

The City of Santa Ana finances the development of permanent supportive housing for people experiencing homelessness. Shelters solve sleep, but housing and supportive services solve homelessness.

February 2018

72 chronically homeless individuals were housed at The Orchard

March 2018

16 homeless individuals were housed at The Depot at Santiago

June 2020

75 homeless veterans were housed at Heroes' Landing

August 2020

15 homeless individuals were housed at The Santa Ana Arts Collective

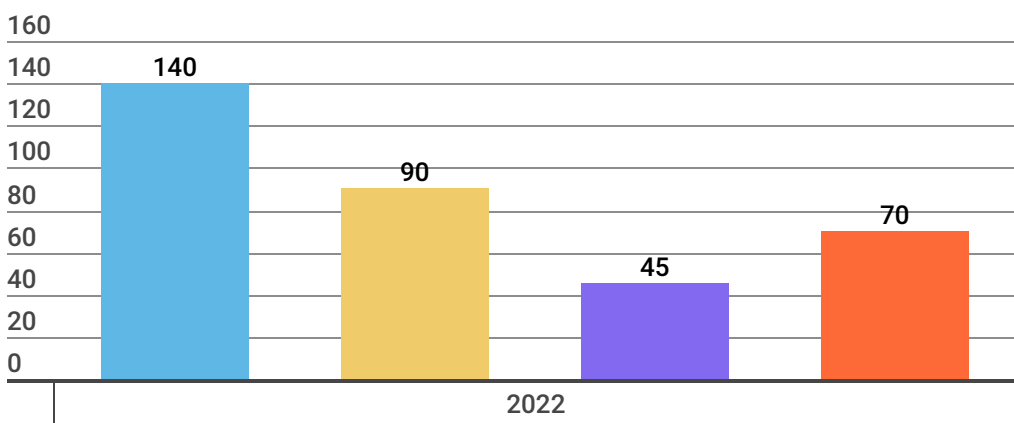

March 2021

56 chronically homeless individuals were housed at Casa Querencia

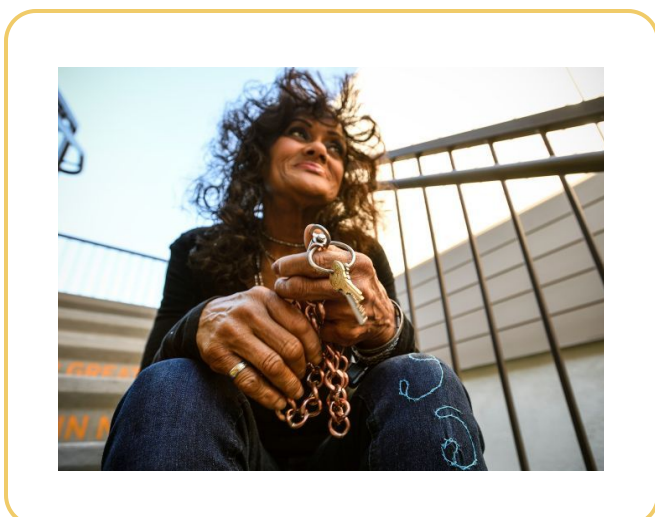

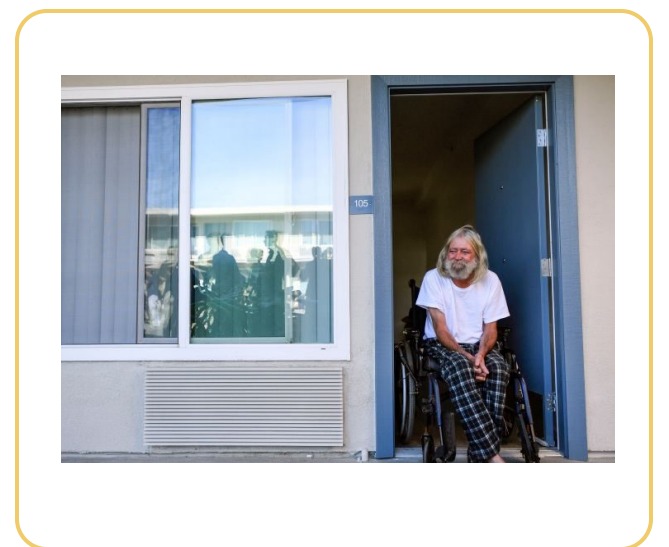

Homeless individuals have been provided with permanent supportive housing through both project-based and tenant-based vouchers through the Santa Ana Housing Authority since 2017.

Tenant-Based Housing Vouchers Leased in 2022

● Individuals with Disabilities ● Veterans ● Foster Youth ● Families/Individuals

The City of Santa Ana issues tenant-based housing vouchers to people experiencing homelessness through its Housing Authority.

345

Vouchers were leased as of the end of 2022.

The City of Santa Ana currently has over 250 permanent supportive housing units in development across six projects. These six projects are in various stages of development and pre-development.
