**Consent Agenda** consisting of the Board Meeting Minutes from April 2018 were approved by unanimous consent from a motion by Steve Tate (Morgan Hill) and a second by Debi Davis (Santa Clara).

**The Cities Association Ad Hoc Roundtable Committee** of Greg Scharff (Palo Alto), Pat Showalter (Mountain View), Larry Klein (Sunnyvale), Mary-Lynne Bernald, Gary Waldeck (Los Altos Hills), Savita Vaidanhyanthan (Cupertino), Steve Tate (Morgan Hill) presented their recommendations to form a Santa Clara/Santa Cruz Airport Roundtable.

In June 2017, the Cities Association of Santa Clara County (CASCC) received a Congressional request from Representatives Eshoo, Khanna, & Panetta asking the CASCC to take a leadership role in forming a regional aircraft noise roundtable. The CASCC formed an Ad Hoc Committee to build the framework of forming a roundtable that works for a region. The roundtable, conceived to include the 21 local jurisdictions of Santa Clara and Santa Cruz Counties, will work together with San Francisco Airport, Minéta San José Airport, and the FAA, and address the growing concern of aircraft noise in one of the busiest metro-plexes in the country.

The Committee recommendation includes:

- Mission Statement: To Address Community noise concerns and make recommendations to the Regional Airports and FAA on noise related issues.
- MOU to form organization
- Organization is similar to SFO Roundtable
- Self-fund from member jurisdictions
- Work with both SFO & SJC Airports
- SFO Airport and Roundtable willing to collaborate
- Hire consultant or contract to run the organization
- Initial staff support to be supported by Cities Association of Santa Clara County
- Each member jurisdiction receives 1 vote
- Changes to bylaws require majority of members
- Non-voting members include airport, FAA, pilots' organization
- Any member may withdraw at any time with notice of intent, but forfeit their dues
- Serves as a forum for public

Public Comment received from: Sunnyvale Mayor Glenn Hendricks, Chris Moylan of Representative Ro Khanna's office, Robert Holbruck, Jennifer Landesman, Karen Porte.

Jan Pepper (Los Altos) motioned and a second by Pat Showalter to adopt the resolution and draft by-laws, MOU, City/County Resolution.

"Whereas the Board of Directors of the Cities Association of Santa Clara County does hereby support and will initiate formation of an intergovernmental partnership between the cities and counties of Santa Clara and Santa Cruz Counties, Norman Y. Minéta San Jose International Airport (SJC), San Francisco International Airport (SFO), and the FAA, that will serve as a permanent aircraft noise mitigation entity representing all affected communities in the Santa Clara and Santa Cruz Counties, and invite the jurisdictions, cities and counties within Santa Clara County and Santa Cruz County, to partner in the formation of the Santa Clara/Santa Cruz Roundtable."

The motion passed with a 14-1-0 vote (AYES: Cristina (Campbell), Sinks (Cupertino), Leroe-Muñoz (Gilroy), Pepper (Los Altos), Waldeck (Los Altos Hills), Sayoc (Los Gatos), Craig (Monte Sereno), Tate (Morgan Hill), Showalter (Mountain View), Scharff (Palo Alto), Davis (Santa Clara), Cappello (Saratogo), Klein (Sunnyvale). NAYES: Jones (San José).

Vehicle Dwellers: Board Member Pat Showalter (Mountain View), Kimberly Thomas (Office of the City Manager, Mountain View), Tom Myers (Community Services Agency for Mountain View, Los Altos, Los Altos Hills) discussed Homelessness and a growing segment of the population of vehicle dwellers

- Importance to discuss how the effects of local ordinances may impact the movement of this population
- The problem is the direct result of housing affordability issue

Survey responses from cities attached.

**Regional Housing Needs Allocation (RHNA) Subregion** formation report:

Los Gatos Town Manager Laurel Prevetti presented on behalf of the Subregion Taskforce Committee (Showalter, Scharff, Jones, Supervisor Chavez).

- Subregion Overview
- Pros/Cons of forming a subregion
- Guiding principles
- By-laws
- Resolution

Important items to note:

- The subregion approach would include the “low cost” approach and utilizes current structures already in place (Cities Association, SCCMA, SCCAPPA/Planning Directors).
- No one would be forced to do anything if they didn’t want to do
- Taskforce recommends accepting the methodology/numbers from ABAG

Questions that the Board is interested in knowing:

- How many subregions have been formed in all of California during the last two cycles? (Not just Bay Area)
- Of those subregions, how many had allocations that differed from the original allocation from the COG?
- Of those with different allocations, how many cities within the subregion had different allocations?
- There was interest in the specific trades that occurred in San Mateo County for both cycles. The Board recalled that in one trade, Redwood City wanted as many units as possible but they were unclear on the details. There was also recollection that only Woodside and Redwood City did a trade.

Public comment was received by Jeannie Bruins.

The RHNA Subregion Taskforce is asking the Board Members to discuss the subregion and share the documents with their Councils for direction regarding forming a subregion. The CASCC Board will vote on formation of the subregion in October.

**Legislative Action Committee:**

- SB 828 (passed Senate, in Assembly) oppose
- AB 1912 (JPA & pension) liability goes to cities – league opposes, oppose if become active  
Unanimous
- SB 834 (state lands - prohibits state from leasing new oil or gas drilling) unanimously supports
- SB 831 ADUs: unanimous consent approved to send letter to author that we are interested in bill that incentives production of ADUs but are concerned with:

- floor area ratio and lot coverage
- many of our cities are interested in having the owner as the occupant of the house of which the ADU sits
- minimums to be smaller to increase the possibility of more affordable ADU

Motion by Steve Tate to approve LAC actions, second by Peter Leroe-Muñoz.

Jeffrey Cristina (Campbell) spoke in support of SB 831, or at the minimum of softening the language Motion passed.

**New Business: 2018-2019 Budget Rod Sinks and Larry Klein discussed the budget**

Rod Sinks gave an overview that because of the tasks that the Board is taking on, the Executive Director job has become a full-time job. This budget is a change from past budgets and creates the Executive Director as a full-time job. The Executive Board recognizes that the timing for the increase wasn't the best. Larry Klein spoke to some changes in the budget from past practice. General meetings are now budgeted, Board Priorities budget has been increased, website redesign included, and insurance.

Chappie Jones motioned to approve the budget as presented, Greg Scharff seconded the motion. The Board unanimously approved the budget.

**City Manager's Report** by Aarti Shrivastava (ACM, Cupertino/SCCMA)

Attended the Joint City Managers meeting with San Mateo/Santa Clara Counties with presentation on

- cities moving toward District Elections
- ICMA Talent Initiative – what cities can do to attract and retain talent.

**Joys and Challenges:**

- Debi Davis: reported on the move to district elections in Santa Clara. The citizens rejected Measure A to move to district elections.
- Greg Scharff – Palo Alto approved new public safety building and a 636 parking garage on California Avenue
- Los Altos – There is a citizens' initiative "save our parks": can't sell or lease any city owned property that is larger than 7500 square feet without going to a vote of the citizens. Council is putting together an alternative initiative and hopes to work with the group and find common ground.
- Rod Sinks - Cupertino is having substantive conversations regarding Vallco. Majority of council will support 2400 housing units at Vallco/SB 35 claim. 35 units per acre. Cupertino engaged in a very robust process.
- Burton Craig – The Monte Sereno City Council voted 3-2 Tuesday night to allow 36 homes to be built at the Hacienda Inn on Highway 9, a scenic California highway.

The meeting was adjourned until Thursday, August 9, 2018, City of Sunnyvale.

Respectfully submitted,

**RE: SB 828 (Wiener) RHNA**

Dear Assemblymember Chiu and Members of the Housing and Community Development Committee:

The Cities Association of Santa Clara County, which represents 15 cities in Santa Clara County, writes regarding SB 828 (Wiener) Regional Housing Needs Allocations.

More specifically, the Cities Association is opposed to the following provisions in SB 828:

***Cities do not build homes*** – Government Code Section 65584 (2) makes it very clear that cities “should undertake all necessary actions to encourage, promote, and facilitate the development of housing to accommodate the entire regional housing need.” However, this code section also appropriately acknowledges that future housing production “may not equal” the housing need established for the planning process. SB 828 strikes this language and replaces it with a requirement that cities take “reasonable actions to ensure that future housing production meet, at a minimum, the regional housing need established for planning purposes.” This change implies that RHNA is a production mandate, when in fact RHNA is a planning and zoning requirement. The Cities Association believes that this section should be returned to existing law.

***Inventory of land suitable for development*** – SB 828 would require every city to identify enough sites to accommodate 125% of their share of the regional housing need for all income levels. It is unclear why cities should be required to identify 25% more sites when current law (SB 166, Senator Skinner - Ch. 367, Statutes of 2017) already requires each jurisdiction to identify enough sites to accommodate, at all times throughout the planning period, its remaining unmet share of the regional housing need. Additionally, many jurisdictions will find it very difficult to find enough adequate sites to accommodate even 100% of their housing need, given the new requirement (AB 1397, Assembly Member Low - Ch. 375, Statutes of 2017) to demonstrate that the site has a “realistic and demonstrated potential for redevelopment.”

Jurisdictions that fail to identify enough adequate sites to accommodate their housing need will be unable to receive a certified housing element from the Department of Housing and Community Development. Without a certified housing element, cities will not have access to state funding that would help fund much needed affordable housing construction. SB 828 should be amended to help cities meet existing requirements, not make it more difficult.

The Cities Association is committed to working with you and others on finding ways to spur much needed housing construction in communities in Santa Clara County. However, in its present form, the Cities Association must oppose SB 828.

Sincerely,

Rod Sinks

**RE: SB 831 (Wieckowski): Accessory dwelling units**

Dear Assemblymember Chiu:

The Cities Association, which represents 15 jurisdictions in Santa Clara County, writes regarding SB 831 (Wieckowski).

At the end of 2015, the Cities Association unanimously recognized the housing crises in our cities, and we support ADU production as an important source of new housing to help combat it. We have been revising our local ordinances for the past two years to come in to compliance with the new statutes adopted in 2016 and 2017 and many of our jurisdictions have been approving ADUs in record numbers.

In discussing SB 831 at our Cities Association meeting last Thursday, June 14, there was interest in streamlining and reducing fees on ADU development, a primary component of the bill. There was also some concern that the requirements around floor area, lot coverage, and setbacks may not yield units that fit appropriately in all circumstances given wide variety in lot sizes and shapes. It is essential these dwellings be permitted through a process that gives careful consideration to such factors. In addition, some of our cities are concerned about the removal of the requirement to have the owner as an occupant of the house which shares the lot with the ADU.

We hope that these concerns can be reviewed and addressed to make SB 831 a bill that helps streamline ADU production while contributing to quality of life for our residents and ensuring community support.

Sincerely,

Rod Sinks  
President, Cities Association of Santa Clara County

RE: SB 834 (Jackson) State Lands: Leasing: Oil and Gas.  
Notice of SUPPORT (as Amended 4/18/18)

Dear Assembly Member Muratsuchi and Members of the Committee:

The Cities Association of Santa Clara County is pleased to support SB 834 (Jackson), which would prohibit expanded offshore oil and natural gas production off the California coast. SB 834 would prohibit the State Lands Commission (SLC) or local trustees from entering into new lease agreements, or renewing, expanding, or modifying existing agreements that would result in increased oil or natural gas from federal waters.

In early January, U.S. Secretary of the Interior Ryan Zinke released a draft five-year plan for the National Outer Continental Shelf Oil and Gas Leasing Program (National OCS Program). The draft proposed program for 2019-2024 includes 47 new potential leases, including six in California.

Opening waters off the California coast to new offshore oil and natural gas exploration and production would impose substantial new costs to coastal cities. Coastal cities near the new offshore site may be impacted by potential needs for new facilities and services needed to support offshore development activities, as well as possible debris and other litter that may wash up on beaches.

Additionally, if a spill were to occur off the California coast, the financial impacts to the state's coastal cities would be substantial. A spill would require clean up and disaster relief, as well as put potential strains on tourism, an industry on which many cities rely.

For these reasons, the Cities Association of Santa Clara County supports SB 834 and urges you to pass this measure

Sincerely,

Rod Sinks

**Subject:** Taking Mountain View's Updated Equitable Communities Resolution to the Cities Association Santa Clara County  
**Date:** Thursday, June 28, 2018 at 3:32:53 PM Pacific Daylight Time  
**From:** Gaines, Melvin  
**To:** Pat Showalter

Good morning Councilmember Showalter,

During the Sanctuary City discussion at the October 24, 2017, Council Meeting, Council moved to amend the Equitable Communities Resolution to include updated language about the City refraining from using resources to assist or support any government program requiring the registration of individuals (see attached minutes, item 7.1). Specifically, the following language was added:

The City of Mountain View does not use resources to create, implement, provide investigation or information for enforcement, or otherwise assist or support any government program requiring the registration of individuals, creation of a database of individuals, and/or detention relocation or internment of individuals on the basis of religion, national origin, or ethnicity.

Council also gave direction for the resolution to be taken to the Cities Association of Santa Clara County and recommend that all cities adopt the resolution. During the Council meeting, you mentioned that you would take the updated resolution to the Cities Association. I've attached a copy of the updated resolution, and copied Andi Jordan from the Cities association in this message. Please let me know if you would like further support in taking this updated resolution to the Cities Association.

Best regards,

Melvin
