To facilitate the legislative policymaking process, to accurately record and validate the proceedings of the City Council, to provide for timely and thorough access to the public record, to conduct the City's elections as required by the Charter and the Elections Code of the State of California and to carry out responsibilities mandated by the Fair Political Practices Act.

This program administers the activities related to Council legislation, processes Council-approved agenda items, manages the public record, and disseminates information concerning Council actions both to City staff and the public. The Clerk's administrative functions are largely mandated by law (Brown Act, Maddy Act, Public Records Act, City Charter, City Code among others) and include preparation and management of legal notices, Agendas, Minutes, deeds, contracts, ordinances, resolutions, and other documents; maintenance of the City Charter, City Code, and Electronic Legislative files (Laserfiche); and coordination of the Citywide records retention schedule.

The Clerk of the Council administers City elections and City election notices, communicates election results, administers the candidacy and nomination process and generally oversees the conduct of elections. Voting services are provided by the Orange County Register of Voters by contract with the City. Additionally, the Clerk of the Council is the local filing officer for the Fair Political Practices Commission (FPPC) and maintains FPPC records.

### PARKS, RECREATION & COMMUNITY SERVICES Library Young Adult Services

# PROGRAM 01111180

### **Statement of Purpose**

To provide Santa Ana teens and young adults a safe place to study and gather friends, and with materials, mentoring and training to develop civic engagement and enhance personal development. Young Adult Services serves patrons from high-school age through college age. This section evaluates library materials for purchase and for removal from the young adult collections in accord with the collection development plan. Young Adult Services develops and implements programs to assist teens and young adults in furthering their education improving their personal lives and preparing for their future. It manages the Library's volunteer program. It also staffs and maintains the Santa Ana History Room, which collects and makes available to the public materials on Santa Ana history. It staffs the TeenSpace at the Main Library and the Jerome Recreation Center.

### Accomplishments in FY 10-11 & FY 11-12

| Permits & Plan Check       |

#### **Statement of Purpose**

To prudently enforce construction and occupancy laws and promote an attractive environment for development by providing efficient delivery of plan check and permit services.

The Permit and Plan Check Section reviews plans for compliance with the California Building Standards Code for all new construction, tenant improvements, conversions and repairs to buildings and other structures. This section is responsible for the enforcement of regulations for disabled access, energy conservation, flood plain management, fire and life safety, structural systems, electrical, plumbing, and mechanical ventilation systems. The section assists the public in obtaining permits for construction. It maintains construction records for all buildings in the City.

#### Accomplishments in FY 2011-2012

- \* The Permits and Plan Check Section processed approximately 6,800 permits, reviewed more than 3,300 projects and assisted more than 13,000 customers.
- \* It continued to maintain a highly competent plan check engineering staff by encouraging seminar training based on the newly adopted California Building Code and CalGreen Building Code Standards.
- \* Processed, reviewed and case managed several major projects including: Vista del Rio, Santa Ana Station District, Habitat for Humanity, C&C Development, Yost Theatre remodel, Ricoh, Medtronic and One-Broadway Plaza.

#### Action Plan for FY 2012-13

\* Continue to participate in the emergency response plan for the Planning and Building Agency.

- \* Initiate studies in work flow and processes to optimize service and enhance the customer experience.
- \* Continue to provide adequate staffing of plan check engineers to ensure timely turn-around time.
- \* Integrate the Orange County Fire Authority in the permit and plan check process, developing processes and procedures to assure a smooth transition and comprehensive level of permit and plan check services for customers.

To improve the integrity of our neighborhoods through personalized neighborhood contact, education in code requirements, quality inspections, responsive and dedicated personnel, and innovative processes.

Community Preservation provides professional inspections throughout the City, responds to complaints concerning substandard living conditions, maintenance and use of existing properties, and issues citations for violations of the Santa Ana Municipal Code. This section continues to be an active partner with the Police Department in their fight against crime, Public Works Agency and their graffiti removal efforts, and with the residents of Santa Ana through increasing interaction with the neighborhood associations.

Accomplishments in FY 2011-2012

- \* Community Preservation continued to respond to complaints from the citizens, neighborhood associations and City Council. Residential enforcement focused heavily on unpermitted work, property maintenance and neighborhood association interests throughout the City.
- \* Community Preservation has successfully implemented a Foreclosure Inspection Program and has completed two phases of inspections covering approximately 40% of the city.
- \* Community Preservation continues to work closely with the Public Works Agency and contract graffiti company to eliminate graffiti from public and private properties.
- <sup>\*</sup> Joined with the Police Department and City Attorneys Office to enforce the City's ban on medical marijuana dispensaries.

#### Action Plan for FY 2012-2013

- \* Focus on reaching a 72-hour response time for complaints.
- \* Maintain a collaborative effort with Public Works and the Police Department for addressing graffiti, vendors and Marijuana dispensaries.
- \* Sustain current enforcement efforts to eliminate abandoned shopping carts from the City's neighborhoods and ensure full compliance with the City's shopping cart ordinance.
- \* Expand targeted enforcement sweeps to address shopping carts, illegal signage and vendors from the commercial corridors as well as addressing neighborhood visual blight.
- \* Conduct systematic inspections of foreclosed properties.

PURPOSE: In February 1996, the City of Santa Ana and other jurisdictions, including the Orange County Transportation Authority (OCTA), entered into a joint agreement supporting legislation to finance an acceptable plan of adjustment in the County of Orange bankruptcy case. Subsequently, state legislation was adopted which provides for a shift of sales tax revenues from OCTA to the County of Orange in exchange for gas tax revenues. The sales tax funds were earmarked by OCTA to fund public bus service operations. Because gas tax revenues received in the exchange cannot be used for bus operations, OCTA must identify another source of funds to maintain current bus service levels. In recognition of the importance of sustaining public bus service levels in Orange County, the City Managers Bankruptcy Committee proposed an exchange of funds between OCTA and several of the cities in the County. Under this proposal, the City of Santa Ana and other cities will exchange a portion of their local general fund revenues with OCTA for gas tax revenues. The exchange of funds would be for a period beginning in July 1997 and terminating in July 2013. An equal amount of general funds would be exchanged for gas tax revenues. Cities are required to allocate a fixed amount of local funds to transportation projects as a condition of receiving Measure M sales tax funds. For most cities, including the City of Santa Ana, this "Maintenance of Effort" or MOE consists mainly of city general fund revenues. The amount of funds to be exchanged will be determined annually, based on the City's adopted budget. The proposed agreement will allow OCTA to use the City general funds to maintain bus operations, and the City to use OCTA gas tax revenues to meet our MOE requirement. Through this cooperative approach, the participating cities will assist OCTA in avoiding a major reduction in bus services to all cities.

#### PUBLIC WORKS AGENCY Roadway Markings & Signs

#### Statement of Purpose

Provide safe traffic and pedestrian movement by maintaining and standardizing signs and painting legends.

#### Accomplishments in FY 10-11 & FY 11-12

#### FY 10-11

- \* Continued installation of new standard street name signs throughout various neighborhoods.
- \* Developed strategy to replace traffic signs in neighborhoods throughout the city.
- \* Renewed and administered contract for annual roadway markings and sign maintenance operations.
- \* Developed an electronic database and data collection program for all traffic sign maintenance.
- \* Awarded contract for annual guardrail/fencing maintenance.

#### FY 11-12

- \* Conducted signage regulation training to assist in research and selection of most efficient traffic and sign management system based on our resources.
- \* Researched GIS-based traffic inventory systems used by other communities with traffic engineering and worked on recommendation to management for selection.
- \* Inventoried and collected data of traffic signs and replaced signs in 12 neighborhoods, 19% of city.
- \* Monitored work given to contractor, ensured striping and markings were not repainted in areas under other City construction projects.
- \* Awarded new contract for roadway markings and sign maintenance, and renewed contract for guardrail/fencing
- \* Reduced signage installations where determined unnecessary and utilized savings for additional signage programs; e.g., this effort saved the City approximately \$600, or 45 percent, in costs on one Floral Park sign project and will continue to save the costs on signage.

#### Action Plan for FY 12-13

- \* Monitor striping contractor measurements for accurate billing by verifying field measurements and performing quality control.
- \* Develop a method to monitor traffic sign retroreflectivity.
- \* Collaborate with Engineering Services post-construction to reduce construction errors with signs and markings.

- \* Improved the overall effectiveness of janitorial services in all facilities listed below.
- \* Improved the quality of floor appearance in all facilities listed below.
- \* Increased service provided by contractor at City Hall (4th, 5th and 6th floors).

Action Plan for FY 2012-2013

\* Continue to monitor the services provided by contractors with frequent inspections and communication from internal customers to assure a high level of quality service, based on contract specifications and agreement.

A rental rate is charged for mobile mechanical and automotive equipment assigned to the various agencies. The agency pays rent for the use of the equipment, preventive maintenance, repair, and the cost of replacing the item when it becomes obsolete or can no longer be repaired economically. Rent charges are the main source of revenue for fleet operations. Rental rates are reviewed quarterly and aligned to actual costs.

#### ADMINISTRATIVE SERVICES

#### **Statement of Purpose**

To provide professional, reliable services and products in a courteous, resourceful and responsive manner which meet or exceed customer expectations.

To provide these services, the operations of the Administrative Services Division is divided into four sections: Administrative Services, CDBG and ESG Administration, Downtown Parking Facilities, and Parking Meter. Additionally, these activities provide for the expenditure of funds to repay debt, and to make payments for enforceable obligations.

#### SERVICE PROGRAM

#### ADMINISTRATIVE SERVICES

The Administrative Services Division manages and directs the Agency's efforts in providing responsive financial, budgetary, administrative, and clerical services. This activity includes the managing and directing of all the Agency's financial activities as well as the support services operations. Additionally, this division processes all payments required to satisfy enforceable obligations of the former Redevelopment Agency.

#### COMMUNITY DEVELOPMENT BLOCK GRANT/EMERGENCY SHELTER GRANT

The Housing and Community Development Act of 1974 provides funds to cities and counties to develop urban communities, decent housing, suitable living environments, and expanded economic opportunities, primarily for the benefit of low and moderate-income people. This federal program gives priority to activities which benefit low and moderate-income individuals with an emphasis on residential areas. Community Development Block Grant projects are carried out by several operating departments within the City and by sub recipients.

The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) revised the Emergency Shelter Grant Program and changed the name to the Emergency Solutions Grant (ESG) As part of the HEARTH Act, eligible ESG activities are Street Outreach, Shelter, Homelessness Prevention, Rapid Re-Housing and Administration.

#### PARKING METER

Mission: To effectively control the availability, rates, and duration of use of public on-street parking in the downtown area and the Willard Street neighborhood district.

#### DOWNTOWN PARKING FACILITIES

Mission: To provide secure, affordable, and available off-street parking to visitors and employees in the downtown area. The parking garages are a joint project between CDA, the City, and the downtown business community.

#### 2003 TAX ALLOCATION REFUNDING BOND SERIES B - DEBT SERVICE FUND 658 \*

In May 1986, the Agency issued \$23,375,000 in Tax Allocation Refunding Bonds to refinance the 1984 \$19,000,000 issue in the South Main Project Area. The original issue was structured to make payments on a note that the Santa Fe Land Company carried when the Agency purchased the Auto Mall site. In 1985, the Agency issued \$13,000,000 in Tax Allocation Bonds to finance public improvements. The structure of the issue required the remarketing of these bonds in 1990. In order to take advantage of attractive market conditions, and to secure a lower interest rate for the life of the issue, the Agency issued \$14,735,000 in refunding bonds in November, 1989. In 1993, the Agency issued \$44,650,000 in refunding bonds to defease both of the above issues and fund \$4,495,000 in new capital projects benefiting the South Main project area. In May 2003, the Agency issued \$34,145,000 in refunding bonds to defease the 1993 Tax Allocation Refunding Bond Series D.

\* Former fund 558, prior to the dissolution of the RDA in FY 2011-12.

| <b>PURPOSE:</b> California Streets & Highway Code Section 2105 provides apportionments to cities and counties of a portion of the revenues derived from a per gallon tax on motor vehicle fuels in accordance with prescribed formulas. A city's or county's entitlement to the apportioned funds is conditional upon its expenditures from its general fund for street and highway purposes for an amount not less than the annual average of is expenditures during the 1987-88, 1988-89, and 1989-90 fiscal years. |   |   |  |  |                      |  |
| California Streets & Highways Code Section 2106 (a) provides that each city in the state shall receive a fixed monthly apportionment of \$400 (\$4,800 per year). In addition to this fixed amount, under Section 2106 (c.) after counties receive their portion of the overall base sum, the balance will be apportioned on a monthly basis to cities for use during the 2002-2003 fiscal year.  |   |   |  |  |                      |  |

| To effectively control the availability, rates, and duration of use of public on-street parking in the Downtown area and in the Willard Street neighborhood.<br>The City of Santa Ana has four parking garages operating in the Downtown area. In order to properly control the inventory and rates for available downtown parking, the Parking Meter Program operates and manages approximately 1,400 metered spaces throughout the area. The cost of the program is funded from meter revenues and parking fines. Excess revenue is allocated to parking garage debt services. |  |                        |                        |                        |  |  |  |  |

### WATER ENTERPRISE - PWA Water Quality & Measurement

#### **Statement of Purpose**

Provide a safe and reliable water supply, accurate measurement of water meters in the water distribution system, protection of the water and sewer infrastructure, and water use efficiency and education programs.

The water quality monitoring program includes achieving 100% compliance with the regulations and monitoring schedules established by the California Department of Public Health, ensuring a safe and reliable water supply. Customers are notified annually of the various elements found in their drinking water. The metering program includes the selection, installation, testing, and maintenance of all water meters. The underground service alert aspect of the program provides location of the infrastructure within 48 hours of notification by the customer. The education program is provided through a contractual program for students in the city's public and private school systems. The program's target goal is to reach a minimum of 15,000 students annually. The water use efficiency program includes residential, commercial, and industrial water audits in response to customer inquiries. The cross-connection program provides protection of the public water supply by ensuring the installation, annual testing, and maintenance of all backflow prevention assemblies in the city.

### SANITATION ENTERPRISE - PWA Roadway Cleaning

#### **Statement of Purpose**

*Provide quality street sweeping services to ensure the cleanliness and attractive appearance of the community.* 

### Accomplishments in FY 10-11 & FY 11-12

#### <u>FY 10-11</u>

- \* Researched and developed an action plan to replace employees retiring in 2010-11, using a combination of options such as contracting arterial or residential sweeping, promoting employees, and/or hiring employees.
- \* Continued to coordinate arterial sidewalk operations with street sweeping schedule and looked to develop improvements.
- \* Continued to coordinate street sweeping operations with street tree maintenance and tree well cleaning work.
- \* Continued to coordinate with the Water Resources Division for the cleanup of tree limbs and debris following wind storms.
- \* Researched and developed an action plan regarding our sidewalk cleaning program, whether we continue to provide sidewalk cleaning with our employees or contract this program out.

#### <u>FY 11-12</u>

- \* Expanded sidewalk cleaning program and established a right-of-way schedule to ensure weekly cleaning.
- \* Processed Request for Proposals for street sweeping services and contracted to provide citywide services. Will include GPS tracking software to assist with resolving citizen request and improving efficiency.
- \* Continued Downtown sweeping six days a week and determined that reducing the sweeping service level to 5 days a week when sweeping contract becomes effective would be negligible.

#### Action Plan for FY 12-13

- \* Implement street sweeping contract services to provide citywide sweeping services.
- \* Ensure that street sweeping contractor sweeps posted sweeping schedules continuously and effectively.

| <b>PURPOSE:</b> The Sewer Connection Fee is collected from various types of development based on the number of fixture units and the cost per lineal foot of construction of a main sewer line. All monies received by the City as a fee for connection to the public sewers are deposited into the Sewer Connection Fee Fund and used for the construction of sewers. Fees paid at the time of application for a sewer connection permit, and no connection permit is issued until such fees are paid. |          |                    |                     |  |  |
