

Nelida Mendoza

Occupation: Santa Ana Councilmember/Educator

As a Santa Ana resident of over 40 years, US Army veteran, educator, and public servant, I prioritize the safety and prosperity of our families. I have taken an active role in our community as a former Rancho Santiago Community College District Trustee, Chairperson of the Community Redevelopment and Housing Commission, Commissioner of the Environmental & Transportation Advisory Committee, and member of the Sheriff's Latino Advisory Committee and District Safety Committee.

As a councilmember, I secured over \$10 million for affordable and permanent housing in Orange County for the creation of 2000 new housing units, created new green spaces, invested into City infrastructure, opened Carnegie homeless shelter, and provided essential resources throughout the pandemic.

I seek to:

Increase Accessible Housing Supporting Working Families, Young Professionals, & Senior Citizens

Address the Homelessness Crisis Through Proper Mental Health and Placement Services, Not Jail.

Focus on Jobs and Career Pipelines for Youth and At-Risk Communities

Improve Public Safety Services Through Collaboration with the Community and Law Enforcement

Support Local Businesses by Making It Easier to Open Businesses, Lowering Fees, and Discouraging New Taxes.

It would be an honor to continue my service on the Santa Ana City Council.
