The City of Santa Ana would appreciate your comments on the proposed Warner Avenue Widening project. Thank you!

*La Ciudad de Santa Ana agradece sus comentarios para este Proyecto de Ampliación de Warner Avenue. ¡Gracias!*

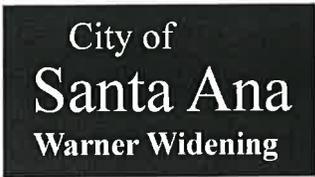

I have the following comments regarding the proposed widening of Warner Avenue. **(Please print)**  
*Tengo los siguientes comentarios sobre el proyecto de Ampliación de Warner Avenue (Favor de escribir en letra de molde)*

*Have consideration with the homes you are "taking" these homes belong to seniors or their children. Its hard for them to start over and besides its history from our grandparents and us from the 1800 hundred who started this part of the city.*

*Thanks the ideas are good but DO NOT take their homes. Have some consideration. You can afford a new home they cannot.*

~~Impact on streets beyond~~  
 Traffic in street between Standard, Main and Bristol will be impacted immensely with people trying to cut through. This is a huge safety risk for children, families and residents of these streets. Also, Standard will be congested with traffic. How will City of Santa Ana help create an easier, safer flow of traffic?  
 Also, why can't you use the concept of "Complete Streets" of using space you already have to make a difference.  
 Outreach to community needs to be more efficient and effective. Try going door to door and also sending notices beyond 500 feet of home being impacted.

Mucho ruido, no puedo hacer una llamada por telefono, mucho ruido de S de la mañana se pitan toda los carros se pelean a gritos, hay muchos accidentes, 4 carros me quebraron el fence, cuando llueve se suve el agua asta la banketa

los carros que vienen de la main y dan vuelta a la izquierda en la cedar para el trafico, y cuando un carro viene de la Grand y va dar vuelta en Alladay a la izquierda tambien para el trafico

**Public Scoping Meeting: October 18, 2012**  
**Comment Card**  
[English Translation]

Virginia Ambriz  
2246 S. Cedar  
Santa Ana

Too much noise, I cannot even make a phone call. Too much noise starting at 5:00 AM. A lot of cars honking, there's a lot of arguing and fighting, and there are a lot of accidents. Four cars have broken my fence. When it rains the water rises all the way up to the sidewalk. The cars that come from Main and turn left on Cedar slows down traffic, and when one car comes from Grand and is going to turn left on Halladay, this slows down traffic also.

**Warner Avenue Widening  
from Main St. to Grand Ave.  
EIR Scoping Meeting**

**Meeting Location: Manuel Esqueda Elementary School  
Thursday, October 18, 2012**

5:45 pm Councilmember Sarmiento  
6:00 pm Presentation  
6:30 pm Public Comments

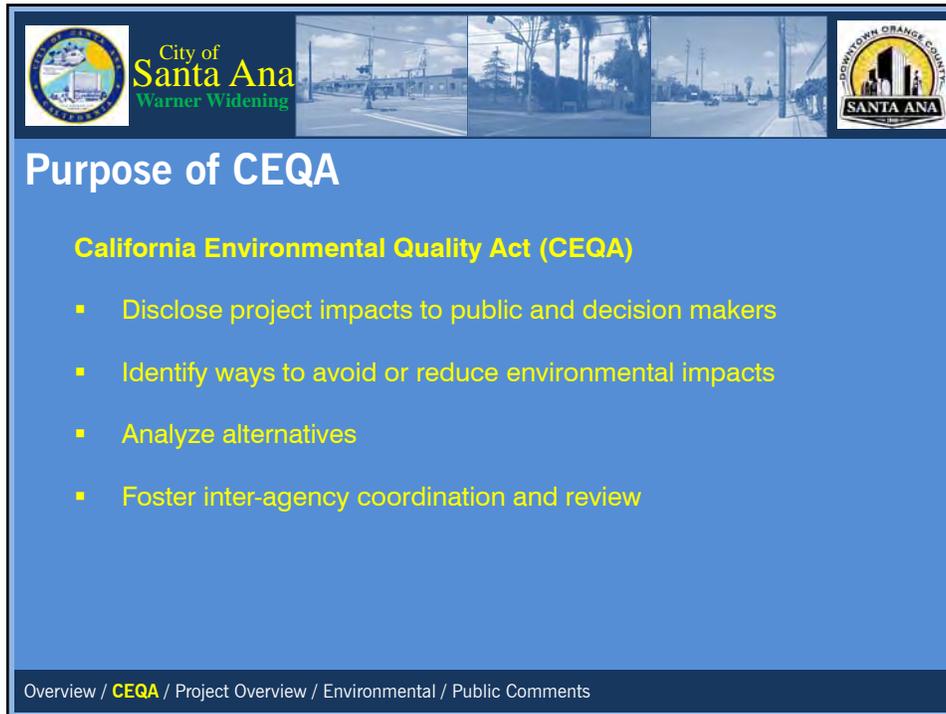

City of  
**Santa Ana**  
Warner Widening

**Overview**

1. Purpose of CEQA
2. Role of the Scoping Meeting
3. Project Overview
4. EIR Process
5. Notice of Preparation (NOP)
6. Issues to be Analyzed in the EIR
7. Public Comments

**Overview** / CEQA / Project Overview / Environmental / Public Comments

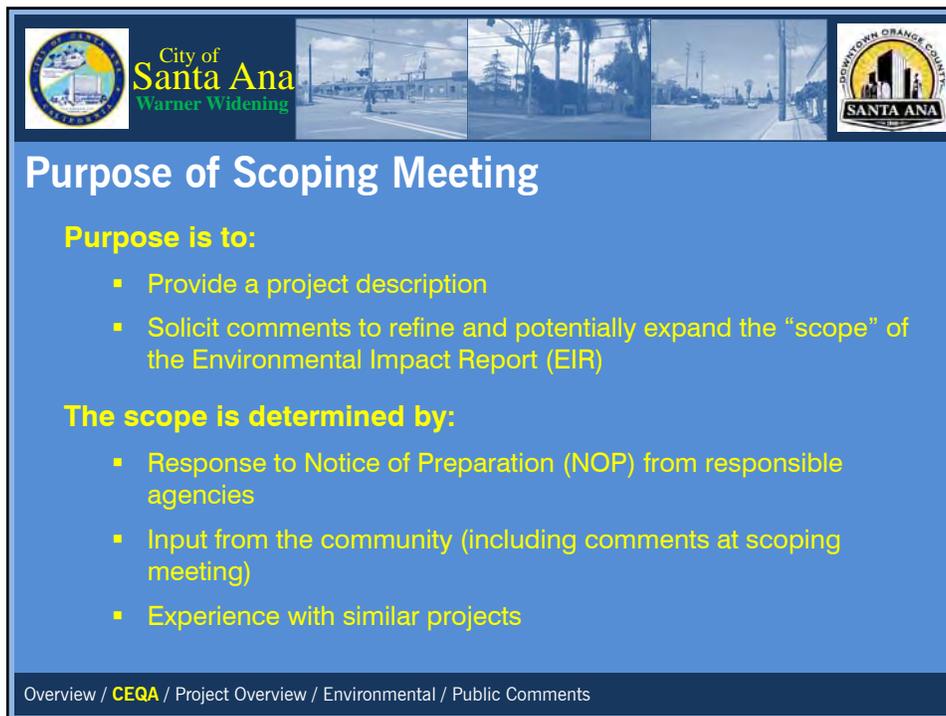

This slide features a header with the City of Santa Ana logo on the left, the project name 'City of Santa Ana Warner Widening' in the center, and three small images showing different views of the road project. On the right is the Downtown Orange County Santa Ana logo. The main content area is blue with white text for the title and yellow text for the list items. A dark blue footer contains navigation links.

**Purpose of CEQA**

**California Environmental Quality Act (CEQA)**

- Disclose project impacts to public and decision makers
- Identify ways to avoid or reduce environmental impacts
- Analyze alternatives
- Foster inter-agency coordination and review

Overview / **CEQA** / Project Overview / Environmental / Public Comments

This slide features a header with the City of Santa Ana logo on the left, the project name 'City of Santa Ana Warner Widening' in the center, and three small images showing different views of the road project. On the right is the Downtown Orange County Santa Ana logo. The main content area is blue with white text for the title and yellow text for the list items. A dark blue footer contains navigation links.

**Purpose of Scoping Meeting**

**Purpose is to:**

- Provide a project description
- Solicit comments to refine and potentially expand the "scope" of the Environmental Impact Report (EIR)

**The scope is determined by:**

- Response to Notice of Preparation (NOP) from responsible agencies
- Input from the community (including comments at scoping meeting)
- Experience with similar projects

Overview / **CEQA** / Project Overview / Environmental / Public Comments

 **City of Santa Ana**

Warner Widening

## Project Objectives

- Reduce traffic congestion
- Accommodate future growth
- Increase safety for pedestrians and bicyclists & reduce accidents
- Minimize property impacts
- Protect of public facilities
- Increase aesthetics
- Improve stormwater drainage and water quality
- Make road consistent with City General Plan Circulation Element and Complete Streets Act (planning for all ways of travel)

## Project Design Process - Public Input

**Two Public Workshops have been held at:**  
Manuel Esqueda Elementary School – Multipurpose Room  
2240 S. Main Street, Santa Ana

- **May 22, 2012 - City introduced project to community**
- **July 10, 2012 - City presented alternative alignments and requested feedback/comments**

Overview / CEQA / **Project Overview** / Environmental / Public Comments

**City of Santa Ana**  
Warner Widening

## Project Design Process - Alternatives

**The following alternative alignment & cross-sections were presented at the July 10<sup>th</sup> workshop:**

- 120' Center Widening – 25' widening to north and south
- 110' Center Widening – 20' widening to north and south
- 120' South Widening – extend roadway 50' to south
- 110' South Widening – extend roadway 40' to south
- 120' North Widening – extend roadway 50' to north
- 110' North Widening – extend roadway 40' to north

### Standard 120' R/W Major Arterial Section

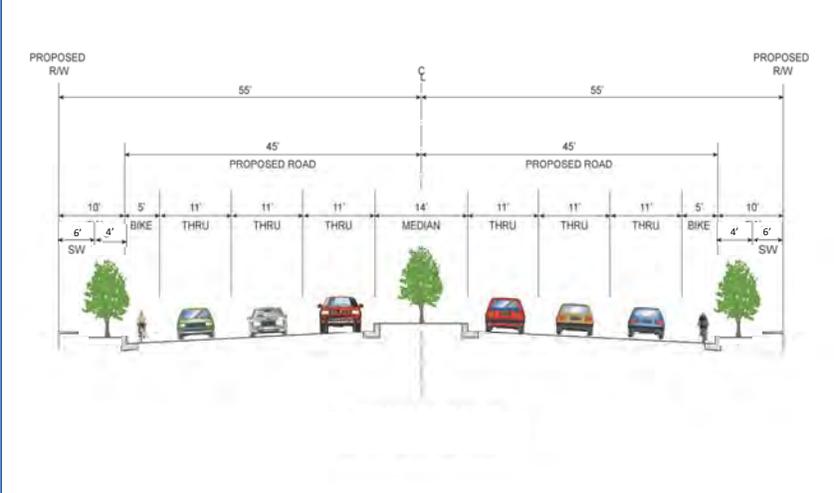

Overview / CEQA / [Project Overview](#) / Environmental / Public Comments

 **City of Santa Ana**  
Warner Widening

### Modified 110' R/W Major Arterial Section

Overview / CEQA / [Project Overview](#) / Environmental / Public Comments

 **City of Santa Ana**  
Warner Widening

## Project Design Features

- **Modified Major Arterial Cross-section**
  - 110-foot-wide ROW
  - Six 11-foot lanes
  - 14-foot raised landscaped median
  - 5-foot bike lanes
  - 4-foot parkways
  - 6-foot sidewalks with ADA compliance
  - Landscape theme center median and parkway area
  - Bus pads, ADA access ramps

Overview / CEQA / **Project Overview** / Environmental / Public Comments

 **City of Santa Ana**  
Warner Widening

## Project Benefits

- **Warner Avenue utilizes Complete Streets guidelines**
  - Build for all users (foot, bicycle, transit, & automobile)

Overview / CEQA / **Project Overview** / Environmental / Public Comments

 **City of Santa Ana**  
Warner Widening

## Project Benefits

- **Safer Street**
  - Narrower lanes and raised medians deter speeding
  - Designated path for pedestrians and bicyclists

Overview / CEQA / **Project Overview** / Environmental / Public Comments

 **City of Santa Ana**  
Warner Widening

## Project Benefits

- **Safer Street (cont.)**
  - Reduce accidents with installation of raised median

Overview / CEQA / **Project Overview** / Environmental / Public Comments

 **City of Santa Ana**  
Warner Widening

## Project Benefits

- **Safer Street (cont.)**
  - Minimize rear-end collisions with new and/or longer left turn lanes

Overview / CEQA / **Project Overview** / Environmental / Public Comments

 **City of Santa Ana**  
Warner Widening

## Project Benefits

- **Better Accessibility**
  - Sidewalks, curb ramps and bike lanes improve accessibility for foot and bicycle modes

Overview / CEQA / **Project Overview** / Environmental / Public Comments

**City of  
Santa Ana**  
Warner Widening

## Project Benefits

- **Improve Traffic Flow**
  - Reduce congestion with additional through lanes & left turn lanes
  - Without project, LOS F
  - With project, LOS A

Overview / CEQA / **Project Overview** / Environmental / Public Comments

**City of  
Santa Ana**  
Warner Widening

## Project Design Process-Recommended Alignment

The trade-offs among the 6 alternatives previously presented were evaluated. Based on this analysis, the alternative recommended to be carried forward is the 110' North Widening with a slight modification at Standard Avenue.

Overview / CEQA / **Project Overview** / Environmental / Public Comments

**City of Santa Ana**  
Warner Widening

## Project Schedule and Phase

- Implementation schedule dependent upon funding availability
- Typical project phasing process:
  - Environmental Clearance: 6 – 12 months
  - Design: 9 – 12 months
  - Right of Way: 18 – 24 months
    - Acquisition process
    - Demolition
  - Construction: 12 – 18 months
    - Relocate utility lines
    - Remove existing road and sidewalks, excavate
    - Grade, paving, curb, gutter, sidewalk, landscaping
    - Traffic Control to minimize lane closures. One lane each direction

Overview / CEQA / Project Overview / Environmental / **Public Comments**

The banner at the top of the slide features the City of Santa Ana logo on the left, the text "City of Santa Ana Warner Widening" in the center, and the Downtown Orange County Santa Ana logo on the right. Between the logos are three small photographs showing street scenes with utility poles and trees.

**Thank you for attending the  
Environmental Scoping Meeting**
