MANNY CAPPELLO
 @CITIESASSOC
 @CITYOFSARATOGA

President, Cities Association of Santa Clara County & Mayor, City of Saratoga

On behalf of the Cities Association of Santa Clara County & the City of Saratoga, welcome!

For 29 years, representatives from the 15 Cities of Santa Clara County have been meeting monthly and collaborating on issues that affect each of us, striving to create a unified voice. Now more than ever, our Association is needed to bring us together to solve problems that go beyond the bounds of our cities.

Today, thanks to our collaboration with West Valley College and the Silicon Valley Leadership Group, we are bringing together the brightest minds in education, business, and local government to tackle transportation and innovation. Our intent this evening is to give you an opportunity to hear from new voices and spark further understanding and collaboration.

Thanks for joining the conversation!

THE EXPERTS

GANESH IYER, NIO @GANESHIYGANRA @NIO_US

Ganesh Iyer is the Managing Director of NIO in the U.S. and Vice President and CIO of Global Digital Operations for NIO. He is a business-savvy CIO and Digital Ops Exec with over 25 years of experience delivering proven results in various industries including Autonomous Tech, Hi-Tech, Manufacturing and Telecom. He's recognized for rescuing under-performing digital organizations in emerging and global markets and is an expert at change management and building relationships across the organization to achieve company goals. Ganesh has a BS degree in Chemical Engineering with a minor in mathematics from Regional Engineering College, Calicut in India.

JENNIFER HAROON, NAUTO @NAUTOINC @JHAROON

Jennifer Haroon is Chief Operating Officer at Nauto, an AI-technology company that is improving the safety of commercial fleets today and the autonomous fleets of tomorrow. Prior to Nauto, Jennifer was the Head of Business Operations for Waymo (formerly the Google Self-Driving Car Project), focusing on strategy and business development. Prior to Google, Jennifer was a Project Leader at Boston Consulting Group and an Equity Research Associate at Thomas Weisel Partners. She received her B.S. from Duke University and her MBA from UC Berkeley's Haas School of Business.

MICHAEL HUGHES, CHARGEPOINT @ITSMEGEEKER

Accomplished leader with 25 years of experience in strategic planning, sales, services, marketing, business and organizational development, product leadership, operations and market-making in early-stage and established technology companies. At ChargePoint, Hughes leads global sales, mobility ecosystem relationships and business development functions. Prior to joining ChargePoint, he spent nine years at Barracuda Networks, serving as Senior Vice President of Worldwide Sales and Services. He holds a BS in Marketing from Miami University and an MBA from the University of Michigan.

STEVE BOYD, PELOTON TECHNOLOGY @PELOTONTECH

Founder and Vice President of External Affairs, built & managed organizations & initiatives in the private and public sectors for more than 20 years. He has served as an Assistant Press Secretary in the White House, a Producer at the PBS NewsHour, and in a range of roles in the technology sector, national political campaigns, and federal agencies. Steve was a co-founder of the Clean Economy Network and is an active member of the Transportation Research Board, Society of Automotive Engineers, American Trucking Association, and the Commercial Vehicle Safety Alliance. Steve holds a Biology/Environmental Science degree from Pennsylvania State University with minors in Economics and Political Science.

ERIC DANKO, CRUISE AUTOMATION @EDANKO @CRUISE

Leads the public affairs team at Cruise and is responsible for developing building public support for self-driving vehicles. Prior to Cruise, Eric was Vice President of Government Affairs at Securing America's Future Energy (SAFE), advocating for reduced oil usage in transportation. Eric worked with Congress on issues ranging from fuel economy standards, EV tax credit, and self-driving vehicles legislation. Eric previously served as Deputy Director of Policy and Government Affairs at AIPAC in the areas of energy, water and commercial cooperation. Eric also served as senior staff on top-tier political campaigns and at a public affairs firm. He holds a Master's from the London School of Economics, and a Bachelors from the University of Rochester.
