To: Board of Directors
From: Andi Jordan, Executive Director
Date: August 7, 2017
Subject: Amending 2017-2018 Budget

At the August 7, 2017 Executive Board Meeting, the Executive Board and I discussed some needed additions to the Budget based on my overview of the organization after the first month on the job.

Software: Current budget \$400 – increasing to \$550

Most of the software is out of date, some not upgradable.

- QuickBooks (2009) - The software was not upgradable. I'm now using a free trial of QuickBooks (\$15/month=\$180/yr).
- Office 2011 – will no longer be upgradeable so a new license or subscription is necessary. Exchange is missing as well. Email has very little storage and so this could be a public records issue. Office for Business will include most software we need in addition to Exchange/Publisher \$12.99 month/\$155.88 with our current email/web provider. The second year the rate increases to \$15.99.
- In addition, we utilize Adobe \$15/month, windows parallel.

Workers Compensation Insurance: This not budgeted, first estimate is \$520. It has come to my attention that we do not have Workers Compensation Insurance that is required by state law.

League of California Cities Annual Conference: This is not budgeted. Registration: \$540
The League is a noted collaborative partner for our organization. The Executive Board believes sending the Executive Director to the State Conference in September 2017 is beneficial to the Cities Association in developing relationships for future work of the organization.

Total Increase in Budgeted Expenditures = (\$1195)

Total Budgeted Year End Balance = \$53,383

Ms. Joanne Benjamin, Interim Executive Director
Cities Association of Santa Clara County
Post Office Box 1079

Dear Ms. Benjamin,

We write to request your assistance with the establishment of a long term forum for aircraft noise concerns in the South Bay. There is a critical need in Santa Clara and Santa Cruz Counties for a permanent venue to address aircraft noise concerns and we think it is essential that this body include all currently unrepresented cities in our Congressional Districts. Because you represent each of the 15 cities within Santa Clara County, we respectfully request your assistance with developing an intergovernmental partnership between the cities in Santa Clara and Santa Cruz Counties, Norman Y. Mineta San José International Airport (SJC), and San Francisco International Airport (SFO) that will serve as a permanent aircraft noise mitigation entity representing all affected communities in the South Bay and Santa Cruz County.

Between May and November, 2016, the Select Committee on South Bay Arrivals, a temporary committee of 12 local elected officials appointed by Congresswoman Anna G. Eshoo, Congressman Sam Farr, and Congresswoman Jackie Speier, convened meetings to receive public input and develop regional consensus on recommendations to reduce aircraft noise caused by SFO flights and airspace, and procedural changes related to the Federal Aviation Administration's Next Generation Air Transportation System. Among the many recommendations that received unanimous approval by the former Committee was the need for a permanent venue to represent currently disenfranchised communities in addressing aircraft noise concerns including, but not limited to SFO. This recommendation stems from the fact that our mutual constituents in Santa Clara and Santa Cruz Counties, do not currently belong to a permanent aircraft noise mitigation entity such as the SFO Airport/Community Roundtable.

Recently, the SJC Airport Commission voted unanimously to recommend that the San José City Council approve the establishment of a roundtable forum at SJC to address the noise impacts of the Airport's South Flow operations. While we agree with the Commission that there is a significant demand for an aircraft noise mitigation entity to represent constituents in the South Bay, it is imperative that any potential body not be confined to SJC or SFO related issues and also include representation of all affected and currently unrepresented communities in Santa Clara and Santa Cruz Counties. Although the participation by elected officials in each affected city is essential, it is critical that the establishment of such a body should not be unilaterally implemented by one city, but instead be led collectively by the entire affected region.

We've enclosed a copy of the SFO Airport/Community Roundtable's Purpose and Bylaws which can serve as a model in the South Bay. We would like the Cities Association to collect input from your membership, provide suggestions from each of the cities within your jurisdiction, and to work with the County of Santa Cruz and the Directors of SJC and SFO to develop an intergovernmental partnership modeled after the SFO Airport/Community Roundtable and referred to as the South Bay Airport Roundtable. This body should serve as the permanent

aircraft noise mitigation entity representing each city within each county, and with jurisdiction spanning aircraft noise issues including but not limited to those related to either SJC or SFO. We recommend that the FAA agree to provide technical assistance as needed, and that like the SFO Airport/Community Roundtable, SJC would be responsible for hosting and staffing meetings. To ensure equitable regional representation, each city and county should have the opportunity to appoint one Member and one Alternate who are local elected officials to serve on the body, elect their own leadership, and participate in helping to fund the effort just as the SFO Airport/Community Roundtable does. Once it is conceived, the newly formed South Bay Airport Roundtable could also work with the SFO Airport/Community Roundtable to establish a joint subcommittee to address complex overlapping issues related to the Midpeninsula.

We understand that developing solutions to aircraft noise issues is a complicated and sensitive endeavor that requires extensive engagement with constituents living in affected communities facing sometimes separate but ultimately interrelated issues. Because of this, any proposed changes to our complex airspace should not be the burden of one single city and can only be achieved fairly and effectively with a foundation of regional consensus. The establishment of a permanent South Bay entity is the fundamental prerequisite to ensuring that there is a platform to develop regional consensus upon and thereby ensure any current and future aircraft noise concerns of our mutual constituents can be adequately addressed.

We hope you will accept our request to adopt a leadership role in helping to meet this important regional need. Thank you in advance for your attention to our request and we look forward to your timely response and assistance.

Sincerely, *and gratefully,*

Anna G. Eshoo

SAN FRANCISCO INTERNATIONAL AIRPORT/COMMUNITY ROUNDTABLE PURPOSE AND BYLAWS

A. PURPOSE

The San Francisco International Airport/Community Roundtable was established in 1981 to address community concerns related to noise from aircraft operating to and from San Francisco International Airport (SFO). This voluntary committee of local elected and appointed officials provides a forum for public officials, airport management, FAA staff, and airline representatives to address issues regarding aircraft noise, with public input. The Roundtable monitors a performance-based aircraft noise mitigation program, as implemented by airport staff, considers community concerns regarding relevant aircraft noise issues, and attempts to achieve additional noise mitigation through a cooperative sharing of authority brought forth by the airline industry, the FAA, airport management, and local elected officials.
