ROSEWOOD AND SUNWOOD NEIGHBORHOODS

San Lorenzo Sewer Lift Project

JANUARY 2022 – JANUARY 2023

PROJECT DESCRIPTION

The San Lorenzo Sewer Lift Project will significantly reduce the chances of a major sewage spill. The new facility will include a masonry block building to house electrical equipment and control panels. The building will be approximately 10'x30' and 17' high, and will include a below ground dry pit to house the pumps, motors and associated equipment. In addition, the new facility will include landscape and hardscape improvements to improve the aesthetics of the area. The new building will provide a safer and more accessible working area for City crews. The new location of the San Lorenzo Sewer Lift will alleviate traffic congestion on Bristol Street.

PROJECT INFORMATION

- Location: Segerstrom/Baker Street
- Duration: January 2022 to Winter 2023
- Construction Hours: 9:00 am to 3:00 pm
- Traffic Control Set-up: 8:00 am to 4:00 pm
- Cost: \$7,606,500.00
- Project #06-3510
