RE: Harbor Corridor Plan

Dear Mr. Milroy,

As per your request received on April 26, 2013, a records search was conducted for the above referenced project. The search includes a review of all recorded archaeological sites within a ½-mile radius of the project site as well as a review of cultural resource reports on file. In addition, the California Points of Historical Interest (SPHI), the California Historical Landmarks (SHL), the California Register of Historical Resources (CAL REG), the National Register of Historic Places (NRHP), and the California State Historic Resources Inventory (HRI) listings were reviewed for the above referenced project site. The following is a discussion of the findings.

Due to the sensitive nature of cultural resources, archaeological site locations are not released.

Anaheim & Newport Beach, CA USGS 7.5' Quadrangles

ARCHAEOLOGICAL RESOURCES:

No archaeological sites have been identified on our maps within a ½-mile radius of the project site. No known sites are located within the project site. This does not preclude the potential for archaeological sites to be identified during project activities. No isolates have been identified within a ½-mile radius of the project site. No isolates are located within the project site.

HISTORIC BUILT-ENVIRONMENT RESOURCES:

Thirty-five above-ground historic resources (30-161847, 30-176911, 30-176912, 30-176913, 30-176914, 30-176915, 30-176916*, 30-176917*, 30-176918*, 30-176919*, 30-176920*, 30-176921*, 30-176922*, 30-176923*, 30-176924*, 30-176925*, 30-176926*, 30-176927*, 30-176928*, 30-176929*, 30-176930*, 30-176931*, 30-176932*, 30-176933*, 30-176934*, 30-176935*, 30-176936*,

30-176937*, 30-176938*, 30-176939*, 30-176940*, 30-176941*, 30-176942*, 30-177031, 30-179851) have been identified on our maps within a ½-mile radius of the project site. Twenty-seven above-ground historic resources are located within the project site.

(* = Located within the project site)

ADDITIONAL CULTURAL RESOURCE LISTINGS:

The **California Historic Resources Inventory (HRI)** lists thirty-one properties that have been evaluated for historical significance within a ½-mile radius of the project site (**see enclosed list**). These are additional resources that are listed in the Historic Properties Data file and are located either within the project site or within the search radius.

The **California Point of Historical Interest (SPHI)** of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a ½-mile radius of the project site.

The **California Historical Landmarks (SHL)** of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a ½-mile radius of the project site.

The **California Register of Historical Resources (CAL REG)** lists no properties within a ½-mile radius of the project site. These are properties determined to have a National Register of Historic Places Status of 1 or 2, a California Historical Landmark numbering 770 and higher, or a Point of Historical Interest listed after 1/1/1998.

The **National Register of Historic Places (NRHP)** lists no properties within a ½-mile radius of the project site.

HISTORIC MAP REVIEW

Anaheim, CA (1896 & 1942) and Santa Ana, CA (1896 & 1901) 15' USGS - indicated that on the Anaheim map of 1896, there were nine buildings and four roads present in the project site. There were several buildings and roads within the vicinity of the project area. The Santa Ana River ran to the east of the project site. The project site was located within the historic place name of Las Bolsas. In 1942, there was a visible increase in development within the project site with several more roads and buildings present. The Pacific Electric Railroad ran through the northeast portion of the project site and the Santa Ana River was still present to the east of the project site. Major roadways nearby included Harbor Boulevard, Westminster Avenue, and Seventeenth Street. On the Santa Ana map of 1896, there were five buildings and three roads visible within the project site. There were several roads and buildings within the vicinity of the project area. The Santa Ana River ran to the east and an intermittent creek was present to the west of the project site. The project site was located within the historic place name of Las Bolsas. In 1901, there was little to no visible change and all previously mentioned features remained.

PREVIOUS CULTURAL RESOURCES INVESTIGATIONS:

Thirty-four studies (OR801, OR1639, OR1764*, OR1836, OR1949, OR1954, OR1978, OR2001*, OR2010*, OR2453, OR2714, OR2823, OR2891, OR2906, OR3019, OR3074, OR3284, OR3371*, OR3377, OR3401, OR3423, OR3426, OR3445*, OR3448, OR3520, OR3621, OR3776*, OR3889, OR3890*, OR4008, OR4086, OR4124, OR4195*, OR4259) have been conducted within a ½-mile radius of the project site. Of these, ten are located within the project site. There are nine additional investigations located on the Anaheim, CA and Newport Beach, CA 7.5' USGS Quadrangles that are potentially within a ½-mile radius of the project site. The reports are not mapped due to insufficient locational information.

(* = Located within the project site)

RECOMMENDATIONS

According to our records, most of the project site has not been previously surveyed for cultural resources; therefore, archaeological sensitivity for the project site is unknown. Previous studies are almost exclusively limited to the vicinity of Harbor Boulevard. Therefore, it is recommended that any historic properties (45 years and older) in the area of potential effect be identified, recorded, and evaluated for local, state, or national significance prior to the approval of any project plans. Additionally, archaeological surveys are recommended for any proposed projects with ground disturbing activities in any previously undisturbed soils or any redevelopment areas that currently or previously contained built-environment resources more than 45 years old. Finally, it is also recommended that the Native American Heritage Commission should be consulted to identify if any additional traditional cultural properties or other sacred sites are known to be in the area.

The professional consultant you retain may request the records search map, archaeological site records, and bibliography from the Information Center referencing the SCCIC number listed above for a fee (per the fee schedule). For your convenience, you may find a professional consultant* at www.chrisinfo.org. Any resulting reports by the qualified consultant should be submitted to the South Central Coastal Information Center as soon as possible.

*The SCCIC does not endorse any particular consultant and makes no claims about the qualifications of any person listed. Each consultant on this list self-reports that they meet current professional standards.

If you have any questions regarding the results presented herein, please contact the office at 657.278.5395 Monday through Thursday 9:00 am to 3:30 pm.

Should you require any additional information for the above referenced project, reference the SCCIC number listed above when making inquiries. Requests made after initial invoicing will result in the preparation of a separate invoice.

Sincerely,
SCCIC

Lindsey Noyes
Lead Staff Researcher

- (X) Invoice #13027.9726

California Historical Resource Status Codes

- 1 Properties listed in the National Register (NR) or the California Register (CR)**
- 1D Contributor to a district or multiple resource property listed in NR by the Keeper. Listed in the CR.
 - 1S Individual property listed in NR by the Keeper. Listed in the CR.

 - 1CD Listed in the CR as a contributor to a district or multiple resource property by the SHRC
 - 1CS Listed in the CR as individual property by the SHRC.
 - 1CL Automatically listed in the California Register – Includes State Historical Landmarks 770 and above and Points of Historical Interest nominated after December 1997 and recommended for listing by the SHRC.
- 2 Properties determined eligible for listing in the National Register (NR) or the California Register (CR)**
- 2B Determined eligible for NR as an individual property and as a contributor to an eligible district in a federal regulatory process. Listed in the CR.
 - 2D Contributor to a district determined eligible for NR by the Keeper. Listed in the CR.
 - 2D2 Contributor to a district determined eligible for NR by consensus through Section 106 process. Listed in the CR.
 - 2D3 Contributor to a district determined eligible for NR by Part I Tax Certification. Listed in the CR.
 - 2D4 Contributor to a district determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.
 - 2S Individual property determined eligible for NR by the Keeper. Listed in the CR.
 - 2S2 Individual property determined eligible for NR by a consensus through Section 106 process. Listed in the CR.
 - 2S3 Individual property determined eligible for NR by Part I Tax Certification. Listed in the CR.
 - 2S4 Individual property determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.

 - 2CB Determined eligible for CR as an individual property and as a contributor to an eligible district by the SHRC.
 - 2CD Contributor to a district determined eligible for listing in the CR by the SHRC.
 - 2CS Individual property determined eligible for listing in the CR by the SHRC.
- 3 Appears eligible for National Register (NR) or California Register (CR) through Survey Evaluation**
- 3B Appears eligible for NR both individually and as a contributor to a NR eligible district through survey evaluation.
 - 3D Appears eligible for NR as a contributor to a NR eligible district through survey evaluation.
 - 3S Appears eligible for NR as an individual property through survey evaluation.

 - 3CB Appears eligible for CR both individually and as a contributor to a CR eligible district through a survey evaluation.
 - 3CD Appears eligible for CR as a contributor to a CR eligible district through a survey evaluation.
 - 3CS Appears eligible for CR as an individual property through survey evaluation.
- 4 Appears eligible for National Register (NR) or California Register (CR) through other evaluation**
- 4CM Master List - State Owned Properties – PRC §5024.
- 5 Properties Recognized as Historically Significant by Local Government**
- 5D1 Contributor to a district that is listed or designated locally.
 - 5D2 Contributor to a district that is eligible for local listing or designation.
 - 5D3 Appears to be a contributor to a district that appears eligible for local listing or designation through survey evaluation.

 - 5S1 Individual property that is listed or designated locally.
 - 5S2 Individual property that is eligible for local listing or designation.
 - 5S3 Appears to be individually eligible for local listing or designation through survey evaluation.

 - 5B Locally significant both individually (listed, eligible, or appears eligible) and as a contributor to a district that is locally listed, designated, determined eligible or appears eligible through survey evaluation.
- 6 Not Eligible for Listing or Designation as specified**
- 6C Determined ineligible for or removed from California Register by SHRC.
 - 6J Landmarks or Points of Interest found ineligible for designation by SHRC.
 - 6L Determined ineligible for local listing or designation through local government review process; may warrant special consideration in local planning.
 - 6T Determined ineligible for NR through Part I Tax Certification process.
 - 6U Determined ineligible for NR pursuant to Section 106 without review by SHPO.
 - 6W Removed from NR by the Keeper.
 - 6X Determined ineligible for the NR by SHRC or Keeper.
 - 6Y Determined ineligible for NR by consensus through Section 106 process – Not evaluated for CR or Local Listing.
 - 6Z Found ineligible for NR, CR or Local designation through survey evaluation.
- 7 Not Evaluated for National Register (NR) or California Register (CR) or Needs Reevaluation**
- 7J Received by OHP for evaluation or action but not yet evaluated.
 - 7K Resubmitted to OHP for action but not reevaluated.
 - 7L State Historical Landmarks 1-769 and Points of Historical Interest designated prior to January 1998 – Needs to be reevaluated using current standards.
 - 7M Submitted to OHP but not evaluated - referred to NPS.
 - 7N Needs to be reevaluated (Formerly NR Status Code 4)
 - 7N1 Needs to be reevaluated (Formerly NR SC4) – may become eligible for NR w/restoration or when meets other specific conditions.
 - 7R Identified in Reconnaissance Level Survey: Not evaluated.
 - 7W Submitted to OHP for action – withdrawn.

re: Paleontological Records Search for the proposed Harbor Mixed Use Transit Corridor Plan Project, in the City of Santa Ana, Orange County, project area

Dear Michael:

I have conducted a thorough search of our Vertebrate Paleontology records for the proposed Harbor Mixed Use Transit Corridor Plan Project, in the City of Santa Ana, Orange County, project area as outlined on the portions of the Anaheim and Newport Beach USGS topographic quadrangle maps that you sent to me via e-mail on 19 April 2013. We do not have any vertebrate fossil localities that lie within the project boundaries, but we do have localities nearby from the same sedimentary units that occur as subsurface deposits in the proposed project area.

Surficial sediments in the entire proposed project area and in the surrounding vicinity consist of younger terrestrial Quaternary Alluvium, derived primarily as flood deposits from the Santa Ana River that flows adjacent to the eastern-most portion of the proposed project area, with older terrestrial Quaternary sediments occurring at various depths. These deposits typically do not contain significant vertebrate fossils, at least in the uppermost layers, but we have one vertebrate fossil locality from these deposits on the western side of the Santa Ana River, LACM 1652, north-northeast of the proposed project area along Rio Vista Avenue south of Lincoln Avenue, that produced a fossil specimen of sheep, *Ovis*, at shallow but unstated depth. Our closest vertebrate fossil locality in older Quaternary sediments is LACM 4943, north-northeast of the proposed project area situated almost due east of locality LACM 1652 along Fletcher Avenue east of Glassell Street. LACM 4943 is somewhat higher in elevation than the proposed project site area, but produced fossil horse, *Equus*, at a depth of 8-10 feet below the surface.

Grading or shallow excavations in the uppermost few feet, probably less than six feet, of the younger Quaternary alluvial sediments in the proposed project area are unlikely to uncover significant fossil vertebrate remains. Deeper excavations at the proposed project site area, however, may well encounter significant vertebrate fossils in older Quaternary sediments. Any substantial excavations below the uppermost layers, therefore, should be closely monitored to quickly and professionally collect any specimens without impeding development. Any fossils recovered during mitigation should be deposited in an accredited and permanent scientific institution for the benefit of current and future generations.

This records search covers only the vertebrate paleontology records of the Natural History Museum of Los Angeles County. It is not intended to be a thorough paleontological survey of the proposed project area covering other institutional records, a literature survey, or any potential on-site survey.

Sincerely,

A handwritten signature in cursive script that reads "Samuel A. McLeod".

Samuel A. McLeod, Ph.D.
