OTHER COMMENTS

I would like to see more money put towards the after school and summer programs for SAUSD, specifically the Engage 360 program. Having after school care is vital for families where both parents work full time. My daughter is finishing up Kindergarten at Thorpe Fundamental. We were lucky enough to get into the Engage 360 after school program. But, we were waitlisted for the summer Engage 360 program. Now, I am so worried that we will have to be waitlisted when they do the lottery for the 2022-2023 school year. Please put more budget towards staffing the impacted schools, so all children/families that need access to after school care at their school site can have access. She is building relationships with the after school staff and they are becoming important adults in her life. It would be difficult for her to be forced to change programs every year. All children need consistency and stability. We were able to get a spot for summer childcare at the Jerome Center and we are looking forward to our daughter experiencing their program. Please also consider adding funding to those summer programs as well, so there are enough spots for children each summer. And, so they can do enriching activities and experiences.

How old can teens start working at the rec centers?

How can youth give public comments at the city council meetings?

I do think we need to motivate our own kids in Santa Ana to play sports like softball in our own city. Everyone is going to other cities.

SOCIAL MEDIA COMMENTS (CONTINUED)

More organized sports. Basketball has become increasingly more popular in our city and registrations fill up fast. How about offering it more than 1 time a year? City of Garden Grove does a summer league in addition to the league in the winter.

City has millions of dollars for youth programs? Awesome. No need to divert police funding away to support those programs as many keep clamoring for. Glad Thats settled.

City of Santa will be giving \$3.5million to nonprofits! Wow! That's a lot of \$\$\$

What about ANIMAL CARE and FREE SPAY AND NEUTERING???

Yeah, Finally some Splash Pads... no more driving to South OC. How about an Aquatics Center like the one in San Clemente? Summer camp/field trips/activities for the kids.

How about activities for teens, some teens in our city have never been to a baseball game, fishing, hiking, off-roading, amusement park, go-karts, roller-skating, batting cages. I would like to see money being used for at risk teens, teach them there is more to life than gangs and drugs, instead of quickly locking them up and starting the cycle of being incarcerated.

Skateparks!!!!!!
