NOTICE OF PUBLIC HEARING BEFORE THE SANTA ANA PLANNING COMMISSION

The City of Santa Ana encourages the public to participate in the decision-making process. We encourage you to contact us prior to the Public Hearing if you have any questions.

Planning Commission Action: The Planning Commission will hold a Public Hearing to receive public testimony, and will take action on the item described below. Decision on this matter will be final unless appealed within 10 calendar days of the decision by any interested party or group.

Project Location: 4501 West MacArthur Boulevard

Project Applicant: Will Kazimi with Smartlink, LLC, representing AT&T

Proposed Project: The applicant is requesting approval of Conditional Use Permit (CUP) No. 2022-07 to allow the construction of a new 60-foot high major wireless communications facility disguised as a mono-eucalyptus.

Environmental Impact: In accordance with the California Environmental Quality Act (CEQA) and the CEQA Guidelines, the project is categorically exempt from further review per Section 15303 (Class 3 - New Construction or Conversion of Small Structures). A Class 3 exemption consists of the construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made to the exterior of the structure. The project proposes a small facility and installation of new equipment enclosed by small structures. As such, a Notice of Exemption, Environmental Review No. 2021-19, will be filed for this project.
