CAPITAL FUNDS & CAPITAL
IMPROVEMENT PROGRAM**

Capital funds, which are earmarked for improvements to the City’s infrastructure, are described by source of funds and by use of funds. Provides a listing of Capital Improvement Projects (CIP) for the upcoming fiscal year by project category, with funding sources and amounts.

**Section 8
GLOSSARY & INDEX**

Provides a glossary of finance and budget terms, descriptions of the City’s line-item classifications by object codes, and a subject index.

Total Annual Budget By Revenue Sources

FY 2008-2009 Estimated Revenues: \$ 509,859,815

Fund Balance: 73,169,925

Total Revenue Sources: \$ 583,029,740

TOTAL REVENUE SOURCES PIE CHART

The above pie chart illustrates where funding comes from to accomplish our City’s goals and objectives. The chart is divided into nine slices illustrating the major sources of funding (excluding the use of fund balance). Table 1-1 takes a different perspective on by excluding interfund transfers which may over/understate true revenue sources.

General Fund is the largest revenue source and represents 41 percent of all available sources. Top four revenue sources in the General Fund include Sales Tax, Property Tax, Utility Users Tax (UUT) and Property Tax In-Lieu of VLF which account for over 60% of General Fund sources. At the time the budget was adopted, overall General Fund revenues were projected to remain relatively flat (see table 2-2). With the most recent economic data and analysis at the national, state and local levels, revenues may actually experience a decline.

The City will dedicate \$76.9 million in various Capital Improvement Projects (CIP) in 08-09. The majority of the funding is related to arterial widening, street reconstruction and neighborhood street improvements. Over \$26 million has been allocated this year as part of project “Restore” which is a \$100M local street pavement rehabilitation project over the next 3-5 years.

The Enterprise Fund accounts for business-type activities and receives most of its funding through user charges from Water Services, Sanitation, Sanitary Sewer, Federal Clean Water Act, Refuse, Parking Meter Fund and the Depot. En-

terprise Funds constitutes over 16 percent of the total revenues generated in the City (Table 1-3).

Special Revenues reflect a decrease of 53% resulting from the use of prior year funding to carry out 08-09 Urban Areas Security Initiative (UASI) grant projects per the Police Department and Public Works Agency/Community Development Agency no longer having the need to utilize Section 108 HUD loan to fund the comprehensive Citywide plan to rehabilitate residential streets. Funding was obtained by issuing Gas Tax secured Certificates of Participation (COP’s) late December 2007 in which the City generated over \$60M for project “Restore”.

BUDGET YEAR RESOURCE COMPARISON

Table 1-1

FUND	FY 2007-08 Projected	FY 2008-09 Budget	\$ Change	% Change
General Fund (Sec 2)	208,023,554	209,194,095	1,170,541	0.6%
Enterprise Fund (Sec 6)	78,421,420	81,258,220	2,836,800	3.6%
Capital (Sec 7)	47,650,045	76,947,170	29,297,125	61.5%
Redevelopment (Sec 4)	68,268,339	74,398,595	6,130,256	9.0%
Housing (Sec 4)	27,613,510	30,230,435	2,616,925	9.5%
Special Revenue (Sec 5)	33,009,152	15,447,475	(17,561,677)	-53.2%

CDA Grant Funds (Sec 4)	2,003,910	2,064,970	61,060	3.0%
Total	472,374,610	496,664,815	24,290,205	5.1%

Excludes Interfund Transfers

MAJOR CITYWIDE REVENUE SOURCES

• GENERAL FUND

General Fund revenues consist of Taxes, Intergovernmental revenues, use of money & property (rental of facilities & earnings on investments), miscellaneous recoveries & reimbursements, charges for services (City fees), franchise fees (Cable, Gas, Electrical), license permits & fines and special revenues related to capital projects, reimbursement based programs and donations. These revenues are divided into two segments, one being General Fund 11 and Other General Fund related revenues which include Capital Outlay, Fire facility fees, and other special revenues. Fund 11 makes up for well over 90 percent of all General Fund revenues. Estimates and projections are based on revenue trend analysis,

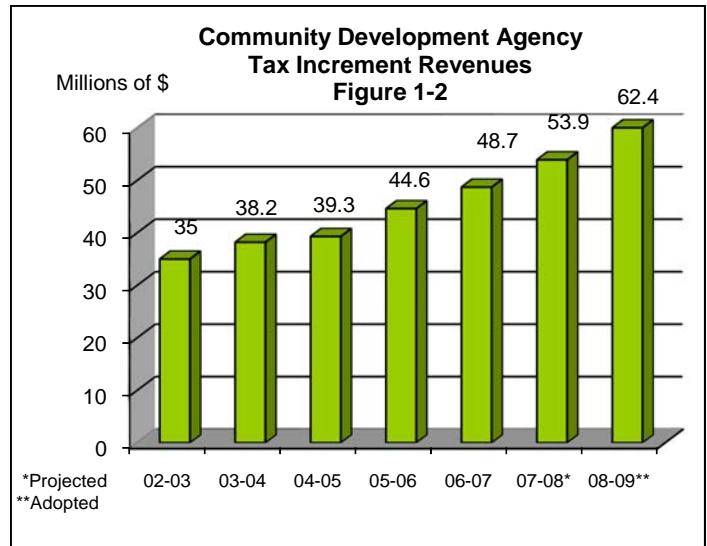

information provided by the County of Orange Auditor-Controller & Assessor’s Office and Sales Tax & Triple Flip assumptions provided by MuniServices LLC.

The largest revenue sources within Fund 11 are related to Taxes which make up approximately 70% of the total General Fund revenue. Included in this category are Sales Tax, Property Tax, Utility User Tax, Property Tax In Lieu of VLF, Business License Tax and Hotel Visitor’s Tax. Use of Money & Property and Intergovernmental are the second and third largest sources of revenue with a combine percentage of 11.6% of total General Fund revenues (See table 2-2). Included under Use of Money & Property are rental charges for the police holding facility, stadium, recreation facilities and earnings on investments. Intergovernmental revenues are made up of State mandate reimbursements, Motor Vehicle License revenues, POST reimbursements and overhead charges for services provided to Enterprise Fund for staffing and billing. See section 2 for additional revenue detail, trends, descriptions and assumptions.

• COMMUNITY DEVELOPMENT AGENCY

Community Development Agency (CDA) revenues include Property related Tax Increment revenues, numerous Grant proceeds, Fees & Interest Earnings and Transfers. Property Tax Increment and Grant Proceeds generate approximately 90.1% of CDA’s revenues when excluding transfers and parking/depot revenues.

Tax Increment (TI) revenues are generated when property tax revenue collections exceed the property tax base established when a redevelopment project area was created. The property tax base remains unchanged throughout the life of the redevelopment project and any property taxes generated above the base is considered TI. The City has six project

areas which were merged in FY04-05. These merged project areas include Central City, Inter City, North Harbor, South Harbor, South Main and Bristol Corridor and are projected to generate a combined 54% of CDA’s total revenues.

CDA grant proceeds include HUD Section 8 Vouchers, Workforce Investment Act, Federal Empowerment Zone, Housing Opportunities for Persons With Aids (HOPWA), HOME Program, Orange County, Department of Labor and Community Development Block Grants. Proceeds from these grants make up approximately 36.2% of CDA’s total revenues. See section 4 for additional revenue detail and descriptions.

• SPECIAL REVEUE FUND

Special Revenues are monies that can only be used for a specific purpose as defined by law or administrative action. These revenues arise from legislative initiatives, grants, partnerships with the County of Orange and participation in projects involving outside agencies that may require the City to document and provide information in exchange of funds (i.e. Air Quality Improvement Fund). Major Special Revenue Funds for FY08-09 are comprised of Special Gas Tax, Civic

Center and Traffic Safety Fund which comprise approximately 88.9% of total Special Revenue fund revenues. See section 5 for additional revenue detail and descriptions. The City receives Special Gas Tax revenues from the State of California for the improvement of streets and highways. The State Fuel Excise Tax (18 cent tax per gallon collected by the State) is distributed to Cities on a monthly apportionment based on factors such as population. For fiscal year 08-09 the City of Santa Ana anticipates receiving \$6.9 million representing 41.4% of all Special Revenues. In December of 2007, the City issued Gas Tax Secured Local Street Improvement COP's in efforts to expedite the repair and rehabilitation of citywide neighborhood streets.

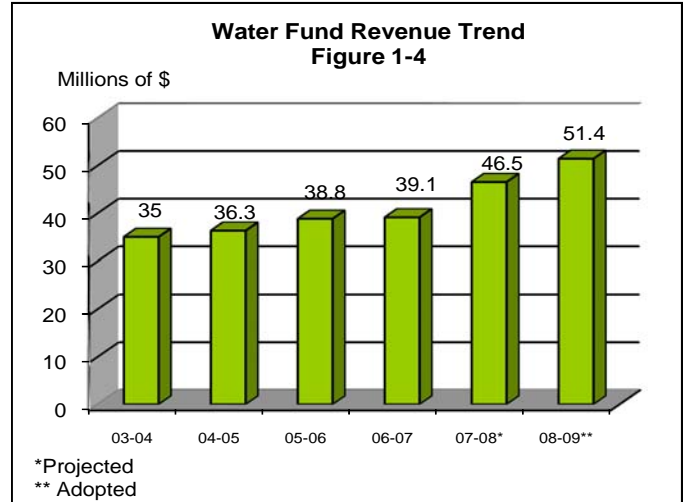

The City partners with the County of Orange in providing routine maintenance, capital projects and provide security services through revenues generated by the various Civic Center parking structures. Civic Center revenues make up approximately 38.8% of Special Revenues.

• **ENTERPRISE**

Enterprise Fund revenues include Santa Ana's Depot Station, Downtown Parking Meter and Garage Parking, Sanitary Sewer Services, Federal Clean Water Protection, Water Production & Supply and Refuse Collection. Water and other enterprise fund revenues are generated thru rental charges of the Depot Center, water utility consumption charges, refuse and sewer collection services, street metered parking fees and garage parking structure revenues in the Downtown area.

Water, Refuse Collection, and Sanitation revenues make up approximately 85.1% of all Enterprise revenues. Water Enterprise provides water services to residential, commercial and industrial segments of the City. Water revenues are generated primarily from metered charges for water usage and represents 58.8% of total Enterprise Revenues. These revenues capture the cost of providing services, administration of the fund and water capital construction. Refuse Collection revenues come from trash collection charges

(residential & commercial), contract program surcharges as well as grant funding for the recycling and disposal of such items (i.e. oil). Sanitation Enterprise revenues are generated thru customer charges tied to roadway/street sweeping. See section 6 for additional revenue detail and descriptions.

• **CAPITAL IMPROVEMENT PROJECTS**

Capital Improvement Project (CIP) revenues consist of voter approved funding, transportation & sewer connection fees, gas tax transfers, Orange County Transit Authority (OCTA) subvention and competitive grant funding for capital projects such as neighborhood, arterial, traffic, infrastructure, City facilities and park improvements.

Select Street Construction projects have the largest funding within the CIP totaling 39.2%. Select Street funding includes OCTA gas tax subvention, Highway Bridge Replacement (HBRP) and Regional Surface Transportation Program (RSTP). Revenues in this category increased 59.1% as a result of new HBRP and RSTP funding for special projects. Measure M includes competitive and Turnback grants and Residential Street Improvement funds comprised of gas tax transfers total an additional 39.6% of total CIP funding.

Total Annual Budget By Appropriations

FY 2008-2009 \$ 583,029,740

TOTAL APPROPRIATIONS PIE CHART

Total citywide budgeted appropriations for FY 2008-09 amount to \$583,029,740 and the above pie chart and table 1-2 illustrate where the funding will be expended. Total appropriations this coming year rose by 15.2% when compared to FY07-08 due to increased capital improvement project funding. General Fund makes up for the largest slice of the pie with a total of \$239.1 million or 41% of all appropriations to fund programs and services through various agencies.

COMPARISON BY PROGRAM

Public Safety alone will receive the largest commitment with over \$189 million (approximately 33.2 percent) of Citywide total appropriations (Table 1-2). Increases in public safety expenditures are due to salaries and benefits, overtime, other personnel cost increases as well as projects such as the Fire Department efforts to centralize communications between Fire Operations Centers countywide. In FY08-09 the Police Department added one new Principal Management Analyst with the use of Urban Areas Security Initiative Grant (UASI) funds. The Police Department budget also includes funding to continue the Police Athletic Activities League (PAAL) created in FY07-08 to support and provide mentoring to Santa Ana's youth. For more info., please refer to Sections 2, 5 and 7.

The second largest program corresponds to Community Maintenance which funds the majority of capital improvements projects, construction of roads, rehabilitation of neighborhood streets, city facility improvements and maintenance services provided by the Public Works Agency. Community Maintenance budget is \$112.6 million or 19.8% of

total citywide allocations. This program increased by 55% or an equivalent of \$40 million (when excluding transfers) as a result of increased funding provided by OCTA for the Transitway Project, \$26 million allocation for the neighborhood street rehabilitation project and new Highway Bridget Replacement Program funding. For additional Capital Improvement Program information, see section 7.

Water Utility appropriations increased by 7.2 percent over last fiscal year reflecting increases in water commodity costs, operational cost increases and \$4.6 million in capital improvements for water main replacements (Table 1-2).

Community Development (which includes Economic Development, Redevelopment, portions of CDBG, parking related funds, and the Depot) accounts for 15.7 percent of total expenditures and increased 14.7% when compared to last fiscal year as a result of personnel costs and obligation/debt ser-

vice payment increases. Housing is anticipated to increase by 9.1 percent (See Table 1-3). For more information on these areas, please refer to sections 4 & 6.

Recreation/Cultural refers to expenditures associated with Parks, Recreation & Community Services, Santa Ana Library, Bowers Museum as well as any special or capital projects in those areas. Recreation/Cultural amounts to 5 percent of total appropriations and reflects a slight decline of 1.7 percent due to a decrease in capital improvement related project activities (Table 1-3). In fiscal year 2008-2009, Parks, Recreation and Community Services was the department that received the highest general fund appropriation (8.6%) surpassing public safety (see table 2-6 in General Fund section).

General Government makes up approximately 3.8% of the total budget and consists of City Manager’s Office, Council Services & Legislative Affairs, City Attorney, Clerk of the Council, Non-Departmental, Personnel Services, IS Strategic Plan transfer and Finance & Management Services. General Government program increased by 5.7 percent due to additional funding appropriated for Council election costs, Finance and Personnel related Air Quality Management District (AQMD) funding for Fleet Operations and Blue Skies program and capital projects included under General Fund Special Revenues.

Overall, the City’s workforce decreased by a net of 1 full-time position and increased by 5 part-time civil service (PTCS) 30/hr positions. Finance and Management Services

Agency decreased by 2 full-time vacant positions (1 Principal Programmer Analyst and 1 Computer Operations Coordinator) as part of their 5% base budget reduction strategy, the Police Department increased by 1 full-time UASI grant funded Principal Management Analyst and the Library increased by 4 PTCS Assistant Librarians and 1 PTCS Library Technician. For Additional information, refer to table 1-14.

TOTAL BUDGET BY FUND & PROGRAM

Total Annual Budget by Fund & Program Table 1-3 puts the revenue and appropriation tables in the previous pages in perspective by comparing the total annual budget that has been adopted over the last two years and the actuals from FY06-07. Programs typically cut across departmental lines since no one operating unit is equipped to provide all the services a program entails. Public safety, for instance, consists of crime-fighting, fire-fighting, and emergency medical services. This may at times complicate the way budget information is presented. For this reason, this document follows a consistent theme that focuses on the department's that manage the programs and allocations. This thematic presentation not only helps to simplify the manor in which the budget is presented, but also highlights the accountability by pinpointing the department that is responsible for providing the service.

REVENUE & EXPEDITURE TABLES 1-4, 1-5 AND 1-6

The following tables show the total budget per operating department, program and funding sources. Descriptions of

(Continued on page 7)

** Includes Workforce Investment Act, Empowerment Zone, Orange County SSA, Orange County Transportation Grants, Federal and State Grants

the revenues and programs they fund are located within the program and resource sheets throughout the budget document. For further details on these funds please see the resource sheets in sections 2, 4, 5, 6 and 7.

ECONOMIC OUTLOOK

The national unemployment rate, the economic indicator followed most closely, increased from an average of 4.7 percent in June 2007 to 5.7 percent in July of 2008 according to the U.S. Department of Labor - Bureau of Labor Statistics or BLS (not seasonally adjusted data). The U.S. employment picture remains better than California's (where unemployment remains higher than the national average). The BLS reports June 2008 unemployment rate in California at 7 percent (not seasonally adjusted) as compared to the 5.7 percent for the U.S. The unemployment rate reported for the same period in the Orange County region is estimated at 5.3 percent while Santa Ana's is 8.5 percent.

In California, the economic experience has been somewhat different from the rest of the nation. Many factors have influenced California's economy such as the sub-prime market bust, record number of foreclosures, higher unemployment rates, increasing energy costs, decline in consumer confidence and a slowdown in the construction industry. The State's financial outlook will continue to be a volatile one with home prices continuing to fall, potential homebuyers waiting on the sidelines for prices to stabilize, a downshift in vehicle sales toppled with higher gas prices at the pump and the decline in consumer spending.

At the local level, Santa Ana's major revenue sources have begun to show signs of the economy's downturn. Based on our most recent economic data, it appears that sales taxes have hit a peak and are trending downward. Most likely this is an indication of a decline in personal discretionary income and Santa Ana's higher than normal unemployment rate. The County of Orange Assessor's Office has begun temporarily reducing taxable values as a result of home market values falling. The reduction in taxable values will likely impact our property tax revenues as the year progresses. The City of Santa Ana is not alone in this situation, many surrounding cities and communities are being negatively impacted by the downturn in the economy.

FUND BEGINNING & ENDING BALANCES

Section 5 of Article XIII B allows the City to designate a portion of fund balance for general contingencies to be used for any purpose. In 1983, the City Council passed a resolution setting aside all unappropriated or unrestricted balances in the General Fund and Special Revenue Fund as contingency funds. Further detail is discussed and itemized within the resource & program sheets of each individual fund & activity. The Beginning & Ending Fund Balance tables indicate the beginning balances, current revenue, transfers, direct expenditures and ending balances per each fund. These tables are located within each section of the budget document providing a summarized version of the fund (Tables 2-1, 3-1, 4-1, 5-1 & 6-1).

SANTA ANA'S BUDGET PROCESS

The City's annual budget is prepared on a July 1st to June 30th fiscal year. The budget process is a perpetual and iterative operation that includes phases of formulation, adoption, implementation, adjustment, and oversight throughout the year.

"Best Practice" Budgeting

The City uses multi-tiered iterations to formulate the budget. It is a "best practice" approach that draws on applicable elements of established budgetary tools and techniques such as Expenditure Control Budgeting (ECB), Target Budgeting, Program Budgeting, Zero Base Budgeting (ZBB), Line-item Budgeting, and Stakeholder Budgeting.

The first tier is the *strategic* level which uses Target Budgeting and ECB to set citywide organizational goals and objectives, and where aggregate budget targets and priorities are first defined.

The second tier is the *tactical* level which uses Program Budgeting to translate the City's strategy into specific programs and activities. These activities then become the cost centers that receive fund allocations and are assigned to designated departments.

The third tier is the *operational* level which uses ZBB to develop preliminary budget estimates and Line-item Budgeting to establish the internal controls that guide day to day fiscal administration. All designated cost centers/activities prepare line-item budgets to facilitate the cost accounting process. The resource sheets in the various tab sections show the line-item budget for each cost center/activity.

Throughout this process, City staff is constantly identifying and extensively interacting with key *stakeholders* which include but are not limited to the Boards and Commissions, Greater Santa Ana Business Alliance, and representatives of the City's 62 neighborhood associations. Interaction occurs in various ways from informal neighborhood meetings to formal boards and commissions hearings and Council Study Sessions.

The City of Santa Ana values stakeholder budgeting because it promotes inclusion in a community that is the most diverse in Orange County.

Stakeholder budgeting also provides for a more comprehensive approach to budgeting by soliciting input from as many quarters as possible. Santa Ana spends a lot of time and effort to involve stakeholders to help ensure that the budget is both vision-driven and customer-focused. By including stakeholders in the budget process, the City is practicing Santa Ana's bedrock philosophy of total quality customer service.

Budget Amendment Process

The budget as adopted by the City Council can be amended during the fiscal year by an *appropriation adjustment*. An appropriation is the amount of money the Council has recognized as revenue and approved as a spending limit. An appropriation is shown as an expenditure line-item in the adopted budget.

The need to amend or adjust the budget typically arises in response to unforeseen circumstances or events. For example, the Council is required to formally recognize the receipt of unanticipated revenue before the City can legally accept and spend new money. In other cases, a department may need to transfer funds to cover an unexpected shortfall in another account.

The City Manager is authorized to amend Council-approved appropriations if, in the City Manager's opinion, such amendments are necessary and proper. The appropriation adjustment process consists of the following five steps:

1. A "Request For Appropriation Adjustment" form is prepared by the department or agency.
2. The request is submitted to Finance & Management Services for review.
3. The request is submitted to the City Manager for approval.
4. Once approved, the request is returned to Finance & Management Services to make the necessary adjustments.
5. The department/agency receives authorization to use the adjusted appropriations.

If the request for an appropriation adjustment is between two different departments or involves more than one fund, Council approval is required in addition to City Manager approval.

(Continued on page 12)

Budget Calendar

The following budget calendar indicates the months in which significant budget processes occur. The boxed calendar lists the major activities for the month while the narrative on the monthly budget processes provides a detailed description of the listed budget activities.

August

- Year-end report of Revenues & Expenditures finalized.
- Complete Revenue Manual.
- Budget personnel begin data collection for financial strategic plan and financial forecast.

At this time, the Budget Office and departmental budget representatives begin collecting information for the financial strategic plan and forecasts for the next budget year in order to provide the City’s Executive Management Team (EMT) – whose members are the City Manager, the Assistant City Manager, and the department/agency heads - with a fact-based financial foundation. The financial information is contained in the Annual Revenue Manual combined with monthly revenue and expenditure reports.

September to December

- EMT conducts Agency Retreats.
- EMT reviews Long-term Financial Forecast and Strategic Plan.
- Purpose, Vision & Goals presented to City Council.

From August to November, EMT determines Citywide goals, objectives and performance measurements for the next fiscal year. Each EMT member takes these Citywide plans back to his/her respective department where they get translated into department-specific goals and assignments using a Total Quality Services (TQS) tool.

Negotiations to finalize these plans then ensue between and among EMT and the departments, with EMT members assuming multiple negotiating roles that include champion, gate-keeper, and devil’s advocate.

To ensure the organization’s long-term financial viability, the City prepares a financial strategic plan to identify and address the economic, social, political and other trends impacting City revenues and expenditures. EMT identifies the budget issues, stakeholders, and factors that would drive or restrain the attainment of department-specific and citywide goals.

A financial forecast is then prepared based on projected assumptions for the next budget cycle. The first funds to be forecasted are the internal funds due to the impacts of internal cross-charges on other funds. Between *November* and *December*, the resulting goals and objectives are presented in a series of collaborative sessions between EMT and staff. The results are then presented to the City Council for concurrence. The adopted goals and objectives are shown as exhibits attached to the City Manager's budget letter.

January

- Budget/CIP Instructions and payroll projections are distributed to departments.
- Departments begin budget process.

Budget Instructions are distributed to departments. Public Works distributes Capital Improvement Plan instructions to departments. For more information on the capital budget process and its relationship to the operating budget, please refer to Section 7. From *January* to *May*, City departments and agencies complete their part of the City budget based on the adopted goals and objectives as well as the revenue and expenditure forecasts.

February

- Community Development Block Grant (CDBG) proposals are presented to the City’s Human Relations Commission for review.
- EMT conduct Budget Review Meeting(s).

Community Development Agency (CDA) presents CDBG proposals to the Human Relations Commission. Departmental/Agency heads present budgets to fellow EMT members in a budget review meeting.

(Continued on page 13)

March

- CIP is presented to Environmental & Transportation Advisory Committee (ETAC).
- CIP is presented to Planning Commission.
- CDBG budget is adopted by the City Council.
- CDA Budget is adopted by the Community Redevelopment and Housing Commissions.

The Capital Improvement Program is presented to the Environmental & Transportation Advisory Committee and Planning Commission. Community Development Block Grant budget is adopted by the City Council. Based upon the City Council budget priorities, the Executive Management Team reviews operating budgets and Capital Improvements Program requests.

The Executive Management Team evaluates and prioritizes the program requirements, determines funding availability and develops a balanced budget. Final budget decisions are made as a team according to the purpose, vision and goals of the city.

April - May

- EMT presents proposed Budget/CIP to City Council and community in Budget Study Sessions.
- Distribute Budget Discussion Booklet and Miscellaneous Fee Summary in study sessions.
- EMT presents proposed Budget/CIP the Greater Santa Ana Business Alliance.
- First Notice for Public Hearing is published.

The City Manager and EMT present the proposed budget to the City Council in a Budget Study Session. The Council, after reviewing the proposed budget and receiving public comment, may direct staff to revise the proposed budget. Executive Budget Summaries are made available to the public at budget discussion sessions, the Clerk of the Council Office, all City libraries, and on-line at the City’s website. The City Manager and EMT also present the budget to the Greater Santa Ana Business Alliance.

May - June

- Second Notice for Public Hearing is published.
- Budget Binder (line-item budget) is distributed.
- First Reading of Budget Ordinance.
- Budget/CIP Presentation.
- Second Reading of Budget Ordinance and Budget/CIP Adoption.

The second notice for public hearing is published in the newspapers. The proposed budget is presented to the City Council during the public hearing and any new changes are incorporated into the budget. Copies of the line-item budget, as presented in this document, are available to the public in the Clerk of the Council’s Office, City of Santa Ana public libraries and on-line at the City’s website.

On or before the 30th day of June, the Council meets to adopt the proposed budget, as amended, by the affirmative vote of a majority of the seven-member Council. The adopted budget becomes the authority for the various departments to expend appropriations, subject to controls established by the City Charter.

At any subsequent Council meeting, the Council may amend the adopted budget through an “appropriations adjustment.” This action requires a supermajority Council vote which means that at least five affirmative votes, or 2/3 of the seven-member Council, are needed to amend an adopted budget. The budget amendment process is discussed in detail on page 1-11.

June - July

- Gann Limit adopted by City Council.

The City Council adopts the Gann Limit before the beginning of the new fiscal year, July 1st (the Gann Limit is discussed fully in the next section). The budget cycle starts again.

GANN APPROPRIATIONS LIMIT

Commonly referred to as the Gann Limit, this was a ballot initiative adopted in 1980, and modified by Proposition 111 which passed in 1990, to limit the amount of tax proceeds state and local governments can spend each year. The Gann limit now appears in California’s State Constitution as Article XIII B.

The limit changes annually and is different for every city. Each year’s limit is based on the amount of tax proceeds that were authorized to be spent in FY 1978-79 in each city, and modified for changes in inflation and population in each subsequent year. Inflationary adjustments are based on the California Department of Finance’s official report on changes in the state’s per capita income or in non-residential assessed valuation due to new construction. Population adjustments are based on changes in city or county population levels.

Table 1-7 shows the City’s FY 08-09 Gann Limit. The estimated City proceeds from taxes are \$154,161,629 and appropriations subject to the limit are \$141,838,029. The (Under) Limit figure of \$632.2 million is due to Santa Ana’s high percentage increase in population since 1980 which outpaced the growth in the tax base, and a conservative fiscal philosophy that seeks to foster a resident-responsive and business-friendly climate. Table 1-8 provides historical appropriations subject to limitation.

Section 5 of Article XIII B allows the City to designate a portion of fund balance for general contingencies to be used for any purpose. In 1983, the City Council passed a resolution setting aside all unappropriated or unrestricted balances in the General Fund and Special Revenue Fund as contingency funds.

Section 9710 of the California Government Code, added in 1980 by the State Legislature, requires the Council to adopt the City’s Gann appropriations limit for the following year by resolution. This resolution as adopted by the Council on July 7, 2008. The main text of the Council resolution is reproduced here.

Budget Epilogue: Approval of Budget Ordinance and Budget Resolution

At a public hearing on June 2, 2008, the City Manager presented the proposed budget for FY 08-09 to the City Council for approval. On the June 16, 2008 Council Meeting, the budget ordinance was approved. The budget ordinance and the budget resolution are reproduced on the following pages.

ORDINANCE NO. NS-2768

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SANTA ANA APPROPRIATING MONIES TO THE SEVERAL OFFICES, AGENCIES AND DEPARTMENTS OF THE CITY FOR THE FISCAL YEAR COMMENCING JULY 1, 2008

THE CITY COUNCIL OF THE CITY OF SANTA ANA DOES ORDAIN AS FOLLOWS:

SECTION 1: The City Council of the City of Santa Ana hereby, finds, determines and declares as follows:

- A. The City Manager has prepared and submitted to this Council, pursuant to the provisions of Section 605 of the City Charter, a proposed budget for expenditures for the fiscal year commencing July 1, 2008, together with his budget letter dated May 19, 2008.
- B. In accordance with Section 606 of the City Charter, a public hearing has been held upon the said proposed budget of expenditures after notice of such public hearing had been published in the manner prescribed in said Section 606 of the City Charter.
- C. The proposed budget of expenditures duly submitted and considered as hereinbefore stated, together with any supplemental revisions and amendments thereto, was approved, adopted and fixed by the Council as the annual budget of the City for the fiscal year commencing July 1, 2008, in the amounts and for the funds, purposes, functions, department activities and programs as therein set forth. Said adopted budget, including said supplemental revisions and amendments, together with a copy of this appropriation ordinance, shall be placed in the official files of the Clerk of the Council.

SECTION 2: There are hereby appropriated to the several offices, agencies, and departments of the City, being the respective objects and purposes specified in that certain document entitled "City of Santa Ana Annual Budget 2008-2009," a copy of which is on file in the Office of the Clerk of the Council, out of the various funds of the City, for fiscal year 2008-2009, the several amounts stated as proposed expenditures from said funds, respectively, in those columns of said Budget that are headed "Approved Budget 08-09." Each aggregate of expenditures so specified in said Budget for said fiscal year for each program shall be deemed to be an appropriation for a single object and purpose within the meaning of Section 609 of the Charter, except that as to any office, department, or agency of the City for which more than one program is designated in Section 2 (General Fund Operating Budget) of the said Budget, the aggregate expenditure authorized for all programs in said Section 2 of each such office, department, or agency shall be deemed to

be an appropriation for a single object and purpose within the meaning of Charter section 609.

SECTION 3: The appropriations hereby made shall constitute the maximum expenditures authorized for the several offices, agencies, and departments opposite which the amounts of such appropriations are shown in such Budget.

SECTION 4: No warrant shall be issued or indebtedness incurred for any purpose which exceeds the unexpended balance of the appropriations established by this ordinance, unless such appropriation shall have been amended or supplemented by the City Council in the manner set forth in Section 609 of the Charter. The City Manager is hereby authorized to make revisions between the items included within any such appropriation if, in his opinion, such revisions are necessary and proper.

SECTION 5: The Executive Director of Finance and Management Services is hereby authorized to transfer monies in accordance with the Interfund Transfers listed in said Budget in such amounts and at such times during the fiscal year as he may determine necessary to the competent operation and control of City business, except that no such transfer shall be made in contravention of State law or City ordinance or exceed in total the amount stated herein or as amended by the City Council.

SECTION 6: One certified copy of this appropriation ordinance together with a certified copy of each amendment thereto shall be transmitted by the Clerk of the Council to the Executive Director of Finance and Management Services.

SECTION 7: Upon and from the effective date of this ordinance, expenditures of monies appropriated hereby are authorized beginning July 1, 2008.

SECTION 8: The Clerk of the Council shall cause the title of this ordinance to be published as required by law.

SECTION 9: All presently applicable documentation pertaining to the number, titles, qualifications, powers, duties, or compensation of officers or employees of the City, which has been previously approved by resolution or order of the City Council and which is currently on file with the Executive Director of Personnel Services is incorporated herein and is hereby approved. The City Manager is authorized to create, alter, or abolish any position of employment, or the number, title, qualifications, powers, duties, or compensation thereof, when such action is appropriate to promote the efficiency of the City administrative organization; provided, however, that no such action shall be effective unless and until approved by resolution or order of the City Council.

ADOPTED this 16th day of June, 2008.

CERTIFICATE OF ATTESTATION AND ORIGINALITY

I, PATRICIA E. HEALY, Clerk of the Council, do hereby attest to and certify the attached Ordinance No. NS-2768 to be the original ordinance adopted by the City Council of the City of Santa Ana on June 16, 2008, and that said ordinance was published in accordance with the Charter of the City of Santa Ana.

Date: 6/17/08

Patricia E. Healy
Clerk of the Council
City of Santa Ana

RESOLUTION NO. 2008-047

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SANTA ANA ESTABLISHING THE APPROPRIATION LIMIT OF THE CITY OF SANTA ANA FOR FISCAL YEAR 2008-2009

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SANTA ANA AS FOLLOWS:

Section 1. The City Council of the City of Santa Ana hereby finds, determines and declares as follows:

- A. Article XIII B of the Constitution of the State of California, adopted by the voters of the State of California in November 1978, imposes upon State and local government the obligation to limit each fiscal year's appropriations to those established in fiscal year 1978-79 as adjusted for inflation and population, together with other specified changes required or permitted.
- B. In June of 1990, the voters of the State of California approved Proposition 111 which amended Article XIII B to establish the limit originally calculated for fiscal year 1986-87 as a new adjustment base and to change the definition of the cost of living to be either the percentage change in California per capita personal income from the preceding year or the percentage change in the local assessment roll from the preceding year for the jurisdiction due to the addition of local non-residential new construction.
- C. Proposition 111 further modified Article XIII B requirements by making certain capital outlay, debt service, emergency and court ordered expenditures not subject to the limit and by allowing expenditures in excess of one year's limit to be offset by underexpenditures in an immediately following year.
- D. The City of Santa Ana has opted to use as the inflation adjustment factor, the percentage change in the California per capita personal income from the preceding year.
- E. The City of Santa Ana has opted to use as the population adjustment factor, the County's percentage change in population from the preceding year.
- F. Division 9 of Title I of the Government Code of the State of California (commencing with section 7900), as enacted by 1980 Statutes, Chapter 1205, effective January 1, 1981, directs the governing body of each local

jurisdiction each year to, by resolution, establish its appropriations limit and make other necessary determinations for the following fiscal year pursuant to Article XIII B of the California Constitution at a regularly scheduled meeting or noticed special meeting. Fifteen days prior to the meeting, documentation used in the determination of the appropriations limit and other necessary determinations shall be available to the public.

- G. This matter came on before the City Council at its regularly scheduled meeting of July 7, 2008.
- H. The Executive Director, Finance and Management Services of the City of Santa Ana has determined the City's appropriation limit for fiscal year 2008-2009 in accordance with the said provisions of the Constitution and laws of the State of California and the documentation used in said determination has been available to the public since not later than June 20, 2008 in the office of the Executive Director, Finance & Management Services.

Section 2. Based upon the above referenced facts and all facts specified in the accompanying Request for Council Action and its attachments, and each of them, the appropriation limit of the City of Santa Ana for fiscal year 2008-2009 is hereby found and determined to be \$774,127,330.00.

Section 3. This Resolution shall take effect immediately upon its adoption by the City Council, and the Clerk of the Council shall attest to and certify the vote adopting this Resolution.

ADOPTED this 7th day of July, 2008.

Miguel A. Pulido
Mayor

APPROVED AS TO FORM:
Joseph W. Fletcher, City Attorney

CERTIFICATE OF ATTESTATION AND ORIGINALITY

I, PATRICIA E. HEALY, Clerk of the Council, do hereby attest to and certify the attached Resolution No. 2008-047 to be the original resolution adopted by the City Council of the City of Santa Ana on July 7, 2008.

Date: 7-10-08

Patricia E. Healy
Clerk of the Council
City of Santa Ana

NACSLB Budget Process

As part of Santa Ana’s best practice approach, the City budget is prepared to conform not only to the professional standards of the ICMA, GFOA, and CSMFO but also to NACSLB principles. The National Advisory Council on State and Local Budgeting (NACSLB) was created to provide government entities with tools to improve their budgeting processes. These budget principles are outlined below.

Principle 1: Establish Broad Goals to Guide Government Decision Making

Element 1: Assess Community Needs, Priorities, Challenges & Opportunities

Element 2: Identify Opportunities and Challenges for Government Services, Capital Assets and Management

Element 3: Develop/Disseminate Broad Goals

Principle 2: Develop Approaches to Achieve Goals

Element 4: Adopt Financial Policies

Element 5: Develop Programmatic, Operating and Capital Policies and Plans

Element 6: Develop Programs and Services consistent with Policies and Plans

Element 7: Develop Management Strategies

Principle 3: Develop a Budget Consistent with Approaches to Achieve Goals

Element 8: Develop a Process for Preparing and Adopting a Budget

Element 9: Develop and Evaluate Financial Options

Element 10: Make Choices Necessary to Adopt Budget

Principle 4: Assess Performance and Make Adjustments

Element 11: Monitor, Measure and Assess Performance

Element 12: Make Adjustments as Needed

FINANCIAL POLICIES & PRACTICES

The material in this section is based on longstanding City policies and practices, and recommendations developed by the National Advisory Council on State and Local Budgeting whose founding members include the International City and County Managers Association (ICMA), Government Finance Officers Association (GFOA) and California Society of Municipal Finance Officers (CSMFO).

FINANCIAL POLICY STATEMENTS

Financial policy statements articulate the premises of City policy on various financial transactions the City encounters in the course of its day to day operations. These policy statements are listed below by subject area.

Accounting, Auditing, & Financial Reporting Policies

- a) The accounting system will maintain the City's financial records on a basis consistent with Generally Accepted Accounting Principles (GAAP) applicable to local government.
- b) A financial report entitled *Revenue Ledger Report By Fund* will be prepared monthly to show the month's revenue activity by major types of funds.
- c) A financial report entitled *Budget Ledger Report By Fund* will be prepared monthly to show the month's expenditure activity by major types of funds.
- d) A financial report entitled *Report of Revenues and Expenditures* will be prepared at the end of each fiscal year to show details of the actual revenue received and appropriations expended by major types of funds.
- e) A financial report entitled *Comprehensive Annual Financial Report (CAFR)* will be prepared at the end of each fiscal year to account for the City's financial transactions for the year.
- f) In accordance with state law, an *Investment Report* will be prepared on a quarterly basis to account for the amounts, placements, and yields of the City's invested funds.
- g) In accordance with state law, an independent accounting firm will perform an annual audit of the financial statements of the City and will publicly issue an opinion thereon.

Budget Reserve Policies

- a) The City will maintain an equipment reserve fund and will appropriate funds to it annually to provide timely replacement of equipment.
- b) The City will maintain a satisfactory reserve to fund annual paid and committed claims in the liability and property insurance, employee group insurance, and workers compensation funds.

Capital Improvement and Asset Policies

- a) The City will make all capital improvements in accordance with an adopted capital improvement program.
- b) The City will develop a ten-year plan for capital improvements and update it annually.
- c) The City will enact an annual capital budget based on the ten-year capital improvement plan subject to available funds. Future capital expenditures necessitated by changes in population, changes in real estate development, or changes in economic base will be calculated and included in capital budget projections.
- d) The City will coordinate development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital improvement will be projected and included in operating budget forecasts.
- e) The City will use intergovernmental subventions to finance only those capital improvements that are consistent with the capital improvement plan and City priorities, and whose operating and maintenance costs have been included in operating budget forecasts.
- f) The City will adopt practices and procedures for capital asset acquisition, maintenance, replacement and retirement.
- g) The City will maintain all of its assets at a level adequate to protect the City's capital investments and minimize maintenance and replacement costs.
- h) The City will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted to the City Council for approval.
- i) The City will consider alternative means to finance all new capital improvement projects to determine the least costly financing method.

Debt Policies

- a) The City shall not use long-term debt for current operations.
- b) The City will confine long-term borrowing to capital improvements or projects that cannot be financed from current revenues.
- c) Under City Charter provisions, the City's total general obligation bond indebtedness shall not exceed 10 percent of the total assessed value of real property.
- d) When the City finances capital projects by issuing bonds, it will repay the bonds within a period not to exceed the expected useful life of the project.
- e) The City will maintain good communications with bond rating agencies about the City's financial condition. The City will follow a policy of full disclosure on every financial report and bond prospectus.
- f) Where possible, the City will use special assessment revenue, or self-supporting bonds instead of general obligation bonds.
- e) The City will maintain a budgetary control system to help City staff adhere to the budget.
- f) The City will be held accountable for assuring that department expenditures stay within budget appropriations.
- g) The City will submit quarterly reports to the City Council comparing actual revenues and expenditures to budget amounts, which will include a written analysis.
- h) All requests for City Council action which have a financial impact on the City and/or its various funds shall be reviewed and approved by the Executive Director of Finance and Management Services before such requests can be included in the City Council agenda.
- i) Requests for new and/or additional positions will only be considered during the City's annual budget process, except in those cases deemed to be of an emergency nature by the City.

Investment Policies

- a) The collection, deposit and disbursement of all funds will be appropriately scheduled to ensure the timely investment of funds and payment of expenditures.
- b) The accounting system will provide regular information concerning cash positions and investment performance.
- c) In accordance with the provisions of the City Charter, the City shall prepare an annual *Statement of Investment Policies* to be formally adopted by the City Council in each year.
- j) New positions and/or upgraded positions approved as part of the budgetary process shall be reviewed to determine the appropriateness of the assigned classification and/or salary structure.
- k) Each year, the City will update expenditure projections for the next three years to include estimated operating costs. These projections will be included in a financial forecast to be submitted to the City Council during budget review.
- l) Where possible, the City will integrate performance measurement, service level and productivity indicators in the City's published budget document.

Operating Budget Policies

- a) The City will avoid budgetary procedures that balance current expenditures at the expense of meeting future years' expenses, such as postponing expenditures, accruing future years' revenues, or rolling over short-term debt.
- b) Budgetary and accounting procedures will conform to Generally Accepted Accounting Principles (GAAP) for governmental agencies.
- c) Provisions will be made for adequate maintenance of capital plant and equipment and for their orderly replacement, within budgetary limits.
- d) The budget will provide for adequate funding of all retirement systems in accordance with contractual commitments.
- m) The City will provide a financial impact analysis of all policy initiatives, service changes, and new programs or projects.
- n) The City will provide in the budget for adequate and orderly maintenance, repair, and replacement of capital assets.
- o) The City will aggressively seek state and federal funds that are available for capital projects.
- p) Enterprise funds will remain self-supporting for operating expenses and receive no General Fund tax support.

Purchasing Policies

- a) Purchases will be made in accordance with all federal, state, and municipal requirements. If there are no specific requirements, purchases will be made in the best interest of the City.
- b) Purchases will be made in an impartial, economical, competitive, and efficient manner.
- c) Purchases will be made from the lowest priced and most responsible vendor. Qualitative factors such as vendor reputation and financial condition will be considered, as well as price.
- d) Preference will be given to purchases of like quality to vendors who maintain a place of business within the City.

Revenue Policies

- a) The City will endeavor to maintain a diversified and stable revenue system to shelter it from short-term fluctuation in any one revenue source.
- b) The City will estimate City annual revenues by an objective, conservative, analytical process.
- c) The City will annually prepare 3-year revenue projections as part of a financial forecast.
- d) The City will strive to establish user charges and fees to recover the cost of providing the services and annually recalculate the full costs of activities supported by user fees to identify the impact of inflation and other cost increases.
- e) The City will set fees and user charges for each Enterprise Fund, such as water and refuse, at a level that fully supports the total direct and indirect costs of the activity. Indirect costs will include the cost of annual depreciation of capital assets.
- f) Intergovernmental revenues will generally not exceed twenty percent (20%) of the current operating budget.
- g) Non-recurring revenues will be used only to fund non-recurring expenditures.
- h) The funds necessary to match intergovernmental grants will generally not exceed twenty percent (20%) of the current operating budget.
- i) The City will calculate the full direct costs of activities supported by user fees and consider such information when establishing user charges.

- j) The City will develop and maintain an Annual Revenue Manual that would list, describe, and track all revenue items established by the City.

FINANCIAL PRACTICES

Financial practices implement financial policy and form the City's internal control systems. This includes budget control, modified accrual basis of accounting, debt management, and risk management.

Budgetary Control

Budgetary control is maintained at the departmental level in the governmental funds, and grant funds at the project level. Hence, budgets for project funds overlap accounting periods. To facilitate reporting, project budgets will be combined along department lines for comparison purposes.

In all governmental funds, estimated purchase amounts are encumbered prior to release of purchase orders to vendors. When an encumbrance indicates insufficient funds in its budget, the purchase orders is held until appropriations are available.

Modified Accrual Basis of Accounting

This is an accounting concept that is described further in the next section on basis of accounting and budget. In its pure form, the cash or accrual basis are the two possible options. In actual practice, a modified form of these two options are used by many accounting entities.

The City of Santa Ana prepares its budget on a modified accrual basis. The process varies from generally accepted accounting principles because the City's financial system treats encumbrances as budgeted expenditures in the year the commitment to purchase was made.

Encumbrances outstanding at year end are reported as reserved fund balances since they are not expenditures nor liabilities. All appropriations lapse at fiscal year end--which means the authority to spend the money for that certain purpose has expired. Fund balances may be encumbered to be used at some future date.

Expenditures may not legally exceed appropriations at the departmental level in the Governmental Fund types. Grant funds, special revenue funds, and capital funds are maintained according to the specific requirements of the project and may have different accounting treatments. Budget amendments may be made in the appropriations adjustment process.

DEBT MANAGEMENT SCHEDULE FY2008-2009

Note: The City of Santa Ana has no general obligation debt at this time.

DEBT MANAGEMENT

Local governments typically get into debt to finance non-operating items such as the construction costs of capital projects in their annual budget. Prudent debt management requires these capital investments in City infrastructure improvements, public buildings, and other facilities to be scheduled properly so as not to overload the City's debt service ability. For example, bond issues are carefully sized, structured, and timed for the most opportune entry into financial markets.

Table 1-9 Five-Year Debt Management Schedule shows the City's long-term debt obligations. Projected payments for the long-term debt obligations are discussed in the respective sections below.

Debt management is a strategic issue because capital budgets tend to be larger than operating budgets. The City's debt management strategy is to balance sources of debt funding, constrain bonded indebtedness, and support needed investment in capital facilities so that Santa Ana remains a desirable location for residence, employment, and investment. The question of what constitutes a debt to the City needs to be clarified.

Under the City Charter (the City's equivalent of a constitution), the City's constitutional debt limit shall not exceed 10 percent of the total assessed value of real property located in Santa Ana. As of June 30, 2008, the debt limit as shown on (Table 1-10) was set at \$529.6 million.

The term "constitutional" means the debt is a general obligation of the City under the charter to be repaid from taxes or revenue from general operations (e.g., a general obligation bond). Currently, the City has no constitutional debt in part because the City Manager and City Council have committed to take no fiscal action that would be detrimental to the City's favorable credit ratings in national bond markets. Favorable ratings save the City money by decreasing the City's interest expenses and other borrowing costs.

Although the City does not have any constitutional debt that impacts its debt limit, the City does have other debt obligations that impact its cash flow and that need to be paid. These include capitalized leases and long-term debt service bonds such as tax allocation bonds, certificates of participation, and other debt as listed in Table 1-9 above. These are individually described in detail as follow.

**COMPUTATION OF DEBT LIMIT
For Fiscal Year Ending June 30, 2008
Table 1-10**

Assessed Valuation	\$ 21,184,116,312
Debt Limit - 2.5% of Assessed Valuation*	\$ 529,602,908
Less: General Obligation Bonds Outstanding	\$ -
Legal Debt Limit	\$ 529,602,908

*This equates to the 10% authorized by the Santa Ana Charter prior to the Assessor's change in assessed value basis from 25% to 100% of full cash value in FY 81-82.

Tax Allocation Bonds

The 1989 and 2003 Tax Allocation Bonds are special obligations incurred by the Santa Ana Redevelopment Agency. Each series of bonds is secured by pledged revenues consisting of a portion of the taxes levied upon all taxable property within the redevelopment project area that relates to that bond series. Except for the pledged revenues, no funds or properties of the Redevelopment Agency shall be pledged to pay the principal or interest of the bonds. These Tax Allocation Bonds are not considered a constitutional debt of the City and therefore do not impinge on the City's legal debt limit.

Certificates of Participation

The Certificates of Participation (COP) for parking facilities and the Regional Transportation Center created an obligation for the City to lease the facilities from the Redevelopment Agency. As is typical in COP financing, the lessor assigns title of the leased asset to a trustee that holds the title in trust for the protection of the investors who bought and hold the certificates. A payment schedule sets due dates and payable amounts to cover COP principal and interest. The lease payment is not an obligation for the City to levy or pledge any form of taxation; hence a COP is not a constitutional debt and does not reduce the City's legal debt limit.

Police Administration & Holding Facility Lease Revenue Bonds

Lease revenue bonds were issued to finance the construction of the Police Administration and Holding Facility. This is a limited-liability revenue bond issue not backed by the taxing power of the City and whose debt service can only be paid with restricted revenues or user fees. Typically, these types of revenue bonds finance facilities that are leased under contract to a local government, which pays rent sufficient to service the debt. These bonds are not

included in the debt limit and often do not require voter approval.

Debt Impact on Current and Future Operations

Police Facility Lease Revenue Bond debt has been structured to minimize the payment impact on the General Fund. No other outstanding long-term debt has any direct impact on General Fund operating costs. Capitalized leases are recorded as liabilities in the Long-Term Debt Account Group and the Proprietary Fund Types at the present value of the remaining minimum lease payments. Leases accounted for under the operating method, such as vehicle leases, are expensed or expensed as incurred.

RISK MANAGEMENT

The City has a comprehensive risk management program which operates as an Internal Service Fund that buys insurance coverage to protect the City against various loss related to torts, theft, damage to and destruction of assets, natural disasters; and errors and omissions. The City's insurance coverage consists of self-insurance and outside insurance.

Self-Insurance

This first tier includes workers' compensation up to \$500,000 per occurrence and liability up to \$1 million per occurrence. Santa Ana's liability and workers' compensation programs are in-house operations staffed by City employees. This staff determines the total loss dollar amounts and reserve requirements for both types of claims. City Council approval is required to pay liability claims over \$5,000 and workers' compensation claims over \$10,000.

Outside Insurance

The second tier involves commercial insurance from outside providers. This includes the Public Entity Property Insurance Program (PEPIP) to cover damage to insured City property, and the Big Independent City Excess Pool (BICEP) to cover liability and workers' compensation claims whose amounts exceed the City's self-insurance dollar limits. BICEP insurance pays for liability losses valued between \$1 million to \$102 million, and for workers' compensation losses from \$500,000 to whatever the California statutes state is payable.

Financing Risk Management

All City funds participate in the Risk Management program and pay into the Self-Insurance Internal Service Fund. Liability and workers' compensation charges are based on actuarial estimates. Health and externally insured dental program charges are based on estimated premiums the HMO or contracted carrier will bill the City. Self-funded dental charges are based on estimates of prior and current claims.

FUND ACCOUNTING STRUCTURE

All funds established by a government entity must be classified in one of seven "fund types" for financial reporting purposes (Exhibit 1-1) and to aggregate entity activities or objectives in accordance with special regulations and restrictions.

Governmental Type

This is the largest of the City's three fund types and consists of the following:

General Fund - is the City's primary operating fund. Revenue not allocated by law or contractual agreement to a specific fund are accounted for in the General Fund which includes sales taxes, property taxes, user charges, and other miscellaneous revenues.

Special Revenue Funds - account for proceeds from specific revenue sources (other than trusts or major capital projects) restricted to specific expenditures purposes. The Housing Authority general fund is a special revenue fund but for presentation purposes is shown in the Community Development Section.

Capital Funds - account for monies used to acquire or construct major capital facilities (other than those funded by proprietary or trust funds). Redevelopment Agency capital funds are shown for presentation purposes in the Community Development Section.

Debt Service Funds - account for funds to pay principal and interest on general long-term debt. Community redevelopment debt is paid out of tax increment accounts per state redevelopment law.

Proprietary Fund Type

Proprietary funds are cost-allocation devices to account for certain "proprietary" services whose cost may be recovered through user charges or reimbursements. Enterprise funds and internal funds are examples.

Enterprise Funds – account for funds in which the services are financed and operated similarly to those of a private business. Rate charges are set to recover the costs of providing the services.

Internal Service Funds - account for the costs of goods or services provided by one City department to another for cost allocation and cost reimbursement purposes.

Fiduciary Fund Type

This fund type accounts for assets held by the City in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the City under the terms of formal trust agreements.

Agency Funds - are custodial in nature and do not present results of operations or have a measurement focus. Given

the nature of these funds, they have not been included in the City's budget document.

Account Groups

Account groups are not funds but lists of City assets and liabilities that would not otherwise be reported, due to the modified accrual basis of accounting.

General Fixed Assets Group –maintains control and cost information on capital assets owned by the City other than those accounted for in Proprietary Funds.

General Long-term Debt Group - accounts for unmatured long-term indebtedness of the City; includes tax allocation bonds, capitalized lease obligations, and employees' compensated absences.

BASIS OF ACCOUNTING & BUDGET

Basis of accounting and budget refers to the concept of recognizing the time a transaction has occurred for the purpose of recording that transaction

The City uses the modified accrual basis in budgeting Governmental and Agency funds. This means that revenues are recognized when they become both measurable and available to finance expenditures of the current period. Accrued revenues include sales taxes, property taxes, and earnings on investments. Grant funds earned but not received are recorded as receivables and revenues, and grant funds received that have not met recognition criteria are reported as deferred revenues. Expenditures are recorded when the liability is incurred, except that unmatured principal and interest on general long-term debt are recorded when due.

The basis of accounting used by the City for governmental fund types is modified accrual. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectable within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred. However, debt service expenditures, as well as expenditures related to compensation absences, claims and judgments are recorded only when payment is due.

The City's Proprietary Funds include Enterprise and Internal funds and used the full accrual basis for both accounting and budgeting. Revenues are recognized when earned, and expenses when the liability is incurred. Unbilled water utility, refuse collection, sanitation, and water utility user tax revenues are accrued at year end.

Fiduciary Funds are treated according to the nature of the fund. The City has only Agency Funds which are custodial in nature (assets equal liabilities) and do not measure results of operations. Assets and liabilities are accounted for on a modified accrual basis.

Account Groups

Account Groups are technically not funds but lists of assets and liabilities that would not be otherwise reported due to the modified accrual basis of accounting.

General Fixed Assets

Account for Non-Propriety Fund assets

General Long-Term Debt

Account for unmatured long-term debt

**PROFESSIONAL
MANAGEMENT**

Workforce Efficiency

Over the past decade, the City has strengthened its organization and improved its delivery system by reducing the scope of services, identifying services to contract out, implementing process improvements, and reducing the workforce. Together, these measures have led to operational innovations that have reaped regional and national awards and a new customer service orientation that has enabled the City to increase its workforce efficiency.

The City reduced its full-time employee workforce by over 130 positions between FY 87-88 and FY 97-98. However, this reduction was partially offset by the creation of 126 positions to operate and support the new Police Administration and Holding Facility. Figure 1-6 shows the number of full-time employees over the last ten years, with 1,754 full-time employees for FY 08-09. The number of positions by department and division over the last five years are shown in Table 1-13 Authorized Full-time Positions in the following pages.

By focusing resources on essential services, the City has significantly reduced the ratio of full-time employees per 1,000 population. Figure 1-7 shows the ratio of full-time employees per 1,000 population dropped from 5.55 in FY 99-00 and 5.55 in FY 00-01 to 4.96 in FY 08-09 respectively. The additional staff to operate the new detention facility program and implement the Citywide Information Services Strategic Plan contributed to higher ratios during FY 99-00 and FY 00-01.

Santa Ana ranked as one of the most efficient cities in terms of the least number of full-time city employees per capita, based on the City's FY 08-09 survey of California's ten largest cities and Orange County's seven largest cities. To provide a more direct comparison, the number of full-time employees of surveyed cities was adjusted by eliminating services and functions not provided by Santa Ana.

Among California's ten largest cities, Santa Ana ranked first in FY 08-09 (Table 1-11), and ranked third, in comparison to the seven largest cities in Orange County (Table 1-12).

Total Quality Service

In 1988, Santa Ana started the Total Quality Service program as a management approach to focus the City's direction on continuous process improvement. This program supports the City's stated purpose to provide quality service to enhance the safety, livability and prosperity of our community. Every City of Santa Ana employee has undergone or is scheduled to undergo TQS training.

Individuals at every level of the City organization participate in many types of teams. The use of teams is emphasized in TQS for their synergistic effects. In a team, every one has a voice and contributes to process improvement. The synergy is unleashed through the exchanges and alliances created when diverse teams share common goals, methods, information, practices and commitment to improve their respective operations and enhance the services the City provides.

Exceptional Quality Service Award

The annual Exceptional Quality Service Award (EQSA) ceremony is a peer recognition program that honors teams and individuals whose job performance goes beyond job expectations. Recognition is given in a variety of categories that include project completion, process improvements, acts of kindness and humanity, and community or volunteer service. By honoring these achievements, the City authenticates its expressed organizational principle that values the constant search for ways to provide exceptional quality service.

EQSA is also a rare opportunity for peers, superiors, family, and the public to recognize recipients for their accomplishments. The awards ceremony is a forum that enables the City's administrators to validate and reinforce Santa Ana's commitment to quality service.

Public Business Management & Advanced Leadership Development

The City’s Public Business Management & Advanced Leadership Program may be the most comprehensive executive management and supervisory training program in the state. The program goal is to develop managers and supervisors who will lead the state of California in quality performance.

The Public Business program instructors are a combination of internal (City) staff experts and outside (contract) consultants specializing in executive development. The program provides participants with comprehensive knowledge on legal, administrative, financial, employment, and management skills and theories. The program focuses on customer orientation, teamwork, continuous improvement, fact-based and ethic-based decision making.

Effective leadership development is the focus of the advanced portion of the program. Its goal is to teach individuals to identify long-range goals consistent with social, political, legal, and practical realities.

Key aspects of the program include entrepreneurial government, strategic planning, critical thinking, risk taking, maximizing human potential, budgeting, financial forecasting, and behavior modification. The goal is to instill managerial principles designed to move the corporate culture towards maximizing the application and benefits of its organizational philosophy of total quality service.

In FY 1995-96, the City received the “Management Development Award” from the American Society of Training and Development for its Public Business Management and Advanced Leadership Development training programs. In FY 96-97, the program was expanded to provide non-

supervisory personnel with an understanding and appreciation of the theories, concepts, and practices commonly used in the public sector.

The Public Business Academy was featured as the cover story of the February 1997 issue of Western Cities Magazine.

Employment Outreach Program

Serving the needs of a culturally diverse community has prompted Santa Ana to develop an Employment Outreach Program to pursue a workforce representative of the City’s ethnic and gender makeup. This program supports the City’s goal to recruit and retain a diverse and highly skilled workforce. The City continually assesses its progress toward diversity by agency, department, job category, and job classification.

Departments decide outreach priorities for selected jobs through their annual employment outreach plans. In the selection process, only qualified applicants are considered. The success of the program rests with the department heads.

Accountability was, consequently, a key element within each department head’s performance appraisal. These diversity enhancement efforts work in concert with merit employment concepts. The emphasis is placed on expanding the applicant pool through creative outreach efforts.

The standards that ensure selection of highly skilled employees are rigorously enforced. This program serves as a model approach to workforce diversity. The City’s efforts to recruit a highly skilled and diverse workforce have been successful.

Santa Ana is meeting its objective of having a workforce that is more reflective of the community it serves.

As a result, over 83 percent of the individuals hired during FY 98-99 were from ethnic minority backgrounds. The City is also committed to improve the bilingual skills of all full-time employees by offering pay incentives for bilingual ability, and reimbursement of educational expenses toward achieving this goal.

Santa Ana received the League of California Cities "1997 Managers Award for the Advancement of Diversity" from the League's City Managers' Division in recognition of the City's outreach efforts. The U.S. Department of Justice also granted Santa Ana approval for its Equal Opportunity Employment Plan on July 2000. These accomplishments reflect the City firm commitment to a diversified workforce, and to providing minorities with equal job opportunities.

COMMUNITY LEADERSHIP

City Government

The City of Santa Ana has a Council-Manager form of government. Santa Ana residents elect the City Council members and Mayor who in turn appoint the City Manager, City Attorney, and Clerk of the Council. The Council is responsible for setting broad policy and direction, while the City Manager is responsible for the day-to-day operations of the City. The City Manager is the City's Chief Administrative Officer.

The Santa Ana City Council has seven members consisting of six Ward Council members and the Mayor. Council members can serve a maximum of two four-year terms. All Council members, including the Mayor, are selected in city-wide elections. Each Council member holds a separate office that is assigned to a specific geographic division of the City known as a *ward* (Figure 1-8). Council members must live in and represent one of six Council wards during their term.

The Mayor's position is a two-year term but may serve an unlimited number of terms. Santa Ana's Mayor may reside anywhere in the City. The Mayor has a voice and vote in all of the City Council's proceedings and is recognized as the titular head of the City government for all ceremonial purposes. The City Council selects a Mayor Pro Tem who acts as Mayor during any absence from the City or disability of the elected Mayor.

The City Manager, City Attorney, and Clerk of the Council are the only staff members under the direct supervision of the City Council. These appointees are directly and individually responsible to the Council for their respective areas. They function as a team to ensure the City's business is conducted with efficiency, effectiveness, and integrity.

Boards, Commissions, and Committees

Resident participation in local government is a time-honored tradition in Santa Ana. The City's nine advisory boards, commissions, and committees provide an extension of the Council's legislative and policy-making authority. Members of the advisory boards, commissions, and committees are appointed by Council members to advise the Council on certain issues. The City Council also appoints residents to five non-City boards with wider jurisdictions. Participants perform an invaluable public service by broadening the forum for community input and by enhancing the processes of a representative democracy. Council members are kept informed on the community's sentiments on existing and prospective legislation. These bodies are uniquely positioned to provide elected representatives and City staff with "reality checks" for fact-based decision-making.

Neighborhood Associations

Figure 1-9 is a map of Santa Ana's neighborhood associations. Since 1983, the City has assisted residents from the 62 neighborhood associations throughout the community. These associations are local support groups that help residents address issues facing their neighborhoods. The aim is to foster self-determination and responsibility by and between community members. Neighborhood residents become empowered with a voice in local government as they gain access to information on pending ordinances, proposed development projects, and learn of other community resources available to them.

Residents organize and establish their own associations with assistance from the Housing and Neighborhood Development Division of the City's Community Development Agency. This division supports the associations by printing newsletters and flyers, participating at community meetings, tracking neighborhood concerns, and directing specific requests to appropriate City agencies. The division also assists both association residents and City staff in prioritizing neighborhood projects and programs. City staff and other organizations have utilized this division as an invaluable networking resource to solicit resident input and resident support for programs and projects.

CITYWIDE INITIATIVES

Long-Term Community Building Strategies

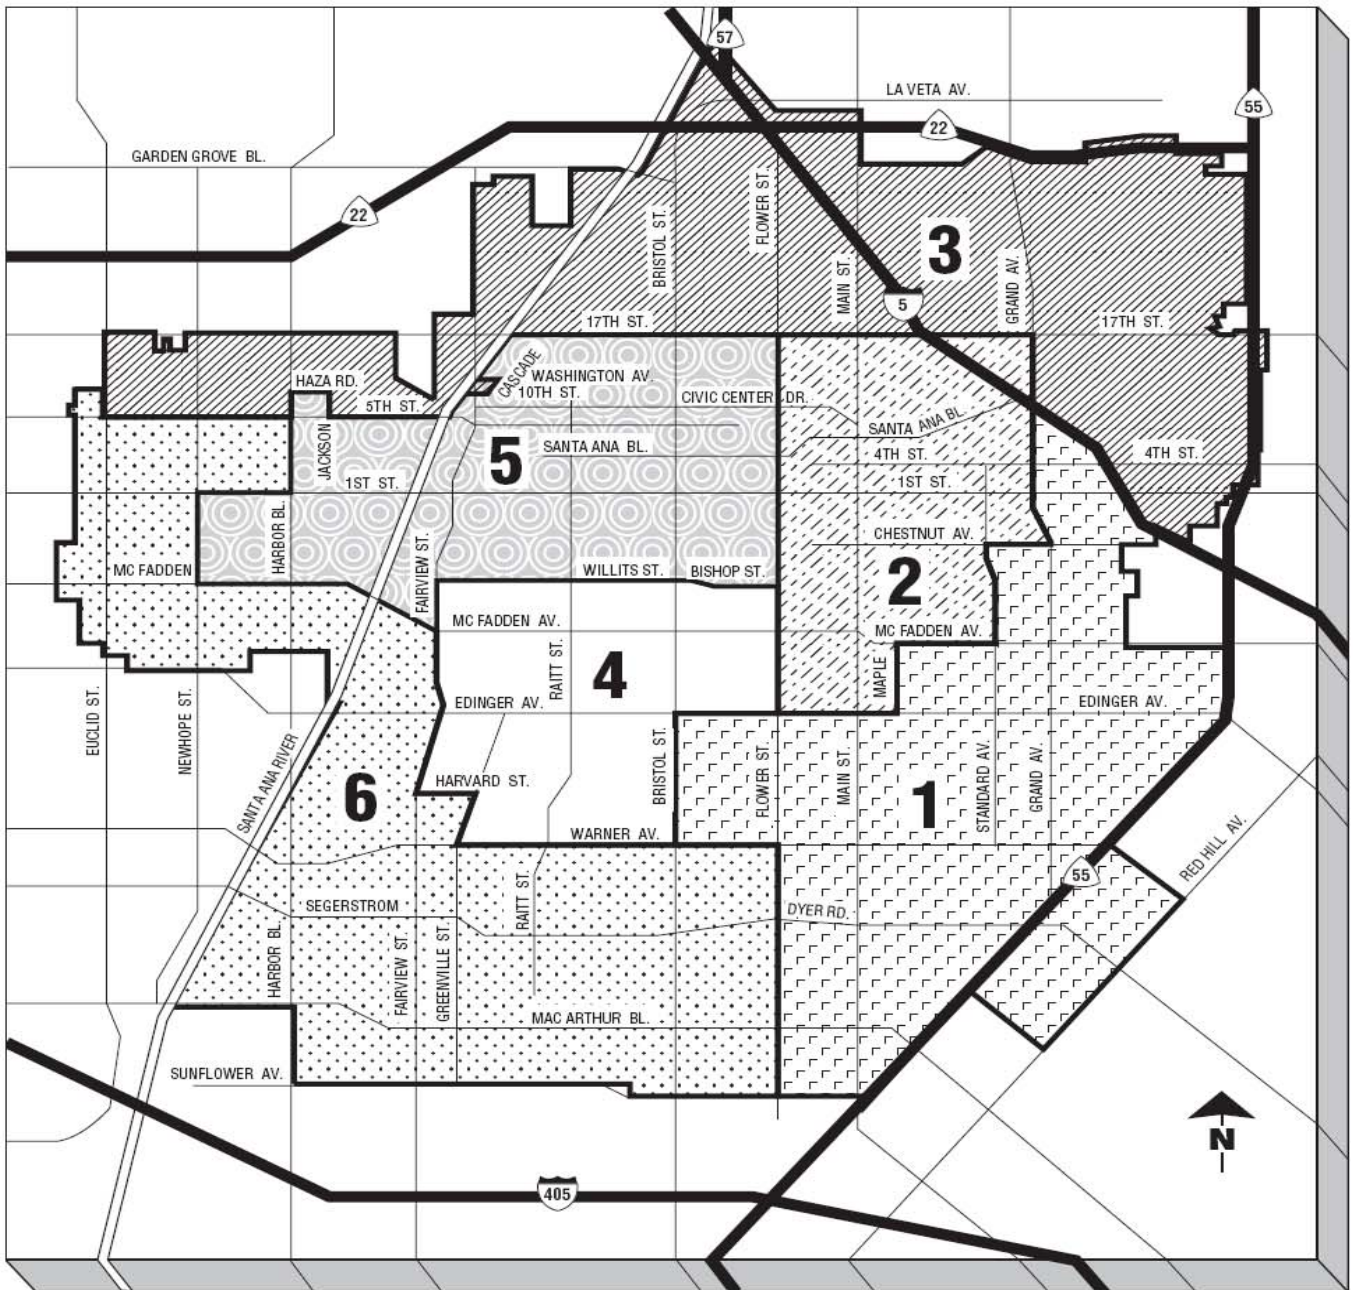

The City of Santa Ana experienced a significant demographic transformation earlier than most California communities. Early on, the city adopted a community-building approach, which empowered neighborhood associations, increased the responsiveness of municipal agencies and created networks among community-based organizations. The success that Santa Ana experienced served as a model for other asset-based, community-building initiatives.

(Continued on page 37)

FIGURE 1-8

	City Council
Mayor	: Miguel A. Pulido
Ward 1	: Vincent Sarmiento
Ward 2	: Michele Martinez
Ward 3	: Carlos Bustamante
Ward 4	: David Benavides
Ward 5	: Claudia Alvarez
Ward 6	: Sal Tinajero

The Santa Ana model started with a longstanding tradition of recognizing and supporting neighborhood associations as a bona-fide vehicle for citizen participation. Through this approach, leadership training and capacity building for neighborhoods and their representatives were top priorities. Municipal Interagency Teams were the second component of this community-building initiative. Improving the productivity of staff and the responsiveness of public agencies to address complex neighborhood challenges remained a priority. Strengthening the network of community-based organizations was the third and final component of the Santa Ana community-building initiative. The Community Development Resource Network sought to strengthen the cohesion and sense of identity among the hundreds of organizations that considered Santa Ana to be their arena.

Artists Village Live-Work Lofts

The Olson Company is constructing 86 artists' live-work lofts in the historic downtown area. The entire project is called 'Artists Walk' and will be over three different city blocks. The architecture of each phase will be different, reflecting the design and materials of surrounding buildings. The City Redevelopment Agency assembled the land and was purchased by the Olson Company at a reduced cost. Following is a description of each of the three phases.

1. Main Street Lofts. Located on North Main between Second and Third Streets, there are 30 units in four buildings in this phase. The project architecture is similar to the old City Hall building immediately north of the project. The project was completed in 2003 and is 100% occupied.

2. East Village Studios. Located at the southeast corner of North Bush Street and Third Street, 40 units were constructed on this site. The architecture is more contemporary with corrugated metal and stucco in the façade. The final building is being finished and there is 100% occupancy.

3. Sycamore Street Lofts. Located along North Sycamore Street, between Second and Third Streets. Sixteen units are proposed for this location, in two buildings. This phase is still in the planning stages.

Santiago Street Live-Work Lofts

Santiago Street Lofts Lennar Homes is under construction on Phase III of this transit oriented live/work develop-

ment at the Northwest and Southwest corners of Santa Ana Boulevard and Santiago Street, adjacent to the City's Santa Ana Regional Transportation Center. There are 108 Live/Work three story units with five different floor plans ranging in size from 1,500 to 2,300 square feet. Ground floor commercial uses will be provided along with a pedestrian oriented design to activate the street. Models opened in November 2005 and Phase I and II are already sold out.

www.aplaceforart.org or www.aplaceforart.com

Auto Mall

Located off the 55 FWY and Edinger, the Santa Ana Auto Mall generates approximately \$3.9 million in annual sales tax revenue for the General Fund. The Auto Mall currently has 12 manufacturers (within 9 dealerships): BMW; Mini Cooper; Isuzu; Hyundai; Honda; Volkswagen; Audi; Jaguar; Aston Martin; SAAB; Volvo; and Saturn. Expansion of the mall, which was originally established by the Redevelopment Agency in 1984, is well underway. Opening of the mall to Edinger Avenue along with various upgrades, such as new entry-way signage, landscaping and a new electronic freeway sign, are expected to benefit all the dealerships. Property acquisition of a 4.2-acre site has been completed for the Crevier BMW expansion, which will consist of over 170,000 square feet of service, sales and office space and a six tier parking structure. Crevier's parking structure, new landscaped frontages and right hand turn lanes have been completed, and plans for the remaining improvements are being finalized. In January 2006 the Agency acquired the long-term leasehold interest in another 2-acre site along the Edinger frontage to assist Honda with its expansion. Audi is also processing plans for its new stand-alone facility.

Enterprise Zone

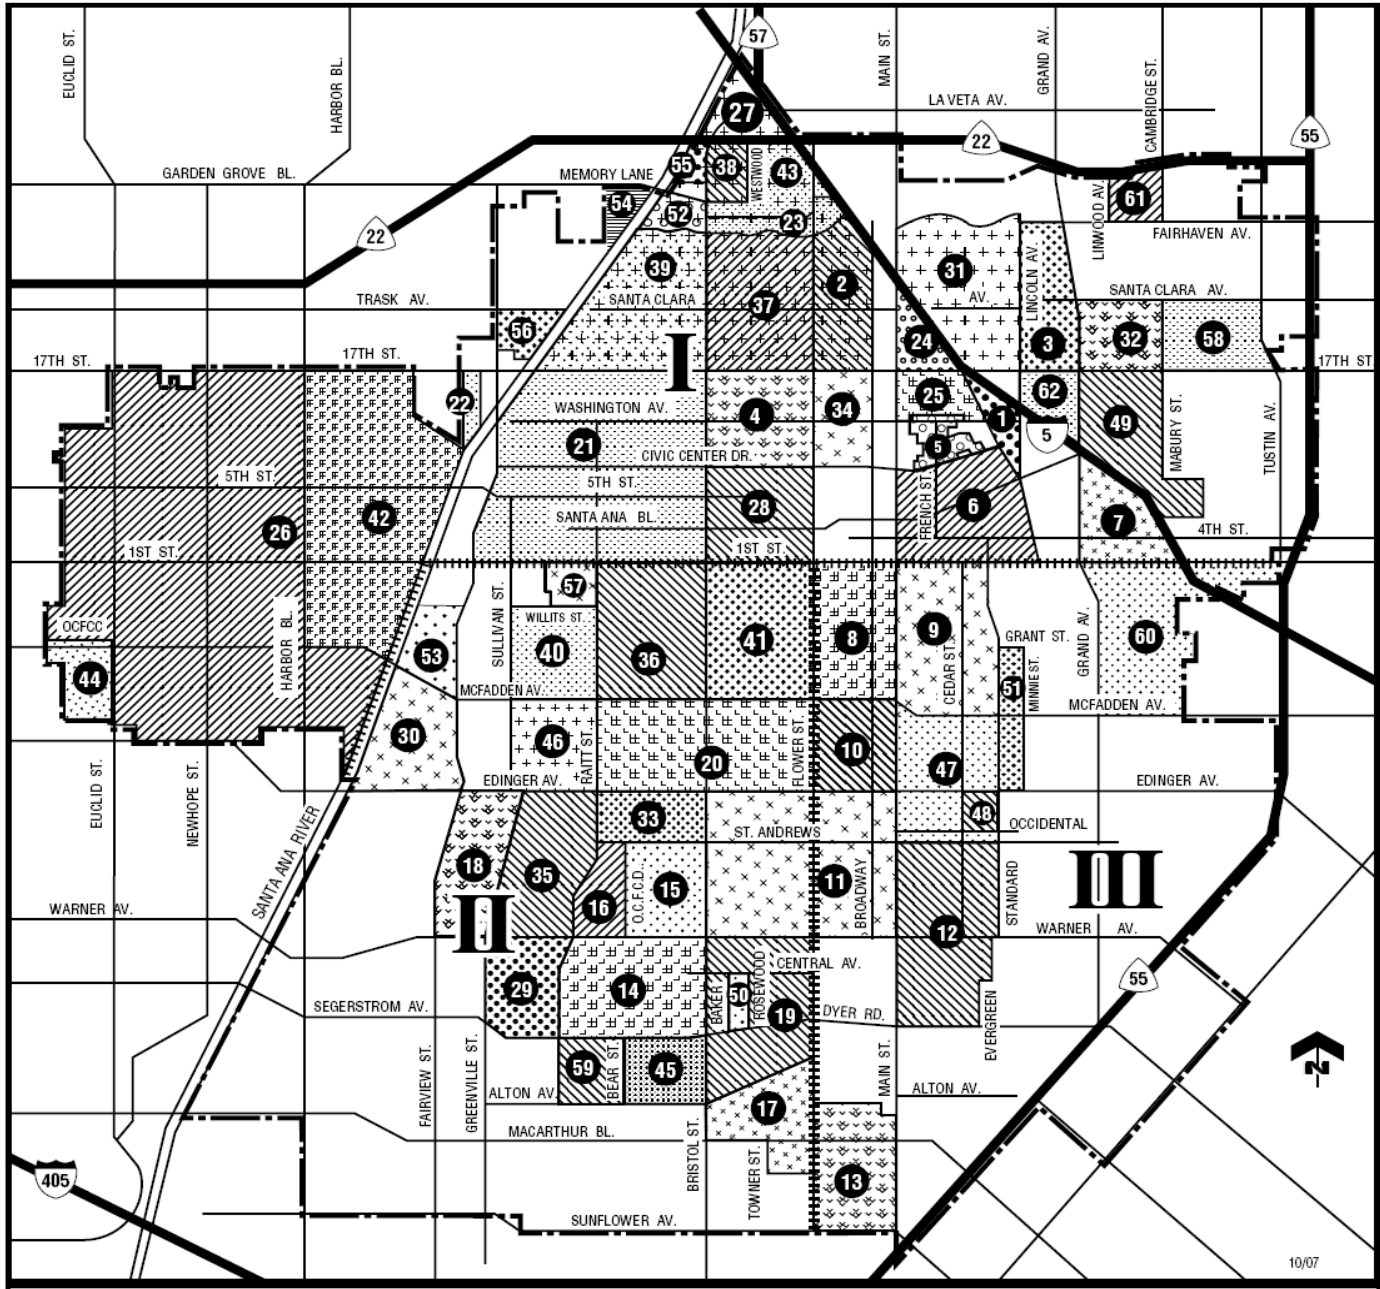

The original Santa Ana Enterprise Zone (EZ) expired on June 7, 2008. The City was one of thirteen other communities that submitted an application to the State for a new 15-year designation in December, 2007. Santa Ana was one of the eight successful communities to receive a Conditional Designation. The effective date of the designation was June 8, 2008. Staff is currently working on satisfying the conditions necessary to receive the Final EZ Designation.

The Santa Ana Enterprise Zone is one of 39 EZ's statewide and the only one in Orange County. The EZ program is designed to promote business growth and job generation by offering state tax credits and highly valuable incentives to businesses of all types and sizes. The Santa Ana EZ encompasses over 7,000 acres, which cover 98 percent of the total industrial and commercial property within the city and over 10,000 businesses. EZ benefits apply to existing businesses as well as new businesses relocating or expanding into the EZ.

Since its inception on June 8, 1993, over 27,000 tax credit

vouchers have been issued to EZ businesses for hiring disadvantaged workers. Each voucher has the potential to be worth over \$35,000; the credits can make a significant impact to a business' bottom line. The Santa Ana EZ offers the following state tax incentives to businesses:

- Sales or Use Tax Credit on qualifying machinery and equipment
- Hiring Credit of \$35,000 or more for each qualifying individual
- Increased Business Expense Deduction
- Net Interest Deduction for Lenders

Many businesses have relocated, expanded, and/or elected to remain here over the last few years as a result of the EZ program and the assistance provided by the city. Enterprise Zone companies include: Ingram Micro, Heritage Foods/ Adohr Farms, Laguna Cookie Company, MSC Software, Advanced Medical Optics, FabCon, Royalty Carpet, Harveys, Sweet Life, Park-West and Gold Coast Baking Company just to name a few. The Santa Ana EZ has been recognized as one of the top EZ's in the nation and in the state.

<http://www.santa-ana.org/cda/EnterpriseZone.asp>

Santa Ana Traffic Management Center

The Traffic Management Center (TMC) completed in 1995 is a full service facility with a broad spectrum of traffic congestion capabilities. The TMC houses the state-of-the-art Advance Traffic Management System (ATMS). The ATMS controls a network of over 275 traffic signals, 45 closed circuit television cameras, and 10 electronic message signs. The TMC helps in monitoring and adjusting the traffic signal timing to reduce congestion on the City arterials. The ATMS program marked the City's entry into the emerging field of Intelligent Transportation Systems (ITS) and achieved state recognition when the Santa Ana ATMS won the Systems Operations Award in 1997.

The Integrated Traveler Information Sharing (ITIS) system is integrated with the ATMS to provide real-time roadway congestion information and traffic advisories for City arterials, and Los Angeles and Orange County freeways, in both English and Spanish. ITIS provides the information to the public through the highway advisory telephone (HAT) system, cable television (CATV), and two interactive public-access kiosks, located at City Hall and the Depot. The HAT (714-567-9207) can be accessed from any phone at any time. ITIS airs on Channel 3, during morning and evening rush hours.

PUBLIC SAFETY:

Santa Ana Fire Dispatch Switch Initiative

The Santa Ana Fire Department is working on a County level to acquire a countywide data switch. The purpose of which is to provide a countywide centralized server that would host Orange County fire services vehicle names,

capabilities and real time status. This provides interoperability and sharing of information for each fire operations center to request fire units across city lines, seamlessly through a wide area network connection thereby minimizing interaction via landline and decreasing the response time to an incident anywhere within the county. The fire department anticipates connection by early FY 2008-09

Street Terrorist Offender Program (STOP)

The Santa Ana Police Department, in partnership with the Orange County District Attorney, has three Tri-Agency Resource/Gang Enforcement Teams (TARGET) housed within the police facility. TARGET is a program that teams police officers, probation officers, and prosecutors by stationing them together in police departments throughout the county. The TARGET concept is a highly-specialized team approach focusing on the most hardcore, violent, repeat gang offenders who possess leadership positions in criminal street gangs. The goal of TARGET is to incapacitate these hardcore gang members before they commit further violent acts against society. The enforcement component for TARGET is the Santa Ana Police Department's Street Terrorist Offender Program (STOP). Detectives conduct enforcement operations against "targeted" street gang members.

Strike Force

The Strike Force is a full-time Special Weapons And Tactics (SWAT) team. The Strike Force is staffed by a sergeant, a corporal and eight officers and is Orange County's first full-time SWAT team. The Strike Force is part of the Special Investigations Division and is tasked with suppression of violent crime, which includes targeting the most violent criminals in the City of Santa Ana.

They also provide professional tactical support for high-risk incidents occurring in the city. The rigor of this assignment requires them to train a minimum of 25% of their duty time. Since the inception, they have recorded impressive enforcement activity in the area of felony arrests, including several murder suspects, seized weapons and narcotics. The Strike Force has sent many parolees back to prison for violating the condition of their parole and documented several gang members.

The Strike Force is an essential part of our problem solving efforts and has undoubtedly contributed to making Santa Ana a safer place to live.

Urban Area Security Initiative

On October 1, 2003, President Bush signed the Fiscal Year 2004 Homeland Security Appropriations Act to provide vital funding needed to ensure the safety and security of our homeland. Through the Department of Homeland Security's (DHS) Office for Domestic Preparedness (ODP), emergency prevention, preparedness, and response personnel have received billions of dollars in funding for our nation's homeland security. These appropriations by Congress are designed to protect and defend the security of the United States of America against the threat posed by ter-

rorism. The Urban Areas Security Initiative (UASI) reflected the intent of Congress and the Administration to create a sustainable national model program to enhance security and overall preparedness to prevent, respond to, and recover from acts of terrorism. The UASI suggested the use of an Urban Area Working Group (UAWG) to both allocate grant funding and guide delivery of direct services in the form of equipment, planning, training, exercises, and technical assistance.

The UASI Program seeks to address the unique needs of high-threat, high-density urban areas, and it specifically required that urban areas use a collaborative and regional approach to homeland security expenditures. The cities of Santa Ana and Anaheim were deemed Urban Areas in 2004 - 2006 and have received in excess of \$50 million dollars for the entire County of Orange. Early on, Santa Ana and Anaheim recognized the importance of forming a true collaborative partnership to ensure that grant funds were spent not only in accordance with grant guidelines, but also in a way that took a risk-based approach to minimize threats and vulnerabilities and to properly manage and reduce the consequences of any terrorism event. While some UASI jurisdictions shared UASI funding only with contiguous jurisdictions, Santa Ana and Anaheim included all jurisdictions in Orange County, as well as all first responders and disciplines that are stakeholders in the homeland security community, such as health, law, fire, emergency management, public works, and others. In addition, the Orange County Sheriff's Department became a critical partner that also shared homeland security grant funding and strategies. Thus, Orange County became unique insofar as it shared homeland security funding through a broad based collaborative partnership.

The Santa Ana-Anaheim model has been cited as a model for homeland security preparedness and cooperation on the floor of Congress. In addition, the federal Department of Homeland Security and the State of California, Office of Homeland Security continually cite Santa Ana and Anaheim, indeed the entire county, as the model for collaboration and efficient spending of grant funds. The use of the Urban Area Working Group and preparedness subcommittees have allowed Orange County to focus on risk-based priorities, thus maximizing grant funds at all levels. The two cities have once again been deemed Urban Areas for the 2007 grant cycle; two of only six cities in California and 35 cities in the nation. Undoubtedly, the true regional and collaborative approach taken by Orange County contributed to the government's decision to include us in this designation.

Proactive Rental Enforcement Program

In June 1990, The Mayor's Task Force on Neighborhood Standards and Preservation recommended that the City establish a mandatory inspection program for all residential rental properties in Santa Ana. On August 17, 1992 City Council, in concert with the rental housing industry, adopted the Proactive Rental Enforcement Program (PREP).

Under this new program, each residential rental property in Santa Ana is required to be inspected every four years. For the first four years of the program, inspections were concentrated in specific neighborhoods that required immediate attention to halt further deterioration. In 1996, in order to cover the entire City on a four-year cycle, inspections of rental property were made throughout one-quarter of the City. Each subsequent year thereafter, inspections were completed of rental properties in another quarter of Santa Ana, thus maintaining a four year inspection cycle.

Prior to PREP, inspections of rental units were primarily a result of complaints from neighbors concerning unsightly conditions or some form of illegal activity occurring on the properties. The existing program is intended to correct not only unsightly exterior conditions, but also sewage spills and rodent infestations, as well as structural, electrical, and plumbing deficiencies. Since the inception of the PREP program, in excess of one million dollars has been reinvested in rental properties in Santa Ana process.

The Santa Ana Police Department Training Center

In 2001, the Santa Ana Police Department's Training Division shifted its' approach in the way it provides state mandated training to its' workforce. Historically, the Training Division has functioned primarily as a facilitator of training, rather than a provider of training.

After extensive research, Training Division Personnel concluded that it was more cost effective to provide in-house instruction than to send officers to outside training facilities. In addition, other advantages were identified such as the opportunity to develop curriculum designed specifically for department personnel, rather than relying on the "generic" presentations provided by outside institutions. Furthermore, in-house classes could be offered to members of outside agencies for a fee, which could generate revenue for the City.

In September 2001, the Training Division began development of a formal proposal to establish "The Santa Ana Police Department Training Center". In addition, the written proposal contained the suggestion that the Training Center also develop a formal presentation to highlight the Department's distinction as a nationally designated "Community Policing Demonstration Site". The Department's Senior Management Team subsequently approved all aspects of the proposal, which has since undergone implementation.

Teamwork, flexibility and the cooperation from the other divisions within the Department have turned this concept into a reality. Using the latest technology and state of the art instruction, the Training Center now provides the majority of all POST certified training to the police department's sworn personnel.

The Driver Training Program, which features two computer operated driving simulators, has been used to train over 350 officers since receiving POST certification last

year. The Training Center's "Range 2000", a computer operated shooting simulator, is currently being used to provide force options training to patrol officers. The simulator uses branching technology to produce countless scenarios designed to test and improve officers' judgmental shooting skills.

In an effort to improve the computer literacy of employees within the Department, the Training Center has facilitated hundreds of hours of instruction relating to software application. Microsoft Word, Access, PowerPoint, Excel, Outlook, CyberMCT and laserfiche are among some of the courses taught.

Another benefit of the Training Center's on-site instruction has been the reduction of expenses such as tuition, lunch, mileage reimbursement and travel time compensation, which result from sending employees to outside training facilities. Furthermore, the curriculum developed by Training Center personnel is more in tune with Santa Ana policy and procedures and therefore more specific to the needs of our community.

The high quality of our instruction has captured the attention of many Southern California Law Enforcement Agencies, which now regularly send us their officers for training.

SAPD Implemented the Graffiti Trackers Program

This program significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns.

Police Reserve Program

The Police Officer Reserve Program has been improved by inviting police officers to become reserve officers once they retire. Retired officers greatly enhance the program as the department benefits from their skills, knowledge, and experience. The number of Reserve Officers has increased 66% since the implementation of this program.

SAFD Hazardous Materials Data Portal Project

The Orange County Health Care Agency, Environmental Health has secured funding to develop a data portal that will house countywide hazardous materials data for dissemination to all emergency responders within the county. The primary database construct is modeled after the Santa Ana Fire Department Haz-tracker program. The fire department Environmental Section is taking the lead as a Certified Unified Program Agency team member to provide direction and assist with program design. The database will be accessed via the internet as well as through the Mobile Data environment, providing critical hazardous materials data in real time on the scene of an incident.

COMMUNITY PROFILE

History

Don Gaspar Portolá, a Spanish expedition party leader, discovered a picturesque valley and river in Southern California, which he christened Santa Ana, in honor of Saint Anne, on July 26, 1769. José Antonio Yorba, a youthful expedition soldier who accompanied Portolá in his journey, was awarded this territory as a Spanish land-use grant in 1810. The Yorba family developed a ranch called Rancho Santiago de Santa Ana, which was mainly utilized for cattle grazing and productive farming.

In 1869, William F. Spurgeon purchased 74.25 acres from Mr. Jacob Ross, an American pioneer who had purchased 650 acres from the Yorba family. Mr. Spurgeon then plotted a town site. The new town was given the name of Santa Ana, and was later incorporated as a city in 1886. Orange County was separated from Los Angeles County in 1889, and Santa Ana was selected over the cities of Anaheim and Orange to become the county seat.

Starting out as a frontier town, Santa Ana eventually became the leading commercial and agricultural center in the area. In addition, along with the bustling economic growth that characterized the region, many of its pioneers became known for their cultural pursuits. During World War I, the City began to shed its rural ties to become a center of manufacturing for the military. Santa Ana witnessed the growth of its suburbs and a changing role of its downtown after World War II.

Today, Santa Ana is the governmental center of Orange County. In terms of population, it is the 52nd largest city in the nation, the ninth largest city in the state, and the largest city in the county.

<http://www.santaanahistory.com>

Demographics

Santa Ana is a highly diverse and vibrant community with a population of 353,428 residents. According to the U.S. 2000 Census, the City population's median age is 26.5 years old, which makes Santa Ana's population one the youngest among all cities in the nation. City housing units range from low-income overcrowded apartments to luxury homes.

Over 76.1 percent of the City's population is classified as Hispanic, giving Santa Ana the highest Latino concentration in the county, and the seventh highest in the nation. Whites (12.4 percent) and Asians (9.0 percent) are the other major groups.

Figure 1-10 provides a breakdown of the City's ethnic composition from U.S. Census Bureau.

With a large resident base, the City has high averages for both, persons per household as well as persons per square mile. The City's ratio of 4.69 persons per household ex-

ceeds the County's average of 3.08. This ratio is expected to remain, as both the housing stock and population growth rates are not anticipated to change significantly. Santa Ana holds the second highest ratio of inhabitants per square mile in the state, only San Francisco ranks higher.

This high density reflects the above average persons per household rate and the overcrowding that occurs in many areas of the City.

<http://www.dof.ca.gov/> & <http://www.fullerton.edu/cdr/>

EDUCATION

The City of Santa Ana’s commitment to quality education is as solid as ever. Santa Ana has continued to work very closely with school officials, the community, and other organizations in order to deal with the burgeoning concerns facing the schools and the community.

With over 58,832 students enrolled in kindergarten through high school, the Santa Ana Unified School District (SAUSD) is the fifth largest school district in the state and the largest in Orange County. SAUSD serves over 85 percent of Santa Ana’s 27.2-square mile area with its thirty-six elementary, nine intermediate, five high schools, three continuation high schools, and ten special education schools/programs.

SAUSD is recognized for its leadership in curriculum development and in meeting the needs of its diverse student population. Over the years, fourteen schools were recognized as “Distinguished Schools.” SAUSD schools have also received to date thirty-six “Golden Bell Awards”, honor that recognizes and promotes excellence in educational programs, from the California School Boards Association. SAUSD had more than a third share in the number of Orange County teachers who earned National Board Certification, a recognition offered to teachers who have mastered their profession, this past year.

The school district faces numerous challenges. The move from eighth to fifth largest school district in the state is living proof of one of the main challenges faced by the schools: overcrowding. All but 2 of the 55 schools in this district currently exceed by far the student capacity they were designed to serve. Many SAUSD students are recent immigrants of which 70 percent have limited English skills. More than 92 percent of these students are Hispanic, 4 per cent are Asian, and the rest include Blacks, Native Americans, and others. This ethnic composition makes for a very diverse linguistic community.

The Library features a state of the art, web-based system for searching its catalog of holdings, retrieving magazine and journal articles, and joining on-line book clubs with regularly downloaded chapters from popular books. The Library offers students on-line access to searchable reference books from their homes or schools.

- Library membership increased 4.5% from 134,000 to over 140,000 active library cardholders. More than 55,000 of those library users are under the age of 18. A total 9,569 youths became new library cardholders in 2005-2006.

- 15,769 students registered at the two library learning centers for computer and internet use, for a total of 32,813 computer log-in sessions. In addition, 2,217 students requested homework help after school totaling 7,098 tutoring sessions throughout the year.

- The library lent 503,874 items.

- Santa Ana residents logged over 60,000 hours on the Library’s public access computers.

- The Library remains committed to serving the City’s diverse population in offering high-powered, interactive ESL software on several public computers. In addition, the Library has cooperated with Hispanic veteran, arts, and genealogical groups to sponsor programs highlighting the history and culture of Hispanic Americans in Orange County.

- The Library has in its various collections over 37,000 Spanish language items for adults and children, and nearly 4,300 items in Vietnamese.

- On an expense/per capita basis, the library remains one of the most efficient in California.

Beginning in Fall 2007, the City and Santa Ana Unified School District will collaboratively provide after school library services at Century, Saddleback and Valley High Schools.

The City is also an active participant in an educational and community partnership called ENLACE, which is aimed at creating a comprehensive institutional model for in-

creasing access to higher education for traditionally under-represented students. This partnership has developed innovative collaborations with K-12 schools and community participants to focus on the vulnerable points of transition from high school to community college and from community college to four-year universities for Santa Ana's overwhelmingly Latino student body.

Over the past decade, the Santa Ana partnership has made amazing progress. SAUSD's college-bound students have increased from 50 to 80 percent. Santa Ana College's transfer rate has more than doubled, jumping from 44th to 6th in the state among community colleges in terms of Latino transfer to the University of California system.

<http://www.sausd.k12.ca.us/>

Rancho Santiago Community College District (RSCCD), which is comprised of Santa Ana College and Santiago Canyon College, offers over 60 certificate programs and nearly 150 two-year Associate of Arts/Sciences degrees. RSCCD also offers continuing education as well as various community service programs. Since 1994, an increasing percentage of SAUSD high school graduates enroll at RSCCD as new freshman.

<http://www.rscd.org>

YOUTH INITIATIVES

The City is proud of its efforts and programs in support of our youth. Our community profile indicates that the median age of Santa Ana residents is 26.5 years, making Santa Ana the youngest city of the 100 largest United States cities according to the U.S. 2000 Census. We have more than 115,500 residents who are younger than 18 years old. Given these demographics, the City's youth initiatives are of vital importance to the well being of the community. The City's commitment to youth is well expressed in our Vision to be acclaimed for our investment in children. This section briefly discusses some of the City's initiatives that are directed to our youth.

Youth Commission

The Santa Ana Youth Commission was created by City Council Ordinance on Sept. 20, 1999 for the purposes of providing valuable input regarding the youth perspective to the City Council. The Youth Commission is involved in City-sponsored activities such as the Youth Expo, Celebrate Santa Ana, Adopt-A-Park Program, Annual Recreation Center Talent Show, and the Children's Winter Holiday Party.

In 2005, the Youth Commission began an initiative to increase civic awareness among Santa Ana youth by co-producing a series of video programs that explore jobs in Santa Ana City government. The purpose of this program is to help Santa Ana youth explore opportunities to give back to their communities, and at the same time build a

career in public service. A video program focusing on careers in the Santa Ana Police Department was completed in 2007. The goal is to add video components on the Fire Department, the Public Works Agency, and the Parks, Recreation, and Community Services Agency.

Youth and Family Master Plan

Phase I of the Youth and Family Master Plan has begun with the hiring of Research Consultant Leah Ersoylu who will focus on organizations that provide organized sports opportunities to youth in Santa Ana. With such a large number of low-income youth and such a low availability of recreational open space for outdoor sports, the plan will focus on the issue of lack of recreational open space as it relates to the problems of youth obesity and gangs. The research will study how better-coordinated strategies and/or enhanced recreational open space opportunities, such as new joint-use agreements with the School District, can play a part in combating childhood obesity and increasing gang prevention opportunities among Santa Ana youth. The first phase of the Youth and Family Master Plan will focus on this key element in the overall approach to improve the quality of life for youth in Santa Ana.

Youth Expo

Every fall, for the past 8 years, the City hosts the annual Youth Expo event. The City has partnered with Santa Ana College and the Santa Ana Unified School District for the past three years to plan this collaborative event for the youth and community of Santa Ana. The event showcases educational and healthy lifestyle options and promotes higher education and services available in Santa Ana. This exciting event is free and the whole family is encouraged to attend.

Youth in Local Government

The Parks, Recreation and Community Services Agency hosted the first Youth in Local Government Institute from March 15 to May 20, 2008. Thirty-three high school juniors representing each of the high schools in the city took part in this 8-week program. The purpose of the program was to educate the youth on how local government works and the career opportunities it offers upon graduation from college.

With the guidance of representatives from each of the city's departments serving as their coaches, the youth assumed the role of Mayor, Council members and department heads and worked to prepare for the culminating mock City Council Meeting. Tackling issues such as a fireworks ban, water rate increase and extending library hours gave the students insight into what it takes to run a city like Santa Ana.

Alongside learning about the structure and inner workings of local government, the youth also learned about how the local school and college districts collaborate to prepare students for a college education. Additionally, the youth also learned how to go about preparing for and running a political campaign. The future looks bright for these

young leaders and their commitment for Santa Ana.

Library's Youth Focus

Santa Ana has the youngest median age of the nation's 100 largest cities according to the U.S. 2000 Census. Library services are targeted to youth and families. The library maintains a reputation as a safe and wholesome place for children during out-of-school hours. The library provides kids with the resources to improve reading, math and other academic skills. Children are presented with opportunities to think about their future in a positive way and to learn about others through library activities.

The Library provides literacy skill development and enrichment programs. These activities include reading incentive programs and weekly story times. Two seasonal reading programs registered 2,978 youth, and the 405 weekly storytelling programs had an attendance of 13,144. In addition, 5,498 youth and parents attended 48 monthly and summer weekly cultural and crafts programs. The Library also provided children and students access to computers, educational software, and the Internet as well as computer workshops to help them develop and improve technological skills.

To promote early literacy in young children, the Library organized two Early Literacy Fairs with Head Start centers to provide parents with resources and materials on early childhood education, and to introduce children to books and reading. The Library also collaborated with a number of schools in the Santa Ana Unified School District to provide library materials to students and their families. Bookmobile reinstated services at two neighborhood sites on a daily and weekly basis. Santa Ana youth, ages pre-school to 12th grade, borrowed over 321,836 items, representing 78% of all items loaned by the Library.

Santa Ana Zoo at Prentice Park

The Santa Ana Zoo at Prentice Park is centrally located in the heart of Orange County. The Zoo grounds encompass 20 acres of lush green gardens and winding pathways that allow visitors to discover more than 200 rare and exotic animals from around the world. For fifty-six years, the Zoo has served as a unique educational and recreational experience for the socioeconomic and culturally diverse children of Orange County.

The Zoo is a participant of the Special Survival Plan (SSP) – an international organization involved in the breeding and the re-release of endangered species. The Zoo houses seven species of endangered species: golden lion tamarin, black and white ruffed lemur, white-handed gibbon, cotton-top tamarin, ring-tailed lemur and margay.

The Crean Family Farm recreates a typical American family farm, but features rare domestic breeds and emphasizes our agricultural heritage through a variety of education programs and activities. Surrounding the barn are six out-buildings that display rabbits, ducks, turkeys and chickens,

sheep and goats, birds of prey, and a variety of animals used in education programs. A colorful and informative graphics program, farm equipment, and landscaping and vegetable gardens, complement the family farm themes. The endangered species carousel is the latest addition to the Children's Zoo.

The Zoofari Express train ride is once again operating out of the original depot in the Crean Family Farm area. New track was laid that encircles the farmyard, giving riders a unique view of many of the animal pens before continuing on through the central portion of the Zoo. The train ride has doubled in length and is very popular with Zoo visitors. Recently the gasoline powered 1860s-style steam train engine was converted to an electric engine. This conversion will save money and be more environmentally friendly. A second electric train was purchased and a safety signal system installed that permits both trains to operate at the same time.

The Zoo in collaboration with the Friends of Santa Ana Zoo (FOSAZ) and UCI have embarked on a joint fund raising project to fund the Zoo's next major destination exhibit area. Construction of Tierra de las Pampas—land of the grasses—is to begin in late 2008 and will provide a new home for the Zoo's existing guanacos and rheas, and an exhibit area for a pair of giant anteaters.

Pathways to Adventure

The Pathways to Adventure program was first introduced during the summer of 2007. Over 300 participants went through the program during the first summer of programming. The program is comprised of several components; Adventure Days, City Wide Fishing Derby and Outdoor Family Resource Faire, Family Fishing Coach Day, and Camp Fish Overnight Campout. Educational stations are set up to introduce participants to camping, hiking, backpacking, fishing, orienteering, and leave no trace principals. All equipment and supplies are provided to participants for the program. Fishing in the private lake at Oak Canyon is the highlight of the day for participants. Many participants have never fished before and to see the excitement on their faces when they catch a large catfish at Oak Canyon or Centennial Lake is priceless.

Summer Day Camp

Summer Day Camp is offered from the end of June through the end of August, Monday through Friday from 7:30 am to 5:30 pm at Logan, Memorial, Salgado, Sandpointe, Santa Anita, and El Salvador Recreation centers. Day Camp offers a wide range of activities for youths ages 5 to 12, including educational worksheets, excursions, special events, sports, organized games and fitness, arts and crafts, supervised play, table and board games, holiday celebrations, tennis, library visits, junior volunteer program (ages 13 and up), computer lab (Logan), end-of-summer pool parties, and the annual Talent Show.

Intermediate School Intramural Sports Program

PRCSA began planning with the Santa Ana Unified School District in 2007 on how best to support the Intermediate Schools with their Intramural Sports Program. The program provides officials' clinics for high school varsity players, who serve as tournament officials in flag football, basketball and soccer tournaments and provides each student official with a \$50 gift card at the conclusion of the sports tournaments for which they officiated.

PRCSA also provides all individual first, second and third place award medals for all sports tournaments and ribbons for Track and Field as well as a perpetual trophy for all sports tournament first place winners. PRCSA assists SAUSD in securing Thornton Park for the Cross Country Meet, Santa Ana College for Track and Field, and also Godinez High School gymnasium, Centennial Park and the Dan Young Sports Complex for tournament games. Approximately 2,000 participants per year are served.

Cabrillo Tennis Center

MatchPoint Tennis Academy, located at Cabrillo Tennis Center, offers six scholarships for tennis instruction per semester for Santa Ana residents. Students are selected from Intermediate, High School & Advanced instruction levels and must maintain a "B" / 3.0 GPA or higher. Through this contracted service, the hours of operation have increased and \$30,000 in improvements, have been made without the use of City funds.

Santa Ana Police Athletic & Activities League (SAPAAL)

In order to combat gang violence, resist the temptation of joining criminal street gangs, and encourage youths to stay in school, the Santa Ana Police Department in conjunction with the Santa Ana Parks and Recreation Department and the Santa Ana Police Officers Association has formed the Santa Ana Police Athletic Activity League (SAPAAL). SAPAAL is a crime prevention program that employs educational, athletic, and recreational activities to create trust and understanding between youths and law enforcement.

Students often experience a myriad of difficulties, which impede their learning (lack of resources, lack of support, lack of language fluency, etc.). Often students are drawn to individuals who share similar ideas, values, and beliefs. To gain recognition, or peer-acceptance, they may engage in inappropriate or illegal behavior. The goal is to break this cycle with early recognition and intervention.

A resource "Drop In Center", staffed by Police Activity Athletic employees and volunteers, would provide students with a safe haven. Tutoring, in conjunction with computer access, reference and educational materials, would help youths to be successful in school. Peer support groups would offer youths someone to talk to about problems they may be facing. Sports and recreational programs would teach youths the importance of team-

work, discipline, maturity, and good citizenship. Police officers coaching and mentoring demonstrate to youths that officers are truly interested in their development and well-being.

The SAPAAL officially opened the doors to the Drop In Center on June 18, 2007 at 2627 W. Mc Fadden, (Previously the McFadden Library). SAPAAL ran a successful summer program with an enrollment of 45 kids. The program activities consisted of arts and crafts, science projects, organized sports, fitness and trips (i.e. Orange County Fair, Fishing at Oak Canyon Lake and Wild Rivers).

At the completion of summer, SAPAAL started its after school program. The after school program is open Monday through Friday from 2:30 PM until 6:30 PM, and currently has 178 kids enrolled and a waiting list of 90. The program has become successful and schools in the area have begun to refer their students to SAPAAL for tutoring and homework assistance.

With the financial support of the Santa Ana Police Officers Association we were able to open an account with the Orange County Community Foundation. This account allows us to accept tax-deductible donations for the program. If you would like to become involved with the SAPAAL or make a donation of sports equipment, school or arts & crafts supplies, please feel free to contact Officer Tom Serafin at (714) 920-2674.

Santa Ana Police Department Investigations Bureau: Formation of a Family Crimes Section

The problems of child abuse, domestic violence, child abduction, and runaway juveniles have been a long-standing concern for Santa Ana's communities. Historically, these problems have been handled as separate entities requiring unique specialization and training. Research now shows an undeniable cause and effect between these problems, which stem from violence in the home. We can no longer look at these issues in isolation from one another nor can we view incarceration as the only method to stop them.

The Crimes Against Persons Division has reorganized the Juvenile Section to modernize and enhance the delivery of services while better supporting the Santa Ana Police Department's Community Oriented Policing philosophy. The Juvenile Section has combined resources and responsibilities with the Domestic Violence Unit to formulate a Family Crimes Section. Incorporating a multi-disciplinary approach to include Early Prevention, Intervention, Suppression, and Reintegration equips the Investigations Bureau to better address the cycle of violence that threaten families and the stability of our community.

A mission statement was developed to serve as a guide for the organizational and philosophical changes required to establish the first section of its kind:

“The mission of the Family Crimes Section is to promote a safe and nurturing family environment by providing preventive, protective and responsive investigative services.”

The Family Crimes Section consists of five units: **Family Violence Unit, Community Resource Unit, Community Education Unit, Sexual Offenses Unit and Missing Persons Unit.** Investigators from domestic violence, child abuse, sexual assault, missing persons, and sex registrants, along with victim advocates, work in partnership with one another and the community to improve the quality of life for Santa Ana families. To maximize flexibility and enhance services, the operational philosophy of the Family Crimes Section is that personnel from each Unit work together to use their respective resources to bring a comprehensive responsive to community problems.

The Family Violence Unit is most affected by the reorganization but offer the greatest chance to bring meaningful change in our efforts to break the cycle of family violence. Established policing districts divide the distribution of personnel in the Unit. One investigator and one police investigative specialist, who in turn are supported by a victim advocate and social worker, serve each district. To enhance services, district personnel are functionally grouped into an east/west configuration. This allows for a greater number of personnel to be used when apprehending suspects or handling cases requiring a higher level of response.

The challenge facing our Department and community is to become change agents to break the cycle of family violence. By reorganizing and integrating existing investigative units, we are better able to work in partnership with the community to bring meaningful change, based on empirical data, to educate, protect, serve, and where possible, rehabilitate families damaged by internal violence.

Santa Ana Police Department: Community Relations Team

In 2004, the Public Information Office created a new program called the Community Relations Team (CRT). The team consists of 15 police employees from every bureau of the police department. This new addition to the Public Information Office has allowed the police department to enhance and continue the tradition of providing accurate and timely information to both the media and members of the community.

The Community Relations Team participated in the annual Toys-for-Tots program and sponsored two senior citizen facilities in 2005 for Christmas. During the previous Christmas holiday, they sponsored St. Edna's Convalescent Home and were able to provide Christmas gifts for 63 seniors. This year, the Community Relations Team added

another senior home, St. Francis, bringing it to a total of 112 seniors sponsored by the department. Both facilities, which are located in the city of Santa Ana, house seniors that are unable to care for themselves or have no families to care for them. The gifts the CRT provided might have been the only gifts they received during the holiday season. Along with the gifts that St. Francis seniors received from the SAPD, they also enjoyed a peaceful and delicious dinner served by volunteers from the department. Donations were accepted within the Department, and the Community Relations Team was able to raise \$938 to host the Christmas dinner.

A Toys-for-Tots event was held at the Westfield Main-Place Mall. Approximately 1,000 people attended this event, which was sponsored by Community Service Programs, U.S. Marines, Santa Ana's Parks, Recreation and Community Services Agency, Santa Ana Fire Department, various church groups, and several other community groups. A stage was set up to showcase the talents of local bands and for children to perform. Considering that this was the first year this event was held at the mall, Max Madrid, Director of CSP believed that the event was very successful and hopes to have radio stations and more booths in years to come. He really appreciated the police officers' presence and interaction with the community. The objective of the Community Relations Team is to enhance community outreach and increase the Department's participation in community meetings, events, and organizations. Helping out by participating in events like these proves that our Community Relations Team is on the right path to achieving their goals.

The Public Information Office coordinated numerous special projects with the assistance of the CRT, such as Operation School Bell, Project ChildSafe, Bureau of Corrections Mentoring Program, CHP 10851 Auto Theft Award Program, Special Olympics Torch Run, Toys for Tots, and Rotary/Kiwanis Awards Ceremonies.

PLACES OF INTEREST

Bowers Museum

The Bowers Museum of Cultural Arts is the largest museum in Orange County. Since it reopened its doors following completion of a major expansion and renovation program in 1992, the Museum has presented many significant and world renowned exhibitions that have attracted many visitors to Santa Ana. As a result, many museums and collectors have allowed their rare treasures and collections to visit the Bowers because of its significance in displaying a full range of fine quality exhibits and programs, and in attracting visitors and travelers. With the grand opening of the Dorothy and Donald Kennedy Wing, the Bowers entered into an entirely new and even more exciting era.

This 30,000 square foot expansion, including a 300-seat auditorium and new exhibit space, will meet the demand for presenting more breathtaking masterpieces to the community such as Treasures of Shanghai and Mummies: Death and the Afterlife in Ancient Egypt, Gems: Colors of Light & Stone, and Terra Cotta Warriors: Guardians of the First Emperor. The current improvements also include a new surface parking area immediately north of the Bowers and an overflow parking lot at Main and the I-5 FWY southbound on-ramp.

<http://www.bowers.org>

Old Orange County Courthouse

Built in 1900, the Old Orange County Courthouse, the oldest standing county courthouse in Southern California, originally opened on November 12, 1901. The Courthouse was officially listed on the National Register of Historic Places in 1984. The building is located in the heart of Santa Ana's historic downtown district, with more than 13 major historic architectural styles enriching over 100 buildings.

The Courthouse is a historical symbol of the birth of Orange County, and Santa Ana's winning bid as the County seat. Although suffering the loss of one tower, the three-story red stone building survived the 1933 Long Beach earthquake. After years of renovation, the Old Orange County Courthouse reopened on November 12, 1992. Completely restored to its original splendor and grace with original oak furnishings, antique light fixtures, and wall-to-wall carpet, the Courthouse offers self-guided tours Monday thru Friday.

A favorite of Hollywood's movie industry for its distinctive ambience, the Old Courthouse was the site of many memorable scenes from blockbuster classics including *American President* (1995) with Michael Douglas, *Legally Blonde* (2001) with Reese Witherspoon, and *Catch me if you Can* (2002) with Tom Hanks, Leonardo DiCaprio and directed by Steven Spielberg.

Federal Building and Courthouse

The Ronald Reagan Federal Building and United States Courthouse is a landmark facility for Downtown Santa Ana. The ten-story building is the latest addition to the list of other government offices located in the Civic Center area. The Ronald Reagan Federal Building houses the U.S. District Court, U.S. Bankruptcy Court and other federal executive offices.

The building is located on Fourth Street, the main commercial street in downtown, and adjacent to the Civic Center, which is the government center with city, county, state and federal offices. This building has been a benefit to the local businesses and service industry in the Downtown area. The building is designed to contribute to the continuity and dignity of the courts and the City of Santa Ana, and enhances the image of Santa Ana as the "capitol" of Orange County. The courthouse opened to the public in January 1999.

Santa Ana Police Administration and Holding Facility

Maintaining the safety and security of our community and its residents is the primary mission of the Police Department. One of the basic tools needed to accomplish this mission is a well-equipped, efficiently designed police headquarters and a full-service maximum-security jail. On January 28, 1997, the Santa Ana Police Department relocated to a new, state-of-the-art facility located on an eight-acre parcel in downtown Santa Ana. The facility consists of three main structures.

The first is the Police Administration, a 236,300 square foot four-story building intended to accommodate all operational and administrative functions of the Police Department. The administration building allows reconfiguration of space planning, due to its movable walls, without distorting the environment. The building size will accommodate projected department expansion through the year 2050.

The second is the Holding facility, a four-story building that includes a partial basement and two mezzanines. This 168,400 square foot structure contains 256 fully equipped cells with a holding capacity up to 420 detainees in double bunking. The facility also has a 900-foot transfer tunnel linking the Holding facility with the Orange County Intake & Release Center. The tunnel is used to secure the transfer inmates between the two detention centers.

The third is the Police Vehicle Storage structure, a 96,500-square foot structure with 227 spaces for police vehicles and 24 spaces for police motorcycles. The storage structure includes a two-tier firing range with 12 shooting bays.

Considerable effort was made to ensure the building's design compliments the City's Community Policing philosophy. For example, the structure includes a community room for hosting neighborhood meetings and a front lobby layout that facilitates customer access to the Records, Traffic, and Property Sections.

Various Park Improvements

Numerous improvements are slated this year throughout the City's park system, recreational trails, Civic Center, and at the Santa Ana Zoo. Park Improvements include the completion of Santiago Park Wildlife and Watershed Center; Santiago open air amphitheatre and native landscaping; Windsor Park parking lot reconstruction; reconstruction

tion of a portion of Centennial Ring Road; Memorial Center pool improvements; installation of new play equipment at Portola, Sandpointe, and Thornton Parks; creation of a waterfowl sanctuary at Centennial Park; and the creation of the “Cienegas de las Ranas” wetlands habitat at Thornton Park.

Recreation trail improvements include the one-mile Flower Street Bike Trail extension, Thornton Park recreational trail reconstruction, the Santiago Creek bike trail extension, and the Santa Ana River trailside reststop developments at Fairview Triangle, McFadden Triangle, Edna Park, and 17th Street pockets.

Development of the new “Tierra de las Exhibit” is slated at the Santa Ana Zoo, as is the development of a Master Graphics and Signage Program.

Athletic Field Improvements

Construction of the first synthetic youth field at the Dan Young Soccer Complex was completed in September 2004. The second synthetic turf field opened in November 2005, which helped address the need for additional field hours for the adult soccer program. In addition, the City received a \$900,000 grant from the State to install the City’s third synthetic turf field at the Santa Ana Stadium. This project was completed in 2007.

Jerome Recreation Center Improvements

The City was recently awarded a \$2.5 million grant under the Murray-Hayden Urban Parks and Youth Service Grant Program to renovate Jerome Community Center. The grant will be used to renovate the entire center and enhance our ability to provide services to the community. The renovation will bring the facility into compliance with the newly adopted 2007 California Building Code and ADA (Americans with Disabilities Act) regulations. Improvements include a new HVAC system, an upgraded electrical system, replacement of the gymnasium flooring, complete renovation and expansion of the restrooms, facelifts to the game room, kitchen, arts and crafts room, ceramics room, and hallways, re-roofing of the building, new doors, security system and painting. The City anticipates beginning construction in Winter 2008.

Adopt a Park Program

The Adopt-A-Park Program continues to get the community involved in improving, maintaining and beautifying parks and recreational facilities. Many volunteer events are held throughout the year to clean up and improve our park sites. Major sponsorship from various companies and organizations has provided the necessary resources, such as labor, equipment and funds to make this program successful. An example of one such event is the KaBOOM! project. KaBOOM! is a national non-profit organization dedicated to building safe spaces in communities across the country. On Saturday, March 29, 2008 CaliforniaVolunteers joined more than 400 Santa Ana community volun-

teers to construct a new playground, garden and mural in just one day for the children of Santa Ana. This project was made possible by a partnership between CaliforniaVolunteers a non-profit of the Office of the Governor of California and KaBOOM!. The playground is located at Jerome Park, 726 S. Center Street. This Adopt-A-Park event generated over \$300,000 in labor and equipment at no cost to the City. In 2008-2009, we will continue working with these organizations to improve and clean our facilities through the Adopt-A-Park Program and volunteer efforts.

Recycling Program

Santa Ana’s curbside recycling program assists in fulfilling the State’s requirement for cities to divert 50 percent of solid waste generated and taken to landfills by the year 2000. Since 1997, the City has required residents to use three separate containers for disposal of recyclable materials, green waste, and trash. Automated collection vehicles pick up the recyclable materials and green waste from each household and take them to a Materials Recovery Facility or to a Composting Facility for further sorting and sale. Trash is taken directly to the landfill. This system increases the recycling diversion, which continues to exceed the state mandated goal and reduces the contamination of recyclables and the cost of sorting trash.

The City also disposes of used oil through the Used Oil Block and Opportunity Grant programs. An average of 6,800 gallons of used motor oil and 2,400 filters per year are recycled as part of the curbside program.

Tree Reforestation Program

The City recognizes the important role trees play to enhance neighborhood appeal, clean the air, keep homes cool, and add to the quality of life. At present, the City has an estimated 54,000 street trees. The City’s tree maintenance staff is in the process of planting new trees to replace dead and diseased trees that have been removed throughout the years. The City’s Tree Maintenance Program will continue to ensure the health, safety, and aesthetic aspects of the City’s urban forest and address resident concerns about the City’s trees through efficient design, community involvement and education, proper tree trimming and maintenance, and tree preservation.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

velopment, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employee disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Treasury & Municipal Utility Services		11-175		
Statement of Purpose				
<p><i>To provide for the receipt, custody and investment of City funds in a prompt and courteous manner through sound and prudent policies.</i></p> <p>This program is responsible for the receipt, custody and recordation of all revenues, and for managing the City's investment portfolio and the debt service on City bond issues. Treasury staff bills and collects several of the City's major revenues such as business licenses, dog licenses, utility users tax, hotel visitor tax, paramedic subscriptions, and municipal utility user charges. Municipal Utility Services (MUS) staff handles water meter reading and water turn-ons and turn-offs.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Implementation of on-line bill payment services for municipal utility services * Outsourced printing of municipal utility services bills. * Conducted analysis for selection and acquisition of new municipal utility services system. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Implement new municipal utility services system. * Implement recommendation for auditing program(s) to secure all revenues. * Complete analysis and make recommendations for implementation of on-line or electronic payment of licensing and taxing programs.

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

GENERAL FUND

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

****Due to organizational changes this account will be retired as of June 31, 2006**

****Programs and services will be delivered by Youth Services (11-213) & Adult Services (11-212)**

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels				
Number of items in system	304,513	316,157	357,181	392,899
Number of registered patrons	131,065	116,049	118,554	125,000
Number of library visits by patrons to fixed facilities	465,055	462,255	538,787	618,000
Number of books materials loaned	398,013	386,063	399,006	422,000
Number of audio recordings loaned	21,516	28,148	31,728	51,000
Number of video/DVD recordings loaned	43,639	48,330	59,202	70,000
Online Database Searches	14,382	16,514	13,397	15,000
Computer Workshops/Attendance	242	N/A	N/A	N/A
Public computer usage: patron sign-ins (new stat)	N/A	10,800	14,182	16,000
Online catalog searches (new stat)	N/A	634,438	1,269,801	15,000,000
Number of new items added to collection (new stat)	N/A	18,473	18,830	22,000
Efficiency				
Overall library cost per loan	\$8.67	\$8.63	\$10.67	\$9.70
Cost per item loaned in Technology & Support Services	\$1.39	\$1.46	\$1.78	\$1.45
Cost per item loaned in Technical Services	\$0.79	\$0.71	\$0.74	\$0.70
Effectiveness				
Achieve ratio 1:8 new books (items) per capita	N/A	1:19	1:19	1:16
Achieve ratio of 2:1 total books per capita	1.31:1	1.41:1	1.42:1	1.43:1
Library card holders as % of Santa Ana residents (Goal is to reach 60%)	37%	32%	33%	35%

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT	PROGRAM			
Fire Suppression & EMS	011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

Prepare and monitor the annual budget process
Prepare monthly forecasts of financial position, including expenditures and revenues
Provide budgetary & fiscal expertise to Fire Management
Provide cause & effect and cost analyst of a budgetary nature

Purchasing

Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

Process Direct Payment Vouchers for payment of invoices
Process Direct Payment Vouchers for reimbursements to employees
Maintain proper Petty Cash accountability

Administration

Monitor agreements & contracts for compliance
Prepare & process certifications for hiring, separations and salary changes
Prepare the Department's Requests for Council Actions
Prepare the Departmental revenue deposits going to Treasury

Payroll

Process the semi-monthly payroll
Research and resolve payroll questions
Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

Human Resources	011-332			
Statement of Purpose				
<p><i>To provide effective and responsive human resource management, recruitment, and personnel related functions which support the Police Department's mission and the City's goals and objectives.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Developed and implemented a Cadet Career Development Program (Expanded number of Advisors) * Increased involvement in local and regional advertisement venues * Restructured the Division to establish two distinct sections (Personnel and Recruitment & Background Investigations Section) * Streamlined the Background Investigation documentation process to optimize workforce effectiveness and increased case work efficiency * Streamlined the hiring process by working collaboratively with City Personnel to fill critical public safety positions * Coordinated the largest proactive recruitment event "2007 Career Expo and Open House" held at the police department which directly led to the hiring of critical public safety positions * Expanded the recruitment of sworn officers and correctional officers to include non-bilingual applicants * Developed a recruitment assessment mechanism to evaluate event planning 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * With a focus on an appreciation of cultural diversity, the police department will continue to recruit and retain a diverse workforce * The police department will recruit and focus on retaining an 8% sworn female ratio among police officers * Establish a stand alone police department website with direct link to the City website for targeted recruitment advertisement and marketing * Establish and implement a five-year personnel recruitment and retention strategic plan * Establish contractual services for background investigations to complete a cost effectiveness and work product analysis * Continue to recruit for non-bilingual police officers and correctional officers as needed

District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

Crimes Against Persons	011-341			
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Special Investigations	PROGRAM 011-342			
Statement of Purpose				
<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<p>* Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items.</p> <p>* Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations.</p>				
Action Plan for FY 2008-09				
<p>* Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release.</p> <p>* Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets.</p> <p>* Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area.</p>

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Building & Facility	011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

Homeland Security

PROGRAM
011-353

Statement of Purpose

To ensure that both the Community and city employees are prepared to prevent, respond, and recover from an act of terrorism or a natural catastrophic event.

SERVICE PROGRAM

Police Services

- * Enhance community awareness on the issue of terrorism by using, developing, and implementing public education campaigns by leveraging local, state and federal funds
- * Manage and sustain federally acquired resources in order to provide a systematic response to an act of terrorism or a natural disaster
- * Collaborate with regional and federal partners by implementing and using interoperable technologies that will benefit the region
- * Ensure the implementation and routine of the National Incident Management System as mandated by the U.S. Department of Homeland Security
- * Continue to enhance building inspection procedures and approval of event permits taking into account homeland security concerns and best practices

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels

Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

PLANNING & BUILDING AGENCY
Community Preservation

PROGRAM
11-509

Statement of Purpose

To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.

Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.

Accomplishments in FY 06-07 & FY 07-08

- * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community.
- * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood.
- * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties.
- * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval.

Action Plan for FY 2008-09

- * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored.
- * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification.
 ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

GENERAL FUND

PUBLIC WORKS AGENCY	PROGRAM			
Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

PROGRAM

Cable TV Fund

21-231

Statement of Purpose

To provide capital equipment and support services for the City's cable TV operations.

SERVICE PROGRAM

The Cable TV Fund provides the capital equipment and support services necessary to operate the City's Channel 3 cable channel. Services include City Channel 3 24/7 playback services, communication service upgrades, HD/widescreen equipment upgrades, and City facility broadcast equipment upgrades and maintenance.

GENERAL FUDN SPECIAL REVENUE

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

DOWNTOWN MAINTENANCE FUND - CDA		PROGRAM		
Downtown Maintenance		407-933		
Statement of Purpose				
<p><i>To provide on-going maintenance and improvements of public spaces in the City of Santa Ana Downtown area and in the Willard Street neighborhood.</i></p> <p>The City needs to effectively manage the cleanliness and maintenance of the streets, sidewalks and other public spaces in the Downtown area. This fund will cover charges including utility costs, signage, landscaping, irrigation, banner maintenance, sweeping, steam cleaning and litter control.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Implemented a Litter Control Program with a Downtown Ambassador component. * Effectively utilized steam cleaning resources to provide an even coverage in downtown high traffic areas. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide litter control and steam cleaning in the downtown area.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

velopment, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

GENERAL FUND

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employe disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

GENERAL FUND

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

PARKS, RECREATION & COMMUNITY SERVICES
Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

PARKS, RECREATION & COMMUNITY SERVICES
Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT Fire Suppression & EMS	PROGRAM 011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

- Prepare and monitor the annual budget process
- Prepare monthly forecasts of financial position, including expenditures and revenues
- Provide budgetary & fiscal expertise to Fire Management
- Provide cause & effect and cost analyst of a budgetary nature

Purchasing

- Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

- Process Direct Payment Vouchers for payment of invoices
- Process Direct Payment Vouchers for reimbursements to employees
- Maintain proper Petty Cash accountability

Administration

- Monitor agreements & contracts for compliance
- Prepare & process certifications for hiring, separations and salary changes
- Prepare the Department's Requests for Council Actions
- Prepare the Departmental revenue deposits going to Treasury

Payroll

- Process the semi-monthly payroll
- Research and resolve payroll questions
- Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

POLICE DEPARTMENT	PROGRAM			
District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT		PROGRAM		
Crimes Against Persons		011-341		
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items. * Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release. * Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets. * Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area.

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT Building & Facility	PROGRAM 011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level				
# of building maintenance work orders generated	3,068	3,545	3,437	3,600
# of telecommunication project work orders generated	56	107	80	100
Efficiency				
% of building maintenance work orders completed within 72 hours	63%	60%	64%	70%
% of initial work orders electronically filed within 24 hours by Property & Facilities staff	75%	80%	90%	92%
Effectiveness				
% of outsourced work orders	15%	10%	6%	4%

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

GENERAL FUND

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual.

PLANNING & BUILDING AGENCY		PROGRAM		
Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

PLANNING & BUILDING AGENCY		PROGRAM		
Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification. ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

PUBLIC WORKS AGENCY
Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level				
Tons of asphalt concrete (AC) - street patching	4,900	500	7,200	0
Potholes filled (locations)	26,600	28,700	25,000	0
Crack sealing used (lin. feet)	0	89,600	155,000	78,000
Sidewalk patching (sq. feet)	8,800	6,300	5,000	0

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

GENERAL FUDN SPECIAL REVENUE

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

DOWNTOWN MAINTENANCE FUND - CDA		PROGRAM		
Downtown Maintenance		407-933		
Statement of Purpose				
<p><i>To provide on-going maintenance and improvements of public spaces in the City of Santa Ana Downtown area and in the Willard Street neighborhood.</i></p> <p>The City needs to effectively manage the cleanliness and maintenance of the streets, sidewalks and other public spaces in the Downtown area. This fund will cover charges including utility costs, signage, landscaping, irrigation, banner maintenance, sweeping, steam cleaning and litter control.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Implemented a Litter Control Program with a Downtown Ambassador component. * Effectively utilized steam cleaning resources to provide an even coverage in downtown high traffic areas. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide litter control and steam cleaning in the downtown area.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

velopment, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

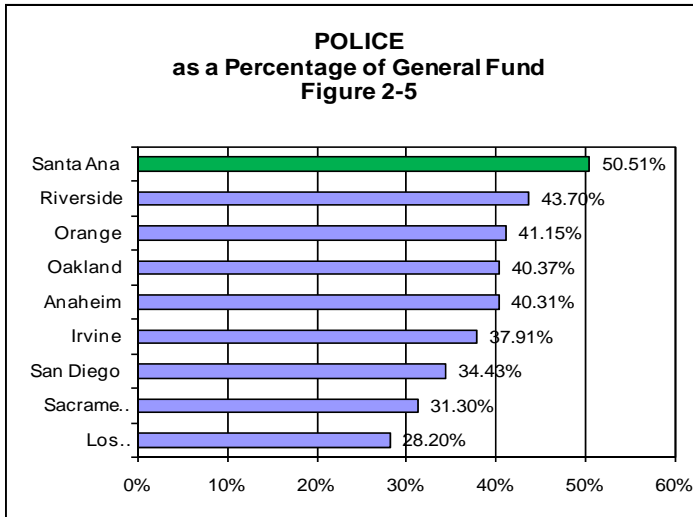

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

GENERAL FUND

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employe disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

GENERAL FUND

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

PARKS, RECREATION & COMMUNITY SERVICES
Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

PARKS, RECREATION & COMMUNITY SERVICES
Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT	PROGRAM			
Fire Suppression & EMS	011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

Prepare and monitor the annual budget process
Prepare monthly forecasts of financial position, including expenditures and revenues
Provide budgetary & fiscal expertise to Fire Management
Provide cause & effect and cost analyst of a budgetary nature

Purchasing

Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

Process Direct Payment Vouchers for payment of invoices
Process Direct Payment Vouchers for reimbursements to employees
Maintain proper Petty Cash accountability

Administration

Monitor agreements & contracts for compliance
Prepare & process certifications for hiring, separations and salary changes
Prepare the Department's Requests for Council Actions
Prepare the Departmental revenue deposits going to Treasury

Payroll

Process the semi-monthly payroll
Research and resolve payroll questions
Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

POLICE DEPARTMENT	PROGRAM			
District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

Crimes Against Persons	011-341			
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Special Investigations	PROGRAM 011-342			
Statement of Purpose				
<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

GENERAL FUND

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<p>* Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items.</p> <p>* Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations.</p>				
Action Plan for FY 2008-09				
<p>* Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release.</p> <p>* Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets.</p> <p>* Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area.</p>				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT Building & Facility	PROGRAM 011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level				
# of building maintenance work orders generated	3,068	3,545	3,437	3,600
# of telecommunication project work orders generated	56	107	80	100
Efficiency				
% of building maintenance work orders completed within 72 hours	63%	60%	64%	70%
% of initial work orders electronically filed within 24 hours by Property & Facilities staff	75%	80%	90%	92%
Effectiveness				
% of outsourced work orders	15%	10%	6%	4%

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

GENERAL FUND

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels				
Total Inspections	41,659	42,378	42,000	42,000
Training (employee hours)	1,123	1,320	1,800	1,200
Efficiency				
Reduction in number of trips to site, and enhanced customer service, due to use of Combination Inspectors to conduct multiple residential inspections during each visit. This allows specialty inspectors to focus on commercial, industrial and manufacturing projects throughout the city.	20.0%	20.0%	20.0%	25.0%

PLANNING & BUILDING AGENCY		PROGRAM		
Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification. ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

PUBLIC WORKS AGENCY
Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level				
Tons of asphalt concrete (AC) - street patching	4,900	500	7,200	0
Potholes filled (locations)	26,600	28,700	25,000	0
Crack sealing used (lin. feet)	0	89,600	155,000	78,000

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

GENERAL FUDN SPECIAL REVENUE

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

DOWNTOWN MAINTENANCE FUND - CDA		PROGRAM		
Downtown Maintenance		407-933		
Statement of Purpose				
<p><i>To provide on-going maintenance and improvements of public spaces in the City of Santa Ana Downtown area and in the Willard Street neighborhood.</i></p> <p>The City needs to effectively manage the cleanliness and maintenance of the streets, sidewalks and other public spaces in the Downtown area. This fund will cover charges including utility costs, signage, landscaping, irrigation, banner maintenance, sweeping, steam cleaning and litter control.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Implemented a Litter Control Program with a Downtown Ambassador component. * Effectively utilized steam cleaning resources to provide an even coverage in downtown high traffic areas. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide litter control and steam cleaning in the downtown area.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

velopment, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

GENERAL FUND

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employe disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

GENERAL FUND

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

GENERAL FUND

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

PARKS, RECREATION & COMMUNITY SERVICES
Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT	PROGRAM			
Fire Suppression & EMS	011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

Prepare and monitor the annual budget process
Prepare monthly forecasts of financial position, including expenditures and revenues
Provide budgetary & fiscal expertise to Fire Management
Provide cause & effect and cost analyst of a budgetary nature

Purchasing

Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

Process Direct Payment Vouchers for payment of invoices
Process Direct Payment Vouchers for reimbursements to employees
Maintain proper Petty Cash accountability

Administration

Monitor agreements & contracts for compliance
Prepare & process certifications for hiring, separations and salary changes
Prepare the Department's Requests for Council Actions
Prepare the Departmental revenue deposits going to Treasury

Payroll

Process the semi-monthly payroll
Research and resolve payroll questions
Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

POLICE DEPARTMENT	PROGRAM			
District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT Crimes Against Persons	PROGRAM 011-341			
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

GENERAL FUND

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<p>* Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items.</p> <p>* Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations.</p>				
Action Plan for FY 2008-09				
<p>* Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release.</p> <p>* Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets.</p> <p>* Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area.</p>

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT Building & Facility	PROGRAM 011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level				
# of building maintenance work orders generated	3,068	3,545	3,437	3,600
# of telecommunication project work orders generated	56	107	80	100
Efficiency				
% of building maintenance work orders completed within 72 hours	63%	60%	64%	70%
% of initial work orders electronically filed within 24 hours by Property & Facilities staff	75%	80%	90%	92%
Effectiveness				
% of outsourced work orders	15%	10%	6%	4%

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels				
Total Inspections	41,659	42,378	42,000	42,000
Training (employee hours)	1,123	1,320	1,800	1,200
Efficiency				
Reduction in number of trips to site, and enhanced customer service, due to use of Combination Inspectors to conduct multiple residential inspections during each visit. This allows specialty inspectors to focus on commercial, industrial and manufacturing projects throughout the city.	20.0%	20.0%	20.0%	25.0%

PLANNING & BUILDING AGENCY		PROGRAM		
Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification.
 ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

PUBLIC WORKS AGENCY
Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

DOWNTOWN MAINTENANCE FUND - CDA		PROGRAM		
Downtown Maintenance		407-933		
Statement of Purpose				
<p><i>To provide on-going maintenance and improvements of public spaces in the City of Santa Ana Downtown area and in the Willard Street neighborhood.</i></p> <p>The City needs to effectively manage the cleanliness and maintenance of the streets, sidewalks and other public spaces in the Downtown area. This fund will cover charges including utility costs, signage, landscaping, irrigation, banner maintenance, sweeping, steam cleaning and litter control.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Implemented a Litter Control Program with a Downtown Ambassador component. * Effectively utilized steam cleaning resources to provide an even coverage in downtown high traffic areas. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide litter control and steam cleaning in the downtown area.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

velopment, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employe disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

GENERAL FUND

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

PARKS, RECREATION & COMMUNITY SERVICES
Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level # of park acres maintained	259	259	259	259
