District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT	PROGRAM			
Crimes Against Persons	011-341			
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Special Investigations	PROGRAM 011-342			
Statement of Purpose				
<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items. * Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release. * Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets. * Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Building & Facility	011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

GENERAL FUND

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

Homeland Security

PROGRAM
011-353

Statement of Purpose

To ensure that both the Community and city employees are prepared to prevent, respond, and recover from an act of terrorism or a natural catastrophic event.

SERVICE PROGRAM

Police Services

- * Enhance community awareness on the issue of terrorism by using, developing, and implementing public education campaigns by leveraging local, state and federal funds
- * Manage and sustain federally acquired resources in order to provide a systematic response to an act of terrorism or a natural disaster
- * Collaborate with regional and federal partners by implementing and using interoperable technologies that will benefit the region
- * Ensure the implementation and routine of the National Incident Management System as mandated by the U.S. Department of Homeland Security
- * Continue to enhance building inspection procedures and approval of event permits taking into account homeland security concerns and best practices

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

GENERAL FUND

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual.

Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification.
 ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

GENERAL FUND

PUBLIC WORKS AGENCY	PROGRAM			
Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

PROGRAM

Cable TV Fund

21-231

Statement of Purpose

To provide capital equipment and support services for the City's cable TV operations.

SERVICE PROGRAM

The Cable TV Fund provides the capital equipment and support services necessary to operate the City's Channel 3 cable channel. Services include City Channel 3 24/7 playback services, communication service upgrades, HD/widescreen equipment upgrades, and City facility broadcast equipment upgrades and maintenance.

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

development, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

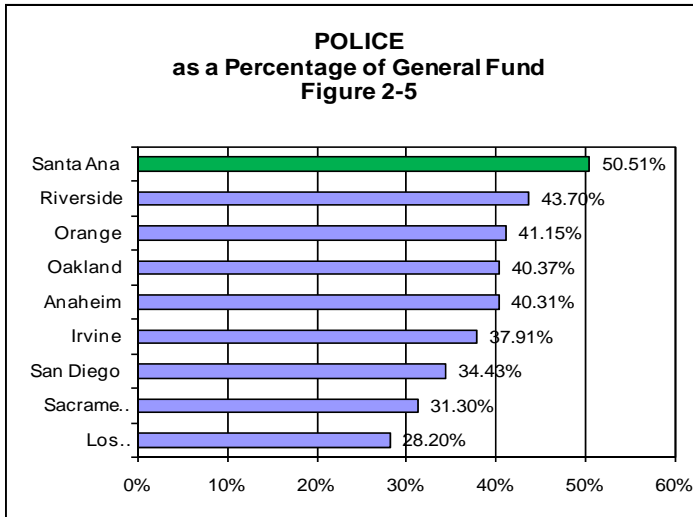

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employe disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Treasury & Municipal Utility Services		11-175		
Statement of Purpose				
<p><i>To provide for the receipt, custody and investment of City funds in a prompt and courteous manner through sound and prudent policies.</i></p> <p>This program is responsible for the receipt, custody and recordation of all revenues, and for managing the City's investment portfolio and the debt service on City bond issues. Treasury staff bills and collects several of the City's major revenues such as business licenses, dog licenses, utility users tax, hotel visitor tax, paramedic subscriptions, and municipal utility user charges. Municipal Utility Services (MUS) staff handles water meter reading and water turn-ons and turn-offs.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Implementation of on-line bill payment services for municipal utility services * Outsourced printing of municipal utility services bills. * Conducted analysis for selection and acquisition of new municipal utility services system. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Implement new municipal utility services system. * Implement recommendation for auditing program(s) to secure all revenues. * Complete analysis and make recommendations for implementation of on-line or electronic payment of licensing and taxing programs.

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

GENERAL FUND

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

****Programs and services will be delivered by Youth Services (11-213) & Adult Services (11-212)**

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels				
Number of items in system	304,513	316,157	357,181	392,899
Number of registered patrons	131,065	116,049	118,554	125,000
Number of library visits by patrons to fixed facilities	465,055	462,255	538,787	618,000
Number of books materials loaned	398,013	386,063	399,006	422,000
Number of audio recordings loaned	21,516	28,148	31,728	51,000
Number of video/DVD recordings loaned	43,639	48,330	59,202	70,000
Online Database Searches	14,382	16,514	13,397	15,000
Computer Workshops/Attendance	242	N/A	N/A	N/A
Public computer usage: patron sign-ins (new stat)	N/A	10,800	14,182	16,000
Online catalog searches (new stat)	N/A	634,438	1,269,801	15,000,000
Number of new items added to collection (new stat)	N/A	18,473	18,830	22,000
Efficiency				
Overall library cost per loan	\$8.67	\$8.63	\$10.67	\$9.70
Cost per item loaned in Technology & Support Services	\$1.39	\$1.46	\$1.78	\$1.45
Cost per item loaned in Technical Services	\$0.79	\$0.71	\$0.74	\$0.70
Effectiveness				
Achieve ratio 1:8 new books (items) per capita	N/A	1:19	1:19	1:16
Achieve ratio of 2:1 total books per capita	1.31:1	1.41:1	1.42:1	1.43:1
Library card holders as % of Santa Ana residents (Goal is to reach 60%)	37%	32%	33%	35%

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT	PROGRAM			
Fire Suppression & EMS	011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

Prepare and monitor the annual budget process
Prepare monthly forecasts of financial position, including expenditures and revenues
Provide budgetary & fiscal expertise to Fire Management
Provide cause & effect and cost analyst of a budgetary nature

Purchasing

Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

Process Direct Payment Vouchers for payment of invoices
Process Direct Payment Vouchers for reimbursements to employees
Maintain proper Petty Cash accountability

Administration

Monitor agreements & contracts for compliance
Prepare & process certifications for hiring, separations and salary changes
Prepare the Department's Requests for Council Actions
Prepare the Departmental revenue deposits going to Treasury

Payroll

Process the semi-monthly payroll
Research and resolve payroll questions
Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

Human Resources	011-332			
Statement of Purpose				
<p><i>To provide effective and responsive human resource management, recruitment, and personnel related functions which support the Police Department's mission and the City's goals and objectives.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Developed and implemented a Cadet Career Development Program (Expanded number of Advisors) * Increased involvement in local and regional advertisement venues * Restructured the Division to establish two distinct sections (Personnel and Recruitment & Background Investigations Section) * Streamlined the Background Investigation documentation process to optimize workforce effectiveness and increased case work efficiency * Streamlined the hiring process by working collaboratively with City Personnel to fill critical public safety positions * Coordinated the largest proactive recruitment event "2007 Career Expo and Open House" held at the police department which directly led to the hiring of critical public safety positions * Expanded the recruitment of sworn officers and correctional officers to include non-bilingual applicants * Developed a recruitment assessment mechanism to evaluate event planning 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * With a focus on an appreciation of cultural diversity, the police department will continue to recruit and retain a diverse workforce * The police department will recruit and focus on retaining an 8% sworn female ratio among police officers * Establish a stand alone police department website with direct link to the City website for targeted recruitment advertisement and marketing * Establish and implement a five-year personnel recruitment and retention strategic plan * Establish contractual services for background investigations to complete a cost effectiveness and work product analysis * Continue to recruit for non-bilingual police officers and correctional officers as needed

District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT		PROGRAM		
Crimes Against Persons		011-341		
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Special Investigations	PROGRAM 011-342			
Statement of Purpose				
<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items. * Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release. * Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets. * Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT Building & Facility	PROGRAM 011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual.

Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

GENERAL FUND

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification. ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

GENERAL FUND

PUBLIC WORKS AGENCY	PROGRAM			
Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

GENERAL FUND SPECIAL REVENUE

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

PROGRAM

Cable TV Fund

21-231

Statement of Purpose

To provide capital equipment and support services for the City's cable TV operations.

SERVICE PROGRAM

The Cable TV Fund provides the capital equipment and support services necessary to operate the City's Channel 3 cable channel. Services include City Channel 3 24/7 playback services, communication service upgrades, HD/widescreen equipment upgrades, and City facility broadcast equipment upgrades and maintenance.

GENERAL FUDN SPECIAL REVENUE

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

velopment, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employe disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Treasury & Municipal Utility Services		11-175		
Statement of Purpose				
<p><i>To provide for the receipt, custody and investment of City funds in a prompt and courteous manner through sound and prudent policies.</i></p> <p>This program is responsible for the receipt, custody and recordation of all revenues, and for managing the City's investment portfolio and the debt service on City bond issues. Treasury staff bills and collects several of the City's major revenues such as business licenses, dog licenses, utility users tax, hotel visitor tax, paramedic subscriptions, and municipal utility user charges. Municipal Utility Services (MUS) staff handles water meter reading and water turn-ons and turn-offs.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Implementation of on-line bill payment services for municipal utility services * Outsourced printing of municipal utility services bills. * Conducted analysis for selection and acquisition of new municipal utility services system. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Implement new municipal utility services system. * Implement recommendation for auditing program(s) to secure all revenues. * Complete analysis and make recommendations for implementation of on-line or electronic payment of licensing and taxing programs.

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

GENERAL FUND

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

GENERAL FUND

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

****Due to organizational changes this account will be retired as of June 31, 2006**

****Programs and services will be delivered by Youth Services (11-213) & Adult Services (11-212)**

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels				
Number of items in system	304,513	316,157	357,181	392,899
Number of registered patrons	131,065	116,049	118,554	125,000
Number of library visits by patrons to fixed facilities	465,055	462,255	538,787	618,000
Number of books materials loaned	398,013	386,063	399,006	422,000
Number of audio recordings loaned	21,516	28,148	31,728	51,000
Number of video/DVD recordings loaned	43,639	48,330	59,202	70,000
Online Database Searches	14,382	16,514	13,397	15,000
Computer Workshops/Attendance	242	N/A	N/A	N/A
Public computer usage: patron sign-ins (new stat)	N/A	10,800	14,182	16,000
Online catalog searches (new stat)	N/A	634,438	1,269,801	15,000,000
Number of new items added to collection (new stat)	N/A	18,473	18,830	22,000
Efficiency				
Overall library cost per loan	\$8.67	\$8.63	\$10.67	\$9.70
Cost per item loaned in Technology & Support Services	\$1.39	\$1.46	\$1.78	\$1.45
Cost per item loaned in Technical Services	\$0.79	\$0.71	\$0.74	\$0.70
Effectiveness				
Achieve ratio 1:8 new books (items) per capita	N/A	1:19	1:19	1:16
Achieve ratio of 2:1 total books per capita	1.31:1	1.41:1	1.42:1	1.43:1
Library card holders as % of Santa Ana residents (Goal is to reach 60%)	37%	32%	33%	35%

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT Fire Suppression & EMS	PROGRAM 011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

- Prepare and monitor the annual budget process
- Prepare monthly forecasts of financial position, including expenditures and revenues
- Provide budgetary & fiscal expertise to Fire Management
- Provide cause & effect and cost analyst of a budgetary nature

Purchasing

- Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

- Process Direct Payment Vouchers for payment of invoices
- Process Direct Payment Vouchers for reimbursements to employees
- Maintain proper Petty Cash accountability

Administration

- Monitor agreements & contracts for compliance
- Prepare & process certifications for hiring, separations and salary changes
- Prepare the Department's Requests for Council Actions
- Prepare the Departmental revenue deposits going to Treasury

Payroll

- Process the semi-monthly payroll
- Research and resolve payroll questions
- Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

Human Resources	011-332			
Statement of Purpose				
<p><i>To provide effective and responsive human resource management, recruitment, and personnel related functions which support the Police Department's mission and the City's goals and objectives.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Developed and implemented a Cadet Career Development Program (Expanded number of Advisors) * Increased involvement in local and regional advertisement venues * Restructured the Division to establish two distinct sections (Personnel and Recruitment & Background Investigations Section) * Streamlined the Background Investigation documentation process to optimize workforce effectiveness and increased case work efficiency * Streamlined the hiring process by working collaboratively with City Personnel to fill critical public safety positions * Coordinated the largest proactive recruitment event "2007 Career Expo and Open House" held at the police department which directly led to the hiring of critical public safety positions * Expanded the recruitment of sworn officers and correctional officers to include non-bilingual applicants * Developed a recruitment assessment mechanism to evaluate event planning 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * With a focus on an appreciation of cultural diversity, the police department will continue to recruit and retain a diverse workforce * The police department will recruit and focus on retaining an 8% sworn female ratio among police officers * Establish a stand alone police department website with direct link to the City website for targeted recruitment advertisement and marketing * Establish and implement a five-year personnel recruitment and retention strategic plan * Establish contractual services for background investigations to complete a cost effectiveness and work product analysis * Continue to recruit for non-bilingual police officers and correctional officers as needed

District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT	PROGRAM			
Crimes Against Persons	011-341			
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Special Investigations	PROGRAM 011-342			
Statement of Purpose				
<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items. * Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release. * Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets. * Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area.

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Building & Facility	011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual.

Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification. ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

GENERAL FUND

PUBLIC WORKS AGENCY	PROGRAM			
Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

GENERAL FUDN SPECIAL REVENUE

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

development, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassment policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employee disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Treasury & Municipal Utility Services		11-175		
Statement of Purpose				
<p><i>To provide for the receipt, custody and investment of City funds in a prompt and courteous manner through sound and prudent policies.</i></p> <p>This program is responsible for the receipt, custody and recordation of all revenues, and for managing the City's investment portfolio and the debt service on City bond issues. Treasury staff bills and collects several of the City's major revenues such as business licenses, dog licenses, utility users tax, hotel visitor tax, paramedic subscriptions, and municipal utility user charges. Municipal Utility Services (MUS) staff handles water meter reading and water turn-ons and turn-offs.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Implementation of on-line bill payment services for municipal utility services * Outsourced printing of municipal utility services bills. * Conducted analysis for selection and acquisition of new municipal utility services system. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Implement new municipal utility services system. * Implement recommendation for auditing program(s) to secure all revenues. * Complete analysis and make recommendations for implementation of on-line or electronic payment of licensing and taxing programs.

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

GENERAL FUND

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

****Programs and services will be delivered by Youth Services (11-213) & Adult Services (11-212)**

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels				
Number of items in system	304,513	316,157	357,181	392,899
Number of registered patrons	131,065	116,049	118,554	125,000
Number of library visits by patrons to fixed facilities	465,055	462,255	538,787	618,000
Number of books materials loaned	398,013	386,063	399,006	422,000
Number of audio recordings loaned	21,516	28,148	31,728	51,000
Number of video/DVD recordings loaned	43,639	48,330	59,202	70,000
Online Database Searches	14,382	16,514	13,397	15,000
Computer Workshops/Attendance	242	N/A	N/A	N/A
Public computer usage: patron sign-ins (new stat)	N/A	10,800	14,182	16,000
Online catalog searches (new stat)	N/A	634,438	1,269,801	15,000,000
Number of new items added to collection (new stat)	N/A	18,473	18,830	22,000
Efficiency				
Overall library cost per loan	\$8.67	\$8.63	\$10.67	\$9.70
Cost per item loaned in Technology & Support Services	\$1.39	\$1.46	\$1.78	\$1.45
Cost per item loaned in Technical Services	\$0.79	\$0.71	\$0.74	\$0.70
Effectiveness				
Achieve ratio 1:8 new books (items) per capita	N/A	1:19	1:19	1:16
Achieve ratio of 2:1 total books per capita	1.31:1	1.41:1	1.42:1	1.43:1
Library card holders as % of Santa Ana residents (Goal is to reach 60%)	37%	32%	33%	35%

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

PARKS, RECREATION & COMMUNITY SERVICES
Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT		PROGRAM		
Fire Communication		011-322		
Statement of Purpose				
<p><i>To ensure emergency & routine communications are handled in a timely & efficient manner to ensure proper response and mitigation by City personnel & equipment.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Upgraded the 911 phone system * Began implementation of "mobile data computer" system and new Computer Aided Dispatch (CAD) * Remodeled Fire Communication Center * Upgraded the programmable logic controller (PLC) in the public address and alerting system at all fire stations * Implementation of new department maps utilizing Fire Response Districts (FRD) 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue implementation of the CAD/MDC (mobile data computer) project * Continue implementation of the wireless computer network * Continue providing refresher courses for Emergency Medical Dispatching * Provide training for three Dispatchers as Incident Dispatchers for Mutual Aid Requests * Implement OC CAD-2-CAD & OC GIS with neighboring agencies * Continue map maintenance, implementation of Mapsol project and FRD conversion

FIRE DEPARTMENT	PROGRAM			
Fire Suppression & EMS	011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

Prepare and monitor the annual budget process
Prepare monthly forecasts of financial position, including expenditures and revenues
Provide budgetary & fiscal expertise to Fire Management
Provide cause & effect and cost analyst of a budgetary nature

Purchasing

Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

Process Direct Payment Vouchers for payment of invoices
Process Direct Payment Vouchers for reimbursements to employees
Maintain proper Petty Cash accountability

Administration

Monitor agreements & contracts for compliance
Prepare & process certifications for hiring, separations and salary changes
Prepare the Department's Requests for Council Actions
Prepare the Departmental revenue deposits going to Treasury

Payroll

Process the semi-monthly payroll
Research and resolve payroll questions
Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

POLICE DEPARTMENT	PROGRAM			
Human Resources	011-332			
Statement of Purpose				
<p><i>To provide effective and responsive human resource management, recruitment, and personnel related functions which support the Police Department's mission and the City's goals and objectives.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Developed and implemented a Cadet Career Development Program (Expanded number of Advisors) * Increased involvement in local and regional advertisement venues * Restructured the Division to establish two distinct sections (Personnel and Recruitment & Background Investigations Section) * Streamlined the Background Investigation documentation process to optimize workforce effectiveness and increased case work efficiency * Streamlined the hiring process by working collaboratively with City Personnel to fill critical public safety positions * Coordinated the largest proactive recruitment event "2007 Career Expo and Open House" held at the police department which directly led to the hiring of critical public safety positions * Expanded the recruitment of sworn officers and correctional officers to include non-bilingual applicants * Developed a recruitment assessment mechanism to evaluate event planning 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * With a focus on an appreciation of cultural diversity, the police department will continue to recruit and retain a diverse workforce * The police department will recruit and focus on retaining an 8% sworn female ratio among police officers * Establish a stand alone police department website with direct link to the City website for targeted recruitment advertisement and marketing * Establish and implement a five-year personnel recruitment and retention strategic plan * Establish contractual services for background investigations to complete a cost effectiveness and work product analysis * Continue to recruit for non-bilingual police officers and correctional officers as needed

District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT	PROGRAM			
Crimes Against Persons	011-341			
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Special Investigations	PROGRAM 011-342			
Statement of Purpose				
<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items. * Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release. * Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets. * Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT Building & Facility	PROGRAM 011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

GENERAL FUND

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual.

Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification.
 ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

GENERAL FUND

PUBLIC WORKS AGENCY	PROGRAM			
Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

development, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

■ GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassment policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employee disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Treasury & Municipal Utility Services		11-175		
Statement of Purpose				
<p><i>To provide for the receipt, custody and investment of City funds in a prompt and courteous manner through sound and prudent policies.</i></p> <p>This program is responsible for the receipt, custody and recordation of all revenues, and for managing the City's investment portfolio and the debt service on City bond issues. Treasury staff bills and collects several of the City's major revenues such as business licenses, dog licenses, utility users tax, hotel visitor tax, paramedic subscriptions, and municipal utility user charges. Municipal Utility Services (MUS) staff handles water meter reading and water turn-ons and turn-offs.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Implementation of on-line bill payment services for municipal utility services * Outsourced printing of municipal utility services bills. * Conducted analysis for selection and acquisition of new municipal utility services system. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Implement new municipal utility services system. * Implement recommendation for auditing program(s) to secure all revenues. * Complete analysis and make recommendations for implementation of on-line or electronic payment of licensing and taxing programs.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

GENERAL FUND

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

****Programs and services will be delivered by Youth Services (11-213) & Adult Services (11-212)**

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Levels				
Number of items in system	304,513	316,157	357,181	392,899
Number of registered patrons	131,065	116,049	118,554	125,000
Number of library visits by patrons to fixed facilities	465,055	462,255	538,787	618,000
Number of books materials loaned	398,013	386,063	399,006	422,000
Number of audio recordings loaned	21,516	28,148	31,728	51,000
Number of video/DVD recordings loaned	43,639	48,330	59,202	70,000
Online Database Searches	14,382	16,514	13,397	15,000
Computer Workshops/Attendance	242	N/A	N/A	N/A
Public computer usage: patron sign-ins (new stat)	N/A	10,800	14,182	16,000
Online catalog searches (new stat)	N/A	634,438	1,269,801	15,000,000
Number of new items added to collection (new stat)	N/A	18,473	18,830	22,000
Efficiency				
Overall library cost per loan	\$8.67	\$8.63	\$10.67	\$9.70
Cost per item loaned in Technology & Support Services	\$1.39	\$1.46	\$1.78	\$1.45
Cost per item loaned in Technical Services	\$0.79	\$0.71	\$0.74	\$0.70
Effectiveness				
Achieve ratio 1:8 new books (items) per capita	N/A	1:19	1:19	1:16
Achieve ratio of 2:1 total books per capita	1.31:1	1.41:1	1.42:1	1.43:1
Library card holders as % of Santa Ana residents (Goal is to reach 60%)	37%	32%	33%	35%

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

PARKS, RECREATION & COMMUNITY SERVICES
Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT Fire Suppression & EMS	PROGRAM 011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

Prepare and monitor the annual budget process
Prepare monthly forecasts of financial position, including expenditures and revenues
Provide budgetary & fiscal expertise to Fire Management
Provide cause & effect and cost analyst of a budgetary nature

Purchasing

Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

Process Direct Payment Vouchers for payment of invoices
Process Direct Payment Vouchers for reimbursements to employees
Maintain proper Petty Cash accountability

Administration

Monitor agreements & contracts for compliance
Prepare & process certifications for hiring, separations and salary changes
Prepare the Department's Requests for Council Actions
Prepare the Departmental revenue deposits going to Treasury

Payroll

Process the semi-monthly payroll
Research and resolve payroll questions
Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

POLICE DEPARTMENT	PROGRAM			
Human Resources	011-332			
Statement of Purpose				
<p><i>To provide effective and responsive human resource management, recruitment, and personnel related functions which support the Police Department's mission and the City's goals and objectives.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Developed and implemented a Cadet Career Development Program (Expanded number of Advisors) * Increased involvement in local and regional advertisement venues * Restructured the Division to establish two distinct sections (Personnel and Recruitment & Background Investigations Section) * Streamlined the Background Investigation documentation process to optimize workforce effectiveness and increased case work efficiency * Streamlined the hiring process by working collaboratively with City Personnel to fill critical public safety positions * Coordinated the largest proactive recruitment event "2007 Career Expo and Open House" held at the police department which directly led to the hiring of critical public safety positions * Expanded the recruitment of sworn officers and correctional officers to include non-bilingual applicants * Developed a recruitment assessment mechanism to evaluate event planning 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * With a focus on an appreciation of cultural diversity, the police department will continue to recruit and retain a diverse workforce * The police department will recruit and focus on retaining an 8% sworn female ratio among police officers * Establish a stand alone police department website with direct link to the City website for targeted recruitment advertisement and marketing * Establish and implement a five-year personnel recruitment and retention strategic plan * Establish contractual services for background investigations to complete a cost effectiveness and work product analysis * Continue to recruit for non-bilingual police officers and correctional officers as needed 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09
Service Level

District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT	PROGRAM			
Crimes Against Persons	011-341			
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

POLICE DEPARTMENT Special Investigations	PROGRAM 011-342			
Statement of Purpose				
<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items. * Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release. * Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets. * Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT Building & Facility	PROGRAM 011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09

GENERAL FUND

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

GENERAL FUND

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual.

Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

GENERAL FUND

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification. ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

GENERAL FUND

PUBLIC WORKS AGENCY	PROGRAM			
Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

GENERAL FUND SPECIAL REVENUE

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

GENERAL FUND SPECIAL REVENUE

PARKS, RECREATION & COMMUNITY SERVICES

PROGRAM

Cable TV Fund

21-231

Statement of Purpose

To provide capital equipment and support services for the City's cable TV operations.

SERVICE PROGRAM

The Cable TV Fund provides the capital equipment and support services necessary to operate the City's Channel 3 cable channel. Services include City Channel 3 24/7 playback services, communication service upgrades, HD/widescreen equipment upgrades, and City facility broadcast equipment upgrades and maintenance.

GENERAL FUDN SPECIAL REVENUE

POLICE DEPARTMENT
Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

DOWNTOWN MAINTENANCE FUND - CDA		PROGRAM		
Downtown Maintenance		407-933		
Statement of Purpose				
<p><i>To provide on-going maintenance and improvements of public spaces in the City of Santa Ana Downtown area and in the Willard Street neighborhood.</i></p> <p>The City needs to effectively manage the cleanliness and maintenance of the streets, sidewalks and other public spaces in the Downtown area. This fund will cover charges including utility costs, signage, landscaping, irrigation, banner maintenance, sweeping, steam cleaning and litter control.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Implemented a Litter Control Program with a Downtown Ambassador component. * Effectively utilized steam cleaning resources to provide an even coverage in downtown high traffic areas. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide litter control and steam cleaning in the downtown area.

■ PREVIEW OF SANTA ANA'S OPERATING BUDGET

The General Fund is the largest city fund and is commonly referred to as the City's operating budget. General Fund is comprised of operating budget fund 11, Special Revenue Funds 22, 24, 25, 120, 121 & 407 and also Capital Outlay fund 51. Fund 11 is the largest of these funding sources. The Pie charts in the following pages illustrate FY 08-09 General Fund revenues and expenditures by major categories. Recent trends and a history of General Fund revenues and expenditures put the pie charts one year financial data in perspective. The expenditure summary cross references to program detail as well as to other funds with financial ties to General Fund. An inter-city survey of selected general fund expenditure benchmarks and program and resource sheets for each budgeted activity complete the section. For a complete listing of General Fund sources and uses please see tables 2-2, 2-5 and 2-6.

■ GENERAL FUND DEFINITION

The General Fund accounts for all financial resources except those required by law or by accounting standards to be accounted for in another fund. This is also the fund that City Council has the most discretion on. Like all funds, it is divided into revenues and expenditures. Revenues must balance to expenditures and vice versa. General Fund revenues come from taxes, licenses, permits, fines, intergovernmental revenue, forfeits, charges for services and other miscellaneous sources. The General Fund pays for the City's basic services and essential functions including public safety (police and fire services); infrastructure improvement; recreational, cultural, social services and city administration. Also, certain capital-

ized lease obligations and minor capital acquisitions are accounted for in this fund.

■ RELATIONSHIP BETWEEN GEN. FUND AND TOTAL CITY BUDGET

The General Fund budget is the largest component of the total City budget. Table 1-3 in the previous section highlights the General Fund as a component of the total city budget structure.

■ GEN. FUND BEGINNING & ENDING BALANCES

Table 2-1 illustrates the total General Fund Beginning & Ending fund balances containing all Special Revenue and Capital funds related to the General Fund. This table also illustrates the current structural deficit in which recurring expenditures exceed recurring revenues. With rising costs and what appears to be a plateau and potential decline in revenues, the City is projecting a deficit for both FY08-09 and FY 09-10 if no action is taken. In efforts to resolve this situation, the City will embark on a 2-3 year approach in resolving the structural deficit and ensuring the City's long-term financial stability.

FY08-09 General Fund total budget is \$244,714,180 million with \$216,492,835 in current estimated revenues and \$7,298,740 in transfers as illustrated on page 2-2. A balanced budget was adopted thru the use of undesignated fund balance in the amount of \$28,221,345. Details regarding Transfers-In can be found on table 2-5 of the General Fund revenue summary. Fund Transfers-In include Redevelopment Loan repayments and Special Revenue Fund transfers. Fund Transfers-Out of the General Fund are comprised of Loans to Rede-

General Fund Revenue Sources

FY 2008-2009 Estimated Revenues: \$216,492,835

Fund Balance: 28,221,345

Total General Fund Revenue Sources: \$244,714,180

velopment, Lease Payments to Parking and Depot Enterprise Funds. Detail of transfers out totaling \$5,539,960 are illustrated in General Fund Expenditure Summary table 2-6.

GENERAL FUND REVENUE

The pie chart above groups General Fund revenues by funding source and the detail of each grouping is identified on General Fund revenue summary table 2-2. Additional General Fund related revenues are also identified on Table 2-2 and a departmental grouping version of the various revenues is presented on Table 2-5.

General Fund revenue is projected to remain relatively flat at \$216.5 million (\$910,744 less than FY07-08) reflecting current slowdown trends and potential downturn in local economy. The City's four largest tax sources are comprised of Sales Tax, Utility Users Tax, Property Tax and Property Tax In Lieu of VLF amounting to \$131,341,130 for an equivalent of 60.7% of total General Fund revenue.

Sales tax revenue is anticipated to remain flat and may even experience a decrease based on economic analysis and assumptions supplied by MuniServices LLC. Utility Users Tax revenues are anticipated to increase a modest 2% based on collection trends and increases in overall utility costs.

Property Tax and Property Tax In- Lieu of VLF continue to show signs of growth but at a much slower pace. With foreclosures on the rise and the Orange County Assessor's Office

reassessing properties with lower values, we may see this revenue flatten by the end of the fiscal year. O.C. Assessor's Office predictions along with what appears to be a correction in the housing market were the main factors in projecting property tax revenue for the upcoming year. Property Tax In-Lieu VLF is anticipated to increase 3% based on an in-house calculation and collections received from the County of Orange.

Earnings on investments are anticipated to see a significant decrease resulting from nominal investment returns and the depletion of existing cash reserves.

Planning & Building related fees and charges will experience a slight decline in revenues due to a sluggish trend in development projects and longer than anticipated starting project timelines. Public Works Agency revenues reflect a 34% decline (see table 2-5) related to no longer transferring Special Gas Tax revenues into the General Fund to assist with traffic signal, roadway maintenance and median landscaping. Special Gas Tax revenues as well as expenditures will now remain in fund 29 (Special Revenue Section 5).

For additional information pertaining to the City's major revenues, assumptions and trend details turn to pages 2-7 thru 2-9. Revenue detail pertaining to General Fund related Special Revenue funds 22, 24, 120, 121, 407 and Capital Outlay fund 51 are identified on tables 2-2, 2-6 and also in the resources sheets at the end of this section.

MAJOR REVENUE ASSUMPTIONS

The Orange County economy has traditionally outperformed the nation and the state. Santa Ana, the oldest and most populated city in orange county strives to maintain its tax base through economic development efforts which directly impact it's four major general revenues sources (Sales Tax, UUT, Property Tax, Property Tax In Lieu of MVL). These revenues are projected to reach \$131,341,130 in FY 08-09 or an equivalent 1 percent increase over FY 07-08. Despite the projected increase, revenues are still insufficient to cover current operating costs in the General Fund. Figures 2-1 through 2-4 show trends of the four largest General Fund revenues. The City's tax revenues over a 10-year period are shown as dollar amounts in Table 2-3 and as percentages of Total General Fund in Table 2-4.

Sales Tax

In 1955, the State legislature passed the Bradley-Burns Uniform Local Sales & Use Tax Law authorizing the State Board of Equalization to collect sales taxes for all California cities and counties. By 1967, all cities and counties in the state had adopted local ordinances under this law. Today, the law allows counties and cities to impose a 1.25 percent and 1 percent rate, respectively, with a combined rate not to exceed 1.25 percent. This combined rate is then included in the statewide tax rate. The State disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. This tax is measured by gross receipts from retail sales at a rate of 7.75 percent. The total tax rate is made up of the basic statewide sales tax of 7.00 percent plus a 0.25 percent special district tax for the Orange County Transportation District (OCTD) and 0.50 for public safety.

In November of 2004, proposition "1A" was approved by California voters which limits the State's ability to balance budgets using local government funds. At the time, the State of California had taken \$6.4 million in "ERAF III funds" from the City in a complicated swapping arrangement between Motor Vehicle License fees, Property Tax and Sales Tax later know as Property Tax in Lieu of VLF and Sales

Tax Triple Flip. The State's "Triple Flip" exchanges one quarter of the City's Sales Tax receipts for Property Tax. The City's FY 04-05 Sales Tax revenue was not adversely impacted by the State's mandated "Triple Flip" due to Santa Ana's growth in economy and increasing Sales Tax receipts.

Sales tax revenue can be a barometer of the economy. Based on trends for FY 07-08 year-ending sales tax receipts and sales tax analysis provided by MuniServices LLC., the City anticipates receiving \$45.6 million in sales tax revenue in FY 08-09. At this point in time, it appears that our Sales Tax has flattened-out and could potentially see a decrease as the year progresses resulting from a downward trend in our automotive sales as well as retail purchases. With a statewide increase in utilities, gas and staple goods, individuals will have less discretionary income to purchase day-to-day goods and large ticket items. This will definitely impact our sales tax receipts throughout the year. As Figure 2-1 indicates, the sales tax is an "elastic" revenue, which means it tends to rise and fall with the state of the economy. As a result, the city will continue to monitor monthly for any negative impacts due to potential recessionary economic behavior in the local economy. Tables 2-3 and 2-4 depict the dominance of the sales tax as the City's largest source of General Fund revenue.

Property Tax

The property tax is administered by three County of Orange agencies: the Assessor, the Tax Collector, and the Auditor-Controller. Real Property is valued by the County Assessor and taxed at 1 percent of assessed value. The Treasurer-Tax Collector prepares and distributes the tax bills and collects the taxes due. Taxes received by the county are then apportioned by the Auditor-Controller to participating cities and agencies based on an established formula. The Tax Collector charges the City 1/4 of 1 percent of the amounts collected for its services. In 1978, Proposition 13 altered the method of property tax assessment. Increases in property taxes are now based on property changing ownership, new construction, and a maximum annual increase of 2 percent in property assessments. Using trend analysis and projections submitted by the County of Orange, the City expects to receive \$30.4

million in property taxes for FY 08-09, a 3% percent increase over the prior year’s budgeted revenues.

Property taxes have traditionally been one of the City’s largest source of general fund revenues. In the last 10 years, however, the sales tax, and utility users tax have surpassed the property tax in annual revenue generated. Tables 2-3 and 2-4 show how the property tax portion of the general fund has become the second largest revenue source once again surpassing UUT since FY06-07.

Utility Users Tax

The utility users tax (UUT) is imposed on every individual or corporation using a utility within the City with an annual maximum cap of \$11,000 per user. Utilities subject to the tax include electricity, gas, water, telephone, cellular, telex, and international calls. Individuals and firms using these utility services pay a tax rate of 6 percent on all charges made for such services (Telephone, Gas, Water, Electricity). Low-income families that meet established criteria are exempt from this tax. The City expects to receive \$28.2 million in UUT revenue for FY 08-09 based on trend analysis and assumptions based on rising electricity costs and increasing efforts to collect utility users tax from resistant cellular phone companies. UUT revenue is the General Fund’s third largest revenue source as depicted in pie chart located on page 2-2. Figure 2-3 (above) demonstrates how this revenue has been increasing steadily since FY94-95.

UUT revenues are currently under scrutiny pending federal legislation that would eliminate the possibility of collecting long distance and cell phone related UUT revenue. The UUT projections presented in the budget document represent assumptions that the City will not be challenged or lose any revenues based on pending legislation changes.

Motor Vehicle License & Prop Tax In-Lieu of VLF

A Motor Vehicle License (MVL) Fee of 2 percent is charged to vehicle owners in lieu of a personal property tax on vehicles. This fee is based on the vehicle sale price (or value) when the vehicle is initially registered. As a vehicle is sold or transferred the vehicle value is adjusted based on an 11-year schedule. The Department of Motor Vehicles collects the fee and the State Controller distributes the proceeds to cities and counties in proportion to their population. MVL fees were slashed in 1999 as the “car tax cut” law took effect. Cities were spared from fiscal harm because this law required the state to reimburse (backfill) cities the amount of MVL revenues lost from the tax cut by providing rebates from the state general fund. During FY 03-04, the State kept \$6.3 million of our MVL revenue, causing the city to create a cautionary spending plan by holding positions vacant, delaying expenditures and closely monitoring revenues and reserves.

During FY 04-05 the State’s mandated “Motor Vehicle License Swap” took virtually all of the City’s MVL funds and swapped for Property Tax. This swap created a significant shift in MVL. As shown on Figure 2-4, the City of Santa Ana has been made whole due to the shift of funds since FY04-05. Aside from the State backfilling MVL with Property Tax In Lieu, the City gains additional supplemental property tax in lieu of VLF revenues thru significant growth in property values and the sales of homes.

Using trend analysis and County of Orange projections, the City anticipates to receive approximately \$27 million in Property Tax In Lieu of VLF. As for the MVL, the City will continue to receive revenues although now will play a minimal roll. Based on a revenue trend analysis and a decrease in autos sales, Santa Ana is anticipating approximately \$1.6 million in Motor Vehicle License fees for FY 08-09.

General Fund Revenue Structure

Santa Ana’s fiscal health depends on the City’s ability to grow the tax base and provide a stable revenue stream that can weather the fluctuations of economic cycles. The revenue structure should have both elastic and inelastic sources. Elastic revenues like the sales tax are sensitive to changes in economic conditions, rising with great economy growth but falling in the downturns. Tables 2-3 and 2-4 show the sales tax as having the largest share in the general fund structure, which makes the City more vulnerable to economic upheavals. To counteract this, the City grows its tax base by also developing more inelastic behaving revenue sources than

elastic revenue sources such as the utility users tax. As shown in Figure 2-3, this revenue source has moderate growth and is a stable performer because it is less sensitive to economic fluctuations. Inelastic revenues provide a hedge that ensures some steady cash flow during those lean periods when elastic revenues like the sales tax are in a slump. The share of utility users tax revenue in the general fund has generated between 12.6 and 15.6% of the City’s General Fund over the past 15 years.

General Fund Appropriations

FY 2008-2009 \$ 244,714,180

* Includes \$9,325,895 Police Building Debt Service

GENERAL FUND EXPENDITURE

The pie chart above illustrates the appropriations associated with the General Fund totaling \$244.7 million representing a 6% increase over last year. These amounts include General fund 11, Redevelopment Passthroughs, transfers and Special Revenues related to the General Fund. A summary of department appropriations can be found in Table 2-6 and further details in the resource and program sheets.

Public Safety alone represents 72.6 percent of total City appropriations, an equivalent of \$177.6 million with the majority of its increase related to salary, benefit and utility costs. Other related cost increases within the Police Department include the relocation of a Systems Support Analyst into a Police Systems Manager and continued funding for a second Street Terrorist Offender Program team (also known as STOP) comprised of one Sergeant and 10 Police Officers added during FY07-08.

Parks, Recreation and Community Services budget increased by 8.6% and is the department that received the highest general fund appropriation percentage increase when compared to FY07-08 departmental allocations. The increase is due to salary and benefit related costs as well as maintenance contractual increases as a means to

accomplish one of Council's top priorities which is completing minor deferred maintenance projects in all parks.

Public Works Agency appropriations decreased by 38.7% or an equivalent of \$2.9 million related to reverting all Traffic Signal, Roadway Maintenance and Median Landscaping allocations back into the Special Gas Tax (fund 26) located under Special Revenues section. With this shift of funds, PWA will continue to meet all maintenance of effort (MOE) requirements.

In 2008-09, several departments (City Manager's Office, Clerk of the Council, City Attorney, Library, Finance & Management Services and Personnel Services) have reduced their ongoing operational base budget by 5% without jeopardizing any core services. Minimal increases to these departments are reflected on table 2-6.

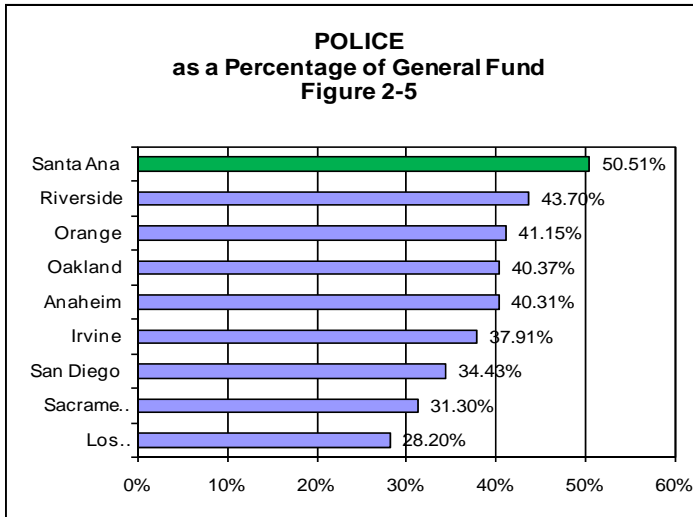

A total of 2 full-time positions were deleted and 5 Part-Time Civil Services (PTCS) positions were added to the General Fund Budget. The Library increased its PTCS count by 5 and the Finance and Management Services Agency decreased its count by 1 Principal Program Manager Analyst and 1 Computer Operations Coordinator. For more information on personnel changes, please see authorized Full-Time Positions table 1-13 in Section 1.

GENERAL FUND EXPENDITURE BENCHMARKS

Santa Ana surveyed eight (8) California cities to benchmark the percentage of FY 08-09 General Fund expenditures associated with police, fire, recreation, and library services. Santa Ana had the highest percentage of General Fund expenditures associated with police services as shown in Figure 2-5. This continues the City’s long-running practice of using General Funds to pay for the City’s most essential municipal services such as public safety. Ensuring Public Safety is one of Council’s top four focused priorities for FY08-09.

Police (Figure 2-5) and Fire (Figure 2-6) are Santa Ana’s two largest General Fund departments, making up over 72 percent of the total General Fund budget. The Santa Ana Fire Department first received the Insurance Services Office’s (ISO) highest rating of Class 1 in 1982 and has continued to retain that rating to this day.

The City’s recreation budget (Figure 2-7) has evolved as major a priority with the 2000 U.S. Census finding that Santa Ana has the youngest city population, and one of the largest student populations, in the nation. Park Parks, Recreation &

Community Services continues to receive over \$16 million in general fund appropriations and received the largest General Fund allocation in FY08-09 as a reflection of Council’s focus priority in deferred park maintenance in all City parks.

Santa Ana Library allocation for FY 08-09 amounts to 2.2 percent of the total budget or an equivalent of \$5.2 million as depicted on figure 2-8.

Funding for recreation and library programs will be at the forefront in future budget cycles as the City meets the challenges of a very young population and the constraints of budgetary limitations. The city’s vision statement includes “investment in children” as the first of seven vision elements (see Purpose, Vision, & Goals section). Goals for FY 08-09 include deferred park maintenance to all parks, improvements to Centennial park, Flower Street bike trail extension, Santa Anita pool renovations, construction of the Santa Ana Zoo “Tierra de las Pampas” exhibit, development of the Library Teen Center and the continuation of various programs/projects which include the Youth Master Plan, intramural sports for middle school children, Summer Day Camp program, Catalina Youth Campout, Youth Summit and Expo, expanded summer reading program and joint use opportunities with the Santa Ana Unified School District.

CITY MANAGER'S OFFICE	FUND	11
Council Services	Activity	010

Statement of Purpose

To provide administrative assistance and other support services to the Mayor and Councilmembers.

This program provides such services as processing Council requests and resident inquiries; providing materials and staff support in various community meetings; coordinating special presentations by the City Council; providing clerical support to Councilmembers including mail/messenger and scheduling duties; handle special projects and assistance as directed by the City Manager, Mayor, and City Council; responsible for all intergovernmental relations and legislation for the City.

SERVICE PROGRAM

- * Process requests made by Councilmembers and residents to appropriate City departments and ensure that a solution is reached.
- * Monitor Federal and State legislation that may impact cities in general and Santa Ana in particular.
- * Provide advocacy of legislative programs which address issues on the federal, state and county levels in conjunction with the Legislative Operations Committee and the League of California Cities.
- * Provide recommendations addressing legislative concerns at the scheduled meetings of the Legislative Operations Committee for Council Actions.

Legislative Affairs

FUND 11
Activity 011

Statement of Purpose

To ensure that Councilmembers are provided the means in which to perform their legislative responsibilities and establish municipal policies.

This program provides the services to enable Councilmembers to maintain an awareness of community needs, analyze program possibilities and available resources, select and implement programs, and evaluate the efficiency and effectiveness of City programs.

SERVICE PROGRAM

- * Councilmembers participate in meetings of the City Council, Redevelopment Agency, Housing Authority, Industrial Development Bond Authority, Santa Ana Financing Authority, City Council committees, and in various community meetings, and in presentations on behalf of civic and regional events.
- * Councilmembers also participate in local, state, and national organizations of municipal officials and attend various conferences to promote local needs, to increase knowledge and to share information.

CLERK OF THE COUNCIL
Clerk Administration and Elections

PROGRAM
11-021

Statement of Purpose

To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

Accomplishments in FY 06-07 & FY 07-08

- * Updated City Precinct Maps
- * Conducted 2006 Municipal Election and 2008 Special Municipal Election (two ballot measures)
- * In conjunction with the City Attorney, revised the City's Conflict of Interest Code Disclosure categories and employee designations
- * Updated Election Brochure, and Boards and Commissions Informational Brochure
- * Revised Citywide Records Retention Schedule
- * Conducted training for new City Commissioners on the Brown Act, Public Records Act, and parliamentary procedures, in conjunction with the City Attorney's Office

Action Plan for FY 2008-09

- * Continue to examine improvements in providing public access to City Council Meetings and in providing for timely access to public records
- * Continue to identify ways to provide staff with the necessary resources and skills to improve services provided to the Council, City Agencies, and the public
- * Provide staff support for the Council in development of a Code of Ethics and Conduct required due to the passage of Measure D
- * Work with the County Registrar of Voters and the Public Works GIS Division to update precinct information and the Ward maps for the November, 2008 Election
- * Meet all legal deadlines and requirements in connection with the General Election in November, 2008

GENERAL FUND

CITY ATTORNEY'S OFFICE
City Attorney's Office

PROGRAM
11-031

Statement of Purpose

To advance the legal interests of the City through services exemplified by respect, integrity, and professionalism.

The City Attorney is appointed by and serves at the pleasure of the City Council. The City Attorney's Office is the City's legal counsel providing such services as appearing in litigation on behalf of the City and its officials, drafting all ordinances, resolutions, contracts, and advising officials and employees on all matters of law pertaining to official duties. This office is also empowered to prosecute violations of municipal and state law on behalf of the People of the State of California. The Santa Ana City Attorney's Office is composed of eleven full-time attorneys, a senior legal management assistant, two paralegals, and four support staff members. The Office is divided into three "work groups" built around particular fields of practice or responsibility.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is composed of the City Attorney and the Legal Management Assistant, and is responsible for office operations, budget, technology, training & development, human resource management, practice, and systems management.

DEVELOPMENT SERVICES GROUP

This group provides advisory and litigation services to the various departments, agencies, boards and commissions of the City whose focus is development and construction including the Planning & Building Agency, Community Development Agency and the Public Works Agency. This group prosecutes violations of the Santa Ana Municipal Code.

GENERAL COUNSEL GROUP

This group is responsible for providing a wide range of legal services to all non-development oriented agencies, boards, and commissions of the City such as the Santa Ana Police Department, Management and Finance Services Agency, and Parks & Recreation. Additionally, they manage all of the tort/civil liability litigation and provide support and assistance to the Risk Management Division, as well as providing advice to the Santa Ana Police Department.

PERSONNEL SERVICES		PROGRAM		
Personnel Services		11-141		
Statement of Purpose				
<p><i>To provide responsive professional personnel management assistance to City departments to achieve a multi-cultural, highly trained and well-compensated workforce.</i></p> <p>The department's recruitment and selection system reflects a strong commitment to outreach principles to achieve a highly competent workforce representative of the community. This program also facilitates interaction with employee association and maintains a salary structure which is both externally competitive and internally equitable. Personnel Services endorses sound management practices and a continuous improvement philosophy by providing timely, high quality services. The department promotes the development of productive employees through training and promotional opportunities.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * 79% of newly hired employees were protected classes and a majority were bilingual * Maintained rate of allegations or complaints of improper personnel practices below three per thousand employees. * Negotiated collective bargaining agreements with the following bargaining units: FMA, SEIU PTCS and SEIU PT. * Posted class specifications, salary information, and collective bargaining agreements on City website * Implemented upgrade of applicant tracking system to enhance recruitment/selection activities 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain trend of hiring a well-qualified, diverse work force. * Comply with federal and state mandates regarding employee training for a variety of topics, such as anti-harassmen policy training, preventing workplace harassment training and Department of Transportation [DOT] Random Drug and Alcohol Testing Program training. * Work collaboratively with all City Departments and the City Attorney's Office to effectively manage and resolve employee disciplinary issues. * Implement collective bargaining agreements with all City bargaining units, including FMA, SEIU-PTCS and SEIU-PT * Define career ladders and develop succession planning methodologies in anticipation of enhanced retirement program.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES
Management & Support

PROGRAM
11-170

Statement of Purpose

To provide quality financial management services to the City organization and to insure prudent use and maintenance of the City's financial resources and physical assets.

This program provides direction and support to Finance & Management Services. The Division is responsible for the improvement of operational efficiency through internal audits and special research, and the review, preparation, and monitoring of the City's operating and capital budgets.

SERVICE PROGRAM

ACCOUNTING

To provide accurate, meaningful, and responsive accounting services, internal control systems and financial reports in accordance with generally accepted accounting principles.

PURCHASING/PAYROLL/CENTRAL SERVICES

To supply quality and economical material and services to City departments which are promptly priced, purchased, provided, and paid. To process an accurate payroll that complies with all state and federal tax and labor laws, and conforms to negotiated pay and benefits as identified in employee contracts. To provide reprographic and messenger services to all City departments.

TREASURY/CUSTOMER SERVICE

To provide for the receipt, custody, and investment of City funds in a prompt and courteous manner through sound and prudent policies.

INFORMATION SERVICES

To provide responsive and accurate automated management information resources to user departments through modern technology.

BUILDING MAINTENANCE

To maintain safe, secure, attractive, and efficient City buildings and equipment through regular custodial services and preventative maintenance.

FLEET SERVICES

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventative maintenance, and repair.

FINANCE & MANAGEMENT SERVICES
Purchasing

PROGRAM
11-173

Statement of Purpose

To effectively provide quality economical products and services to City departments which are promptly priced, purchased, provided, and paid.

This program provides centralized purchasing and accounts payable services for the City. Purchasing works with all City agencies to develop technical specifications, advertising and bidding procedures, and payment processing to ensure quality products and services are purchased while adhering to the City Charter and City Code requirements.

Accomplishments in FY 06-07 & FY 07-08

- * Modernized Purchasing Code to allow for e-Procurement
- * Updated Procurement Manual, posted on the intranet
- * Conducted training classes and updated policy manual; Part I on Agreements was presented to 121 employees in 5 sessions; Part II class on the Requisition to PO to Invoice Payment was presented to 186 employees in 11 sessions
- * Prepared Emergency Operations Center procedure manual for Procurement

Action Plan for FY 2008-09

- * Implement the Procurement module of the Lawson Financial and HR software
- * Assist in the implementation of the Financial module (A/P process) of the Lawson Financial and HR software
- * Conduct training sessions with departments on Procurement module
- * Conduct vendor training on vendor self service portal

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Treasury & Municipal Utility Services		11-175		
Statement of Purpose				
<p><i>To provide for the receipt, custody and investment of City funds in a prompt and courteous manner through sound and prudent policies.</i></p> <p>This program is responsible for the receipt, custody and recordation of all revenues, and for managing the City's investment portfolio and the debt service on City bond issues. Treasury staff bills and collects several of the City's major revenues such as business licenses, dog licenses, utility users tax, hotel visitor tax, paramedic subscriptions, and municipal utility user charges. Municipal Utility Services (MUS) staff handles water meter reading and water turn-ons and turn-offs.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Implementation of on-line bill payment services for municipal utility services * Outsourced printing of municipal utility services bills. * Conducted analysis for selection and acquisition of new municipal utility services system. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Implement new municipal utility services system. * Implement recommendation for auditing program(s) to secure all revenues. * Complete analysis and make recommendations for implementation of on-line or electronic payment of licensing and taxing programs.

GENERAL FUND

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Information Services		11-179		
Statement of Purpose				
<p><i>To provide timely and accurate management information; storage, retrieval, analysis of data employing microcomputers, servers and mainframe computers connected via local and wide area networks; and telephone facsimile services -- services all designed to improve the productivity and effectiveness of the City's operating departments.</i></p> <p>The Information Services division acts as an information center providing technology assistance to City departments in the design, development and implementation of the City's information management systems. Information Services staff support over 2000 plus end-users, 600 mainframe-based application programs, three client/server-based and three web-based Enterprise business systems; the City's wide area network with connection to the Internet; seven department local area networks; 120 servers in two data centers with 24 tera bytes of data capacity, 150+ managed network switches and routers, first/second line support to over 700/2100 microcomputer systems/devices, and 100 high speed data circuits.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * 100% on-time system performance for payroll/housing assistance/vendor checks, utility bills, and business licenses. * Provided management and administrative support of the Police Department's Data Center and the City's Data Center. * Support 67 Blackberry handheld devices and administer the City's Blackberry Enterprise Server. * Configured/supported Microsoft Mobile Data Devices for City Councilmembers and increasing number of City Executives. * Configured/installed 165 microcomputers, printers & scanners * Upgraded the Risk Management System. * Major upgrade to the Library's TLC system with enhanced functionality allowing staff to create their own reports. * Increased reliability and speed of wireless data network & upgraded data backup capabilities for more protection. * Continued to provide effective SPAM protection, reaching an average of 80% gross filtering rate, using a multi-vendor and multi-layered approach. * Provided infrastructure & support for both SAFD sponsored EOC and the SAPD Departmental Operations Center. * Increased wireless data usage to all marked Police cars and Fire apparatus. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to provide superior technology support to the City Councilmembers and City Executives. * Continue programming and computer operations support for key City business systems, including the payroll, financial, business license, and property information systems. * Support technology-based Homeland Security initiatives. * Continue efforts to proactively manage enterprise wide area network and local area networks to preclude downtime. * Manage network bandwidth to accommodate increasing computer-based activities as part of City operations. * Implement a Plan to upgrade Microsoft O/S and Office on City PCs to current version using the new EA. * Complete joint effort with SAPD to implement integrated Jail Management System. * Remodel the Data Center to provide reliable environmental infrastructure and to better utilize space.

GENERAL FUND

LIBRARY	PROGRAM			
Adult Services	11-212			
Statement of Purpose				
<i>To provide a variety of timely materials, quality information and services that are useful and promote learning and enjoyment for adults in Santa Ana's ethnically diverse population.</i>				
<p>Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan. Adult Services staffs & maintains the Santa Ana History Room, which collects and makes available to the public materials & information on Santa Ana, Orange County, and California History. This division also provides book selection & delivery services to Shut-In residents of Santa Ana. Adult Services coordinates programs with Youth Services & Technology & Support Services.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Began to reorganize and rationalize the Santa Ana History Room to make information readily available to patrons. * Added two online databases and increased the access to magazine & newspaper articles. * Improve staff efficiency and public service by transferring Passport Acceptance duties to clerical staff, and increasing hours of service by 3hrs per week. * Improved collection by evaluating 20% of 137,108 items and removing/replacing 6% of outdated/damaged materials. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to plan for and implement the rationalization of the finding aids for the Santa Ana History Room. * Design and construct a space for Young Adult patrons to gather and study. * Integrate the management of collections and programs for patrons 14-18 into Adult Services. * Improve service to patrons by staffing the Santa Ana History Room an additional 10 hours per week. * Improve service to Santa Ana teens by providing increased and enhanced programming and mentoring.

LIBRARY		PROGRAM		
Youth Services		11-213		
Statement of Purpose				
<p><i>To provide timely materials and quality programs to meet the educational, recreational, and cultural needs of youth, from infancy through high school, to promote early literacy, enhance academic success and expand personal growth.</i></p> <p>This program provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites & on the Bookmobile; technology & workshops for students & parents; storytime and educational / cultural programming for families; school visits and library tours. These services are provided in coordination with Adult Services, the Santa Ana Unified School District, and other educational institutions & community agencies.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Implemented a full-service after-school homework help and tutoring program to assist students with academic needs. * Provided eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Provided bi-weekly Children's book club discussions at the Newhope Library Learning Center. * Provided two seasonal reading incentive programs (Summer & Spring) at both sites. * Provided computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Provided cultural and educational programming for Santa Ana children and families throughout the year. * Continued outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Established bookmobile services at Friendship Park & Valley High School * Visited six Head Start Preschools and organize Early Literacy Fair for teachers, parents, and children to promote library programs & services. * Provided reading and computer workshops for parents to learn how to help their children read, use computers & library resources to succeed in school. * Collaborated with three Santa Ana High schools (Valley, Century, & Saddleback) to provide library materials to K-8 students in those neighborhoods. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue conducting eight weekly storytimes at both the Main Library and at the Newhope Library Learning Center. * Continue providing two seasonal reading incentive programs. * Continue offering the after-school homework help and tutoring program to assist students with academic needs. * Continue providing computer & Internet access, electronic interactive reading tools, & weekly computer workshops for PreS-8th students. * Continue providing monthly and weekly cultural and educational programming (during summer reading) for Santa Ana children and families. * Continue outreach effort to Santa Ana schools and community agencies to promote library resources, programs, and services. * Continue conducting the Children's book club at the Newhope Library. * Continue providing workshops for parents to learn how to help their children use library resources and to succeed in school. * Collaborate with three elementary schools to promote reading at these schools' monthly Family Reading Nights. * Provide parents and child care providers with ready "Early Literacy" kits that include books and audiovisual materials on various early childhood topics.

GENERAL FUND

LIBRARY
Administration Services

PROGRAM
11-214

Statement of Purpose

To provide responsible and effective administrative support for Library public services to allow program delivery to the community in a timely, efficient, and effective manner.

This program develops & monitors the budget and quality issues of the department and insures the efficiency and the effectiveness of library operation. Administrative functions such as Purchasing, Department Personnel & Payroll are controlled by this division. Administration Services provides the staff support to the Library Board.

ORGANIZATIONAL STRUCTURE

ADMINISTRATION

This group is responsible for all administrative matters for the Library; consists of the Library Director, Management Analyst, and supporting staff.

ADULT SERVICES

Adult Services provides information via phone and to the walk-in public. Patrons are assisted in material selection and the use of library resources and services. This division also evaluates library materials for purchase and remove in accord with the collection development plan.

YOUTH SERVICES

Youth Services provides advisory, information and reference services for children, youth, parents, teachers and adults at both library sites. It also offers technology workshops for students & parents; storytime and educational/cultural programming for families; school visits and library tours.

TECHNOLOGY & SUPPORT SERVICES

Technology and Support Services maintains the electronic and technical resources of the library. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

GENERAL FUND

LIBRARY
Technology and Support Services

PROGRAM
11-216

Statement of Purpose

To provide public access to electronic resources and print materials through efficient use of technological advances, training, processing, and lending procedures.

Technology and Support Services maintains the electronic and technical resources of the library including the web site, periodical databases, online catalog, and adult computer laboratory. It offers public and staff training to enhance computer skills. This program also orders, catalogs and processes materials requested by Adult Services and Youth Services. In addition, it is responsible for maintaining records of materials loaned, issuing library cards, and maintaining the availability of books on the shelves for patron use.

Accomplishments in FY 07-08

- * Improved efficiency of the Computer Lab by implementing a sign-up program with Library's catalog and circulation system.
- * Assisted in the planning and implementation of library's technology-rich Homework Center for Santa Ana's Youth.
- * Improved effectiveness of the Computer Lab by creating and distributing a manual to guide lab tutors in assisting users.

Action Plan for FY 2008-2009

- * Continue to develop and improve internal communication through the Library's Intranet
- * Improve technology training for patrons by revising the curriculum through a customer survey.
- * Improve service to internal customers by providing additional troubleshooting service for staff PC's/

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Administrative Services

PROGRAM
11-231

Statement of Purpose

To provide management and fiscal support to Parks, Recreation and Community Services Agency.

SERVICE PROGRAM

This division is responsible for the management, administration, and other support services that enable the agency to carry out its mission, goals and objectives. This division seeks to transform the agency into a catalyst for enriching the community's quality of life by developing services aimed at youth development, arts and culture; leisure, recreation, and community services; providing well-maintained parks, trails, and recreation facilities; and by sustaining opportunities for community partnerships and participation.

Community Affairs

PROGRAM
11-232

Statement of Purpose

To provide quality programs for all City residents in the areas of senior services, community events, volunteer opportunities, and corporate sponsorships, and to further the objective of joint use with the Santa Ana Unified School District.

Accomplishments in FY 06-07 & FY 07-08

- * Facilitated senior services at two senior centers including daily activities, programming, excursions, community college classes and senior meals
- * Expanded "Seniors on the Go" transportation program and expanded outreach to seniors
- * In collaboration with Office on Aging and Feedback Foundation, expanded home delivery meal services to seniors in central City area; recruited lunch-time volunteers
- * Raised \$80,000 in cash sponsorships
- * Staffed Board of Parks and Recreation, Events & Programs Committee
- * Managed 20 community events including Mother's Day Celebration, Cesar Chavez event, Black History Parade, Children's Winter Holiday Party, Chepa's Park Sign Unveiling and "Adopt-A-Park" clean-up activities
- * Facilitated 8 carnivals in City parks
- * Provided oversight for 75 public events sponsored by outside agencies, which took place on City park property
- * Published two Leisure Class brochures for Citywide distribution

Action Plan for FY 2008-09

- * Work closely with potential private sponsors to secure funding and resources for major events
- * Increase number of SALUD (Santa Ana Active Living United Districts) walking clubs from two to four
- * Enhance the Agency's volunteer program through expanded opportunities and targeted sponsorship
- * Enlarge participation and diversity experience of community events by working closely with advisory groups
- * Continue to refine the joint use efforts with Godinez High School and other facilities
- * Target senior community to increase participation in division events and opportunities
- * Continue to match neighborhoods with the "Adopt-a-Park" program

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

Stadium

PROGRAM
11-244

Statement of Purpose

To improve the quality of life for those who visit the Stadium by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

This program includes the operation and maintenance of structures, sports turf management, landscaping, and care of ancillary equipment. Sub-programs deal with public assembly functions produced by schools, commercial users, City-sponsored programs and non-profit users.

Accomplishments in FY 06-07 & FY 07-08

- * Hosted 31 local high school and community college football games
- * Hosted the City-sponsored Mother's Day event
- * Implemented new Stadium Program Plan that significantly expanded the number of days the Stadium is used

Action Plan for FY 2008-09

- * Continue to host up to 35 local high school and community college football games
- * Host the annually sponsored Mother's Day Concert
- * Host approximately 200 local soccer and community events

PARKS, RECREATION & COMMUNITY SERVICES
Santa Ana Zoo at Prentice Park

PROGRAM
11-247

Statement of Purpose

To instill passion for the natural world through education, recreation and conservation programs.

As an urban oasis and family resource, the Zoo will provide dynamic presentations and responsible animal management.

Accomplishments in FY 06-07 & FY 07-08

- * Completed renovation of old red barn to Bauer Jaguar Exploration Outpost (Jungle Hut)
- * Constructed horse barn and paddock and installed fencing for north 40 area of Creen Family Farm (CFF)
- * Completed construction of necropsy facility
- * Replaced netting on Colors of Amazon Aviary
- * Built conservation education theater to provide stage for Zoo visitor programs
- * Implemented new education programs for the general Zoo visitor
- * Completed renovation of central restrooms
- * Achieved accreditation by the Association of Zoos and Aquariums (AZA)
- * Completed design of Tierra De Las Pampas exhibit

Action Plan for FY 2008-09

- * Begin construction of Tierra De Las Pampas
- * Expand on-grounds education programs for general Zoo visitors
- * Work with Friends of the Santa Ana Zoo (FOSAZ) to continue fund raising and marketing for the Zoo
- * Begin concept design of Amazon Basin, including Jaguar exhibit

GENERAL FUND

PARKS, RECREATION & COMMUNITY SERVICES
Park Services

PROGRAM
11-250

Statement of Purpose

To improve the quality of life of those who visit parks, bikeways, or public recreational facilities by providing quality customer service in an atmosphere of continuous improvement and strong employee development.

The Parks Services division maintains 40 parks and special facilities, landscaped bikeways, an herb garden, and the City's corporate yard landscaping. The program also maintains two City libraries and the Regional Transportation Center (train station). Sub-programs include routine, emergency and preventive maintenance operations performed by contract and City forces.

Accomplishments in FY 06-07 & FY 07-08

- * Assigned one PT Park Ranger and two PT Sr. Maintenance Workers to Weekend Graffiti Task Force Mentorship Program
- * Helped advance the quality of “green and clean” park maintenance through the help of the agency’s Project Maintenance and Green and Clean TQS Teams
- * Improved reservations system efficiency by updating the Athletic Field Reservations Policies & Procedures
- * Improved the Reservation System by: 1) advancing communications with sports leagues, improving GIS mapping and annual field use permit process 2) advancing Athletic Facility use Policies and Procedures by working with the agency's Rez TQS Team and the Committee on Field Usage (COFU)
- * Implemented new landscape agreements for 18 parks
- * Implemented new Park Services Internal Service Request Form process

Action Plan for FY 2008-09

- * Improve park services by integrating the Park Rangers into Park Services night-time responsibilities and reservation responsibilities
- * Continue collaboration with the Orange County Conservation Corps to develop the job skills of young adults

FIRE DEPARTMENT		PROGRAM		
Fire Communication		011-322		
Statement of Purpose				
<p><i>To ensure emergency & routine communications are handled in a timely & efficient manner to ensure proper response and mitigation by City personnel & equipment.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Upgraded the 911 phone system * Began implementation of "mobile data computer" system and new Computer Aided Dispatch (CAD) * Remodeled Fire Communication Center * Upgraded the programmable logic controller (PLC) in the public address and alerting system at all fire stations * Implementation of new department maps utilizing Fire Response Districts (FRD) 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue implementation of the CAD/MDC (mobile data computer) project * Continue implementation of the wireless computer network * Continue providing refresher courses for Emergency Medical Dispatching * Provide training for three Dispatchers as Incident Dispatchers for Mutual Aid Requests * Implement OC CAD-2-CAD & OC GIS with neighboring agencies * Continue map maintenance, implementation of Mapsol project and FRD conversion

FIRE DEPARTMENT	PROGRAM			
Fire Suppression & EMS	011-323			
Statement of Purpose				
<p><i>To maintain an aggressive fire suppression force that can provide effective control of hazards in the community and the most efficient basic & advanced medical services, to ensure the safety of City residents and City employees, maintaining compliance with all State & Federal regulations for infectious control.</i></p> <p>The Suppression Program has the primary duty of saving lives, prevention, suppression and control of fires, as well as protection and salvage of all properties exposed to fire. This program also provides emergency response to calls for emergency basic life support services and other non-fire emergencies that threaten life and property.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Added ten Firefighter (Probationary) staff to daily deployment * Provided fire fighting staff to the Southern California wild land fires of the Fall 2007 * Participated in various joint Fire and Police training exercises * Participated in verifying the correctness of newly updated departmental "Plot Plans" 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Provide paramedic training to six additional Firefighters * Continue hiring Firefighter (Probationary) staff to fill current vacancies * Continue doing "multi-company" evaluations * Continue analyzing suppression activates using a Total Quality Service (TQS) approach * Continue providing staffing to Task Force 5, a joint operational emergency unit

GENERAL FUND

FIRE DEPARTMENT
Fiscal & Budget

PROGRAM
011-328

Statement of Purpose

To provide budgetary and fiscal accountability to the Fire Department.

SERVICE PROGRAM

Budget

Prepare and monitor the annual budget process
Prepare monthly forecasts of financial position, including expenditures and revenues
Provide budgetary & fiscal expertise to Fire Management
Provide cause & effect and cost analyst of a budgetary nature

Purchasing

Process purchase requests, including Material Releases, while following the City's procedures

Account Payables

Process Direct Payment Vouchers for payment of invoices
Process Direct Payment Vouchers for reimbursements to employees
Maintain proper Petty Cash accountability

Administration

Monitor agreements & contracts for compliance
Prepare & process certifications for hiring, separations and salary changes
Prepare the Department's Requests for Council Actions
Prepare the Departmental revenue deposits going to Treasury

Payroll

Process the semi-monthly payroll
Research and resolve payroll questions
Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT
Office of the Chief of Police

PROGRAM
011-331

Statement of Purpose

To provide leadership and direction that will ensure a safe and secure community at all levels.

SERVICE PROGRAM

Police Services

- * Bring community policing and problem solving to the next level, by using technology and crime analysis tools in a systematic way to address persistent crime problems
- * Work cooperatively with state and federal agencies through taskforces to provide anti-terrorism services and share criminal intelligence
- * Continue to provide effective strategies to reduce violent crimes
- * Work closely with the police management team to mentor future department leaders to ensure a smooth succession of command at all levels

Police and Community Partnership

- * Revitalize community support and involvement by working closely with community based organizations
- * Continue and improve the productive relationship with neighborhood associations
- * Work with local, state and federal agencies to reduce crime and signs of disorder in the community

POLICE DEPARTMENT	PROGRAM			
Human Resources	011-332			
Statement of Purpose				
<p><i>To provide effective and responsive human resource management, recruitment, and personnel related functions which support the Police Department's mission and the City's goals and objectives.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Developed and implemented a Cadet Career Development Program (Expanded number of Advisors) * Increased involvement in local and regional advertisement venues * Restructured the Division to establish two distinct sections (Personnel and Recruitment & Background Investigations Section) * Streamlined the Background Investigation documentation process to optimize workforce effectiveness and increased case work efficiency * Streamlined the hiring process by working collaboratively with City Personnel to fill critical public safety positions * Coordinated the largest proactive recruitment event "2007 Career Expo and Open House" held at the police department which directly led to the hiring of critical public safety positions * Expanded the recruitment of sworn officers and correctional officers to include non-bilingual applicants * Developed a recruitment assessment mechanism to evaluate event planning 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * With a focus on an appreciation of cultural diversity, the police department will continue to recruit and retain a diverse workforce * The police department will recruit and focus on retaining an 8% sworn female ratio among police officers * Establish a stand alone police department website with direct link to the City website for targeted recruitment advertisement and marketing * Establish and implement a five-year personnel recruitment and retention strategic plan * Establish contractual services for background investigations to complete a cost effectiveness and work product analysis * Continue to recruit for non-bilingual police officers and correctional officers as needed 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

District Investigations	011-340			
Statement of Purpose				
<p><i>To apprehend and prosecute criminals through professional and comprehensive criminal investigation, recover and return property, and the recognition and solution of persistent community problems.</i></p> <p>The District Investigations Division is responsible for the investigation of all robberies, burglaries, vehicle thefts, selected assaults and all thefts. In addition, the division investigates major fraud, credit card crimes, identity thefts and forgeries. The division coordinates court appearances and prosecution of criminals, reviews crime reports and tracks criminal cases.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Implemented the Investigative Development and Support Program (IDSP) * Implementation of the Property Crimes DNA Project * Ten Most Wanted Website - In an effort to reach out to the community and help identify serious offenders, the Ten Most Wanted website is an interactive effort utilizing modern technology to better educate and work collaboratively with citizens. * Proactive Enforcement - On-going enforcement methods were used to increase the number of criminals arrested. Advance technology such as the License Plate Reader (LPR) are utilized by Auto Theft Detectives to identify stolen vehicles and apprehend the suspects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct special operations at recycling centers on a quarterly basis * Fully integrate Countywide Electronic subpoena processing system * Implement a Victim's Bill of Rights * Continued support for the Investigative Development and Support Program * Establish partnerships with specific business enterprises

POLICE DEPARTMENT		PROGRAM		
Crimes Against Persons		011-341		
Statement of Purpose				
<p><i>The Crimes Against Persons Division is dedicated to building partnerships and working in collaboration to protect the community through the effective investigation of crimes, apprehension of criminals, and assistance to crime victims and their families.</i></p> <p>The Crimes Against Persons Division investigates homicides, felonious assaults, child abuse, domestic violence, sexual assaults, gang crimes, kidnapping, missing persons, hate crime as well as threats and weapons violations. The Division is responsible for registering and tracking habitual sexual offenders, provides diversionary programs for youthful offenders, and facilitates counseling for crime victims and their families.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Established quarterly Investigations Bureau meetings * Received grant funding for gang injunction enforcement and Domestic Violence enforcement and intervention. The result is an increase in the safety and security of our citizens through high quality services, problem solving and prevention. * Implemented the Graffiti Trackers Program which has significantly improved our ability to apprehend and prosecute graffiti offenders by using the latest in law enforcement technology to proactively address community concerns. * Arrested 41 individuals for murder. This has resulted in a safer community, a reduction in fear for our citizens, and a sense of closure for victim's families in support of our mission to provide professional law enforcement services with compassion & concern. * Focused gang suppression resources toward the prosecution of T.A.R.G.E.T. offenders to reduce community fear and enhance public safety. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Conduct two citywide sex offender monitoring enforcement operations * Implement a Juvenile and Missing Persons Database * Maintain a minimum of 20 Gang Recognition Specialist's (GRS) in training * Utilize non-traditional enforcement strategies to target illegal street gang members * Create an anti-graffiti campaign video for use at public meetings and schools * Staff a minimum of 325 overtime man-hours in the Safety Zone and enforce all laws pertaining to the Santa Nita Gang Injunction * Meet quarterly with ICE officials to share information and strategies for addressing gang crime

<p><i>To respond to community concerns of drug trafficking and related criminal activities.</i></p> <p>This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement and by investigating and arresting career criminals.</p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Identified and prosecuted mid-level drug dealers and major narcotic violators * Seized assets from mid-level drug dealers and major narcotic violators * Implemented a multi-agency task force with the FBI, ATF, State Parole, U.S. Attorney's Office & U.S. Marshals to identify and prosecute career criminal enterprises * Seized \$9,696,236 in U.S. currency * Reduced crime perpetrated by career criminals/parolees by sending 222 criminals back to jail * Strike Force Team handled over 200 deployments and helped to remove over 676 felons from the streets * Special Investigations detectives made 781 misdemeanor arrests and 816 felony arrests 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Federal, State & local law enforcement agencies in identifying & prosecuting mid-level & major narcotic violations and money laundering operations * Continue using new technology as a means to impact narcotic trafficking and money laundering * Continue working with Field Operations in identifying street-level narcotic dealers * Continue investigating crimes committed by career criminals * Continue complex investigations surrounding criminal enterprises * Increase violent crime enforcement with arrests by 7% * Increase use of electronic surveillance equipment * Improve the working relationship with Crime Analysis Unit to identify sources of criminal activity

POLICE DEPARTMENT Property & Evidence	PROGRAM 011-343			
Statement of Purpose				
<p><i>To provide centralized issuance, tracking, and support services for department equipment, vehicles, supplies and evidence handling requirements.</i></p>				
Accomplishments in FY 2006-07 & FY 2007-08				
<ul style="list-style-type: none"> * Evidence audits conducted and section overall effectiveness increased by 21%. To ensure the security and proper processing of property and evidence, monthly management audits were conducted, results documented and all items accounted for. In early 2008, POST conducted a (2) day audit of the section. They were impressed and have recommended Santa Ana as a referral site for best practices for other police departments. Evidence staff also increased their overall effectiveness by 21%, as the quantity of processed outgoing items greatly increased, thus surpassing the overall amount of incoming items. * Provided quality customer service while facilitating multiple support services projects, dealing with vehicle fleet, uniforms and equipment. To ensure all vehicle, uniform and equipment or supply needs of 720+ police employees were handled on a timely basis, quality customer service continued to be the mission and focus of the Central Distribution Center. This included coordination of projects such as the zylon vest replacement program and credit voucher, mobile digital camera purchase and installation in Sergeant patrol cars, uniform bid specification update, and new patrol decal, fire extinguisher and trunk box installations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Team with Investigation Bureau to implement an improved evidence weapon's processing system. This teamwork will optimize staff time to research and process each evidence weapon by using improved tracking and accountability methods, better communication between divisions, and result in faster turnaround times between initial weapon booking and approval for final destruction or release. * Focus on vehicle fleet condition, including the washing and detailing of cars, while expediting maintenance and changeovers through City Fleet Services. Availability of well-equipped and maintained police vehicles is essential to field police operations. The Central Distribution Center will direct (2) full-time staff positions to focus on the overall condition of the 250+ vehicle fleet to extend our commitment to providing quality customer service with these assets. * Implement a process to streamline CDC equipment issuance paperwork. There is a duplication of effort and too much manual paperwork currently generated by CDC staff related to equipment issuance. A system will be developed to create more staff efficiency in this area. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09

GENERAL FUND

POLICE DEPARTMENT	PROGRAM			
Forensic Services	011-344			
Statement of Purpose				
<i>To provide comprehensive forensic services supporting the department goals, while meeting judicial system requirements.</i>				
Accomplishments in FY 2006-07 and FY 2007-08				
<ul style="list-style-type: none"> * Implemented a long-term plan that significantly reduced latent fingerprint backlog. Through teamwork problem-solving, an antiquated system of print identification reporting was revised to expedite pertinent information to detectives. The result is an increase in subjects being identified for crimes being committed against the citizens of Santa Ana and thus contributing to the City's safety and security. * In collaboration with OC Dist. Atty's office, Implemented Property Crimes DNA Project. In a cooperative effort between agencies, this program created and began applying cutting edge technology to volume crimes. The success rate has been impressive with more than 50% of cases being prosecutorially filed. This use of technology directly promotes the department's goal of optimizing workforce effectiveness through the use of technology. * Instituted a voluntary Psychological services program for CSI personnel. This program supplements staffs' well-being by supporting the individual and promoting a working environment that recognizes and is sensitive to the needs of the employees. The implementation of this program advances the department's mission to retain highly-skilled and motivated employees. * Developed a training manual for new personnel for accountability and ensure appropriate training is received. To ensure that the continued quality of forensic services provided to the citizens of Santa Ana is maintained, the training manual both sets a standard for services and simultaneously demands that the standards are met for each new hire. This standardized training model again speaks directly to the city's goal of recruiting and retaining a highly-skilled workforce. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Create procedure to track DNA requests to ensure appropriate follow-up investigation & accountability. These new procedures will provide a formalized look at work productivity and effectiveness as it pertains to DNA collection and analysis. It will allow forensic personnel to reflect upon which forensic opportunities are best, thus optimizing effectiveness through proper tracking of technology. * Develop a policy and procedures manual specifically for Forensic Services. By standardizing policy and procedure the Forensic Section is ensuring that a quality minimum is set and enforced. This will assist in both further maintaining and providing quality forensic services to the citizens of Santa Ana. * Implement a department-wide DIMS upgrade to allow for audio evidence upgrade. Due to an exponential increase in digital audio evidence possibilities, a means to securely store said items is necessary. The implementation of a DIMS upgrade will allow for this increase in evidence collection, while utilizing the newest technology to enhance retrieval and archive efficiency.

GENERAL FUND

POLICE DEPARTMENT
Fiscal & Budget Office

PROGRAM
011-348

Statement of Purpose

To provide the highest quality of customer service in all budgetary and fiscal related matters.

SERVICE PROGRAM

Budget

- * Prepare and monitor the annual budget
- * Provide financial forecasts, including expenditures and revenues
- * Provide budgetary and fiscal expertise to Police Management

Purchasing

- * Process all purchase and service requests from department personnel
- * Maintain all contracts for services and equipment for the department
- * Monitor annual purchase orders for renewals, and track expenditure limits
- * Maintain historical data of purchases for reference purposes

Accounts Payable

- * Process vendor payments weekly using Direct Payment Vouchers
- * Verify receipt of goods/services and process Purchase Orders and Material Releases for vendor payments
- * Process Direct Payment Vouchers and Petty Cash Vouchers for reimbursements to employees
- * Disburse and reconcile Petty Cash
- * Research purchases and vendor payments
- * Assign account codes

Accounts Receivable

- * Prepare Treasury deposits
- * Enter requests into Misc. Accounts Receivable (MAR) system to generate invoices to outside agencies

Travel

- * Process all travel requests from department personnel, including extraditions, interview of suspects/witnesses, and background investigations
- * Reconcile all travel requests

Administration

- * Monitor agreements and contracts for compliance, expiration, insurance and available balance
- * Monitor grants for compliance, expiration, and available balance
- * Verify availability of funds
- * Process Appropriation Adjustments transferring funds as necessary, and to appropriate and recognize funds such as grants, donations and asset forfeiture funds
- * Advise Treasury of revenue account to deposit asset forfeiture and other misc. funds received

Payroll

- * Post all non-regular time reports (chits) and other payroll documents to the City payroll system
- * Research and resolve paycheck or accrual questions
- * Assist City Payroll in reconciling payroll issues

GENERAL FUND

POLICE DEPARTMENT Building & Facility	PROGRAM 011-350			
Statement of Purpose				
<i>To provide necessary services to properly maintain the police facilities in a professional manner.</i>				
Accomplishments in FY 2006-07 & 2007-08				
<ul style="list-style-type: none"> * Awarded new janitorial contract, resulting in an annual savings of \$26,170. RFP specifications outlining details of janitorial duties were prepared and (9) vendors submitted proposals. Current vendor's proposal received highest score with a lower cost than previously charged. Police and Jail facilities continue to receive quality janitorial services with an annual cost savings for the next (3) years. * Various facility infrastructure repairs completed to ensure eleven-year old Police and Jail facility is fully functional and ready to meet the needs of the users. Completed projects include: Replacement of all (4) uninterrupted power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lands, curbing and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * File electronic work orders for all needed repairs and work closely with City building maintenance to receive timely and quality repairs. Continuance of a teamwork approach with City building maintenance will further enhance the quality and timeliness of maintenance and repairs, while ensuring the proper prioritization of work orders. * Train (1) Police Evidence and Supply Specialist to handle more facility related tasks. Facility related tasks such as maintenance inspections, telecommunications work orders, furniture repairs and reconfigurations, window blind alterations, exterior landscape maintenance, and detailed remodeling of specific areas will be incrementally assigned to a full-time line-level employee. Due to prior staff limitations, the Property & Facilities Manager coordinated this work. This will allow her to focus more on management duties and overall Division efficiencies. * Enhance overall internal and external facility security. Work closely with Homeland Security staff to upgrade the CCTV external and internal camera system and complete the creation of a private vendor equipment computer server room on the fourth floor. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective

POLICE DEPARTMENT Regional Narcotic Suppression Program	PROGRAM 011-352
--	----------------------------------

Statement of Purpose

To participate in a multi-agency task force, designed to respond to major drug trafficking.

This is accomplished through enforcement strategies, seizure of illegally gained assets and promotion of community awareness in drug enforcement throughout Orange County and Southern California.

SERVICE PROGRAM

Police Services

This program provides skilled officers and management to a multi-agency task force, which concentrates on major drug traffickers and related criminal activities. Santa Ana Police Officers work in concert with law enforcement officers from other agencies and jurisdictions assigned to this task force work.

POLICE DEPARTMENT
Homeland Security

PROGRAM
011-353

Statement of Purpose

To ensure that both the Community and city employees are prepared to prevent, respond, and recover from an act of terrorism or a natural catastrophic event.

SERVICE PROGRAM

Police Services

- * Enhance community awareness on the issue of terrorism by using, developing, and implementing public education campaigns by leveraging local, state and federal funds
- * Manage and sustain federally acquired resources in order to provide a systematic response to an act of terrorism or a natural disaster
- * Collaborate with regional and federal partners by implementing and using interoperable technologies that will benefit the region
- * Ensure the implementation and routine of the National Incident Management System as mandated by the U.S. Department of Homeland Security
- * Continue to enhance building inspection procedures and approval of event permits taking into account homeland security concerns and best practices

POLICE DEPARTMENT
Tobacco Retail License Program

PROGRAM
011-354

Statement of Purpose

To protect health of Santa Ana youth from the risks associated with smoking by reducing youth access to tobacco products in the city.

SERVICE PROGRAM

Police Services

- * Established a tobacco retail licensing program to encourage responsible tobacco retailing
- * Enforce federal, state and local tobacco laws, especially those laws that forbid the sale and distribution of tobacco products to minors
- * Collaborate with California State Department of Public Health, Food and Drug Branch by implementing an enforcement program to investigate compliance of Tobacco Retailers

GENERAL FUND

PLANNING & BUILDING AGENCY
Administrative Services

FUND 11
Activity 503

Statement of Purpose

To ensure that Santa Ana is a thoughtfully planned, safely built, and well maintained community.

This program provides direction to the Planning & Building Agency by providing management and fiscal support to the Planning, Inspections, Permit & Plan Check, and Community Preservation Divisions. This program also provides executive support to the Planning Commission and Historic Resources Commission.

SERVICE PROGRAM

PLANNING DIVISION

The Planning Division provides a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards. This division also coordinates the delivery of services to developers.

BUILDING SAFETY DIVISION

New Construction Section

This section provides inspections for all new construction, conversions, and maintenance and repairs of buildings to ensure compliance with State codes and City ordinances.

Permits and Plan Check Section

This sections provides review and approval of building construction plans to ensure compliance with building, plumbing, heating, electrical, and handicapped requirements, as well as compliance with all State laws and City ordinances.

COMMUNITY PRESERVATION DIVISION

This division enforces Santa Ana Municipal Code provisions to ensure safe, orderly, and aesthetically pleasing neighborhoods and commercial areas.

GENERAL FUND

PLANNING & BUILDING AGENCY
Planning Division

PROGRAM
11-505

Statement of Purpose

To provide a framework in which the future social and economic well-being of the City's residents can be ensured through the adoption of a comprehensive General Plan and development standards.

The Planning Division maintains the City's General Plan and provides for zoning administration through the issuance of conditional use permits, variances and minor exceptions. Through the Planning and Zoning counter, this division is the first contact in development activity, land use permitting, and occupancy zoning clearances. This division also is responsible for the environmental review and site plan review programs, subdivision processing and monitoring of development through the City's various development agencies. In addition, this division provides staff support to the Planning Commission, Historical Resources Commission, and Council Committees.

Current Planning

Coordinates the review of development proposals from project conception through the final building occupancy. Staff work includes internal design review, site plan review and coordination of the site plan review process for the development review agencies. This section facilitates and monitors projects throughout the development review and construction process and provides general policy and land use recommendations to the City's Planning Commission.

Planning Counter

A key component of the Development Service Center, activities include providing the public with such information as the City's long-term planning and specific development standards and procedures. The counter handles design review for typical single family and historic neighborhood projects and minor tenant improvement projects in the commercial and industrial sectors. Activities include review of occupancy, home occupation, temporary and seasonal land use, fences, signage and zoning verification..

Environmental Planning/Landscape Planning and Review

Provides environmental planning reviews of unique environmental circumstances for both public and private projects within the community. The environmental review process provides disclosure, mitigation preparation and project monitoring services for all development proposals. This section also is responsible for environmental review and analysis of larger regional projects outside of City boundaries. Landscape planning and review provides the services to promote the City's urban forest efforts. The services include review and critique of landscape development proposals for compliance with the adopted landscape standards and amendments to the Municipal Code that promote these efforts.

Regional and Advanced Planning

Conducts comprehensive land use research establishing policy to guide the future development vision of the City. Prepares updates to the General Plan Elements and monitors implementation of policies. This section also facilitates zoning ordinance revisions, municipal annexations, the creation of Specific Plans and provides representation to the Orange County Council of Governments. Staff work additionally includes providing general policy and technical support to the Historic Resources Commission.

PLANNING & BUILDING AGENCY		PROGRAM		
New Construction		11-507		
Statement of Purpose				
<p><i>To adopt and prudently enforce construction, occupancy, and housing laws and to promote an attractive environment for development.</i></p> <p>New Construction provides inspections of new construction, conversions, maintenance, and repair of buildings. This section is responsible for the enforcement of building, plumbing heating and electrical codes and handicapped requirements. This section also assists individuals and institutions in the areas of business licenses, energy conservation and housing and zoning compliance with State laws and City ordinances.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Per inspector, the average load of New Construction and Occupancy inspections to date has been 252 per month. * Continue to develop a complete emergency operation proposal for the New Construction inspection unit. * Continued implementation of Residential Combination Building Inspection training program. * Continued assistance to CDA with special inspections programs to Enterprise and Empowerment Zone programs * Continued special assistance efforts to city-sponsored projects. * Completed State certification of all inspectors as essential emergency services/damage assessment inspectors. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maximize inspection efficiency and outreach to our customers through a balance of combination and specialty inspections. * Revise phases of specialty and residential combination building inspection training program to maximize focus on new Building Codes. * Continue emergency damage assessment training. * Continue assisting CDA with special emphasis on Enterprise and Empowerment Zone programs. * Facilitate cross-training efforts with Planning and Community Preservation staff. * Complete development of New Construction Policies and Procedures Manual.

Permits & Plan Check		11-508		
Statement of Purpose				
<p><i>To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.</i></p> <p>The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * The Plan Check Section processed approximately 10,000 permits and served more than 30,000 public customers. * It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted 2007 California Building Code Standards. * This section processed the plans and permits for a number of major projects, including: The Montage at MacArthur Place, the City Place multi-use development, and the 37-story Broadway One office building. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to actively participate in the emergency response plan for the Planning and Building Agency. * Be a key player in major development projects: Mantage at MacArthur Place, the 37-story One Broadway office building, various redevelopment projects, and various upgrades and renovations of Main Place. With the number and complexity of projects being planned for Santa Ana, provide adequate staffing of plan check engineers to ensure timely turn-around time.

Community Preservation		11-509		
Statement of Purpose				
<p><i>To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.</i></p> <p>Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on vehicle abatement, auto repair and neighborhood association interests throughout the City. The Commercial Code Enforcement program continues to be hugely successful in eliminating much of the visual blight in the commercial community. * Community Preservation's Proactive Enforcement Team will complete door-to-door inspections of nine (9) neighborhoods addressing Santa Ana Municipal Code violations, which negatively impact the aesthetics of a neighborhood. * Community Preservation began working closely with the Public Works Agency and will continue our interaction in our enforcement efforts to eliminate graffiti from public and private properties. * Community Preservation assumed the enforcement responsibilities in regards to shopping cart retrieval. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Community Preservation's primary focus will remain neighborhoods. The commercial corridors, which have been consistently patrolled, will continue to be monitored. * Community Preservation's new enforcement efforts, along with Public Works and Santa Ana Police, will take a more prominent role over the course of next fiscal year.

GENERAL FUND

PLANNING & BUILDING AGENCY
Proactive Rental Enforcement Program

PROGRAM
11-510

Statement of Purpose

To reduce unhealthy conditions and life safety hazards for occupants of residential rental properties in highly impacted areas of Santa Ana by identifying and correcting code violations through a systematic inspection program.

The Proactive Rental Enforcement Program (PREP) is responsible for the inspection of all residential rental units in designated areas of Santa Ana with the goal of long-term upgrading of rental properties and thus decreasing the demand for City services and restoring stability to the neighborhoods.

Accomplishments in FY 06-07 & FY 07-08

- * The Proactive Rental Enforcement Program completed inspections in the northwest quadrant of the City, as well as numerous previously unreported rental properties in the southeast area. PREP also responded to all complaints received referencing rental properties.
- * The Rental Housing Task Force was consulted on rental property issues and received updates on the progress of the program. Information on PREP was forwarded to numerous other cities, as well as to the statewide code enforcement association regarding the implementation of programs similar to PREP.
- * With full support from the Rental Housing Task Force, the PREP Program was extended for an additional four years through 2011 to allow for another cycle of inspections of all residential rental properties throughout the City.
- * The Gold Seal Incentive Program application period was held to award exemptions from the annual Rental Inspection Fee to owners of exemplary rental properties. The qualifying properties passed a three-stage process, including detailed exterior and interior inspections to receive the Gold Seal certification. ensure they were being properly maintained and to address any new property maintenance issues that had developed.
- * PREP forwarded lists of previously unknown rental properties to the Finance Agency for collection of Business License and Rental Inspection Fees.

Action Plan for FY 2008-09

- * Respond to all complaints received for rental housing.
- * Conduct inspections of properties qualifying for The Gold Seal Incentive Program to ensure maintenance at an exemplary level.
- * Conduct inspections of 3,500 known rental properties in the northeast and southeast areas of the City.
- * Conduct survey of properties in previously inspected areas.
- * Participate in CDA sponsored rental manager training programs with Rental Housing Task Fore members.
- * Conduct presentation on rental inspection programs at state-wide code enforcement conference.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

GENERAL FUND

PUBLIC WORKS AGENCY	PROGRAM			
Traffic Signal Maintenance	11-621			
Statement of Purpose				
<i>To facilitate the operation and maintenance of the advanced traffic management system including the Citywide traffic signal network, Santa Ana Traffic Management Center, the Integrated Traveler Information Sharing System, and kiosks at City Hall and the Regional Transportation Center.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Upgraded 7 CCTV cameras to the current standard Cohu iDome cameras. * Replaced over 100 traffic signal loops. * Completed the conversion of 2 flashing beacons to traffic signals on Civic Center Drive. * Completed modification of 2 fire station signal pre-emption systems. * Completed the Remote Traffic Management Center in Ross Annex. * Implemented a computerized traffic signal equipment inventory system. * Tested and implemented video over copper wire and wireless video for CCTV. * Completed repair of numerous interconnect and fiber splices to maintain the traffic communication infrastructure. 				
Action Plan for FY 2008-09				
<i>The FY 08/09 budget for this activity is now in Special Revenues Program 29-621.</i>

Roadway Maintenance

PROGRAM
11-631

Statement of Purpose

To provide safe and well-maintained roadways and sidewalks through the implementation and use of state-of-the-art equipment and the latest maintenance techniques.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contracts for annual asphalt street maintenance, pothole repair/sidewalk ramping, and sidewalk offset grinding.
- * Eliminated backlog of all outstanding water/sewer-cut repair requests and maintained a maximum 30-day repair response time.
- * Used 1,520 tons of asphalt to fill approximately 54,000 potholes and make small pavement overlays.
- * Applied asphalt concrete-ramping to sidewalks at over 11,160 locations.
- * Ground 3,520 sidewalk offset locations.
- * Continued preventive maintenance measures with crack sealing on 17th St., Bristol St., Santa Ana Blvd., Flower St., and Raitt St.

Action Plan for FY 2008-09

- * Extend contracts for annual asphalt roadway maintenance.
- * Continue preventive maintenance measures of crack-sealing major arterials.

PLANNING & BUILDING AGENCY
Mobile Vehicle Vending Program

PROGRAM
15-509

Statement of Purpose

Establish a more effective and organized enforcement program to address mobile vending vehicle concerns.

In October 2005, City Council adopted an ordinance that established regulations pertaining to the operation of mobile vending vehicles. In November 2005, City Council adopted a resolution approving a permit fee for mobile vending for the purpose of administering the program. The fee is used to fund two full-time positions to enforce the regulations and to conduct routine inspections.

Accomplishments in FY 07-08

* This program is currently on hold due to legal challenges in the court system by City vendors.

Action Plan for FY 2008-09

* This program is currently on hold due to legal challenges in the court system by City vendors.

GENERAL FUND SPECIAL REVENUE

PARKS, RECREATION & COMMUNITY SERVICES

PROGRAM

Cable TV Fund

21-231

Statement of Purpose

To provide capital equipment and support services for the City's cable TV operations.

SERVICE PROGRAM

The Cable TV Fund provides the capital equipment and support services necessary to operate the City's Channel 3 cable channel. Services include City Channel 3 24/7 playback services, communication service upgrades, HD/widescreen equipment upgrades, and City facility broadcast equipment upgrades and maintenance.

Police Special Revenue Fund

PROGRAM
24 - Various

Statement of Purpose

To account for special revenue sources received by the police department

SERVICE PROGRAM

Police Special Revenue Fund - General (Fund 24-331)

K-9 Program (Fund 24-339)

This program was originally funded through the "LaVerne M. Wheeler 1990 Revocable Trust" and is for the purpose of providing funds for the "acquisition, training and maintenance of Canines...." of the Santa Ana Police Department.

The Wheeler Fund has been exahusted but nevertheless donations are likely to continue on a yearly basis from Mildred Proctor's Trust and from other donors.

GENERAL FUND SPECIAL REVENUE

POLICE DEPARTMENT
Police Athletic/Activities League (PAAL)

PROGRAM
024-333

Statement of Purpose

To prevent juvenile crime and violence by providing civic, athletic, recreational and educational opportunities to juveniles and to increase the level of trust and understanding between police officers and young people through communication, mentoring, and role modeling.

SERVICE PROGRAM

Police Services

- * To identify and obtain additional funding sources to contribute to the Santa Ana Police Department's PAAL Program through the establishment of a 501c(3)(a) nonprofit organization
- * Develop a long-term working partnership with the Santa Ana Police Officers Association, The California Police Activities League and The National Police Athletics/Activities Leagues Inc.
- * Enhance community awareness on the importance of young people developing positive attitudes towards law enforcement through civic, athletic, educational, and recreational activities
- * Expose youth to the supervision and positive influences of Santa Ana Police Department members and to expand the public's awareness regarding the police officer's role in the community
- * To use athletic, educational, and recreational activities to teach young people respect, maturity and good citizenship

GENERAL FUND CAPITAL PROJECTS

Capital Outlay Fund		PROGRAM			Fund 51
PURPOSE:		The Capital Outlay Fund accounts for the City's capital spending. In recent years, revenue from this fund has primarily been derived through transfers from the General Fund. Prior to passage of Proposition 13 in 1978, the City set a property tax sufficient to support its capital needs and payments on City Hall. With the passage of Proposition 13, the City's flexibility in setting the property tax rate was in effect eliminated.

■ INTERNAL SERVICE FUND DEFINITION

Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies on a cost-reimbursement basis.

■ RELATIONSHIP BETWEEN INTERNAL SERVICE FUNDS & TOTAL CITY BUDGET

The Internal Service Fund is an independent budget with its own set of revenue and expenditure accounts. However, the Internal Service Fund is *not* calculated as part of the total City budget to avoid “double-counting” revenue and expenditures and inflating the total budget. The only revenue received by internal service funds come from cross-charges made to other funds. Since the money used to pay cross-charges has already been counted once as current revenue by the paying fund, internal service fund receipts are counted as transfers and not as current revenue in the total City budget.

The same principle applies to the expenditure side. For example, the Liability Fund charges other funds for services rendered. This cross-charge is an expenditure for the fund receiving the service. The Liability Fund receives this cross-charge as revenue and then uses this same money to pay for insurance premiums--which is an expenditure for the Liability Fund. From a total budget perspective, however, these two expenditures are recognized only once (as a Direct Expenditure) at the time the original cross-charge was made.

Internal service expenditures implement the City’s expressed goal of “optimizing workforce effectiveness through training, technology, equipment, and facilities.” As examples, the internal service budget helps pay for communications and computerization (Fund 102/109), patrol cars (Fund 76), maintenance of all city vehicles (75), and building maintenance (Fund 73).

Each individual internal service fund departmental cost allocation is calculated differently depending on the type of service the internal service provides. For example, the Building Maintenance department which provides custodial service and maintenance to City structures, basis its cost allocations on square footage and the type service requested (either labor and materials or labor alone). City Yard Operations also basis its departmental cost allocation on square footage being used by each agency (PWA, PRCSA, Finance, etc). A rental fee is charged to these departments. Fleet Operations & Maintenance Fund basis its cost allocation on vehicle scheduled maintenance, replacement cost and gas consumption.

■ INTERNAL SERVICE FUND BEGINNING & ENDING FUND BALANCE

Table 3-1 shows the fund balance fluctuations in the various Internal Service Funds. Building Maintenance fund has experienced a structural deficit for many years as a result of underestimating project related activity and not recouping correct revenue charges from its users. As a result, a building maintenance committee was establish during fiscal year 07-08 to standardize the types of projects managed by this

fund as well as to improve the method in which users are charged. This fund will be closely monitored so that its projected deficit will not materialize. Employee Group Insurance fund balance will remain flat and may experience an increase as health insurance premiums will remain relatively flat. Workers Compensation fund balance continues to move into positive territory as a result of higher departmental revenue charges and lower claims payable requirements per the most recent actuarial study. Communications & Information Services fund balance is anticipated to decrease by 86.7% due to the implementation of a new ERP system and special projects that are projected to occur during FY08-09.

■ INTERNAL SERVICE FUND SUMMARY

Table 3-2 provides a summary of the individual internal service funds by department responsible for managing the fund. The Internal Service Fund (ISF) revenues and expenditures shown in Table 3-2 are not considered as a separate piece of the total City budget pie (as shown on pie charts pages 1-2 & 1-3) since the ISF revenues and transfers originate from all other funds (i.e. General Fund, CDA, Special, Enterprise, etc.). The Internal Service Funds support 173.95 positions or 9.92 percent of the City’s 1,754 employees.

■ PERSONNEL SERVICES AGENCY

Personnel Services manages five of the twenty internal service fund activities and accounts for \$66,105,765 or 57.7 percent of total ISF appropriations. This makes Personnel Services the City’s largest internal service fund operation in dollar terms due to the large reserve for claims under the Liability and Worker’s Compensation funds. Included in Personnel Services Agency are: Risk Management/Liability & Property, Employee Group Benefits, Workers’ Comp and Quality & Management Training.

● Funds 80, 81, & 82- Risk Management/Self Insurance

Liability & Property Fund 80, Employee Group Benefits Fund 81, and Workers Compensation Fund 82 pay for the City’s self-insurance programs, liability claims, health and dental benefits, and workers compensation. Revenues come from cross charges to the agencies budget in their Employees Insurance 6171, Compensation Insurance 6181, and Insurance (Risk Management) 6521 line items. Additional information regarding the Risk Management Comprehensive program is located on page 1-26.

● Fund 88 – Quality & Management Training

This fund provides administrative and support services for the City’s various training programs that include Total Quality Service (TQS) and the Public Business Academy. Revenues come from department/agency charges in the Training & Transportation 6221 line-item. Commencing in FY07-08, operations and funding for Quality Training have been absorbed under the General Fund Non-Departmental and Personnel Services activities. In-house training programs are discussed further in the Professional Management section on page 1-30.

FINANCE & MANAGEMENT SERVICES

Finance manages nine of the twenty ISF activities which represents \$33,581,905 or 29.3 percent of total. Included in the Citywide Info Services Strategic Plan (fund 109) is funding for the replacement of the City's obsolete finance software application with a fully integrated, real-time software application. The new financial system project is underway.

Fund 71/72 – Central Services

This fund provides duplication and messenger services for agendas, budgets, bulletins, brochures, forms, minutes, internal/external mail and the replacement and leasing of copiers. Revenue comes from actual cost charges for services provided under the Operating Materials & Supplies 6391 line-item.

Fund 73 – Building Maintenance

This fund provides for the maintenance, janitorial services, and utilities to City departments including the Police Administration & Holding Facility, Fire Stations, various

Recreation facilities and City Hall/Ross Annex. Revenue comes from department cross charges in the Building Rental 6571 line-item.

Fund 102 – Communications & Citywide & Fund 109/110 – Information Services Strategic Plan

This fund has two activities (Communication Services 102 and Technology Plan 109/110) and provides for the acquisition, installation, maintenance, repair and replacement of the City's telephone and computer systems including voice mail, fax, and other data communication and automation services. Revenue comes from departmental cross-charges in the Communications 6211 line-item and fund transfers. Technology plan increase of 106.4% (over the previous year) is related to special projects as well as the debt service and costs associated with the new financial system.

Fund 75/76 – Equipment Maint. & Replacement

This sub-group includes Stores & Property Control and provides for the maintenance, repair, and replacement of City vehicles and other gasoline or diesel-powered

equipment. Revenue comes from department charges agencies in their Equipment Rental 6511 line-item.

● **Fund 85 – City Yard Operations**

This fund provides for maintenance and security services at the City’s Corporate Yard and Fleet Maintenance Facility which has a combined area of 11.5 acres with about 140,000 square feet of facilities. Revenue comes from City Yard Rental 6572 line-item charges to departments located at the city yard.

■ **PUBLIC WORKS AGENCY**

Public Works manages six of the twenty internal service fund activities which represents \$14,971,605 or 13.1 percent of total internal service fund appropriations.

● **Fund 86 –Engineering Services**

This fund pays for transportation planning (86-613), traffic (86-621), construction engineering (86-651), design engineering (86-653), formulating transportation policy, and developing the Capital Improvement Program (CIP). Revenues come from enterprise funds and capital projects.

● **Fund 101 – Public Works Admin. Services**

In FY 95-96, the Public Works Administrative Services Internal Fund 101 was established to account for the costs of administrative and development engineering services. Revenues come from charges to the various funds and activities supported by the Agency.

PROGRAM
71-176

Statement of Purpose

To provide reprographic and messenger services to all City Agencies.

This program provides in-house, at-cost services to the City Council and all Agencies. Efficient mass reprographic duplication, special one-time print order photocopying, and direct and confidential delivery messaging services with door-to-door delivery are part of standard customer service operations.

All regular delivery mail received is routed securely to its destination twice per day. Special delivery express and overnight mail is delivered by Messenger on arrival to destination. Reprographic orders are also delivered immediately after production. Agencies can utilize online capabilities to forward a digital document for perfect black/white and vivid color copies.

Accomplishments in FY 06-07 & FY 07-08

- * Initiated new copier lease program, currently 10 copiers under lease.
- * Replaced messenger service van
- * Converted to sustainably-forested copier paper
- * Installed Customer Service Counter

Action Plan for FY 2008-09

- * Replace Smart Track system with a more up-to-date tracking system
- * Increase number of copiers in lease program

FINANCE & MANAGEMENT SERVICES		PROGRAM		
Building Maintenance - Facilities		73-105		
Statement of Purpose				
<p><i>To maintain safe, secure, attractive, and energy-efficient City facilities and equipment (assets) through regular preventive maintenance (PM), certifications, energy management, and custodial services.</i></p> <p>This program is responsible for maintaining one million square feet that covers 38 city buildings including City Hall and the Police Holding & Administration Facility. Asset Management is accomplished through an extensive preventive maintenance program which increases the life cycle of the asset while reducing repair and replacement costs. The program also manages janitorial services (both in-house and contract) needed to keep city facilities at a high standard of appearance and cleanliness.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Monitored and manage energy consumption to meet energy reduction plan. * Engineered and install a new fire monitoring system at the Ross Annex. * Installed a new fire door at the Ross Annex * Installed a new chiller at the Train Station. * Made tenant improvements to the 6th and 7th floors of City Hall. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Install new roofing at the Santa Anita Center. * Install new roofing at Fire Station 4's flat area. * Install new roofing at Fire Station 5's flat area. * Install new roofing at Fire Station 7. * Install new roofing at the Salgado Center. * Replace HVAC in the computer room. * Seal windows on the Southside of City Hall. * Replace booster pumps at the City Hall. * Replace (11) doors at the Fire Department. * Install a new patio cover at the Newhope Library. * Install a new HVAC at the Main Library. * Paint doors/gutters at the Corporation Yard. * Expand the computer room at the Police Facility. * Upgrade fueling systems at various city buildings. * Monitor and manage Energy Management projects for various facilities. * Replace (6) HVACs at the South West Senior Center. * Replace (2) HVACs at Fire Station 6.

<p><i>Note:</i> Fleet Services performs equipment maintenance and repair for all City agencies. A rental rate is charged for mobile mechanical and automotive equipment assigned to the various agencies. The agency pays rent for the use of the equipment, preventive maintenance, repair, and the cost of replacing the item when it becomes obsolete or can no longer be repaired economically. Rent charges are the main source of revenue for fleet operations. Rental rates are reviewed quarterly and aligned to actual costs.</p>

Fleet Maintenance

PROGRAM
75-111

Statement of Purpose

To provide safe, attractive, and efficient vehicles to City departments through procurement assistance, preventive maintenance, and repair.

This program is responsible for the efficient maintenance, repair, and replacement of all City vehicles, motorcycles, scooters, fire apparatus, construction and park maintenance equipment. This is done through rigid preventive maintenance programs, timely replacement schedules, and the purchase of good quality equipment.

Accomplishments in FY 2007-08

- * Completed State mandated smog inspections.
- * Completed State mandated aerial inspections.
- * Completed State mandated diesel smoke inspections.
- * Completed installation of computers to shop floor.
- * Completed RFP for CNG expansion
- * Established agreement with Orange County for equipment installation.
- * Continued to provide quality service to all departments.

Action Plan for FY 2008-09

- * Bring new Fleet Management System online.
- * Complete State mandated smog inspections.
- * Complete State mandated aerial inspections.
- * Complete State mandated diesel smoke inspections.
- * Complete expansion of CNG fueling station.
- * Continue to insource services to the U.S. Postal Service Department and Orange County Health Dept..
- * Continue to provide quality service to all departments.

FINANCE & MANAGEMENT SERVICES			PROGRAM	
Stores & Property Control			75-112	
Statement of Purpose				
<p><i>To order receive, store, issue, and dispose of material and property for all City departments.</i></p> <p>This program is responsible for maintaining a warehouse inventory by ordering, receiving, issuing, and delivering material and supplies for all departments. Requirements are determined in advance with department heads. Inventories are then established or revised to meet current demands. This program also maintains capital property records and disposes of surplus materials, unclaimed property, and hazardous wastes.</p>				
Accomplishments in FY 07-08				
<ul style="list-style-type: none"> * Performed full count physical inventory in Stores and Fleet parts. * Continued to store and monitor emergency supplies for the City's EOC. * Completed a comprehensive Yard Maintenance program to comply with new mandates. * Monitor and control pool vehicles. * Conducted a full Capital Asset inventory. * Completed forklift training of Stores and Fleet employees as part of our safety program. * Coordinate Ride-Share program for City Yard. 				
Action Plan for FY 08-09				
<ul style="list-style-type: none"> * Continue training of Central Store's staff on hazardous material handling. * Completion of capital asset inventory update for the entire City. * Continue to coordinate disposal of surplus property. * Continue to provide safe car pool vehicles. * Continue to update City's recycling program. * Coordinate Ride-Share program for City Yard. * Continue to store and monitor emergency supplies for the City's EOC. * Continue to provide forklift training.

FINANCE & MANAGEMENT SERVICES	PROGRAM			
Communication Services	102-171			
Statement of Purpose				
<p><i>To provide timely and reliable communications services (voice & data) to improve operational efficiency and effectiveness of all City agencies and departments</i></p> <p>Primary responsibilities of this unit are the design, installation, maintenance, and user support of all voice services (phone and voice mail), data connectivity services, and land circuits supporting radio operations. These services are provided to all of the City's operating locations. Additional responsibilities include the effective management and efficient generation and distribution of monthly equipment and usage reports for each City department. These reports support City efforts to manage costs and maximize benefits from the City's private telephone system.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Provided telecommunications services to 32 City Operating locations with over 2,000 phones and 2,376 extensions. * Completed 260 requests for "moves, add and changes" and 101 requests for repairs. * Provided priority cabling installation for voice/data services in the new ERP Project Room and Purchasing Department. * Provided cable infrastructure design and engineering for the planned Jerome Center Renovation Project. * Designed and installed voice and data cable/service at the new Santiago Park Wildlife Interpretive Center. * Provided and installed cabling in support of new wireless data service at the Police Department Parking facility. * Engineered and installed cabling for additional voice and data services at Police and Fire Headquarters. * Provided cabling for the new public information screens located at SW Senior Center, City Hall and Train Station. * Installed data cabling at the City Yard and Police Department for the new Fuel Management System. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to pursue the various options for replacing/upgrading the City's aging voicemail system. * Look into upgrading the telephone systems at Fire Stations 1 and 9 to allow for additional telephone service. * Provide and install cable infrastructure in support of voice and data services for the Jerome Center Renovation. * Pursue the feasibility of establishing the McFadden Police facility as a test site for Voice over Internet Protocol. * Update and expand the cabling infrastructure throughout City-owned facilities. * Expand and improve the wireless data applications used by the Planning and Building Agency, Police Department, PRCSA, Information Services Division and Fire Department. * Continue to increase and enhance telecommunications services to all City operation units so as to enable them to provide quality customer service to the public and business community in the City. * Proactively manage the City's phone and telecommunications networks to maximize performance and minimize costs. 				
PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level				
# of telephone systems operated and maintained	31	32	32	31
# of lines for telephones, faxes, and modems supported (combined # of extensions from all telephone systems in City)	3,910	3,900	3,910	3,918
# of voice, data and radio circuits supported (T-1's, 1MB's, ISDN, Trunks, DID Stations, 56K, and DSL leased circuits)	2,375	2,365	2,370	2,375
# of requests for repair	107	92	101	100
Effectiveness				
% of repairs completed within 24 hours	94%	96%	97%	98%

FINANCE & MANAGEMENT SERVICES Technology Plan	PROGRAM 109			
Statement of Purpose				
<p><i>To implement the recommendations of the City Information Systems Strategic Plan. The Plan is intended to help the City achieve its objectives by implementing modern information systems throughout the City at the least cost to the community.</i></p> <p>This program provides a road map for information technology consisting of projects on computing and connectivity infrastructure, citywide support systems, applications, data management, and data sharing. The benefits from this investment will include improved information access to support operations and make service delivery more cost-effective.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Completed major upgrade to the Payroll application & Database. This includes migrating 350 customized reports to the new database. * Completed Laserfiche application for the Public Works Agency-provides for instant access to PWA drawings. * Integrated a search engine into the City's website. * Developed statistics for Agencies to track customer usage of the City's website. * Outsourced the Utility Billing printing and viewing. * Selection of new integrated Financial system including payroll, utility builling, human resouces & cashiering. * Upgraded the SAPIN system from Visual Basic to Dot Net technology. * Developed inhouse oversite of SQL Server production databases. Results in proactive maintenance/monitoring of Citywide databases, including many Police Department systems. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Complete integrated Financial System - Finance & Human Resources * SAPIN property information displayed to external customers via web applications * Complete replacement for Utility Billing System (Enquesta software from Systems & Software) * New Laserfiche application for Parks & Recreation Agency. * Conduct a pilot test of server virtualization with goal to improve reliability while controlling costs. * Upgrade the backup & recovery capabilities for the City and Police Data Centers. * Remodel the City Data Center with replacement air conditioning, upgraded electrical, and selective seismic isolation. * Follow-on with 5 year replacement cycle for servers and network gear.

PERSONNEL SERVICES	PROGRAM			
Liability & Property	80-180			
Statement of Purpose				
<p><i>To protect the City's assets from financial and operational impairment.</i></p> <p>This program protects the City's assets by providing insurance, risk sharing, risk transferring and risk assumption. Liability claims are handled in-house and are settled or denied impartially based upon the City's negligence. Adequate property insurance is maintained with an annual property values update. A self-inspection program of City properties is regularly conducted to minimize exposures and losses.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Four liability claims were evaluated as worthy of taking to trial and the City prevailed on all four. * Claim payments partially reduced due to ongoing coordination with CAO in claims handling and litigation strategies. * Implemented in-house commercial driver certification program. * Joined Pollution Liability Insurance Program. * Received a perfect BICEP audit result on the Liability Claims program * Continued to successfully tender the defense or indemnity of liability claims onto others. * Updated and improved Big Independent Cities Excess Pool (BICEP) various coverage and operating documents. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Increase focus on Risk Management Division (RMD) field investigation and rely less on departmental reports. * Push for legislation to eliminate joint liability hereby reducing claim and insurance costs. * Settle at fault property damage claims as a separate or full settlement to reduce costs. * Update and revise the City's Vehicle Policy. * Continue to increase departmental awareness of potential fiscal impact of liability exposures & subrogation potential. * Continue Loss Prevention Fund for mitigating unforeseen hazards. * Develop departmental cost allocation program.

PERSONNEL SERVICES		PROGRAM		
Section 125 Benefits		81-170		
Statement of Purpose				
<p><i>To market and administer the City's Flexible Spending Account plans for the benefit of the City employees.</i></p> <p>This program provides an opportunity for City employees to direct part of their salaries, on a pre-tax basis, into a Health Care Flexible Spending Account and a Dependent Care Flexible Spending Account. An employee may enroll in one or more accounts. Money that goes into a spending account is deducted from pay before federal and state income taxes are withheld, thus reducing the employees taxable income. Additionally, monies withheld for these accounts are exempt from employer FICA payroll-related taxes.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Outsourced Section 125 health and dependent care FSA accounts to ensure compliance with HIPAA. * Processed enrollments timely and accurately. * Processed reimbursements timely and accurately. * Established an automatic pre-tax deduction for insurance premiums pursuant to Section 125 of the IRS code. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Promote advantages of program through informational pamphlets. * Review and update plan documents as needed.

PERSONNEL SERVICES		PROGRAM		
Employee Group Benefits		81-177		
Statement of Purpose				
<p><i>To provide a responsive, competitive, and cost-effective employee benefits and compensation program; and manage the compensation plan, retirement plan, air quality programs, wellness programs.</i></p> <p>This program contracts and administers employee benefits and implements employee compensation plans. The major functions include negotiating life, long-term disability, medical, dental and vision insurance plans; promoting employee assistance and fitness programs; documenting and implementing employee contract pay provisions; processing new employees, separating employees, and retirements; and administering employee's leave provisions.</p>				
Accomplishments in FY 2007-08				
<ul style="list-style-type: none"> * Implemented employee benefits as contracted in memoranda of understanding. * Maintained records and processed enrollments for CalPERS Health Program. * Counseled employees on retirement process and retiree insurance programs. * Hosted Annual Health, Rideshare and Quality Faire. * Processed Flexible Spending accounts. * Hosted Annual Blood Drive for employees. * Complied with AQMD Rule 2202 Regulations. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Improve Personnel policy monitoring and employee benefits administration utilizing the payroll system. * Negotiate employee insurance benefit contracts to provide quality plans at minimum cost. * Administer insurance and retiree benefit programs with a quality customer focus. * Ensure City compliance with laws and regulations related to employee benefits and compensation, and AQMD. * Administer CalPERS retirement contract and facilitate communications to employees.

PERSONNEL SERVICES		PROGRAM		
Workers' Compensation		82-178		
Statement of Purpose				
<p><i>To minimize the number, cost, and effect of work-related injuries and illness.</i></p> <p>This program prevents and investigates employee injuries and illnesses; provides safety and health-related training to all employees; ensure a safe and healthful work environment while providing the best possible medical care for injured employees; promptly handles and settles claims; and administers a stable Workers' Compensation program.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Recovered \$1,200,000 in subrogation and excess insurance claims. * Reduced claim costs 16%. * Reduced new litigated claims by 52%. * Saved \$8,346 by implementing Heat Illness Prevention and Hearing Conservation training in-house. * Saved \$19,188 by conducting noise surveys and ergonomic evaluations in-house. * Implemented Valley Oak System IVOS software upgrade. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Comply with state's electronic claim reporting requirements. * Comply with state's electronic claim payment processing requirements. * Comply with state's mandated claims staff training requirements. * Provide comprehensive ergonomic training program to reduce number of repetitive stress injuries and resulting costs. * Develop and implement a written Heat Illness Prevention Program as required by Cal/OSHA. * Comply with Cal/OSHA's Hearing Conservation Program by administering hearing tests to affected employees. * Continue Loss Prevention Fund for mitigating unforeseen hazards. * Develop departmental cost allocation program.

PUBLIC WORKS ENGINEERING SERVICES	PROGRAM			
Transportation	86-613			
Statement of Purpose				
<p><i>To be responsive to local, regional, and state transportation issues, including identifying and securing outside funding sources.</i></p> <p>Transportation identifies and responds to transportation issues of primary concern to the City and pursues grant funding for capital projects. Transportation oversees the development of the General Plan Circulation Element, traffic impacts associated with development projects and environmental documents, and administers the City's TDM Program. Transportation also protects the City's interests by reviewing traffic impacts associated with EIRs for developments in adjacent jurisdictions.</p>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Functioned as the lead in developing the Santa Ana Transit Vision/Go Local Project Concept Step 1 & Step 2 grant application. * Secured funding for the SR-55/MacArthur Landscaping Project and completed final design and construction. * Reviewed traffic impacts for major developments and identified traffic mitigation requirements, including the Renaissance Specific Plan and Metro East Mixed Use Overlay Zone. * Reviewed environmental documents for development within Santa Ana and adjacent jurisdictions. * Completed Citywide speed limit report. * Completed FY 06/07 Citywide Traffic Safety Report. * Provided administrative and technical support for the Santa Ana/Orange and Santa Ana/Tustin TSIAs. * Participated and represented the City's interests in the: <ul style="list-style-type: none"> - California High Speed Rail, LOSSAN Corridor, Quiet Zones, and other related rail issues - Metrolink Second Main Track Project - SR-22 Aesthetic Theme & Concept Plan and implementation - I-405 MIS Study - Central Orange County Corridor Study and the Riverside-Orange County Corridor MIS Study 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Maintain a leadership role in the regional transportation issues affecting the City. * Review and assess traffic impacts for development projects in adjacent jurisdictions submitted to PWA. * Represent the City's interest in the CCC Study/MIS and the Santa Ana Second Main Track Project. * Continue to work cooperatively with the Planning and Building Agency to facilitate development/traffic-related projects. * Continue to represent the City's interest regarding the LOSSAN Corridor, Quiet Zones, High Speed Rail & MagLev, etc. * Oversee the City's MPAH, CMP, GMP, and TDM programs, and the General Plan Circulation Element. * Provide administrative and technical support for the Santa Ana/Orange and Santa Ana/Tustin TSIAs. * Continue to monitor and brief the Mayor regarding OCTA Board and Committee items of interest to the City. * Continue to function as the lead for the OCTA Go Local Step 2 Program and OCTA's BRT (Bristol, Harbor & 17th). * Continue the pursuit of external funding sources for major capital improvement projects. * Continue to function as the lead agency for Growth Management Area (GMA) #7 and in securing GMA 2, 3, 7 & 8 funding. * Provide traffic and transportation impact assessment for major development projects. * Prepare FY 07/08 Citywide Traffic Safety Report, and prepare and administer the Citywide traffic database.

PUBLIC WORKS ENGINEERING SERVICES		PROGRAM		
Traffic Engineering		86-621		
Statement of Purpose				
<p><i>To facilitate the safe and efficient movement of vehicular and pedestrian traffic on City streets and arterials.</i></p> <p>This program provides for the design of street channelization plans, new signal and signal modification plans, enhanced operation of the Citywide traffic signal network and the Advanced Traffic Management System (ATMS). This section also investigates and responds to citizen requests and complaints, develops and implements neighborhood traffic, parking, and speed hump plans; prepares and submits federal and state grants for traffic engineering projects, including ATMS elements, and priority control systems for emergency vehicles; designs parking facilities; reviews environmental impact reports as they relate to traffic impacts and site access for major developments; manages the Integrated Traveler Information Sharing System (ITIS); and assists in claims management.</p>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Completed design and construction of 10 traffic signals/interconnect projects. * Investigated and responded to over 1,150 Council and citizen requests regarding traffic safety. * Implemented or renewed permit parking in 27 permit parking districts. * Implemented 13 speed humps on 3 residential streets. * Completed Westminster/17th, McFadden, MacArthur, Edinger, Harbor, and Segerstrom Traffic Management Projects. * Completed 19 channelization plans in-house for arterials and neighborhood streets. * Acquired state and federal funds for traffic engineering improvements. * Completed Citywide collision data report. * Completed Civic Center Directional Signage Project on Main Street (Phase II). * Processed 125 special license applications. 				
Action Plan for FY 2008-2009				
<ul style="list-style-type: none"> * Continue to provide technical support for BRT projects. * Evaluate speed hump requests and implement approved speed hump projects. * Prepare grant applications for traffic engineering projects, and implement grant- and City-funded projects. * Implement traffic signals and school signs to enhance pedestrian safety for elementary schools. * Complete channelization and signal design (PS&E) and Capital Improvement Program for FY 08-09. * Implement permit parking program, block by block, through a petition process in new and existing districts * Evaluate neighborhood traffic plan requests and implement approved plans. * Complete Downtown Adaptive Signal System.

PUBLIC WORKS ENGINEERING SERVICES	PROGRAM			
Construction Engineering	86-651			
Statement of Purpose				
<p><i>To provide competent, state-of-the-art contract administration, construction inspection, and surveying services in order to assure timely delivery of high quality infrastructure projects.</i></p> <p>This section monitors public works and related construction contracts for the Capital Improvement Program and provides field inspection and surveying services. Field inspection includes all work done in the public right-of-way, whether done by permit or City contract. Surveying includes maintenance of the City benchmark/monument system and construction staking.</p>				
Accomplishments in FY 06-07 & 07-08				
<p>FY 06-07 Administered 20 projects totaling \$16 million</p> <ul style="list-style-type: none"> * Completed construction of Logan Neighborhood improvements. * Completed construction of Fairview Bridge seismic retrofits. * Completed construction of Main Street Rehabilitation from Warner to Columbine. * Completed construction of seismic retrofit of three bridges. * Continued efforts to enforce NPDES compliance on construction sites. * Completed construction of Flower Street Bike Trail. <p>FY 07-08 Administered 24 projects totaling \$18 million</p> <ul style="list-style-type: none"> * Completed construction of Santiago Park Wildlife Center * Completed Elevated Water Tank repairs and painting. * Completed water main installation in Ross Street from French to Main Streets. * Completed Santiago Creek Bike Trail at I-5 freeway. * Completed traffic signal improvements at 5th and Jackson Streets. * Completed Fire Station No. 7 improvements. * Completed McFadden Street Rehabilitation from Standard Street to East City Limit. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Complete construction of East Reservoir and West Reservoir renovations. * Complete Fourth Street water main improvements. * Complete First Street, Segerstrom Avenue, and Warner Avenue rehabilitation projects. * Complete Santa Clara Avenue, 17th Street, and Bristol Street rehabilitation projects. * Complete Local Street Pavement Rehabilitation Thin-Overlay, Phase 1. * Start construction of MacArthur Widening at SR-55. * Start construction of Bristol Street from McFadden to Pine Streets.

PUBLIC WORKS ENGINEERING SERVICES		PROGRAM		
Design Engineering		86-653		
Statement of Purpose				
<p><i>To provide quality and professional civil engineering and architectural design services for the timely delivery of quality design plans to optimize stewardship of the taxpayers' investment, health, and safety.</i></p> <p>In addition to design engineering services, this section is also responsible for providing quality right-of-way engineering services for City properties and projects.</p>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Completed design plans for Bristol between McFadden & Pine. Completed R/W acquisition of 80% of properties. * Awarded construction contracts for all AHRP projects according to the schedule. * Commenced construction of Bristol Street from Pine to Third. * Completed construction of the Santa Ana portion of the Edinger Avenue Smart Street Project. * Completed design of CIP projects according to the schedule. * Awarded construction contracts for first two thin overlay phases of Project Restore. * Completed construction of Civic Center Parking Structure to accommodate the future State Appellate Court. * Awarded construction contract for the first Cold In-Place Recycling (CIR) project for Delhi and Willard Neighborhoods. * Maximized reimbursement for all grant funded projects. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Complete R/W acquisition and commence undergrounding utilities for Bristol between McFadden & Pine. * Award construction contracts for final thin overlay phase and all phases of CIR for Project Restore. * Complete construction of Bristol Street from Pine to Third. * Begin design and R/W acquisition of Bristol Street from 3rd to Civic Center. * Complete design of CIP projects according to the schedule. * Prepare 09/10 CIP and coordinate projects with other City agencies. * Ensure eligibility for grant funding with OCTA and other outside agencies. * Prepare update to the Arterial Street Pavement Condition database to maintain Measure M certification. * Prepare a strategy for preventive maintenance of local streets.

PUBLIC WORKS ADMINISTRATIVE SERVICES Administration	PROGRAM 101-601
Statement of Purpose	
<p><i>To provide Public Works staff with the support, resources, and environment needed to operate effectively, efficiently, and proactively in the delivery of services to internal/external customers.</i></p> <p>This program provides overall management and logistical support to the Public Works Agency. Included are the Office of the Executive Director and the Administrative Services Division.</p>	
FY 07-08 Top Agency Objectives	
<ul style="list-style-type: none"> * Prepare a comprehensive strategy to rebuild our neighborhood street system within the next 10 years. * Enhance the Sanitation Inspectors' involvement regarding Waste Discharge Requirements (WDR) and FOG compliance. Expand FOG and NPDES enforcement with an additional Sanitation Inspector (Aug. 2007). * Work with other Orange County city officials, the Board of Supervisors, and State Legislators to enable cities to share in the County's gas tax and Proposition 42 revenues. * Continuously improve graffiti abatement efforts and incorporate new Graffiti Tracker tools. * Continue the phased widening of Bristol Street from Warner Avenue to 17th Street by 2013. * Continue to strengthen the Water/Sewer Enterprise to support a first-rate infrastructure. Intensify the annual budget rate structure for water and sewer capital improvement projects. * Continue implementing GIS Strategic Plan recommendations. * Continue focusing on succession planning. * Complete the Go Local Study and submit to OCTA by December 2007. * Conduct a study to revise the TSIA fees. 	
FY 08-09 Top Agency Objectives	
<ul style="list-style-type: none"> * Partnering with the City of Garden Grove, commence conceptual engineering and environmental studies by hiring consultants for the following concepts by August 2008: Downtown Street Car Circulation, SARTC Expansion and PE Right-of-Way Development. * Move forward with the \$100 million Project Restore to improve residential streets using bond proceeds and other funding sources: <ul style="list-style-type: none"> –Coordinate with City Manager's Office and CDA to provide neighborhood outreach information via mailers, newsletter, and City website. –Develop a comprehensive five-year schedule by treatment type Citywide by July 2008. * Continue the \$225 million Bristol Street Widening from Warner Avenue to 17th Street by 2013. <ul style="list-style-type: none"> –Complete ROW from 3rd to Civic Center by June 2009. –Award construction contract project for the widening between Pine and Third by July 2008. –Working with OCTA, identify source of the next \$100 million of the \$225 million commitment by June 2009. –Move forward with the Bristol Street Widening between Pine and McFadden with OCTA's funding commitment. <ol style="list-style-type: none"> a. Complete PS&E by July 2008. b. Complete right-of-way acquisition by September 2008. c. Award construction contract by November 2008. d. Complete utility undergrounding by March 2009. * Continue implementation of GIS: <ul style="list-style-type: none"> –Work with Design Engineering to complete GIS linkage to MicroPaver Database for improved map visualization and data analysis by December 2008. –Begin development of new version of the SAGIS Viewer Application. Upgrade SAGIS Viewer to GeoMedia WebMap 6.1 and Visual Studio 2008 development platform by June 2009. Benefits to include interface enhancements, better query capabilities, and improved compatibility with future operating systems. –Provide GIS services to support the City in preparing for the Census 2010. Includes the Local Update of Census Address Program (LUCA) and the Boundary and Annexation Survey program (BAS) by December 2008. –Begin implementation of new projects identified in the strategic plan and prioritized by the MIS Committee by June 2009. –Continue development of I-Water applications for water and sewer. Study the issue of storm drain on GIS and tie to I-Water by March 2009. * Continue to strengthen Water/Sewer Enterprise to support a first-rate infrastructure. Intensify the annual budget rate structure for water and sewer capital improvement projects annually. * Study enhancement options for improving storm drain and catch basin cleaning programs, including a review of the existing process for cost effectiveness and responsiveness by September 2008. * Conduct a Feasibility Study to relocate the Traffic Management Center from the 3rd Floor City Hall to the 4th Floor Ross Annex by June 2009. * Coordinate roadway maintenance activities with Design Engineering and develop a preventive street maintenance strategy by June 2009. * Evaluate program to provide water service lines for developers by July 2008. * Work jointly with OCTA to commence construction by December 2008 for Tier I at-grade safety enhancement projects and keep on schedule to complete Quiet Zone improvements prior to OCTA's 2010 increase in Metrolink trains. * Investigate the feasibility of graffiti program enhancements to include upper level and pen tag removals, and color matching by June 2009.

PUBLIC WORKS ADMINISTRATIVE SERVICES			PROGRAM	
Development Engineering			101-611	
Statement of Purpose				
<p><i>To provide quality service to the City's residents and development community by ensuring that all public and private development projects comply with applicable City standards.</i></p> <p>Development Services coordinates the review of all development projects submitted to the Public Works Agency for impacts to the City's infrastructure system and is responsible for the collection of Public Works related fees associated with development projects.</p>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Reviewed major development projects to assess impacts to the City's infrastructure and identify requirements for project implementation such as: City Place Sky Lofts, Olen Properties Residential Project, Town & Country Manor, First & Cabrillo Towers, Village Green Residential Project, Audi Renovation & Parking Structure, Alton Court Residential Project, County of Orange Cogeneration Facility, Westminster Asia Plaza, and Empire Homes. * Provided plan check services for development projects, and processed street improvements and building permit applications, including tract and parcel maps, street vacations, grading plans, utility and miscellaneous permits. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Review and process site plans, improvement plans, and maps for major developments such as: One Broadway Plaza, City Place Sky Lofts, Alton Court Residential, Integral Mixed Use Project, and Empire Homes Project. * Provide accurate, timely, and responsive review of development projects, which includes fees, conditions, right-of-way requirements, grading, street improvement plans, etc. * Continue to work cooperatively with the developers to facilitate the design and implementation of their projects. * Prepare a report analyzing Transportation System Improvement Area impact fee rates.

COMMUNITY DEVELOPMENT AGENCY

The Community Development Agency consists of the following divisions: Administrative Services, Downtown Development/Redevelopment, Economic Development, and Housing & Neighborhoods.

RELATIONSHIP BETWEEN CDA BUDGET AND TOTAL CITY BUDGET

The Community Development Agency (CDA) budget has its own set of revenue and expenditure accounts. Like other City funds, CDA’s budget is a component of the larger total City budget shown in Section 1. Unlike other

funds, this budget is actually a complex grouping of various types of funds from federal, state, county, local and other sources.

COMMUNITY DEVELOPMENT AGENCY BEGINNING & ENDING FUND BALANCE

Table 4-1 illustrates the Beginning & Ending Fund Balances for both the Community Development and Redevelopment Agency Funds. At this point, CDA Grant and Low-Mod income housing related funds are projecting a balance budget, nevertheless, changes in fund balance will occur.

(Continued on page 2)

Redevelopment project area fund balance is projected to decrease by 4% as a result of increasing project activity. Debt Service fund balance is anticipated to decrease by 29% resulting from higher payments to JMB/Santa Ana Venture, Phillips Hutton and other obligations. Housing Authority is projecting a 35% decrease in fund balance as a result of carry over projects and slightly lower funding for assisted housing programs.

■ STATUS OF THE FY 2008-2009 COMMUNITY DEVELOPMENT AGENCY BUDGET

In the 2008-2009 fiscal year, the principal effort of the Community Development Agency will be focused upon the expansion and improvement of the City’s business, industrial, and residential stock to the extent resources are available to effectuate this effort. The proposed budget reflects the Agency’s commitment to neighborhood improvements with \$9,282,905 dedicated to residential improvements via loans and grants. The Agency continues to encourage and facilitate the enhancement of underutilized substandard areas of the City and to support neighborhood associations to ensure the long-term commitment, investment, and stabilization of neighborhoods.

The Community Development Agency annual budget reflects a number of revenue sources including \$62,432,655 in tax increment revenue and \$ 29,476,015 in federal Housing Voucher Program funding.

Of the Agency’s proposed expenditures for FY08-09, 27.2 percent is dedicated toward existing debt service and outstanding obligations; 19.8 percent for the administration of Agency operations; 22.9 percent for the HUD Voucher Program; 1.9 percent for payments to subagents and other contractors; 13.2percent to the implementation of capital projects; and 10 percent to commercial and residential loans and rebates. While limited tax increment revenues have impacted the number of capital projects funded, infrastructure-related improvements throughout the project areas continue to be emphasized as revenues permit.

The 2008-2009 budget will continue to provide the resources to assist the City in achieving its goals. The Community Development Agency’s accomplishments during FY2007-2008 and major objectives for FY2008-2009 are highlighted as follows:

FY 2007-2008 ACCOMPLISHMENTS

- Certified a comprehensive one-stop career center for Santa Ana
- Applied for and were awarded a new 15-year Enterprise Zone (EZ) designation.
- Applied for and received \$600,000 in Cal-Home funds.
- Continued to facilitate expansion and enhancement of Auto Mall.

- Partnered with the Planning & Building Agency to develop the Housing Element.
- Expanded Youth Employment Program opportunities.
- Implemented Homeowner Association training targeted to troubled associations.
- Successfully opened Housing Choice Voucher waitlist.
- Applied for Prop. 1C funds for infrastructure grant for Santa Ana Blvd.

FY 2008-2009 MAJOR OBJECTIVES

- Continue to facilitate the expansion and enhancement of the Auto Mall.
- Assist the County in its efforts to assess and realize reuse potential of certain County owned properties.
- Analyze the feasibility of development opportunities at the Depot.
- Facilitate the expansion of MainPlace.
- Evaluate opportunities to PE right of way and Willowick Golf Course.
- Develop citywide Economic Development Strategic Plan.
- Create a comprehensive sustainability strategy for the Santa Ana Empowerment Corporation (SAEC) that enables continued operation beyond the 2009 Federal Empowerment Zone designation.
- Initiate the development of Agency-owned properties on Santa Ana Boulevard.
- Assist in the revitalization strategy of the Townsend and Raitt Neighborhood Area.

COMMUNITY DEVELOPMENT AGENCY SUMMARY

TABLE 4-2 COMMUNITY DEVELOPMENT AGENCY SUMMARY & ANALYSIS

Table 4-2 summarizes the Community Development Agency budget and provides comparative analysis for the three most current fiscal years. Revenues are grouped by funding source (Tax Increment, Grant Funding, Fees and Interest Earnings, Other) and expenditures are grouped by

Division, Capital Project, Debt Service and Obligations and Grant Program.

CDA supports 90 or 5.1% of the city's 1,754 full-time employees. An additional 22 positions are funded solely from grants and raises CDA's total count to 112. Grant positions are accounted for separately due to the uncertainty of future funding (see table 1-13).

COMMUNITY DEVELOPMENT AGENCY

ADMINISTRATIVE SERVICES

Various

PROGRAM

Various Accounts

Statement of Purpose

To provide professional, reliable services and products in a courteous, resourceful and responsive manner which meet or exceed customer expectations.

To provide these services, the operations of the Administrative Services Division is divided into six sections: Administrative Services, Graphics, CDBG and ESG Administration, Downtown Parking Facilities, Parking Meter and the Depot of Santa Ana. Additionally, these activities provide for the expenditure of funds to repay debt, to make payments to the other taxing agencies, and to transfer funds to the housing set-aside fund.

SERVICE PROGRAM

ADMINISTRATIVE SERVICES

The Administrative Services Division manages and directs the Agency's efforts in providing responsive financial, budgetary, administrative, clerical, and graphics services. This activity includes the managing and directing of all the Agency's financial activities as well as the support services operations. Additionally, this division processes debt service payments to investors, pass-throughs to taxing agencies and the housing funds, and transfers of funds to repay Agency debt to the City.

GRAPHICS

To provide high-quality graphics services to the City's agencies with focus on timeliness, conceptual direction, and efficiency.

COMMUNITY DEVELOPMENT BLOCK GRANT/EMERGENCY SHELTER GRANT

The Housing and Community Development Act of 1974 provides funds to cities and counties to develop urban communities, decent housing, suitable living environments, and expanded economic opportunities, primarily for the benefit of low and moderate-income people. This federal program gives priority to activities which benefit low and moderate-income individuals with an emphasis on residential areas. Community Development Block Grant projects are carried out by several operating departments within the City and by subrecipients. Public Hearings are held each winter to plan projects for the next fiscal year. The projects chosen are recommended by citizens, commissioners, and staff. They are submitted to the City Council in March and to the U.S. Department of Housing & Urban Development (HUD) for final approval by May of each year.

The City receives Emergency Shelter Grant (ESG) funds under the 1987 Steward B. McKinney Homeless Assistance Act. Staff requests and reviews applications for funding from qualified, nonprofit homeless service providers serving Santa Ana's homeless population, for renovations, rehabilitation, or conversion of buildings to be used as emergency shelters, essential services, homeless prevention, and/or payment of maintenance and operations of homeless shelters.

DOWNTOWN PARKING FACILITIES

Mission: To provide secure, affordable, and available off-street parking to visitors and employees in the downtown area. The parking garages are a joint project between CDA, the City, and the downtown business community.

PARKING METER

Mission: To effectively control the availability, rates, and duration of use of public on-street parking in the downtown area and the Willard Street neighborhood district.

THE DEPOT AT SANTA ANA

Mission: To provide Central Orange County with a safe, secure, well-managed facility containing rail, bus, and taxi services for commuters and long-distance travelers. The center is a business-oriented enterprise which leases to corporate, retail, and public service organizations. The Depot's operations involve the cooperation of transportation services, site security, facility management, landscaping, and lease management.

Statement of Purpose

To provide high-quality graphics services to the City's agencies with focus on timeliness, conceptual direction, and efficiency.

Accomplishments in FY 06-07 & FY 07-08

- * Achieved quality work as evidenced by comments and e-mails received by clients.
- * Continued to add parcel lines on city maps to assist in accuracy when creating future maps.
- * Continued to organize stock images for increased efficiency in future design projects.

Action Plan for FY 2008-09

- * To take new pictures of city sights for graphics designing projects.
- * To provide high-quality graphics and design services to City staff.

PROGRAM

Community Development Block Grant (CDBG)/Emergency Shelter Grant (ESG)

135

Statement of Purpose

To maintain Housing and Urban Development's (HUD's) Community Development Block Grant (CDBG) and Emergency Shelter Grant (ESG) program integrity by ensuring that all federal regulations pertaining to sub-recipient oversight, labor standards, equal employment opportunity, financial recordkeeping, environmental review, citizen participation, and project eligibility are observed within all CDBG/ESG projects.

This sub-division is responsible for coordination and centralized assistance in administering CDBG and ESG funding for the City. It provides liaison with HUD representatives, and prepares the annual funding applications and performance reports. It provides assistance to city departments in the identification and preparation of other grants, which enables the City to carry out projects not supported by the General Fund. The coordination with Redevelopment Agency activities maximizes the use of special funds.

Accomplishments in FY 06-07 & FY 07-08

- * Provided administrative oversight for 47 CDBG social service programs and 13 ESG programs in 07-08.
- * Facilitated the FY 08-09 application and funding process for 73 CDBG social service and 14 ESG proposals.
- * Held a "Program Requirements for Subrecipients" workshop to provide information on HUD regulations and to facilitate the agreement process.
- * Implemented an expanded subrecipient monitoring plan.
- * Prepared all HUD reports and responded to all HUD monitoring letters in a timely manner.
- * Attended HUD-sponsored CDBG and ESG training workshops.

Action Plan for FY 2008-09

- * Continue to improve processes to ensure program compliance and efficient administration for the CDBG and ESG programs.
- * Be proactive in federal changes to the CDBG program.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level Implement a Quality project to use TQS principles to improve one aspect of the CDBG and ESG programs.	1	1	1	1
Effectiveness Amount of CDBG funds disbursed in Fiscal Year.	\$8,095,579	\$6,606,913	\$7,078,730	\$6,818,885
Efficiency Projects funded with CDBG.	60	62	60	63

COMMUNITY DEVELOPMENT AGENCY

ADMINISTRATIVE SERVICES

PROGRAM

Community Development Block Grant/Emergency Shelter Grant

135

Statement of Purpose

The Housing and Community Development Act of 1974 provides funds to cities and counties to develop viable urban communities, decent housing, suitable living environments, and expanded economic opportunities, primarily for the benefit of low and moderate-income people. This federal program gives priority to activities which benefit low and moderate-income individuals with an emphasis on residential areas. Community Development Block Grant projects are carried out by several operating departments within the City and by subagents. Public hearings are held each winter to plan projects for the next fiscal year. The projects chosen are recommended by citizens, commissioners, and staff. They are submitted to the City Council in March, and to the U.S. Department of Housing & Urban Development (HUD) for final approval by May of each year.

The City receives Emergency Shelter Grant (ESG) funds under the 1987 Stewart B. McKinney Homeless Assistance Act. Staff requests and reviews applications for funding from qualified, non-profit homeless service providers serving Santa Ana's homeless population for renovations, rehabilitation or conversion of buildings to be used as emergency shelter, essential services, homeless prevention, and/or payment of maintenance and operations of homeless shelter facilities.

COMMUNITY DEVELOPMENT AGENCY

REDEVELOPMENT

**PROGRAM
Various Accounts**

Statement of Purpose

To strengthen the City's economic base and enhance its image by creatively facilitating redevelopment opportunities and providing comprehensive and quality real estate services.

The Redevelopment unit has optimized communication and efficiency in interagency and community relations.

SERVICE PROGRAM

REDEVELOPMENT

Mission: To initiate, facilitate, and implement redevelopment efforts in order to strengthen the economic base and enhance the image of the city through the active promotion of development opportunities and the creative utilization of resources.

COMMUNITY DEVELOPMENT AGENCY

REDEVELOPMENT	PROGRAM Various			
Statement of Purpose				
<i>To provide economic opportunities to the business and residential communities by fostering physical improvements, generating revenues for community services and actively promoting the image of the City.</i>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Funded six rebates on South Main. * Completed Phase II of the construction of BMW expansion and facilitated Phase III. * Facilitated amendment to SD-60 at Auto Mall. * Facilitated parking lot improvements on Phase III Olson site. * Purchased Chaney lot on South Main. * Constructed additional infrastructure improvements along South Main Corridor. * Completed Auto Mall interior public improvements. * Provided assistance with new ownership interest in Ohmann parcels as needed. * Facilitated deferred maintenance & ADA improvements for Bowers Museum and Kidseum. * Facilitated The Depot capital improvement programs. * Negotiated a License Agreement with Apostolic Church for a parking lot. * Prepared a Business Plan for the Grain Project. * Negotiated Lease Agreement for Omnipoint Communications for Fire Station #5. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Facilitate Phase III of the Olson Live/Work Lofts (Sycamore Street Lofts). * Facilitate use of Redevelopment Database as project management and analytical tool. * Facilitate Phase II construction of Discovery Science Center. * Facilitate potential expansion at MainPlace. * Conduct feasibility study and investigate potential property acquisitions for the South Main Corridor. * Prepare and issue developer RFQ on Santa Ana Blvd. Properties. * Facilitate & enhance development within the Museum District. * Continue to implement the Rebate Program for South Main Street, providing funding for three rebates. * Facilitate Fiesta Marketplace Enhancement Development. * Facilitate Crevier Phases II & III improvements. * Facilitate Honda expansion area improvements & DDA negotiations initiated if applicable. * Facilitate Audi dealership relocation, if applicable. * Facilitate The Depot capital improvement programs. * Implement Phase II of the Downtown Streetscape Project Enhancement. * Assist with marketing and re-use of YMCA property. * Facilitate Latino Health Access park project and reuse of El Faison, Mussleman, Farmers Market and other properties. * Negotiate and implement amendment to DDA for West End Lofts project, as necessary. * Assist with the development of a South Main Corridor banner program. * Facilitate a new rebate program for the downtown and fund two rebates. * Facilitate Phase III of the Santiago Lofts. * Investigate potential property acquisition opportunities on South Main. * Continue to facilitate deferred maintenance for Bowers Museum. * Facilitate deferred maintenance for the Grand Central Building. * Continue to facilitate deferred maintenance for the RTC. * Facilitate dealership transfer and improvements for Audi at Auto Mall. * Facilitate relocation of the Grain Project.

COMMUNITY DEVELOPMENT AGENCY

ECONOMIC DEVELOPMENT

PROGRAM Various Accounts

Statement of Purpose

To provide high-quality programs and services to the business and development communities which will serve to encourage economic growth, employment growth, and real estate investment within Santa Ana.

To accomplish these goals, the Division has three sections, each performing one facet of this program. The mission statements for these sections are:

SERVICE PROGRAM

BUSINESS OUTREACH

To retain and attract businesses, jobs, and investment to Santa Ana by providing timely information and assistance to businesses, through services and programs that foster business development.

WORKFORCE DEVELOPMENT

To provide employment and training programs for adults and youths resulting in the placement of these individuals in unsubsidized employment through effective utilization of available financial resources.

EMPOWERMENT ZONE

To enhance the quality of life of residents by utilizing and leveraging Empowerment Zone resources.

COMMUNITY DEVELOPMENT AGENCY

ECONOMIC DEVELOPMENT	PROGRAM			
Business Outreach	550/570-932			
Statement of Purpose				
<p><i>To retain and attract businesses, jobs, and investment in Santa Ana by providing timely information and assistance to businesses, through various services and programs that foster business development.</i></p> <p>Efforts focus on fostering a positive image of the City among professionals influencing site selection decisions and communicating the availability of incentive programs designed to aid businesses. Extensive competition and the need for a strong and diverse business base make it imperative that the Agency continues to conduct a pro-active business retention & attraction program & offer customized incentive packages</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Completed and submitted a 478 page successful application to the State of California for a new 15-year Enterprise Zone designation * Awarded new designation in January 2008. * Business Retention Strategy-Developed new business retention strategy that identified potential companies at risk of relocating or laying off employees in the future. Staff surveyed over 1,000 businesses and set up over 150 business retention site visits * Worked with over 250 companies in the past year to find a site in the City of Santa Ana. 42 of those companies are currently doing business in the city. * Completed new business portal that assists businesses in locating City services. Partnered with loopnet.com to allow users the ability to search for available properties for lease and sale in the city * Completed development of an interactive Business Attraction CD-Rom that helps our City's attraction and retention efforts. CD-Rom gives detailed information on all economic development programs and services * Attended International Council of Shopping Centers trade show with newly designed Santa Ana trade show booth. As a representative for the City, staff met with various developers, brokers and potential new businesses interested in locating to Santa Ana. Several new retail projects are currently in development due to our successful meetings * Updated all marketing materials describing various Economic Development programs available to businesses * Completed Citywide marketing video (also available on CD-Rom) * Over 100 businesses attended the annual Enterprise Zone Workshop held in October 2006 * Since its inception on June 8, 1993, over 25,000 tax credit vouchers have been issued to EZ businesses for hiring disadvantaged workers * The program has issued over 1,519 Enterprise Zone Hiring Credit Vouchers to Santa Ana companies between July 2007 through January 2008. Each voucher represents a potential of \$35,000 or more in State Tax Credits for the employers * Assisted in the coordination and submission of a Foreign Trade Zone expansion application for G&K Automotive Conversation * Continued to target top sales tax producers for retention visits and monthly monitored the largest businesses in the city for any change that would cause them to relocate out of the city. Retention visits included: Harvey's, Crevier BMW, Tom's Trucks, and Powerwave * Created a comprehensive economic and demographic database for city residents, businesses, as well as City staff 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue business attraction and retention strategy - Enhance and monitor new business attraction and retention strategy that has resulted in surveying and visiting industrial, commercial and retail business in the City; development of an inventory of available properties; identification of trade shows, and conventions to further market the city; and continued development of the citywide business retention team * EZ Vouchering Program - ensure that staff are well-trained and meeting vouchering deadline while maintaining high customer service levels. Ensure that State vouchering regulations are consistent with Santa Ana's vouchering process. Develop new electronic filing system to archive all necessary vouchering data. * Marketing - ensure that all marketing packets, tri-fold brochures, and websites are up-to-date and consistent with our current marketing brand. Gather business and success stories and write updates for monthly Council reports as needed. Host quarterly events and informational seminars for business and brokerage community. Attend trade shows to promote economic development * Develop and promote business incentives to Vietnamese Business Community (Vietnamese Business Forum) * Translate all marketing materials into different languages - Spanish and Vietnamese * Develop Citywide Economic Development Strategic Plan * Complete HCD conditions for final designation of the Enterprise Zone * Increase marketing of Enterprise Zone through the development of a marketing video, addition of Enterprise Zone calculator on website, organizing block parties in industrial areas to market benefits of the EZ design and mail a one-page newsletter on EZ. Create EZ theme flags to be used on the streets within the new EZ area to market benefits of the program

COMMUNITY DEVELOPMENT AGENCY

ECONOMIC DEVELOPMENT		PROGRAM		
Empowerment Zone Program		129-090		
Statement of Purpose				
<p><i>The Federal Empowerment Zone grant funds are awarded by the Santa Ana Empowerment Corporation Board of Directors to provide a range of community development activities directed toward economic development, workforce development, improvement to community facilities and services for the benefit of Empowerment Zone residents and businesses.</i></p>				
Accomplishments in FY 06-07 & FY 07-08				
<p>In January of 1999, the City of Santa Ana was the only city in California awarded an Urban Empowerment Zone designation. Since that time, the Santa Ana Empowerment Zone has provided a variety of services and projects that have reinforced the City's commitment to provide comprehensive business and social services to distressed areas of the community. Some of the accomplishments during the first eight years include allocating Empowerment Zone funds in these following targeted areas:</p>				
Health		\$1,762,167		
Housing		\$423,343		
Workforce Development		\$1,500,840		
Economic Development		\$90,000		
Human Services		\$530,308		
Education		\$965,273		
Infrastructure		\$2,966,404		
Capacity Building		\$1,012,242		
Safety		\$296,634		
Research and Development		\$1,049,775		
Daisy Wheel Project		\$3,315,000		
Working Capital Loan		\$250,000		
Investment Component		\$1,628,564		
<p>The Empowerment Zone coordinates its services through the non-profit Santa Ana Empowerment Corporation that has a governance structure of twenty-three Board of Directors, and five Board Task Forces. A total of \$25,614,633 in Federal Empowerment Zone funds has been received since receiving the designation. In addition, the Santa Ana Empowerment Corporation issued \$27.5 million in Private Activity Bonds and issued over 1,750 federal tax credit affidavits to Santa Ana companies.</p>				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Develop a community capacity building plan targeting residents of the Federal Empowerment Zone. * Promote business sustainability through the increased utilization of the Federal Tax Incentive Program and related services. * Review the investment strategy for the SAEC to produce program income to create program sustainability. * Implement outcomes from the sustainability study approved by the SAEC that will expend FEZ funds through the end of the Empowerment Zone designation. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09
Service Level				
Provide Staff support to the Santa Ana Empowerment Corp (SAEC) Board of Directors, and SAEC Task Forces meetings.	47	50	40	30
Monitor and evaluate the first through the sixth year funded programs.	57	57	50	9
Effectiveness				
Empowerment Zone staff to provide reimbursements to service providers within a three week time period.	95%	95%	95%	95%
Efficiency				
Empowerment Zone staff to provide the SAEZ Board with Quarterly Monitoring Reports and the United States Department of Housing and Urban Development with an Annual Report.	5	5	5	5

COMMUNITY DEVELOPMENT AGENCY

ECONOMIC DEVELOPMENT
Santa Ana W.O.R.K. Center One-Stop Program

PROGRAM
123-Various

Statement of Purpose

To offer job search assistance, job placement and basic skills education and employment training to all eligible adults and youth and to assist the local business community with the training and hiring of employees.

The One-Stop Center is a multi-agency, multi-service shop designed to meet the employment assistance and training needs of the community. The One-Stop provides job search internet access, job search workshops, computer usage, employment listings, career advisement, resume preparation and training/education courses. The One-Stop Employment Resource Center is open to all residents.

Accomplishments in FY 06-07 & FY 07-08

- * Successfully obtained negotiated performance standards for all programs: WIA Adult, Dislocated Worker and Youth programs.
- * Revamped WIA monthly data report to expand employer information such as wage levels, positions posted, position filled and type of industries.
- * Phased out internal job posting data, Mr. EDD, and replaced it with Virtual One Stop System (VOS) that allows clients to view available positions both onsite and offsite.
- * Coordinated and presented several presentations to Santa Ana employers in danger of downsizing or closing business operations.
- * Installed interactive kiosk where job seekers can view, print, text message, e-mail or apply for local jobs posted in the Orange County Register newspaper.

Action Plan for FY 2008-09

- * Integrate and align Workforce Investment Program (WIA) with EDD Wagner Peysner Employment Services, Trade Adjustment Act program and veterans services into one program.
- * Enroll job seekers into one common customer pool, utilizing shared customer flow and shared staffing.
- * Deliver streamlined, skill based and demand driven services to job seekers and employers.
- * Prepare monthly data report to reflect job seeker characteristics, services utilized, outcome achieved as well as business services provided by the WORK Center.

ECONOMIC DEVELOPMENT Workforce Investment Board (WIB)	PROGRAM 123-Variou s			
Statement of Purpose				
<p><i>To ensure that the Workforce Investment Act programs and activities and the Santa Ana Workforce Investment Board perform in accordance with the governing legislation (Workforce Investment Act), federal and state mandates, as well as operate efficiently and in a cost effective manner.</i></p> <p>Staff to the WIB board and function as liaison between mandated partners, program operators, reporting agencies, as well as oversee contracts, monitoring and data reporting.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Aligned the WIB's and Youth Council's membership with the new State Employment and Training Act. * Continued to assist the Employer Assisted Housing Committee by familiarizing them with various employer assisted housing programs in the region. * Continued to be alert for WIA reauthorization legislation in order to best position the WIB for compliance and implementation. * Continued to promote services to local youth through the Santa Ana Youth Council to ensure quality programs prevail. * Ensured all WIA monitoring requirements were met in a timely manner and procurement activities were conducted according to federal, state and city requirements. * Ensured all vocational training providers were in compliance and requests processed in a timely manner to ensure availability for adults and dislocated workers seeking training. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Ensure city audit includes Workforce Investment Act funds in order to satisfy state monitoring requirements. * Modify Memorandums of Understanding to include Integration Plan. * Continue to ensure youth funds are obligated and youth programs meaningful to Santa Ana's youth. * Collect accurate data on customers under the new integration plan and report it to the WIB quarterly. * Procure Annual Report that includes new information on integration and return on investment phase III study and/or combine WIB annual report with Economic Development * Align the Workforce Investment Board's Employer Assisted Housing Committee with the Chamber of Commerce's Housing committee. 				
PERFORMANCE MEASURES	Actual FY 05-06	Actual FY 06-07	Estimated FY 07-08	Objective FY 08-09
Service Level				
Number of packets prepared for WIB meetings	6	6	6	6
Number of packets prepared for Executive Committee Meetings	4	4	4	4
Number of packets prepared for sub-committee meetings	35	35	30	30
Number of programs administered by WIB	9	9	9	9
Effectiveness				
Percent of funds obligated by end of fiscal year	85%	85%	85%	85%
Percent of funds spent from previous year	100%	100%	100%	100%
Efficiency				
Number of performance measures met - Note: In FY07-08 six common measures will replace 15 performance goals used in FY 06-07.	14	14	6	6

COMMUNITY DEVELOPMENT AGENCY

HOUSING AND NEIGHBORHOOD DEVELOPMENT DIVISION
Housing Services

PROGRAM
Various Accounts

Statement of Purpose

To promote and deliver a balance of housing related programs and services to City residents, investors and developers.

The Housing and Neighborhood Development Division ensures the effective utilization of City resources to enhance and preserve the intrinsic quality and economic viability of residential neighborhoods and housing stock within the City.

SERVICE PROGRAM

ASSISTED HOUSING

To effectively provide quality customer service and economic assistance to very low- and low-income persons and families and to insure tenancy in decent, safe and sanitary housing. To provide opportunities for persons to gain training and/or education through the Family Self-Sufficiency Program which will lead to economic independence.

HOUSING DEVELOPMENT AND REHABILITATION

To provide quality technical and financial assistance to residents, developers, investors and non-profit organizations within the residential community to ensure the enhancement of existing housing stock, construction of new quality affordable housing, and the promotion of homeownership opportunities.

NEIGHBORHOOD IMPROVEMENT

To act as a liaison between City staff and residents. To provide technical assistance and incentives which serve as catalysts to residents. To encourage the maintenance and rehabilitation of residential properties which will promote reinvestment and pride in the City. To encourage and facilitate the enhancement of under-utilized and substandard areas within the City. To provide quality technical support for formation and development of neighborhood commitment, investment, and stabilization of neighborhoods.

COMMUNITY DEVELOPMENT AGENCY

HOUSING AND NEIGHBORHOOD DEVELOPMENT DIVISION		PROGRAM		
Assisted Housing		Various		
Statement of Purpose				
<p>By administering the Section 8 Housing Choice Voucher program, we assist low-income individuals/families with affordable rent and also stimulate the economy with housing assistance payments to private landlords.</p> <p>We implement housing programs to meet the community's housing needs, including those of the special needs populations.</p> <p>We establish partnerships with community organizations that will maximize housing resources for our residents.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Completed staff reorganization. * Conducted application intake during October and November, receiving 9,600 applications. * Finalized PowerPoint briefing presentation in English, Spanish, and Vietnamese. * Created and distributed quarterly newsletters to landlords and tenants. * Maximized HVP funding by achieving 100% lease-up. * Implemented program changes to reflect new HUD regulations. * Ensured compliance with SEMAP requirements. * Received \$126,120 grant to fund Family Self-Sufficiency program. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Implement automated Housing Quality Standards inspection software. * Develop procedures manual. * Continue to maximize HVP funding by maintaining full lease-up. * Develop Fair Housing Compliance Manual for HUD monitoring. * Create reasonable accommodation tracking system to ensure HUD compliance.

COMMUNITY DEVELOPMENT AGENCY

HOUSING AND NEIGHBORHOOD DEVELOPMENT DIVISION			PROGRAM	
Development Services			Various	
Statement of Purpose				
<p><i>To provide quality technical and financial assistance to residents, developers, investors and non-profit organizations within the residential community. To ensure the enhancement of existing housing stock and construction of new quality housing and to promote homeownership opportunities.</i></p> <p>The Development Services Program provides funds for the development and rehabilitation of residential units, encourages owners to upgrade properties that need major building system replacement or structural repair, and assists in the development of new residential units through a variety of loan programs.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Completed rehabilitation of 3 multifamily buildings with non-profits (1501 N. Ross Street/24 units, 1411 N. Durant Street/24 units and 901 E. 6th Street/24 units). * Completed the rehabilitation of two transitional living housing facilities (7 units). * Provided a nonprofit corporation with low cost loans totaling more than \$19 million for the acquisition and rehabilitation of 23 multi-family buildings (Wilshire-Minnie/17 buildings and Townsend-Raitt/5 buildings). * Awarded \$600,000 from the State of California CalHome Program to supplement the City's program for owner-occupied and mobile home rehabilitation. * Approved \$985,000 in loans to City residents for the rehabilitation of their homes. * Released a Request for Qualifications and selected a developer for the development of single-family homes on 13 Agency owned lots. * Successfully administered and implemented programs in accordance with federal and state regulations. * Preservation of 55 affordable rental units at City Gardens for an additional 55 years. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue to facilitate acquisition and rehabilitation of multifamily units by nonprofit housing corporations. * Continue to provide financial and technical assistance for residential property rehabilitation. * Implement federal HOME and Tax Increment Programs to meet the goals of the Consolidated Plan and facilitate the construction of infill housing units. * Provide technical support for development and marketing of Agency-owned property.

COMMUNITY DEVELOPMENT AGENCY

HOUSING AND NEIGHBORHOOD DEVELOPMENT DIVISION Neighborhood Improvement	PROGRAM Various			
Statement of Purpose				
<p><i>To facilitate collaboration between agencies and the communities to ensure efficient implementation of community initiatives. To improve area conditions and overall quality of life.</i></p> <p>The Neighborhood Improvement Program (NIP) provides staff support and acts as a liaison between neighborhoods, communities and the City. NIP provides quality technical assistance and community improvements to facilitate improved communication between residents, the community and the City, and to promote a positive city image.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Continued to support neighborhood associations and the Communication Linkage Forum. * Developed assessment methodology of neighborhood association capacities. * Continued to link efforts of Business Community Watch (BCW) programs in shopping centers with surrounding neighborhood associations. * Supported Resource Network agencies through networking/recognition, strategic planning, information sharing and encouraged collaboration. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Prepare individual development plans for all 62 neighborhood associations. * Sponsor 13th Annual Celebrate Santa Ana through the Resource Network. * Partner with OC Human Relations Commission to provide neighborhood leadership program.

COMMUNITY DEVELOPMENT AGENCY

CENTRAL CITY

OBLIGATION

1989 TAX ALLOCATION BONDS SERIES E - DEBT SERVICE 518

The finance structuring of the MainPlace project included a \$15,000,000 developer advance from JMB Federated. It is to be repaid by the Agency from tax increment generated by the developer's improvements at the MainPlace site. The note bears interest at 10%. In 1985, the Agency issued \$20 million bonds to refinance this debt at 7 3/8% interest rate. The structure of the issue provided for the bond proceeds to be held in escrow until the tax increment generated by the site was sufficient to support its release or December 1990, whichever occurred first. A \$21 million refunding in 1989 allowed the Agency to secure a lower interest rate and extend the life of the escrow for an additional nine years.

2003 TAX ALLOCATION REFUNDING BOND SERIES B - DEBT SERVICE FUND 558

In May 1986, the Agency issued \$23,375,000 in Tax Allocation Refunding Bonds to refinance the 1984 \$19,000,000 issue in the South Main Project Area. The original issue was structured to make payments on a note that the Santa Fe Land Company carried when the Agency purchased the Auto Mall site. In 1985, the Agency issued \$13,000,000 in Tax Allocation Bonds to finance public improvements. The structure of the issue required the remarketing of these bonds in 1990. In order to take advantage of attractive market conditions, and to secure a lower interest rate for the life of the issue, the Agency issued \$14,735,000 in refunding bonds in November, 1989. In 1993, the Agency issued \$44,650,000 in refunding bonds to defease both of the above issues and fund \$4,495,000 in new capital projects benefiting the South Main project area. In May 2003, the Agency issued \$34,145,000 in refunding bonds to defease the 1993 Tax Allocation Refunding Bond Series D.

■ SPECIAL REVENUE FUND DEFINITION

Special Revenue Funds are monies that can only be used for certain specific purposes as defined by law or administrative action. Allocation of funds will probably have a series of covenants and guidelines that the recipients must follow. Most special revenue funds are either grants or subventions from the state and federal governments designed for a variety of purposes from public safety to air quality, or to account for funds expended under a Joint Powers Agreement (e.g., Civic Center Authority Fund 74). Each special revenue fund is an independent budget with its own revenue and expenditure accounts.

■ RELATIONSHIP BETWEEN SPECIAL REVENUE AND TOTAL CITY BUDGET

All special revenue funds are grouped as a component of the larger Total City Budget as presented in table 1-6B. Approximately 80 percent of special revenue comes from the Special Gas Tax and Civic Center. Many of the Special Revenues (i.e. UASI and FACT Grants) work on a reimbursement basis and will typically result in higher expenditures than originally anticipated.

Fiscal year 08-09 Special Revenue appropriations amount to \$45,951,825 which represents a 23.6% increase over last fiscal year mainly due to Gas Tax secured COP's obtained in December of 2007 that generated over \$60M of available fund for project "Restore" (a \$100M residential street improvement project over the course of 3-5 years). These funds will be transferred annually (\$20M in 08-09 Gas Tax fund) to the Residential Street Improvement Fund located under the Capital Improvement Projects section. The Police Department will use available funds from its Urban Areas Security Initiative Grant (UASI) to help assist with the City's anti-terrorism related efforts.

Special Revenues Fund approximately 40.4 full time positions, which is an equivalent of 2.3% of the total personnel budget via grant sources like UASI, Air Quality, and Metro Medical Response Program. One Principal Management Analyst position was added under the UASI program during FY 08-09.

■ SPECIAL REVENUE FUND BEGINNING & ENDING FUND BALANCE

Special Revenue Fund balances table 5-1 illustrates the changes in fund balance. Special Revenues primarily operate on a reimbursement basis which could mean that the projected 07-08 fund balance may be understated as all revenues may not all be recorded by the time we publish this book. This may affect the departmental revenue projections for FY08-09. Both Inmate Welfare and Criminal Activities program funds are projecting a decrease in fund balance pending revenues generated by donations and sale of criminal assets

seized. Urban Areas Security Initiative Grant, Traffic Offender Program and Families & Communities Together Program Funds are also projected to have a decrease in fund balances pending the receipt of grant proceeds and reimbursements from the Feds or State. Gas Tax fund balance is anticipated to decrease by 29% or \$20million to fund the initial phase of project "Restore". Air Quality fund balance is anticipated to decrease by 45% resulting form an increase in fleet related projects funded by AQMD.

SPECIAL REVENUE FUND SUMMARY

Table 5-2 summarizes a complete listing of all Special Revenues by the department managing the fund's in descending order and are itemized below by fund number as a cross-reference. Table 5-2 presents all Special Revenue Fund sources and appropriations differently than the tables and charts presented in the Budget Summary/City Profile Section of the Budget Document. As an example, special revenues funding Capital Improvement Projects may be included as part of the CIP budget and Special Revenue Interfund transfers may be exclude to avoid double counting.

● Fund 23 Inmate Welfare Fund (PD)

This fund operates the inmate welfare fund program. Revenues are generated through donations and commissions for personal items purchased or services used by the inmates of the Santa Ana Jail.

● Fund 25 Traffic Safety Program (CMO)

Funds are collected by the courts as traffic fines are deposited into this fund. The funds are transferred as needed to the General Fund to be applied toward purposes permitted by Law.

● Fund 26 Criminal Activities (PD)

This fund enhances Police investigation, detection, prosecution of criminal activities, and drug awareness programs. Revenue comes from the sale of criminal assets seized under federal, state and municipal laws.

● Fund 29 Special Gas Tax (PWA)

Special Gas Tax fund 29 consists of all State subventions disbursed to cities and counties using a population-based formula. These funds support street maintenance activities and partially fund Select Street construction under the Capital Improvement Projects.

- Fund 31 Air Quality Improvement (Various)**
 State Assembly Bill 2766 provides grant money to improve air quality to the following Fund 31 activities: Personnel Services (31-141), Fleet Services (31-111) and Planning & Building (31-505) as the designated fund coordinator.

- Fund 74 Civic Center Maintenance (Various)**
 Fund 74 includes Maintenance (74-242), Special Projects (74-243) and Non-Departmental (74-12), which are managed by Parks Services, and Security (74-244) which is managed by Police to provide cleaning, maintenance and security of the Civic Center common area under a City of Santa Ana and County of Orange joint powers agreement.

- Fund 125 Urban Areas Security Initiative Grant (PD)**
 This is a Department of Homeland Security grant program established to enhance security and overall preparedness to prevent, respond to, and recover from acts of terrorism. The program is described further in the funds program page.

- Fund 146 Metro Medical Response Sys. Grant (FD)**
 This fund provides for the costs of emergency repairs or demolition of dangerous buildings. Revenue comes from a General Fund transfer which is treated as a loan to Fund 121 to be repaid from proceeds of collections, as provided for in Chapter 8 of the Municipal Code.

• **Fund 152 Public Library Fund (PLF)**

Provides direct State aide to California public libraries for basic public library services. Localities may use the funds freely so long as the funds serve the public library purposes stated by law.

• **Fund 165 Traffic Offender Program (PD & PWA)**

This is a California Office of Traffic Safety grant program to target suspended/revoked and unlicensed drivers so as to reduce the incidence of fatal injury and DUI-related collisions in Santa Ana. These grant funds are used to conduct studies and activities to improve traffic safety.

• **Fund 20/169 Families & Communities Together (PRCSA)**

This is a collaborative program involving non-profit groups, grassroots organizations, and the City of Santa Ana to provide

community and other social services devoted to both preventing child abuse from prenatal stage to age 5, and treating child victims form ages 0-18 years old. This grant fund receives funding from the State General Fund Grant, The Urban Park and Recreation Recovery Fund, The State General Fund Grant, The California State Park Bond and the California Integrated Waste Management Grant.

POLICE DEPARTMENT OTS - Traffic Offenders Program	PROGRAM 020-336
Statement of Purpose	
<p><i>To account for and monitor "program" funds received for fines imposed on vehicle drivers who are driving without a license or a suspended or revoked license.</i></p>	
<p style="text-align: center;"><u>SERVICE PROGRAM</u></p> <p>This program focuses on targeting suspended/revoked and unlicensed drivers. The program was originally funding police officers through a grant from the Office of Traffic Safety. Fines generated through the grant were set-aside to be used for the continuation of the program after the grant period.</p>

SPECIAL REVENUE FUNDS

POLICE DEPARTMENT Criminal Activities - All Activities	PROGRAM 26 - Various
---	---------------------------------------

Statement of Purpose

To enhance the investigation, detection and prosecution of drug-related criminal activities.

These programs are funded by criminal assets which are seized under existing municipal, state and federal laws.

SERVICE PROGRAM

CRIMINAL ACTIVITIES - STATE (Fund 26-340)

This program is funded through asset seizures processed through the State of California and state laws.

CRIMINAL ACTIVITIES - GENERAL (Fund 26-342)

This program is funded through "pass-thru" asset seizures processed through active participation with other law enforcement agencies.

CRIMINAL ACTIVITIES - DEPT. OF JUSTICE (Fund 26-343)

This program is funded through "pass-thru" asset seizures processed through U.S. Dept. of Justice agencies which the SAPD participated on.

CRIMINAL ACTIVITIES - DEPT. OF TREASURY (Fund 26-344)

This program is funded through "pass-thru" asset seizures processed through U.S. Dept. of Treasury agencies which the SAPD participated on.

CRIMINAL ACTIVITIES - STATE 15% SET-ASIDE (Fund 26-345)

This program is funded through asset seizures processed through the State of California and state laws. The State of California requires a 15% set-aside from all state seizures proceeds to be used for drug awareness education and training in the local community.

SPECIAL REVENUE FUNDS

Special Gas Tax Fund

PROGRAM

Fund 29-013

PURPOSE: California Streets & Highway Code Section 2105 provides apportionments to cities and counties of a portion of the revenues derived from a per gallon tax on motor vehicle fuels in accordance with prescribed formulas. A city's or county's entitlement to the apportioned funds is conditional upon its expenditures from its general fund for street and highway purposes for an amount not less than the annual average of its expenditures during the 1987-88, 1988-89, and 1989-90 fiscal years.

California Streets & Highways Code Section 2106 (a) provides that each city in the state shall receive a fixed monthly apportionment of \$400 (\$4,800 per year). In addition to this fixed amount, under Section 2106 (c.) after counties receive their portion of the overall base sum, the balance will be apportioned on a monthly basis to cities for use during the 2002-2003 fiscal year.

California Streets & Highways Code Section 2107 provides for the monthly apportionment of a sum equal to \$0.00725 per gallon of motor vehicle license tax among cities, based on population. In addition, SB215 (Chapter 541, Statutes of 1981) provided for a one-time appropriation of \$59 million to be allocated to cities in fiscal year 1982-83. Beginning in fiscal year 1983-84, cities now receive \$0.01 of the \$0.02 increase in gas taxes pursuant to SB 215.

Median Landscaping

PROGRAM
29-637

Statement of Purpose

To provide the City of Santa Ana with quality landscape median maintenance.

This program includes the design review, maintenance, and improvement of landscaped medians to improve traffic flow and enhance the City's beautification efforts.

Accomplishments in FY 06-07 & 07-08

Prior to FY 08/09, this activity was budgeted in General Fund Program 11-637.

Action Plan for FY 2008-09

- * Maintain existing median landscaping.
- * Identify electric and water saving devices to maximize irrigation efficiency.
- * Assume maintenance responsibilities for medians and landscaped areas on Bristol from Pine to 3rd Streets, First Street Bridge, First Street at Tustin, Flower Street, Lincoln Doubletrack, and Edinger Avenue.

SPECIAL REVENUE FUNDS

PLANNING AND BUILDING AGENCY
Air Quality Improvement Trust Fund

PROGRAM
31-505

Statement of Purpose

To formulate and coordinate policies and programs and assist in the improvement of the City's air quality.

The Planning Division of the Planning and Building Agency has been assigned the responsibility of formulating and coordinating the City's air quality improvement policies and programs. This lead role involves participation in a number of regional planning and air quality groups/activities. These groups include the Orange County Council of Government Technical Advisory Committee and the Air Quality Working Group. The Air Quality Trust Fund covers a majority of the costs to facilitate these efforts, and also funds miscellaneous air quality improvement projects.

SERVICE PROGRAM

AIR QUALITY IMPROVEMENT PLAN

Planning staff assumes the lead role in coordinating the City's air quality improvement activities. This includes identifying goals, policies, programs, and funding source(s) for local implementation of Federal and State ambient air quality goals. The City builds upon the analysis and findings of the ongoing Technical Advisory Committee of the Orange County Council of Governments.

SPECIAL REVENUE FUNDS

POLICE DEPARTMENT UASI - Urban Areas Security Initiative Grant	PROGRAM 125-331/334/337
Statement of Purpose	
<p><i>To account for and monitor federal homeland security grant funds received to address the unique planning, equipment, training, and exercise needs of large urban areas. The funds assist the Urban Area in building an enhanced and sustainable capacity to prevent, respond to and recover from threats or acts of terrorism.</i></p>	
<u>SERVICE PROGRAM</u>	
<p>Funds for this grant are provided by the U.S. Department of Homeland Security and are passed down to the State via the Office of Homeland Security. Funds from this grant are used to purchase equipment, provide training and exercises, and pay the management and administrative costs of managing the grant. The grant is a reimbursement grant requiring City funds be spent first, then recovered through a request for reimbursement from the State Office of Homeland Security. A portion of these grant funds are being used to support the salaries of one Sergeant, one Management Aide and 25% salary of one Commander.</p>

SPECIAL REVENUE FUND

FIRE DEPARTMENT Metropolitan Medical Response System Grants	PROGRAM 146-Var
--	----------------------------------

Statement of Purpose
<i>To mitigate the impact of hazardous situations on life, property, and the environment through effective response, prevention, and preparedness programs while maintaining a high level of employee efficiency, safety and well-being.</i>

SERVICE PROGRAM

The Metropolitan Medical Response System Grant (MMRS) provides major funding to further enhance and maintain integrated, systematic preparedness for local response to weapons of mass destruction (WMD) high-casualty events until significant external assistance arrives. The funding assists local jurisdictions to focus on being prepared for events of chemical, biological, radiological or nuclear (CBRN) nature; epidemic disease outbreaks, large scale hazardous materials accidents, explosive agents and major natural disasters.

LIBRARY
Administration Services

PROGRAM
152-222

Statement of Purpose

To enhance our existing book collection by providing educational, recreational, & cultural materials and to provide services which promote literacy, enhance academic success & enhance personal growth in our library patrons.

SERVICE PROGRAM

The Public Library Fund (PLF) provides direct state aid to California public libraries for basic public library service. The funds assure the availability to every resident of the state an adequate level of public library service regardless of the taxable wealth of the local jurisdiction providing the service. Localities may use the funds freely so long as the funds serve the public library purposes stated in the law.

PARKS, RECREATION & COMMUNITY SERVICES		PROGRAM		
Families and Communities Together (FaCT) Program		169-VAR		
Statement of Purpose				
<p><i>The Families and Communities Together program focuses on strengthening the structure and services devoted to both preventing child abuse in families, beginning prenatal to age 5, and treating child victims ages newborn to 18 years. The Corbin Family and Community Center is the site where collaborative non-profits are housed to serve members of the community.</i></p> <p><i>To provide transportation to seniors to and from the senior centers where they can engage in educational and health & wellness programs.</i></p> <p><i>To provide transportation to Vietnamese Community of Orange County (VNCOC) seniors to and from the VNCOC where they can engage in educational and health & wellness programs.</i></p>				
Accomplishments in FY 06-07 and FY 07-08				
<ul style="list-style-type: none"> * Strengthened the relationship with the Office on Aging to expand programs for senior caregivers * Coordinated with County of Orange to continue funding for Corbin Family Resource Center * Strengthened the relationship with the Orange County Transportation Authority for senior transportation * Increased the amount of passengers for each senior mobility program site 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue working with Office on Aging to enhance programs for senior caregivers and participate in training workshops for improved caregiver programs * Continue to provide information and referral services to FaCT clients * Support Office on Aging's efforts to outreach to local households where seniors reside * Extend services to seniors for one time doctor visits * Increase passenger ridership by enhancing marketing to the community

■ **ENTERPRISE FUND DEFINITION**

Enterprise Funds account for activities that the City operates like private business enterprises. In these situations, the City acts as a municipal corporation to recover the costs of providing certain types of services primarily through user charges. These costs include operating expenses and the capital cost of maintaining, replacing, upgrading, adding to the capital stock and also other expenditure purposes such as the advancement of public health and safety.

■ **RELATIONSHIP BETWEEN ENTERPRISE BUDGET AND TOTAL CITY BUDGET**

Each Enterprise Fund is an independent budget with its own revenue and expenditure accounts. All enterprise funds are grouped together as a component of the larger total City budget originally presented in tables 1-5 and 1-6B in the budget summary section. The General Fund captures overhead charge revenues from the various Enterprise Funds in connection with water billing and other services provided. With the passing of proposition 218, the City has been working diligently with the Public Works Department and the City Attorney’s Office to assure the City is not in violation and meeting prop 218 requirements.

■ **ENTERPRISE FUND BEGINNING & ENDING FUND BALANCE**

Table 6-1 provides a snapshot of beginning and ending fund balance changes for the Enterprise Funds. Major changes in fund balance are projected to occur in both the Federal Clean Water Protection and Sanitation Enterprise funds. Both are anticipated to decrease by (40% and 78% respectively) as a result of higher personnel costs and capital purchases.

■ **ENTERPRISE FUND SUMMARY**

Table 6-2 provides a summary of the individual enterprise funds by department or agency responsible for managing the fund. The FY 08-09 Enterprise Fund total appropriation is \$87,428,055 reflecting a 6.4 percent increase due to higher appropriations in the water, sanitation sewer services and parking facility maintenance. The Enterprise Fund revenue (amounting to \$82.1M) generated to support each enterprise operation comes from user charges collected for services provided to customers. These revenues come via rental charges at the Depot, consumption of water, refuse collection services, metered parking fees and a variety of other user

charges. Enterprise Funds support approximately 120.6 positions of the City’s 1,754 employees.

■ **COMMUNITY DEVELOPMENT AGENCY**

The Community Development Agency manages two of the seven enterprise funds; the Depot (formerly known as the Regional Transportation Center) and the Parking Meter Funds for a total of \$5.5 million or 6.3% of enterprise funds.

● **Parking Meter - Fund 27**

This fund operates the City’s parking structures and Parking Meter Program. Parking Meter fund transfers money to the General Fund to pay for the City’s lease obligations on the parking garage.

● **The Depot – Fund 67**

The Depot was first established as the RTC or Regional Transportation Center in September 1985 to provide a strategically located staging area for land transportation services in Southern California and commercial office space in the Intercity Redevelopment Project Area. The RTC was renamed The Depot in FY 01-02. The fund covers the cost of operating and maintaining the City-owned RTC facility that hosts an Amtrak train station, bus terminals, taxi stands, and a parking lot for “park & ride” motorists. Fund 67’s budget of \$1,047,630 accounts for 1.2 percent of total enterprise funds in the FY 08-09 City budget.

■ PUBLIC WORKS AGENCY

Public Works manages five of the City’s seven enterprise funds. Since some of the funds (e.g., Fund 64 of the Water Enterprise) have sub-accounts, Public Works is responsible for a total of seventeen of the twenty-one enterprise activities. In dollar terms, Public Works manages \$81.8 million or 93.7 percent of total enterprise funds in the FY 08-09 budget. These individual funds are described below.

● Sanitary Sewer Services – Fund 56

The Sanitary Sewer Maintenance Program provides for the proper cleaning, repair and operation of 450 miles of sanitary sewer system facilities. This fund accounts for 5.4% of the total Enterprise Fund appropriations at approximately \$4.6 million for FY08-09.

● Fed. Clean Water Protection Enterprise - Fund 57

The Federal Clean Water Protection Enterprise provides for storm drain systems operation and maintenance and pollution reduction under the new National Pollutant Discharge Elimination System permit issued by the Santa Ana Region of Water Quality Control Board in January 2002.

• **Water Enterprise – Funds 61 through 66**

The Water Enterprise provides water services to the residential, commercial, and industrial segments of the City. Water services are provided through a combination of City staff and private contractors. This fund pays for operating costs such as the production of groundwater, purchase of water from outside sources, water billing functions, and the capital costs of maintaining and upgrading the City’s wells and water distribution system. Water revenue comes primarily from metered charges for water usage that provides approximately 80 percent of water’s total funding requirements. The remaining 20 percent comes from various other fees, penalties, and fixed service charges.

The Water Utility budget of \$51,432,500 is the largest of the City’s five enterprise operations and accounts for 58.8 percent of total enterprise funds in the FY 08-09 City budget. Page 6-5 illustrates a water rate survey conducted by our Public Works department in which various cities and water districts are compared to the City of Santa Ana.

• **Sanitation – Fund 68**

This fund provides a variety of services that includes motorized street sweeping, weed abatement, graffiti removal, street tree trimming, and maintenance of the City’s sewers and storm drains. Sanitation services are provided through a combination of city employees and private contractors.

SANTA ANA water rates are competitive in Orange County

Santa Ana’s water rates were revised in FY 96-97 to provide the City’s customers with incentives to minimize water usage. The conservation-based water rate structure has an inclining block system that requires those with excessive water usage to pay a higher share of the cost of the water. This inclining block rate system has been adopted in fifteen Orange County cities.

The 2008 Rate Survey conducted by the City’s Public Works Agency using Municipal Water District of Orange County (MWDOC) data pegged a typical City customer’s monthly water bill at \$49.18. The survey reported that Santa Ana’s water rate is in the middle among Orange County’s thirty (30) water districts.

The passage of Proposition 218—which strictly defines the fees local governments can charge residents—required the City to modify the Sanitation Fund’s financial structure. This resulted in a \$1 decrease in sanitation rates as the cost of urban forest maintenance and median landscaping was transferred to the General Fund. The combined Fund 68 budget of \$9,306,520 accounts for 10.6 percent of total enterprise funds in the FY 08-09 City budget.

• Refuse Collection – Fund 69

This fund provides refuse collection, recycling and disposal services to the City’s residential, commercial and industrial segments through agreements with two private contractors. The Refuse Collection Fund budget of \$13,762,610 accounts for 15.7 percent of total enterprise funds in the FY 08-09 City budget.

PARKING ENTERPRISE - CDA Parking Meter & Facilities	PROGRAM 27-013/014/015			
Statement of Purpose				
<p><i>To effectively control the availability, rates, and duration of use of public on-street parking in the Downtown area and in the Willard Street neighborhood.</i></p> <p>The City of Santa Ana has four parking garages operating in the Downtown area. In order to properly control the inventory and rates for available downtown parking, the Parking Meter Program operates and manages approximately 1,400 metered spaces throughout the area. The cost of the program is funded from meter revenues and parking fines. Excess revenue is allocated to parking garage debt services.</p>				
Accomplishments in FY 06-07 & FY 07-08				
<ul style="list-style-type: none"> * Implemented Phase II of the Downtown Meterscape. * Refurbished standard meter housing. * Replaced obsolete meter heads in the Willard area and Mid-Town. * Completed the selection of a Parking Management company for downtown parking garages. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Modernize parking structure operating equipment. * Implement Phase I to refurbish substandard meter housings. * Implement structural improvements to parking garages.

SANITATION ENTERPRISE - PWA
Sewer Services

PROGRAM
56-575

Statement of Purpose

To provide cleaning, rehabilitation, and repair of sanitary sewer facilities and remove sewer main blockages.

The Sewer Maintenance Program provides for the proper cleaning, repair, and operation of 450 miles of sanitary sewer system facilities. The program ensures compliance with the Regional Water Quality Control Board Fats, Oils, and Grease Control Program. The program is responsible for maintenance of two sewage lift stations for transporting sewage from the City to the Orange County Sanitation District.

Accomplishments in FY 06-07 & 07-08

- * Cleaned 907 miles of sewer lines.
- * Inspected 518,780 lineal feet (98 miles) of sewer mains using video.
- * Responded to and corrected all blockages of City sewer facilities.
- * Enforced City sewer spill response and reporting procedures for 18 occurrences.
- * Constructed 7,400 lineal feet of new sewer main.
- * Complied with all Regional Water Quality Control Board Waste Discharge Permit requirements.

Action Plan for FY 2008-09

- * Continue management of the Fats, Oils, and Grease Control Program.
- * Construct 3,500 lineal feet of new sewer main through the Capital Improvement Program.
- * Continue the sewer lateral repair program.
- * Begin construction of the relocation and upgrade of the Segerstrom Sewer Lift Station.
- * Meet State Water Quality Control Board requirements for a Sewer System Management Plan.
- * Meet State Water Quality Control Board requirements related to the Fats, Oils, and Grease Control Program.

PERFORMANCE MEASURES	Actual	Actual	Estimated	Objective
	FY 05-06	FY 06-07	FY 07-08	FY 08-09
Service Level				
# of miles of sewer mains cleaned	454	357	450	420
# of sewer mains TV-inspected (in lineal feet)	268,379	253,780	265,000	270,000
# of sewer main blockages cleared	31	24	28	21
# of sewer main laterals repaired/replaced	161	183	165	190
# of sewer main trouble spots cleaned	846	843	840	840
Lineal feet of sewer mains designed by City Staff	5000	3900	3500	3500
Lineal feet of sewer mains replaced	2000	3500	3000	3000
Efficiency				
% of sewer laterals repaired/rehabilitated within 10 working days	90	90	95	95
% of sewer inquiries response to customer within 4 hours	100	100	100	100
% of development projects with adequate sewer system capacity	100	100	100	100
% of emergency sewer lateral repairs completed within 48 hours	100	100	100	100

FEDERAL CLEAN WATER PROTECTION ENTERPRISE - PWA
Federal Clean Water Protection

PROGRAM
57-635

Statement of Purpose

To provide storm drain systems operation and maintenance, and pollution reduction under the National Pollutant Discharge Elimination System permit issued by the Santa Ana Region of Water Quality Control Board in January 2002.

Accomplishments in FY 06-07 & 07-08

- * Inspected all high- and medium-priority industrial sites to ensure compliance with the permit
- * Bid and awarded NPDES Capital Project to ensure City Yard compliance with the NPDES permit.
- * Ensured NPDES construction compliance of all Public Works and private development projects.
- * Participated in all countywide committees to ensure the City's interests are protected relative to the NPDES Program
- * Submitted annual reports as required by the NPDES permit
- * Submitted Local Implementation Plan as required by the permit
- * Began follow-up restaurant inspections for infractions submitted by the County.
- * Inspected all Citywide facilities for compliance with the NPDES permit

Action Plan for FY 2008-09

- * Continue training City staff and contract field operations to ensure compliance with the NPDES permit
- * Utilize videos produced with the Proposition 13 public education and outreach grants within both residential and business communities to reduce storm water pollution
- * Complete NPDES Capital Project to ensure citywide facility compliance with the NPDES Permit
- * Inspect all construction projects (public and private) at least once during the wet season.
- * Inspect all commercial/industrial sites as required by the NPDES permit
- * Identify remaining industrial facilities that do not have business permits and prioritize facilities into low, medium or high priority
- * Explore grant opportunities to fund a portion of this program
- * Create a written policy and procedures process for the review and conditioning of NPDES-related requirements in the development process.
- * Coordinate and implement the NPDES permit requirements for dry weather monitoring
- * Create written policy and procedures guidelines for Citywide maintenance and operations compliance with NPDES requirements.

SANTA ANA FINANCING AUTHORITY
WATER REVENUE BONDS, SERIES 2004

SCHEDULE OF ANNUAL DEBT SERVICE

This debt service schedule pertains to Water Refunding Revenue Bonds Series 2004 authorized and issued by the Santa Ana Financing Authority (SAFA) in 2004 for \$20,110,000. This activity accounts for all monies needed to meet the debt service requirements each fiscal year, with interest payments due semi-annually on September 1 and March 1. Final payment on this bonded debt is scheduled in FY 2025.

<p>The purpose of this program is to place the Water Utility on a cost-basis directly comparable, including tax charges and profits, to privately-owned systems. Funds are then applied to water production, maintenance, and servicing accounts, and the remainder is transferred to utility capital accounts for acquisition and construction.</p>					

ENTERPRISE FUNDS

WATER ENTERPRISE - PWA
Water Production & Supply

PROGRAM
64-574

Statement of Purpose

To provide all residents with a reliably produced, stored, and treated drinking water supply that is pure and safe to drink.

This program supplies water from local water wells and from the Metropolitan Water District of Southern California (MWDSC). This achieves the most cost-effective source of water by maintaining a ratio of 69% well water and 31% imported water. The program involves the operation and maintenance of 20 wells, 27 pumps, 8 reservoirs, 7 imported water connections, control facilities, and a Supervisory Control and Data Acquisition (SCADA) system necessary to accomplish these goals.

Accomplishments in FY 06-07 & 07-08

- * Operated and maintained water production and supply facilities in accordance with industry standards.
- * Optimized the production ratio between groundwater and imported water from MWDSC.
- * Completed booster pump rehabilitations for two pumps.
- * Completed equipment and casing rehabilitation for one well facility for enhanced efficiency.
- * Started SCADA System Phase II change from telephone to radio communication.
- * Participated in well in-lieu groundwater storage program in cooperation with the Orange County Water District.
- * Constructed Garthe Reservoir Booster Station variable frequency drive upgrade project.
- * Pumped groundwater at 82% of City supply in cooperation with OCWD and MWD programs.
- * Completed Variable Frequency Drive installations at Well Nos. 28 and 38.

Action Plan for FY 2008-09

- * Continue to balance groundwater production and import water purchases.
- * Perform additional booster pump rehabilitations.
- * Install on-line chlorine analyzers at seven pump stations.
- * Complete SCADA System change from telephone to radio communication and continue RTU upgrades.
- * Install Variable Frequency Drives at East Station.
- * Rehabilitate Well No. 24.

Water Systems Maintenance

PROGRAM
64-575

Statement of Purpose

To operate and maintain water mains, hydrants, valves, and service laterals to ensure quality distribution of water to the community.

The Water Systems Maintenance Program provides for the operation and maintenance of the water distribution system that includes approximately 450 miles of water mains, 43,900 metered services, and 5,000 fire hydrants. Program activities include valve replacements, repair of faulty water lines, and replacement of old 2" and smaller water services.

Accomplishments in FY 06-07 & 07-08

- * Repaired 52 main breaks/leaks with minimum disruption to customers.
- * Exercised 9,639 fire hydrants and 3,957 gate valves.

Action Plan for FY 2008-09

- * Respond/repair main breaks/leaks within 8 hours as required.
- * Continue replacement of 2" and smaller water services.
- * Continue gate valve and fire hydrant maintenance programs.

Water Asphalt Maintenance

PROGRAM
64-577

Statement of Purpose

To repair and maintain pavement above water mains and adjacent to water valves, water meters, and manholes.

The Water Asphalt Maintenance Program provides for the repair of asphalt and PCC street pavement following the repair of water lines, and the adjustment of manhole frames and covers, water valve pots and covers, and meter boxes located in streets and sidewalks.

Accomplishments in FY 06-07 & 07-08

* All equipment and personnel have been transferred to other activities.

Action Plan for FY 2008-09

* All equipment and personnel have been transferred to other activities.

Water Quality & Measurement

PROGRAM
64-578

Statement of Purpose

To provide a safe and reliable water supply, accurate measurement of water meters in the water distribution system, protection of the water and sewer infrastructure, and water conservation and education programs.

The water quality monitoring program includes achieving 100% compliance with the regulations and monitoring schedules established by the Department of Health Services, ensuring a safe and reliable water supply. Customers are notified annually of the various elements found in their drinking water. The metering program includes the selection, installation, testing, and maintenance of all water meters. The Underground Service Alert aspect of the program provides location of the infrastructure within 48 hours of notification by the customer. The education program is provided through a contractual program for students within the City's public and private school systems. The program's target goal is to reach a minimum of 8,000 students on an annual basis. The water conservation program includes residential, commercial, and industrial water audits in response to customer inquiries. The cross-connection program provides protection of the public water supply by ensuring the installation, annual testing, and maintenance of all backflow prevention assemblies located within the City.

Accomplishments in FY 06-07 & 07-08

- * Continued coordination with the Finance and Management Services Agency to identify all "stuck" meters and to ensure minimal loss of revenue.
- * Continued replacing deteriorating meter boxes with lighter, more durable composite material boxes.
- * Began digital recording of backflow assemblies to coordinate with the cross-connection program files.
- * Purchased and distributed Watermiser water brooms to various agencies to promote water conservation
- * Continued to provide conservation materials to customers through delivery to locations or distributed at City sponsored events

Action Plan for FY 2008-09

- * Continue with retrofit of older, large meter test assemblies to new test spool assemblies.
- * Continue to enhance preventive maintenance scheduling with the assistance of the City's utility billing system to increase the number of 2" and smaller meters replaced to 2,735 per year.
- * Continue the meter chamber replacement program on the 3" and larger meters to ensure a sound revenue stream.
- * Provide residential, commercial, and industrial water audits improving each customer's water use efficiency.
- * Continue to provide water conservation materials and education for our customers.
- * Continue to digitally record all backflow assemblies located in the City.
- * Begin saving funds to expand the Automatic Meter Reading program in future years.

WATER ENTERPRISE - PWA Water Administration & Engineering	PROGRAM 64-579			
Statement of Purpose				
<p><i>To ensure proper maintenance of the City's water facilities and to provide for the planned expansion of the water and wastewater systems to keep pace with anticipated growth and redevelopment.</i></p> <p>Administration and Engineering are responsible for developing and effectively managing the City's water resources and sewer programs. This activity is also responsible for developing and designing new capital projects, coordinating the water and sewer system replacement priorities, protecting water quality and supply, managing deferred maintenance programs, and promoting customer awareness of conservation methods and the City's water goals for a first-rate infrastructure.</p>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Completed Elevated Tank Safety Improvements and recoating project. * Began construction of East and West Reservoir structural retrofit and painting projects. * Designed 49,800 linear feet of water main replacements. * Completed construction of OCWD/MWD Groundwater Storage Program Well Nos. 40 and 41 equipping projects. * Completed design of West Pump Station Facilities Upgrade project. * Began implementation of digital water infrastructure mapping system for field crews. * Completed design of Segerstrom Sewer Lift Station. 				
Action Plan for FY 2008-09				
<ul style="list-style-type: none"> * Continue implementation of digital water infrastructure mapping system for field crews. * Complete all water and sewer development plan checks on schedule. * Complete design of water and sewer main replacement projects.

ENTERPRISE FUND

SANITATION ENTERPRISE - PWA
Environmental Sanitation

PROGRAM
68-632

Statement of Purpose

To ensure that all properties in the City are in compliance with the Weed and Rubbish Code; that all City rights-of-way are unobstructed and free of illegal advertising; that all food service facilities are in compliance with FOG and NPDES ordinances; and to provide oversight of the City's waste collection and weed abatement contractors.

Accomplishments in FY 06-07 & 07-08

- * Renewed current contract for weed and debris removal.
- * Renewed current contract for fencing City properties.
- * Implemented the FOG and NPDES inspection programs.
- * Reviewed and finalized procedures for environmental citation hearings.
- * Trained 42 PWA employees, each over a 3-day period, for the position of Sanitation Inspector.

Action Plan for FY 08-09

- * Renew contracts for weed and debris removal.
- * Renew contracts for fencing City properties and shopping cart retrieval services.
- * Continue coordination with neighborhood associations to develop programs that reduce the need to abate properties.
- * Fill the vacant Sanitation Inspector position and redistribute workload to improve efficiency.
- * Develop procedures and training to ensure compliance with Santa Ana Municipal Code including FOG and NPDES programs.
- * Audit the illegal sign removal process to ensure that current procedures are cost effective.
- * Streamline Sanitation Fee list by removing single-family residences and target businesses, new and redeveloped properties, and collect the appropriate fees.
- * Integrate FOG and NPDES inspections for improved oversight and efficiency.
- * Review and improve process of removing discarded items from City parkways and rights-of-way.

<i>To provide quality street sweeping service to ensure the cleanliness and attractive appearance of the community.</i>				
Accomplishments in FY 06-07 & 07-08				
<ul style="list-style-type: none"> * Implemented a revised sidewalk cleaning program based around the new Sidewalk Sweeper machine. * Implemented a revised arterial, industrial and commercial street cleaning schedule based on the new 9/80 work schedule. * Developed a data system and started compiling information on the various types of debris collected. * Partnered with Fleet Maintenance and initiated a street sweeper parts list program, which identifies the most commonly used replacement parts to keep in stock, and thereby reducing vehicle down time. * Met with 6th & Garfield Street and Minnie & Pine Street area businesses to coordinate area cleanups. * Adjusted sweeping schedules so service levels remained the same after new working hours were implemented. * Fielded new motorized sweeper to enhance cleanup of arterial sidewalks. * Combined sidewalk and tree well cleaning to improve operational efficiency. 				
Action Plan for FY 08-09				
<ul style="list-style-type: none"> * Research and develop an action plan to replace employees retiring in 2009, using a cost-analysis of various options, or combinations thereof, such as contracting out arterial sweeping, promoting current employees, and/or hiring new ones. * Continue to coordinate arterial sidewalk operations with street sweeping schedule. * Continue to coordinate street sweeping operations with street tree maintenance and tree well cleaning work. * Install GPS navigation system on street sweepers to collect and analyze data to enhance operational effectiveness. * Update Emergency Callout Book, brief all standby employees on new policies and procedures, and implement new procedures for callouts requiring graffiti removal. * Continue to coordinate with the Water Maintenance Division for the cleanup of tree limbs and debris following wind storms.

Graffiti Abatement

PROGRAM
68-634

Statement of Purpose

To ensure that all properties in the City are kept free of graffiti.

Accomplishments in FY 06-07 & 07-08

- * Removed 8,831,500 square feet of graffiti using City maintenance personnel.
- * Implemented new Graffiti Tracker program to track and quantify data, and assist Police Department in apprehending taggers.
- * Developed public education literature and marketing materials for community distribution regarding the Graffiti Abatement Program.
- * Continued coordination of graffiti abatement efforts with the Parks Department, Community Preservation, and SAPD via the City's Graffiti Task Force.
- * Continued to coordinate with the contractor to improve response time for graffiti removal.
- * Partnered with County of Orange to assist in graffiti abatement along flood control channels.

Action Plan for FY 08-09

- * Continue Graffiti Tracker program to track and quantify data, and assist the police department in apprehending taggers.
- * Continue coordination of graffiti abatement efforts with Parks Department, Community Preservation, and SAPD via the City's Graffiti Task Force.
- * Develop a Standard Procedures Manual for the Graffiti Abatement Program.
- * Develop a route map to implement a Clean Street Task Force to attack special removal projects.
- * Implement a traffic signal pole summer clean-up program.
- * Ensure that all calls to the graffiti hotline are responded to within 24 hours.

Street Trees

PROGRAM
68-637

Statement of Purpose

To maintain and upgrade the City's urban forest of 64,350 trees.

Accomplishments FY 06-07 & 07-08

- * Trimmed 15,900 trees in FY 06-07 and 15,859 trees in FY 07-08 with combined City and contractor crews.
- * Completed original 5-year planting plan of 6,940 trees.
- * Developed a plan to properly identify and inventory main arterial street trees that have no specific address number.
- * Developed a plan and updated flyers in English and Spanish to inform residents of the City's basic tree maintenance procedures, including planting, trimming, and spraying.
- * Planted over 110 parkway trees in the Santa Anita Neighborhood.
- * Modified scheduling process for attending neighborhood association meetings to educate more residents regarding the City's tree maintenance program, policies, and procedures.

Action Plan for FY 2008-09

- * Review the Roadway Cleaning GPS tracking system for its use during tree-watering operations.
- * Research the possibility of a windstorm database program to monitor potential tree hazards during and after windstorms.
- * Install Tree City USA signs at existing City entry points, and apply for a 2008 Tree City USA Growth Award.
- * Complete the secondary arterial tree address markings by June 2009.
- * Develop a plan to educate and inform residents of the City's basic tree maintenance procedures, including planting.
- * Continue planting replacement trees in wells if and when trees fail or are destroyed accidentally by vehicles.
- * Continue to research and provide beneficial trees for evaluation by ETAC for inclusion on the City's Designated Tree Species List.
- * Implement a street-by-street reforestation plan to identify and replace older, unhealthy trees, which may pose a potential hazard.

REFUSE COLLECTION ENTERPRISE - PWA
Refuse Collection

PROGRAM
69-521

Statement of Purpose

To operate a self-supporting City Enterprise which provides residents and businesses with efficient and cost-effective refuse collection and recycling.

This activity includes the administration of the City's refuse collection and recycling contract, field inspections of trash complaints, administration of state funded used oil and conservation program recycling grants, and compliance with the State of California Integrated Waste Management laws.

Accomplishments in FY 06-07 & 07-08

- * Complied with State-mandated 50% reduction of the City's waste disposed of in County landfills.
- * Collected 8,033 gallons of used motor oil and 2,470 used motor oil filters for FY 06-07 and an estimated 6,211 gallons of used oil and 2,137 used motor oil filters for FY 07-08.
- * Monitored used oil and filter collection grant programs.
- * Monitored litter abatement and recycling grant program.
- * Monitored HHW collection grant program and completed grant in March 2007.
- * Continued promoting composting program.
- * Monitored and expanded battery recycling program to include all 9 fire stations.
- * Applied for and received a recycling grant from the County of Orange for a universal waste collection program.
- * Planned and coordinated an HHW Collection event.

Action Plan for FY 2008-09

- * Develop public education material, including brochures and newsletters, to promote recycling.
- * Monitor residential and business recycling programs; improve programs as needed.
- * Develop sharps return program for disposal of needles.
- * Plan and hold an HHW collection event.
- * Implement a universal waste door-to-door collection program using County of Orange AB 939 grant funds.

■ CAPITAL FUND DEFINITION

Capital Funds account for the acquisition, construction, or rehabilitation of major fixed assets or capital projects which are not financed by special assessment, non-expendable trust funds, or proprietary funds. Capital projects include improvements to City arterials, sewers, curbs, gutters, sidewalks, drainage, and other infrastructure projects.

■ RELATIONSHIP BETWEEN CAPITAL BUDGET AND TOTAL CITY BUDGET

Each capital fund (*e.g.*, Measure M) is an independent budget with its own revenue and expenditure accounts. The majority of funding sources come from grants which may or may not be competitive and fees charged by the City on new development. Transfers into the Capital Fund budget come from several sources including the General Fund for the Police Building Debt Service obligations and from Special Revenue Funds such as special gas tax to fund Select Street Construction projects.

■ CAPITAL FUND SUMMARY

Table 7-1 summarizes Capital Fund expenditures by the department or agency that manages the funds. While capital funds do not reflect budgeted positions as noted in Table 7-1, capital funds do support several positions in the general fund and enterprise funds. City staff time (*e.g.*, engineering design) spent on capital projects is charged as labor costs which are distributed and tracked via the City's project accounting system.

Total Capital Fund Appropriations for FY08-09 is \$108,972,465 and 78% higher than last fiscal year (see table 7-1). The increase is due to new projects related to residential street improvements such as project "RESTORE" which is \$100 million project over the course of the next 3 to 5 years and a fixed guide-way multi-modal transportation corridor that integrates modern street cars (picture displayed on the cover). There are also arterial improvements such as the Bristol Street Widening project which is being completed in phases thru a funding commitment (that exceeds \$200 million) provided by the Orange County Transportation Authority (OCTA).

Capital funds are listed in Table 7-1 in descending order by their respective agency and described below by fund number as a cross-reference. The City's Public Works Agency is responsible for the entire effort and coordination of the CIP budget and works directly with the various departments in compiling and assessing each project.

● Fund 28 – Traffic Congestion Relief Program (Public Works Agency)

In July 2000, Governor Davis signed State Assembly Bill AB 2928, which provides \$400 million to cities and counties throughout the state for preservation, maintenance, and rehabilitation of local street and road systems. The identified funds are the City of Santa Ana's share of the allocation.

● Fund 30 Highway Safety & Traffic Reduction Program (PWA)

The infrastructure Bond Package passed by California voters in 11/06 included Prop 1B which contains \$20 billion for various transportation projects in California.

● Fund 32 – Measure M (Public Works Agency)

Measure M was a ballot measure passed in the 1990 election to add one-half percent to the then existing sales tax of 7.25 percent to finance for transportation improvements. This took Orange County's sales tax rate to its current level of 7.75 percent. To receive Measure M money, cities and the County of Orange must coordinate their land use and transportation decisions with neighboring jurisdictions, develop Growth Management Plans, and guarantee that Measure M funds will be used only for transportation purposes. The Orange County Transportation Authority (OCTA) administers and disburses Measure M proceeds as competitive and non-competitive funds.

● Fund 33 thru 49 – (TSIA) Transportation System Improvement Area Funds (Public Works Agency)

This account consists of separate funds which correspond to the eleven transportation system improvement areas as defined in the Santa Ana Municipal Code. Revenues come from fees the City charges for new developments in excess of \$30,000 in building valuation. The fee pays for the additional transportation requirements that new development projects generate. TSIA funds can only be used within the TSI area where the fees were levied and only for transportation capacity projects such as arterial, street widening, and traffic improvement projects.

● Fund 55– Sewer Connection (Public Works Agency)

Sewer connection fees are collected from various types of development based on the number of plumbing fixture units and the cost per lineal foot to construct a sewer main. The fees are intended to pay for sewer replacement and repair to meet the added demands on the system generated by redevelopment and new development. Fees are paid at the time of application for a sewer connection permit.

CAPITAL REVENUE FUNDS PERSONNEL						
Number of Positions	0	0	0		0	N/A

Note: Amounts Include Interfund Transfers

- **Fund 58 Residential Street Improvement Fund (PWA)**

The Residential Street Improvement Fund provides a funding structure for future residential street reconstruction projects.

- **Fund 59– Select Street Construction (Public Works Agency)**

This fund pays for the cost of right-of-way acquisition, construction, rehabilitation, and improvements to city streets. Revenue comes from state gas taxes, highway users tax, county gas tax, and federal programs such as the Bridge Rehabilitation & Replacement Program.

- **Fund 156– Land & Water Conservation Fund (Public Works Agency)**

This competitive grant program is administered by the National Park Service. It has been in effect since 1965 and was extended to January 2015. The funds allocated may be used for statewide planning, and for acquisition or development of neighborhood, community, and regional parks. Improvements can include outdoor recreation areas and facilities, and indoor facilities that support outdoor recreation activities. Fifty percent of the funding must be matched by the participating agency.

- **Fund 169– Habitat Conservation Fund (Parks & Recreation)**

The program was established by the California Wildlife Protection Act of 1990 (The Mountain Lion Initiative). It provides funds for acquisition, enhancement, and restoration of wildlife areas including program sand trails that bring urban residents into parks and wildlife areas. The grant requires a 50% match from a non-state source.

Providing park facilities, community services, and recreational opportunities is a continuing challenge for a built-out city like Santa Ana *which has the youngest population among the largest cities in the nation.*

- **Fund 172-State Recreation Trails Program (Parks, Recreation and Community Service)**

This competitive grant program was established under the Transportation Equity Act for the 21st Century and provides funds annually for recreational trails and trail-related projects. Approximately \$2.2 million per year is available for non-motorized projects.

- **Funds 201 through 226-Drainage Assessment (Public Works Agency)**

In accordance with Section 34-191 of the Santa Ana Municipal Code, the City has been divided into drainage assessment areas. The fee established for each drainage area is based on the need for drainage facilities in each area as shown in the City's Storm Drain Master Plan.

- **Fund 301– Park Acquisition & Development (Parks & Recreation)**

This fund is patterned after the TSIA, sewer, and drainage funds as applied to parklands. Revenues come from fees charged to developers of residential properties to defray the cost of providing green belts and recreational facilities to meet the increase in population generated by new residential development.

The built-out topography restricts the City's ability to add open space and green belts in the face of increasing service demands from its youthful demographics. Park Acquisition & Development revenues varies each year since they depend on donations from private sources such as the Friends of the Santa Ana Zoo, and on new development activity.

- **Fund 400– Police Building Debt Service (Police Department)**

The Police Building Debt Service Fund, or Fund 400, was established to account for the defeasance of lease revenue bonds issued in March 1994 by the City of Santa Ana through the Santa Ana Financing Authority to finance the construction of the Police Administration & Holding Facility. The \$107.4 million bond issue is payable from revenues of the Financing Authority, which would consist mainly of base rental payments to the City, pursuant to a lease agreement between the City and the Authority.

The Police Building Debt Service Fund also receives an annual General Fund transfer payment to support the debt service as the expenditure provides a basic public safety function. Although technically not a capital fund, Fund 400 is included in this section because its purpose is to pay debt on a capital project.

■ IMPACT OF CAPITAL BUDGET ON OPERATING BUDGET

Projects included in the FY 08-09 CIP which may impact the operating budget are the following:

Centennial Road Renovation:

Project includes complete reconstruction/resurfacing of existing pavement, along a portion of Centennial Road. Project should result in a small reduction of routine maintenance costs, \$5,000 to \$10,000 annually.

Fairview Triangle Habitat Restoration:

Project includes the development of a 20,250 SF portion alongside the Santa Ana River Trail into a trailside rest area. This area currently sits as a vacant lot. Project will include a sheltered picnic area, decomposed granite paths, interpretive signage and a drinking fountain. Project should result in a small increase in routine maintenance costs, \$500 to \$1,000 annually.

Flower Street Bike Trail Extension:

Installation of a new 10' wide asphalt concrete bike trail, landscape and irrigation improvements, barrier fence, and trail head plaza at the junction with Sunflower Bike Trail. Project should result in a small increase in routine maintenance costs, \$1,000 to \$2,000 annually.

McFadden Triangle Habitat Restoration:

Project will enhance a 0.06 acre parcel to support riparian habitat at a site adjacent to the Santa Ana River Trail. Project includes additional landscaping, trees, walkways, seating areas, signage and upgraded irrigation system. Project should result in a small increase in routine maintenance costs, \$500 to \$1,000 annually.

Plaza of the Fountains – Fountain #1 Renovation:

Renovation of the fountain located north of the State Building in the Plaza of the Fountains. Once this facility is operational again, there will be an increase in routine maintenance and operational costs, \$10,000 to \$15,000 annually.

Santa Ana Zoo “Tierra de las Pampas” Exhibit:

Project includes the renovation of an existing area of the Santa Ana Zoo at Prentice Park, and creation of a new exhibit to house rheas, guanacos (currently in collection), and giant anteater. Project should result in a small increase in animal care expenses, \$1,000 to \$2,000 annually.

Police Administrative and holding facility improvements:

Police Department facility improvement were carried out during FY07-08 included: the replacement of all (4) uninterruptible power supply (UPS) battery groupings, redesign and construction of PO2 main air handler, re-landscape of front entry areas, testing of main electric switch gear, change out to

low water plumbing fixtures, cooling tower fill replaced, repainted entire parking structure, stalls, fire lanes, curbing, and light poles, and re-caulked window mullions. Also replaced fitness center flooring, remodeled ID photo lab to convert it from chemical processing to digital technology, installed 3M ballistic protection film on PD and Jail lobby glass windows, and completed ADA front lobby door upgrades. This plays a role as to the Police Department reducing in building facility operating budget by approximately \$235,300 for 08-09.

The Capital Budget, in contrast to the Operating Budget, is an on-going 7-year business plan updated yearly.

The City prepares a Capital Budget and an Operating Budget that are both submitted together to the Council for approval. The Operating Budget provides for general municipal delivery of services including personnel costs, supplies and services, and capital outlay for equipment. Revenues for the Operating Budget are primarily derived from recurring taxes, user fees, and intergovernmental sources.

The Capital Budget contains capital projects and differs from the Operating Budget in that the former focuses on expenditures that add to or improve the City's capital assets or infrastructure. Capital projects may fall under one or more of the following areas:

- ◆ Expenditures which may take place over more than one year thereby requiring continuing appropriations;
- ◆ Projects which require funding with debt because of significant costs to be shared by current and future beneficiaries;
- ◆ Projects which require systematic acquisition over an extended period of time in order to implement major operating systems or public programs; and
- ◆ Scheduled replacement of physical assets.

Capital Budget revenues come primarily from tax increments, Measure M monies, Transportation System Improvement Area fees, Water Utility fees, Park Acquisition & Development fees, Sewer Connection fees, and Gas Tax revenue. The General Fund may also transfer monies to the Capital Fund through the Capital Outlay Fund. For an in-depth discussion on the impact of the capital budget on the operating budget, see the City Manager's Budget Letter at the beginning of this budget book.

CAPITAL FUNDS

Traffic Congestion Relief Program	PROGRAM	Fund 28	
<p>PURPOSE: In 2002, California voters passed Proposition 42, which dedicated gas tax revenue to transportation projects. Due to financial constraints, the State suspended funding for Prop. 42 in FY 03-04 and FY 04-05. Passage of the Infrastructure Bond Package in November 2006 included Proposition 1A, which places restrictions on when and how often these funds can be borrowed and must be paid back. Because FY 07-08 is a scheduled "gap" year, the City will not be receiving new funding this year. However, allocations will resume in FY 08-09.</p>

Measure M	PROGRAM	Fund 32		
<p>PURPOSE: To account for the Measure M sales tax apportionment to the City of Santa Ana, and eligible expenditures for street maintenance and street improvements.</p> <p>On November 6, 1990, Orange County voters approved Measure M, the Revised Traffic Improvement and Growth Management Plan. Measure M authorized the imposition of one-half percent retail transaction and use tax for a 20-year period. The sales tax is estimated to raise \$3.1 billion countywide over the 20-year period. The Measure M sales tax ordinance which went into effect on April 1, 1991, states that 14.6% of the total 1/2 percent sales tax revenues, net administrative costs, shall be available to eligible jurisdictions for local street maintenance and improvements.</p>

Transportation Area Funds	PROGRAM	Fund 33 to 49		
<p>PURPOSE: In accordance with Section 8-44 of the Santa Ana Municipal Code, the City collects Transportation Area Fees from new developments in excess of \$30,000 in building valuation. Fees vary from \$1.10 to \$5.53 per square foot of floor space, depending on the type of development and the particular area that the development is located. All fees are due upon issuance of the building permit. The fee is used to fund projects to improve roadway capacity and safety. In FY 07-08, funds will be used for <i>Arterial Improvements</i> and <i>Traffic Improvements</i>.</p>

Sewer Connection Projects	PROGRAM	Fund 55-532	
<p>PURPOSE: The Sewer Connection Fee is collected from various types of development based on the number of fixture units and the cost per lineal foot of construction of a main sewer line. All monies received by the City as a fee for connection to the public sewers are deposited into the Sewer Connection Fee Fund and used for the construction of sewers. Fees paid at the time of application for a sewer connection permit, and no connection permit is issued until such fees are paid.</p>

Park Acquisition & Development		PROGRAM		Fund 301 & 314	
PURPOSE: Park Acquisition and Development fees are charged to developers for all residential development in order to allow the City to maintain adequate green space and recreational facilities for the City's population as it increases as a result of such residential development. The fees this derived are the primary source of funding for development, enhancement, and renovation of the City's parklands.

PROGRAM

Fund 400

PURPOSE: The Police Administration and Holding Facility Lease Revenue Bonds, Series 1994A were issued in March 1994 for \$107,399,438.50 at a 5.80% yield. In February 2004, the City issued a Lease Revenue Refunding Bonds Series 2004A to defease a portion of the \$107,399,438.50 in the aggregate principal amount of \$38,830,000 at an average yield of 3.0455 %. The refunding gave the City a net present value savings of \$ 3,282,010. This program shows the debt service payment schedule to defease the balance of the 1994 Lease Revenue Bonds and the Refunding Lease Revenue Bonds Series 2004A.

CAPITAL IMPROVEMENT PROGRAM (CIP)

Capital investments to construct, maintain, repair, and improve Santa Ana’s hardscape are needed to meet the City’s goal to provide first-rate infrastructure and community facilities, and to assure the City’s continued economic vitality. The Capital Improvement Program (CIP) lists and describes all planned projects and is updated yearly to reflect current and projected conditions. As shown in **Figure 7-1**, the City plans to invest \$440.4 million in CIP projects between FY 2008-09 and FY 2014-15 with \$110.6 million budgeted in FY 08-09.

Table 7-2 shows FY 08-09 Budgeted CIP and per capita expenditure ratios for the seven largest Orange County cities. Santa Ana’s CIP funding is considerably lower than Anaheim’s primarily due to the presence of Disneyland and other franchises located within the city which require improved access roads to these attraction. Santa Ana’s CIP budget is projected at \$110.6 million with Arterial and Neighborhood Street projects making up approximately 75% of the total City in FY 08-09. For this upcoming year, the City has made a strong emphasis on neighborhood street improvements and has allocated approximately \$26.6 in CIP funds alone.

CITY	Budgeted CIP	Population	Per Capita Expenditures
Fullerton	87,772,140	137,437	\$639
Anaheim	152,855,094	346,823	\$441
Santa Ana	110,694,119	353,184	\$313
Garden Grove	53,592,750	173,067	\$310
Huntington Beach	38,588,575	201,993	\$191
Orange	23,515,500	140,849	\$167
Irvine	31,355,869	209,806	\$149

Source: Individual cities and State of California Department of Finance

SOURCES OF FUNDS

To ensure proper levels of capital investment, the City uses various funding sources to finance the projects outlined in the City’s CIP. **Figure 7-2** shows funding sources and amounts available to the City for capital projects. These funds are generally available to the City through government grants, development fees, and special local taxes.

Orange County Combined Transportation Funding Programs

The City receives transportation funding from Orange County through the following programs: Measure M Streets and Roads Programs, Arterial Highway Financing Program (AHFP), and Inter-modal Surface Transportation Efficiency Act (ISTEA) programs. The Revised Traffic Improvement & Growth Management Plan, better known as **Measure M**, was approved by Orange County voters in November 1990 allowing a 0.5 percent sales tax increase for a twenty year period. Measure M tax revenues must be used solely for transportation improvement projects and programs and is distributed in four categories: 43% to Freeway Projects; 25% to Transit Projects; 21% to Local Streets and Roads Projects; and 11% to Regional Streets and Roads Projects.

The **Arterial Highway Financing Program (AHFP)** was established in 1958 to develop an orderly system of arterial highways throughout Orange County in accordance with a countywide Master Plan of Arterial Highways (MPAH). The intent is to assist Orange County cities fund their regional transportation facilities. AHFP funds for cities come from a portion of Orange County’s Highway Users Tax allocation administered by the OCTA.

The **Intermodal Surface Transportation Efficiency Act (ISTEA)** of 1991 provides federal funding for local transportation projects. Unlike previous federal transportation acts, ISTEA is more flexible in that local governments are granted more control over funding administration. ISTEA-funded projects include the Local & Regional Surface Transportation Program (STP), Congestion Mitigation/Air Quality, Bridge Replacement, and Mass Transit.

Gas Tax

The Gas Tax is a major source of funding for research, planning, construction, improvement, maintenance, and operation of public streets and highways. Gas tax monies are allocated to localities according to a population-based formula that takes into account the overall transportation needs of the state.

Tax Increment

When a Redevelopment Project Area (RPA) is created, all real estate in the RPA is given a base assessment value. Changes in ownership, and new development or improvements would increase the assessed value of the improved property, which is then reassessed at a higher value. The property tax increase over the base assessment value is

called the tax increment. The City’s Community Development Agency (CDA) has the authority to use tax increment money for capital projects. CDA issues tax allocation bonds to pay for these projects. The County of Orange collects the tax increment revenue and makes it available to CDA upon demonstration of debt.

Park Acquisition & Development Funds

The City Council established a per capita standard of two acres of park and recreation facilities per one thousand City residents. To maintain this standard, the City charges a Residential Development Fee to any person or corporation adding a net increase in the number of residential units or converting apartments to condominiums in the City. The proceeds are used for the acquisition, construction, and renovation of park and recreation facilities.

Community Development Block Grants (CDBG)

CDBG is a federal program to help eliminate blight, develop viable communities with decent housing, and expand opportunities for low- and moderate- income families. A maximum of 15% of CDBG monies received annually may be used for Social Services programs, with the balance going to capital projects.

Sewer Connection Fees

These fees pay for sewer connections related to various types of developments. Fees are paid at the time of application for a sewer connection permit, and are based on the number of fixture units and the cost per lineal feet of construction of a main sewer line.

Drainage Area Fees

Like TSIA fees, drainage fees are paid by developers to offset the cost of system improvements to accommodate new development. The City is divided into several local drainage areas created by City Council resolution. The City maintains a separate fund for each local drainage area. Revenue in each drainage area fund must be expended within the boundaries of the drainage area from which the fees were collected.

Transportation System Improvement Area Fees

Transportation System Improvement Area (TSIA) Fees are paid by developers to offset the cost of providing transportation system improvements for new development. The fee is a percentage of the estimated construction costs. TSIA fees can only be used to improve the transportation system within that TSI area.

CIP PROJECT CATEGORIES

Capital improvement investments are methodically and consistently tracked based on the six major project categories the City has used over the last decade: arterial, traffic, neighborhood, infrastructure, city facility and park improvements as shown in page 7-27.

Arterial Improvements

Arterial improvements refer to street widening and street reconstruction/resurfacing projects and account for over \$56.3 million or approximately 50.9% of the total CIP budget for FY 08-09. The largest projects include arterial widening of Bristol Street (\$17.7 million) and First Street bridge widening over the Santa Ana River (\$11.7 million).

Infrastructure Improvements

Infrastructure improvements refer to water, storm drain, sewer, and underground utility projects and account for \$7.6 million or 6.94% of the CIP. The largest projects include Bristol Street (Third St. to Civic Center) underground utilities and various water main replacements throughout the City (\$4.6 million).

Traffic Improvements

Traffic improvement budget for FY08-09 is \$16.6 million which equal to 15.05% of the total CIP budget. The largest project under this category is the “Go Local” project. The cities of Santa Ana and Garden Grove have developed a vision for transit, improved highway access, and economic development in both cities. The “Go Local” vision includes a multi-modal transportation corridor to Central Orange County that integrates modern streetcars, bus rapid transit, autos, bicycles and pedestrians, using the Santa Ana Regional Transportation Center on the east and the Pacific Electric Right-of-Way on the west.

Park Facility

The City has allocated \$3.3 million or 3.04% of the total CIP budget to Park Facilities. The largest park facility projects include improvements Flower Street bike trail extension, Santa Ana Zoo “Tierra de las Pampas” exhibit, Centennial road renovations, Thorton Park basketball court and the “Centennial Sanctuary” Peninsula Waterfowl.

Neighborhood Improvements

This category includes citywide curb, gutter, sidewalk replacements and neighborhood street improvements. More than \$26.6 million or 24.07% of the total CIP budget has been earmarked for this category. The priority in FY 08-09 is to focus on neighborhood streets.

CIP PROCESS CALENDAR

From *December through March*, departments prepare their Capital Improvement Program (CIP) requests by identifying capital project needs and establishing project feasibility, scheduling, alternatives, and cost estimates. CIP requests are reviewed and/or approved by the respective department head to ensure consistency with City goals and priorities. Projects receiving such approval are submitted to the City Manager for final review.

In *April*, Public Works staff evaluates the capital project requests. Typically, Public Works is the lead agency in the formulation of the CIP since most CIP projects and funding sources are under its purview. The Community Development Agency provides considerable CIP funding from the agency’s tax increment monies.

Historically, the City’s practice has been to identify CIP funding on the premise of “no change in the City’s current staff or service levels.” On the basis of this evaluation, and direction from the City Manager, the proposed CIP budget is prepared for submission to the Planning Commission and the City Council.

During *May* of each year, the Planning Commission reviews the CIP and submits recommendations to the City Council. The City Council also reviews the CIP document, as presented by the City Manager, along with any Planning Commission recommendations. The Council holds public hearings, as required, and directs any revisions or deletions. The CIP is then adopted, along with the rest of the annual City budget by City Council ordinance.

PRIORITY FACTORS FOR CIP INCLUSION

The City uses established criteria to determine which projects to include in the final CIP. The criteria is reviewed annually and modified as necessary. Priority is given to projects that:

1. are required by an agreement with another agency;
2. are essential to public health or safety;
3. are grant funded and would have minimal or no operating cost impact on the General Fund;
4. will preserve an existing capital facility and avert greater expenses in future years, with no increase in General Fund operating cost; (e.g., continuation of a 10 -year cycle street maintenance program);
5. save on General Fund operating costs;
6. fulfill a City commitment (evidenced by previous inclusion in the CIP and community support) to provide minimum facilities in areas deemed deficient;
7. purchase land for future projects at favorable “pre-developed” prices;
8. are new facilities with minimal or no operating cost, or whose operating cost has been designated by the Council as exceptions to the established operating cost policy;
9. are to be constructed as a cost-sharing activity in conjunction with another agency;
10. generates sufficient revenue to be essentially self-supporting;
11. increases the use or efficiency of an existing facility with minimal or no operating cost increase;
12. fulfill City commitment (evidenced by previous inclusion in the CIP and by community support) to provide greater than minimal facilities;
13. are grant funded but would require increased operating costs in the General Fund; and
14. are not grant funded and would require increased operating costs in the General Fund, and have not been designated as exceptions to the operating cost policy by previous City Council actions.

Santa Ana is one of only 28 cities nationwide, and of only 2 in Orange County, to receive the highest rating of *Class 1* city in the Insurance Services Office, Inc. (ISO) survey of community fire safety. This distinction was achieved in part because of the City’s proactive investments in firefighting capital assets. The ISO evaluation criteria is described below.

FIRE DEPARTMENT (50 %): includes number and location of fire engine companies on duty; availability of fire equipment, (e.g., aerial ladders), firefighter training; and response time.

WATER SUPPLY (40%): includes water sufficiency to fight a fire, beyond normal needs; water pump, storage and filtration systems; number and location of fire hydrants and their location.

FIRE ALARMS (10%): includes adequacy of fire dispatch systems; number of phone lines in fire dispatch center; size of dispatch staff per shift; firefighter notification methods.

**ISO FIRE PROTECTION RATINGS
OF ORANGE COUNTY CITIES**

Class 1 (Outstanding) to Class 10 (Unprotected)

CITY	RATING
Anaheim	1
Brea	3/9**
Buena Park	2
Costa Mesa	2
Cypress	3/9**
Dana Point	3/9**
Fountain Valley	3
Fullerton	2
Garden Grove	2
Huntington Beach	2
Irvine	3/9**
La Habra	3
Laguna Beach	4
Laguna Hills	3/9**
Laguna Niguel	3/9**
Lake Forest	3/9**
Los Alamitos	3/9**
Mission Viejo	3/9**
Newport Beach	2
Orange	2
Placentia	3/9
San Clemente	4
San Juan Capistrano	3/9**
Santa Ana	1
Seal Beach	3/9**
Stanton	3/9**
Tustin	3/9**
Villa Park	3/9**
Westminster	2
Yorba Linda	3/9**
Orange County	3/9**

Class 1 to 8: area is classified as protected, which means the community has at least one fire hydrant every 1,000 feet and a fire station every 5 miles.

Class 9: semiprotected and usually indicates a rural area.
Class 10: unprotected.

** Split ratings are for communities served by the Orange County Fire Authority, which serves both urban and rural areas. The better score would represent the urbanized communities, the lower score represents rural areas.

.....**A**.....

- Accounting System:** The total set of records and procedures which are used to record, classify, and report information on the financial status and operations of an entity.
- Accrual Basis of Accounting:** A method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.
- Activity:** A specific unit of work or service performed.
- Appropriation:** An authorization made by the City Council which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one year period.
- Appropriation Ordinance:** The official enactment by the City Council establishing the legal authority for the City officials to obligate and expend resources.
- Assessed Valuation:** The estimated value placed upon real and personal property by the County Assessor as the basis for levying property taxes.
- Assets:** Property owned by the City which has monetary values.
- Audit:** A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls and is intended to:
 - ascertain whether financial statements fairly present financial positions and results of operations;
 - test whether transactions have been legally performed;
 - identify areas for possible improvements in accounting practices and procedures;
 - ascertain whether transactions have been recorded accurately and consistently; and
 - ascertain the managerial conduct of officials responsible for governmental resources.

.....**B**.....

- Balance Sheet:** A statement purporting to present the financial position of an entity by disclosing its assets, liabilities, and fund equities as of a specific date. Under varying circumstances, assets are carried at "lower of cost or market", "cost less allowance for depreciation", etc.
- Base Budget:** Ongoing expense for personnel, contractual services, and the replacement of supplies and equipment required to maintain service levels previously authorized by the City Council.
- Basis of Accounting:** The timing of recognition, that is, when the effects of transactions or events should be recognized for financial reporting purposes.
- Bond (Debt Instrument):** A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures.

Budget (Operating): A plan of financial operation embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceilings under which the City and its departments operate.

Budget Calendar: The schedule of key dates or milestones which the City follows in the preparation and adoption of the budget.

Budget Message: A general discussion of the proposed budget presented in writing as a part of, or supplement to, the budget document. Explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the City Manager.

.....C.....

Capital Assets: Assets of significant value and having a useful life of more than one year. Capital assets are also called fixed assets.

Capital Budget: A plan of proposed capital expenditures and the means of financing them. The capital budget is enacted as part of the City's consolidated budget which includes both operating and capital outlays, and is based on a capital improvement program (CIP).

Capital Improvement Program (CIP): A plan for capital expenditures to be incurred each year over a period of ten future years setting forth each capital project, the amount to be expended in each year, and the method of financing those expenditures.

Capital Outlays: Expenditures for the acquisition of capital assets. Includes the cost of land, buildings, permanent improvements, machinery, large tools, rolling and stationary equipment.

Capital Projects: Projects which purchase or construct capital assets. Typically a capital project encompasses a purchase of land and/or the construction of a building or facility.

Capital Projects Fund: Used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary Funds).

Certificate of Deposit: A negotiable or non-negotiable receipt for monies deposited in a bank or financial institution for a specified period for a specified rate of interest.

Comprehensive Annual Financial Report (CAFR): the official annual financial report of a government, which encompasses all funds.

Community Development Block Grant (CDBG): The Housing and Community Development Act of 1974 provides funds to cities and counties to develop urban communities, decent housing, suitable living environments, and expanded economic opportunities primarily for the benefit of low and moderate-income people. This federal program gives priority to activities which benefit low and moderate-income individuals.

Commodities: Items of expenditure (in the operating budget) which after use, are consumed or show a material change in their physical condition, and which are generally of limited value and are characterized by rapid depreciation. Office supplies and motor fuel are examples of commodities.

Contingency: A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted for.

Contractual Services: Expenditure for services the City receives from an internal service fund or an outside company. E.g., utilities, rent, and maintenance service agreements.

.....**D**.....

Debt Service: Payment of interest and repayment of principal to holders of the City's debt instruments.

Debt Service Fund: Used to account for the accumulation of resources for, and payment of general long-term debt.

Deficit: (1) Excess of an entity's liabilities over its assets (See Fund Balance)
(2) Excess of expenditures or expenses over revenues during accounting period.

Depreciation: (1) Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.
(2) That portion of the cost of a capital asset ~ charged as an expense during a particular period.

.....**E**.....

Education Revenue Augmentation Fund (ERAF): In 1992, the State of California enacted legislation that shifted partial financial responsibility for funding education to local government (cities, counties and special districts). The State did this by instructing county auditors to shift the allocation of local property tax revenues from local government to educational revenue augmentation funds, directing that specified amounts for city, county and other local agency property taxes be deposited into these funds to support schools.

Encumbrances: Obligations in the form of purchase orders or contract commitment are chargeable to an appropriation and for which a part appropriation is reserved. They cease to be encumbrances when an actual liability is set up.

Enterprise Fund: Separate financial accounting used for government operations financed and operated in a manner similar to a business enterprise where the intent of the governing body is for the costs (expenses in depreciation) of providing goods or services to the general public be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of net income is appropriate for capital maintenance, public policy, management control, or other purposes. Examples of Enterprise Funds are those used for transit systems.

Expenditures: Where accounts are kept on the accrual or modified accrual basis accounting, the cost of goods received or services rendered whether payments have been made or not. Where accounts are kept on basis, expenditures are recognized only when the cash payments above purposes are made.

.....**F**.....

- Fiscal Year:** The twelve month period beginning July 1st and ending the following June 30th.
- Fixed Charges:** Items of expenditure for services rendered by internal operation City. Rental of City equipment, computer services, building rental, operating expenses, and depreciation are examples of fixed charge.
- Full Faith and Credit:** A pledge of the City's taxing power of a government to repay obligations (typically used in reference to General Obligation Bonds supported debt).
- Fund:** An independent fiscal and accounting entity with a self-balancing accounts recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.
- Fund Balance:** The Excess of an entity's assets over its liabilities. A negative fund balance is sometimes called a deficit.

.....**G**.....

- General Fund:** The fund supported by taxes, fees, and other revenues that may be used for any lawful purpose. The general fund accounts for all financial resources except those required to be accounted for in another fund.
- Generally Accepted Accounting Principals (GAAP):** The conventions, rules, and procedures that serve as the norm for the fair presentation of the financial statements.
- General Obligation Bonds:** When the City pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligation (G.O.) bonds. Sometimes the term is also used to refer to bonds which are to be repaid from taxes and other general revenues. In California, G.O. bonds must be authorized by public referenda with two-thirds voter approval.

.....**I**.....

- Intergovernmental Grant:** A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the State and Federal governments. Grants are usually made for specified purposes.
- Internal Service Fund:** Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City.
- Investment:** Securities and real estate purchased and held for the production of income in the form of interest, dividends, rentals or base payments.

.....**L**.....

- Liability:** Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed or refunded at some future date. NOTE: The term does not include encumbrances.

.....**M**.....

Maturities: The dates on which the principal or stated values of investments or debt obligations mature and may be reclaimed.

Modified Accrual Basis: The accrual basis of accounting where revenues are recognized when they become both “measurable” and “available” to finance expenditures of the current period. All governmental funds and agency funds are accounted for using the modified accrual basis of accounting.

Measure M: An initiative passed by Orange County voters to fund transportation improvements using revenue generated by a countywide half-cent sales tax. The various cities of Orange County receive funding from the Orange County Transportation Authority (OCTA) and are required to spend the monies on transportation projects.

.....**O**.....

Object of Expenditure: Expenditure classifications based upon the types or categories of goods and services purchased. Typical objects and expenditure include:

- personnel services (salaries and wages);
- contractual services (utilities, maintenance contracts, travel);
- commodities;
- fixed charges (rental of City equipment, City building rental); and
- capital outlays.

Operating Funds: Resources derived from recurring revenue sources used to finance ongoing operating expenditures and pay-as-you-go capital projects.

.....**P**.....

Performance Measures: Specific quantitative measures of work performed within an activity or program (e.g., total miles of streets cleaned). Also, a specific quantitative measure of results obtained through a program or activity (e.g., reduced incidence of vandalism due to new street lighting program).

Personnel Services: Items of expenditures in the operating budget for salaries and wages paid for services performed by City employees, the incidental fringe benefit cost associated with City employment, and amounts paid to outside firms, consultants, or individuals for contract personal services.

.....**R**.....

Rating: The creditworthiness of a City is evaluated by independent agencies.

Reserve: An account used to indicate that a portion of fund equity is legally restricted for a specific purpose, or set aside for emergencies or unforeseen expenditures not otherwise budgeted for. Reserve accounts can also be used to earmark a portion of fund balance to indicate that it is not appropriate for expenditures.

Resources: Total dollars available for appropriations including estimated revenues, fund transfers, and beginning fund balances.

Revenue: The term designates an increase to a fund's assets which:
- does not increase a liability (e.g., proceeds from a loan);
- does not represent a repayment of an expenditure already made;
- does not represent a cancellation of certain liabilities; and
- does not represent an increase in contributed capital.

Revenue Bonds: When a government issues bonds which do not pledge the full faith and credit of the jurisdiction, it issues limited liability revenue bonds. Typically, pledges are made to dedicate one specific revenue source to repay these bonds. In addition to a pledge of revenues, such bonds sometimes may be secured by a lien against property. In Santa Ana, revenues are typically derived from rates charged for utilities.

Revenue Estimate: A formal estimate of how much revenue will be earned from a specific revenue source for some future period; typically, a future fiscal year.

.....**S**.....

Source of Revenue: Revenues are classified according to their source or point of origin.

Special Revenue Fund: Used to account for the proceeds of special revenue sources that are restricted by law (or administrative action) to expenditures for specific purposes.

.....**T**.....

T-Rating: Designates a position which will be eliminated from the budget upon the departure of the incumbent employee.

Triple Flip: In March 2004, the voters of California approved Proposition 57(the California Economic Recovery Bond Act) which reduced the City of Santa Ana's Local Sales and Use tax by ¼% and replaced (backfilled) the reduction with dollar-for-dollar allocation of local property tax.

.....**U**.....

Unit Cost: The cost required to produce a specific product or unit of service (e.g., the cost to purify one thousand gallons of water).

User Charges (also Known as User Fees): The payment of a fee for direct receipt of a public service by the party benefiting from the service.

UDAG: Urban Development Action Grant.

.....**Y**.....

Yield: The rate earned on an investment based on the price paid.

- 6100 PERSONNEL SERVICES** - This classification includes all expenditures made as compensation for services rendered by City employees and officials; and outside consultant services.
- 6111 Salaries & Wages Regular** - All regular compensation and employee portion of retirement paid City employees on the payroll.
 - 6112 Salaries & Wages Disability** - For Police and Fire Department payroll use only.
 - 6113 Salaries & Wages Retirement** – Retirement payouts.
 - 6131 Salaries & Wages Temporary** - Compensation paid temporary employees engaged for a specified time, or to replace regular employees on vacation.
 - 6141 Salaries & Wages Overtime** - Compensation paid for all overtime.
 - 6151 Retirement Plan Charges** - City's share for employee retirement. (Employer PERS Contribution)
 - 6161 Medicare Insurance Charges** - City's share for employee medicare insurance.
 - 6171 Employees Insurance Charges** - City's share for employee group health insurance.
 - 6172 Retired Medical Insurance (Fire)** - City's share for retired employees' medical insurance.
 - 6181 Compensation Insurance Charges** - City's share for employee worker's compensation.
 - 6191 Other Personnel Services** - Amounts paid to personnel from other internal departments including contracted vendor personnel services for ongoing operations.
 - 6192 Audit Fees (Housing)** - Fees for external audit.
 - 6194 Preliminary Administration Fee (Housing)** - Administrative cost for the Housing Authority staff for time put into new projects.
- 6200 CONTRACTUAL SERVICES** - Includes all expenditures for utilities; communications; transportation; maintenance or services such as labor, materials and/or equipment; memberships; subscriptions; retirement administration; advertising; sewage, trash and garbage charges; auto allowances; freight; travel and subsistence.
- 6201 Utilities** - Expenditures for electrical and power services; gas and water services.
 - 6211 Communications** - Expenditures for telephone, toll and long distance, acquisition and monthly usage of cellular phones, telephones and headsets, telephone moves and changes, and telephone system maintenance, and paging services.
 - 6219 Conventions & Conferences** - Department head or designee travel and conference expenses.
 - 6221 Training and Transportation** - Seminar fees, allowances for travel and subsistence, parking fees.

-
- 6222 Transportation (JTPA)** - Purchase of bus passes for JTPA participants.
- Marketing Program Travel (EDC)** - Non-local business promotion and retention (see 223)
- Training/Tuition Reimbursement (Police)** - City tuition reimbursement to sworn Police officers approved by Human Resources relative to the Police Department Career Development Program.
- 6223 Business Promotions (EDC)** - Expenditures for local business promotion and retention, i.e. travel, meetings, meals, refreshments, local booths setup, trade expo participation.
- Transportation/Criminal Extradition (Police)** - Allowance for travel and subsistence and other related costs necessary to extradite a criminal.
- 6224 Travel Expense for Investigation (Police)**
- 6231 Advertising** - Media announcements and other related costs to disseminate information.
- 6241 Janitorial and Housekeeping** - Expenditures for contract janitorial and housekeeping services; laundry and dry cleaning; uniforms, badges and belt repairs.
- 6251 Other Agency Services** - Assessing and tax collecting; public health services; retirement and administration; technical personnel services; pound services; boarding prisoners; sewage treatment; garbage and trash services; subscription and membership for trade and professional journals; associations, etc.; library periodicals; all services performed for the City by a government agency.
- 6261 M&R Buildings and Grounds** - Expenditures for contract maintenance and repair of structural building (including fixed accessories); grounds and parking areas.
- 6271 M&R Improvements** - Expenditures for contract maintenance and repair of signs and standards; pipe lines and appurtenances; fire alarm and signal apparatus; fire hydrants; streets and alleys; street lights and electrollers; traffic signals and controls; and fences.
- 6281 M&R Machinery & Equipment** - Expenditures for contract maintenance and repair of office equipment; service contracts; furniture and fixtures; mobile tools; automotive equipment; motorcycles.; fire fighting equipment; heavy mobile equipment; stationary mechanical equipment; recreation and playground equipment; surveying and drafting equipment; radio equipment; and laboratory equipment.
- 6291 Other Contractual Services** - Unusual and unclassified contractual expenditures, or service costs including rental, of land or equipment not otherwise classified; taxes; interest; water pump tax; refunds; service charges for microfilm and microfiche; software license. All contractual services with the exception of personnel services for ongoing operations (6191) or government agencies (6251).
- 6294 Lease Payments** - Rental of non-City-owned building or office space.
- 6300 COMMODITIES** - Expenditures for purchases of materials, supplies, parts and tools for operation, repair or replacement purposes.
- 6312 Postage (Central Services)** - For use by Central Services only. Postage related expenditures for all other programs should be charged to 391.
-

- 6332 Mechanic Tool Allowance (Fleet Maintenance)** - Expenditures for tools and gadgets for authorized personnel in Fleet Maintenance Division.
- 6333 Safety Shoes (JTPA)** - For participants in blue-collar job related training activities when required.
- 6382 Gasoline & Diesel Fuel (Equipment Maintenance Fund 75)** - For City-owned vehicles and equipment.
- 6391 Operating Materials & Supplies** - Expenditures for purchases of materials, supplies, parts and tools for operation, repair or replacement purposes; non-consumable items (chairs, bookcases, filing cabinets, etc.) which are less than \$5,000 each, and computer-related hardware/peripherals less than \$1,000.00; printing, binding and duplicating costs; and items that cannot be placed in one of the foregoing classifications.
- 6392 Animal Food (Zoo)**
- 6393 Education Supplies (Zoo)**
- 6500 FIXED CHARGES** - Expenditures for purchases of materials, supplies, parts and tools for operation, repair or replacement purposes.
- 6511 Equipment Rental** - Rental for City-owned vehicles which includes operating costs and reserve for replacement.
- 6521 Insurance (Risk Management)** - Premiums for Liability and Property Insurance, employee Group Insurance and Workers Compensation Insurance.
- 6522 Losses Paid/Insurance Passthrough (Risk Management)** - Expenditures for the settlement of insurance claims.
- 6523 Unemployment Claims Paid (Risk Management)** - Settlement of unemployment claims.
- 6525 Benefit Payments** - Medical/Workers Compensation (Risk Management)
- 6526 Benefit Payments - Dental (Risk Management)**
- 6534 Computer Services** – Allocated charges for computer services rendered by the General Fund Computer Services Division to non-General Fund user departments.
- 6535 Customer Service (Water Utilities)** - Charges related to billings and collection including meter reading, computer services, mailing of bills, receipts and deposit of payments, investigation of complaints, and serving incoming and outgoing water users.
- 6537 IS Strategic Plan Implementation** – Allocated charges for I.S. related project services rendered by the Information Services Division.
- 6571 Building & Site Rental** - Allocated space rental for City-owned buildings and facilities maintenance, janitorial services and charges for utilities.
- 6572 City Yard Operations** - Charges to other departments for City yard space rental and use.
- 6590 Indirect Operating Expenses** - Charges for City general overhead expenses.

6591 Depreciation (Water Utility and Equipment Maintenance) - Portion of the cost of a fixed asset charged as an expense.

6600 CAPITAL

6611 Land - Expenditure for land acquisition or right-of-way for any purpose; costs of clearing land, appraisal; negotiation; condemnation and escrow.

BUDGET LIAISONS

Budget Liaisons serve as the vital communication link between the City’s Executive Management Team (EMT) and the Budget Office staff. Agency liaisons are managers and analysts who handle daily administrative/operational functions (purchasing, payroll, expenditure and revenue trends for various funds, year-end balancing, personnel changes etc.) in their respective agencies. In conjunction with those duties, these individuals must also be budget liaisons which handle the following responsibilities for their agencies: expenditure and revenue forecasts, coordination and implementation of miscellaneous fees, quantification of policy impacts, position control, payroll projections, strategic planning coordination and other duties as assigned. The Budget Office would like to thank the budget liaisons, as well as key budget management and support teammates for their hard work, patience, diligence and humor throughout the fiscal year. Listed below are the budget liaisons and key individuals involved in budget management and support resulting in the completion of the FY 07-08 budget process/document.
