Subject: Re: City Selection Committee: notice of openings & call for interest
Date: Monday, January 7, 2019 at 4:02:06 PM Pacific Standard Time
From: Kou, Lydia
To: Andi Jordan
CC: kou.pacc@gmail.com
Attachments: Outlook-1485341581.png

Dear Andi,

Thank you for returning my call today and taking time to familiarize me with the application process and procedures.

I would like to submit my interest for the following position --

a. Association of Bay Area Governments (ABAG) - Alternate

Currently held by Chris Clark, Mountain View, begins January 2019, term expires 6/2020

The SCC Women's Equality Leadership Council sounds interesting, but I see it is also on the third Thursday of most months, as is ABAG.

I am applying to be the ABAG alternate to support the City Association's appointee and to also take this opportunity to learn about regional operations and concerns pertaining to housing and transportation. I would like to broaden my prospective.

Thank you,

Lydia Kou - Council Member

c/o Andi Jordan, Executive Director

Re: ABAG Alternate Appointment

Dear Members,

I am seeking appointment as an alternate to represent the 15 cities of the county on the ABAG Executive Board. I well appreciate the leadership demonstrated by our primary representatives as the CASA Compact was brought to the ABAG Executive Board for discussion at the end of last year. My interest in serving as an alternate would be to offer a similar strong and thoughtful voice should they be unable to attend. We need to provide constructive alternatives to addressing our key challenges of housing and transportation, and retain ABAG as an effective voice for all the cities in the Bay Area.

Sincerely,

Rod Sinks

Re: Appointment as Cities Association of Santa Clara County MTC Representative

Dear Members of the Selection Committee:

I would be excited to represent the Cities Association of Santa Clara County on the Metropolitan Transportation Commission (MTC). The combination of my professional experience and my varied leadership roles on regional boards provides a strong background for the position.

Professionally, I have been a CPA and have been a business owner for 30 years. I have been on Mountain View's City Council for 6 years and have been the Mayor, and Vice Mayor. Before City Council I was on the Planning Commission for 5 years. I have a skill set in which I'm very comfortable with detailed and comprehensive analysis. I've had considerable experience in creating, analyzing and overseeing budgets at all levels.

I am currently on the Valley Transportation Authority (VTA) Board of Directors, National League of Cities (NLC) and League of California Cities (LCC) Advisory Committees, and SR85 Corridor Policy Advisory Board. Previously I was on the VTA Policy Advisory Committee.

I take my fiduciary responsibilities very seriously. As a VTA board member, I wrote a memo about the huge cost of expanding and operating Light Rail, and that decisions made over 18 years ago, may not be relevant today. We need to take politics out of making investment decisions when it comes to spending tax payers' dollars.

MTC appears to have a history of overspending, and just recently spent over \$29,000 for a lavish retreat for the current Board of Directors in Sonoma Valley, which sends the wrong message to constituents. I am strongly motivated to help ensure the MTC budget is both fiscally responsible and in alignment with the MTC goals.

I am well acquainted with the challenges of regional and local transit systems, to serve the many different stakeholders and achieve the goals of effectiveness, efficiency, and affordability. I have been a strong advocate for comprehensive regional and local transit systems.

As Mayor in 2015, along with Mayor Sinks of Cupertino, we formed a coalition of 12 North and West County cities, to have a comprehensive transportation study done by VTA. Traffic congestion on SR 85, 101 and 237 is horrendous. Commutes are long, neighborhood cut-through traffic has increase, and greenhouse gas emissions are on the rise.

When Measure B came up for a ballot vote, this coalition morphed into a strong advocates group for a fair share of Measure B money. The group was able to negotiate over \$1 billion for transit infrastructure, \$350 million to find a traffic solution on SR 85, and \$750 million for Caltrain grade separation.

As a former Mayor and councilmember of Mountain View, I would contribute some unique perspectives and attributes. Mountain View has been on the forefront with policies that address the housing crisis, and solutions for funding for local transit. We are building a new transit center that will be mixed use, hosting Caltrain, Light Rail line, VTA and corporate shuttles as well as housing.

Mountain View has started a study of how to connect downtown with employee-rich North Bayshore, using cutting edge technology (i.e., Aerial Guideway Transit). I've had the opportunity to connect a major employer with VTA to fund a study on how to use the Light Rail station at NASA/Ellis St., to run a transit option into North Bayshore.

I have the added benefit of Mountain View's very experienced transportation staff (4 professionals) that I can turn to and rely on.

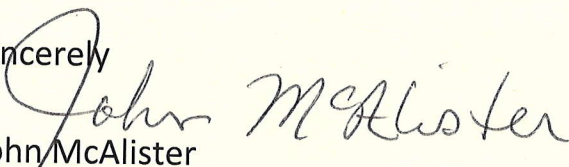

I believe a well-planned and implemented regional transit system can solve many of the Bay Area's social problems, from affordable housing, to traffic congestion, greenhouse gas emissions, improving the quality of life of area residents.

Transportation solutions is my number one goal. It drives me crazy (no pun intended) to see thousands of commuters sitting in traffic. Current transit agencies are not getting the job done. The timing is right for MTC to push all local transportation agencies to stop thinking parochially and work together. I have proven that I can build coalitions and work collaboratively to find solutions, as I did as a founding member of Silicon Valley Clean Energy and building the North/West Cities Coalition. I am not afraid to ask the hard questions. I have no political agenda, I just want results.

I have the benefit of traveling to many national conferences, the NLC, LCC, and had the opportunity to see firsthand what transportation solution exist in other cities. I have met our fellow elected officials and learned their best practices. This knowledge makes me better prepared to find solution that work.

I would be honored to be your Representative to MTC.

Thank you for your consideration.

Sincerely

John McAlister
Councilmember and Former Mayor
City of Mountain View

Andi Jordan, Executive Director
Cities Association of Santa Clara County
P.O. Box 3144
Los Altos, CA 94024

Members of the City Selection Committee,

I am respectfully requesting reappointment as the cities of Santa Clara County representative to the Metropolitan Transportation Commission (MTC).

MTC is both the metropolitan planning agency for the nine-county bay area (federal designation) as well as the regional transportation agency (state designation). It serves as the agency responsible for allocating state and federal funds to regional transportation projects. MTC transportation plans, development and funding must align with long-range plans that guide transportation and housing development. I believe Santa Clara County cities are best served by having a representative who has experience and leadership, is well connected, understands the challenges and linkages between land use and transportation needs, has worked effectively and collaboratively with fellow Santa Clara County representatives County Supervisor Cortese and Mayor Liccardo, and has the respect of all other members of the MTC.

I am well versed and respected in the transportation arena. I've served in multiple capacities with the Valley Transportation Authority (VTA) over the past six years, including the Policy Advisory Committee for three years (2013-2015) and on the Board for three years (2016-2018). I was selected by my colleagues to serve as Vice Chair in 2016 and Board Chair in 2017. In 2018 Board Chair Liccardo appointed me to serve as Chair of the Financial Stability Ad Hoc Committee (2018). The positions and roles have I played within the VTA continue to put me in a position of strength to best serve the cities of Santa Clara County as the Cities Association representative on the MTC.

I've also served on Peninsula Corridor Joint Powers (Caltrain) Board for the past two years (2017-2018), serving as Board Chair in 2018. During my tenure Caltrain launched a major comprehensive business planning effort that draws upon industry experts to address the future potential of the railroad. The business plan assesses the benefits, impacts and costs of different service visions, building the case for investment and implementation. This type of long-range planning is essential to addressing our transportation needs.

I've served on MTC for the past two years. In the two years I have served on MTC I have learned the importance of having a representative that not only has a solid background and strong voice for transportation planning and investment, but also the soft skills to be an effective collaborator. My colleagues on the commission appreciate the perspective I bring, my willingness to challenge the status quo and my knack for saying what they themselves are thinking. With the retirement of Steve Heminger, the Commission will be onboarding a new Executive Director. Selection of the new ED is one

of the most critical decision the Commission will be making. As a member of the Executive Director Selection Committee it is my hope that I will be able to see this task through.

Transportation, jobs and housing are all intertwined and must be addressed holistically. Over the next year or two key decisions will be made and directions set. With the experience, character, leadership and continuity I bring to the position, I have what it takes to tackle the challenges and complexities of the imbalances we face. I would be honored to continue my service as the Cities Association's representative on MTC.

Respectfully,

Jeannie Bruins
Councilmember, City of Los Altos

Re: Endorsement of Jeannie Bruins for new term on MTC

Dear Selection Committee Members,

The City Council of Los Altos is pleased to endorse Jeannie Bruins for a new term representing the Cities of Santa Clara County on the Metropolitan Transportation Commission (MTC).

Council member Bruins is currently serving the Cities Association in this capacity and her experience and knowledge of MTC issues continues to be a valuable asset to all the cities of the County. Councilmember Bruins also currently serves as the Chair of Cal Train and previously served as the Chair of the Valley Transportation Agency. We don't believe there is anyone in the County who can replicate the influence that Councilmember Bruins brings to MTC as our representative.

We hope the members of the Selection Committee will agree with us and appoint Jeannie Bruins to another term at MTC.

Sincerely,

Jan Pepper
Vice Mayor

BOARD OF SUPERVISORS

SCOTT HAGGERTY
SUPERVISOR, FIRST DISTRICT

January 8, 2019

Ms. Andi Jordan
Executive Director
Cities Association of Santa Clara County
P.O. Box 3144
Los Altos, CA 94124

Dear Ms. Jordan,

I write in support of the reappointment of Councilmember Jeannie Bruins to the Metropolitan Transportation Commission (MTC). Since her initial appointment in 2017 she has been an exemplary Commissioner. She is thoughtful and thorough and a strong advocate for transportation investment and planning in the South Bay while balancing and addressing the comprehensive needs of the entire 9 County Bay Area. She has had an impactful presence on the Commission through her committee appointments: BATA Oversight Committee, Administration Committee and Programming and Allocation Committee.

Most recently, Councilmember Bruins has participated on the MTC Executive Director Selection Committee. Her reappointment to MTC will continue to benefit us all as we address the critical transportation and housing challenges of our region. Moreover, and perhaps most importantly, Councilmember Bruins' reappointment will allow for continuity needed to support the transition of new staff leadership at MTC. I respectfully request her reappointment be given due consideration.

Very Sincerely,

Scott Haggerty
Alameda County Supervisor, District 1

Cc: Cities Association of Santa Clara County Board

December 20, 2018

Dear Cities Association Board,

I am writing in support of Jeannie Bruins reappointment to the Metropolitan Transportation Commission (MTC). Jeannie has served as one of three Santa Clara County MTC Commissioners and has been a strong voice for transportation investment and planning in the region -- and the 9 County Bay Area. I have served with Jeannie as a fellow Commissioner and can attest to her thoughtful and thorough treatment of the complex issues and decision-making that the Commission is charged with.

As a former VTA Board Chair and Caltrain Board Chair, Jeannie has exemplary knowledge and experience on complex transportation planning, policy, programs and projects. At a time when we are seeing record levels of investment in the region, and transportation and housing remain the great challenges we collectively face, I recommend that we have someone of Jeannie's experience and character continue to serve on MTC.

Sincerely,

Sam Liccardo
Mayor
City of San José

January 8th, 2018

Dear Cities Association Board,

This letter is to support and recommend Jeannie Bruins for reappointment to the Metropolitan Transportation Commission (MTC). I have served with Jeannie and know firsthand that she works hard and is very thoughtful in her decision making. She has represented the cities of Santa Clara County with integrity and has been a strong advocate for transportation and planning in the nine Bay Area Counties in the region. She has also served as Chair on the VTA and Caltrain Boards and brings vast transportation experience with her. She is a great colleague who is always prepared and strives to find consensus in decisions.

The MTC has just secured funding through Regional Measure 3 and this is a critical time when we need someone with her knowledge and thoughtful questions to oversee important investments in the region for transportation and housing and the challenges that these opportunities bring. I strongly recommend Jeannie as an experienced commissioner to represent Santa Clara on MTC.

Sincerely,

A handwritten signature in black ink that reads "Alicia C. Aguirre".

Andi Jordan
Executive Director
Cities Association of Santa Clara County
PO Box 3144
Los Altos, CA 94124

Dear Ms. Jordan,

I'm writing to let you know of my interest in seeking the CASCC appointment to the Recycling and Waste Reduction Commission. My commitment and experience would serve the organization well.

Glenn Hendricks
Mayor

Gustav Larsson
Vice Mayor

Jim Griffith
Councilmember

Larry Klein
Councilmember

Nancy Smith
Councilmember

Russ Melton
Councilmember

Michael S. Goldman
Councilmember

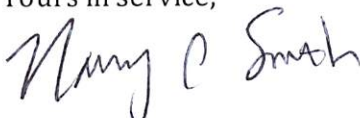

During my second year on Council, Councilmember Griffith and I co-hosted a Food Scrap Recycling town hall after a somewhat rocky launch of the program. Several Homestead High School Students attended and were listening carefully for business opportunities created by the upcoming capacity shortage for processing waste. The students, leaders of Future Business Leaders of America (FBLA) club, took on a project to bring food waste bins at Homestead, launching this month.

I have also been advising a group of local high school students seek to reduce water waste.

Recently, I was appointed to the National League of Cities Energy, Environmental and Natural Resources Committee, pending authorization by Sunnyvale City Council next week. I'm honored by this appointment and feel that my work on the Silicon Valley Clean Energy executive committee, my time as chair of the Santa Clara Valley Water District Environmental and Water Resources Board and as a member of the Water Commission helped win me the NLC appointment. These activities and connections prepare me well to serve the County.

Should the members of the Cities Selection agree, I feel my commitment to reducing waste and, where possible, setting up a circular economy, will serve the RWRC well. I would be honored to be selected for the RWRC Commission.

Yours in service,

Nancy Smith

Date: Monday, January 7, 2019 at 6:16:29 PM Pacific Standard Time

From: Nancy Smith

To: Andi Jordan

Dear Ms. Jordan

I am interested in an appointment as an ex officio member of the SCC Women's Equality 2020 Leadership Council.

However, given that the Silicon Valley Clean Energy Board meets at 7 pm every 2nd Wednesday, I'm concerned that, if appointed, I would not be able to commit to every meeting.

If appointed, I would attend as many as possible.

Yours

NANCY SMITH
City Councilmember
City of Sunnyvale
