Summary: Current law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development, which satisfies specified objective planning standards, that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. Under current law, those objective planning standards include that the development proponent must certify both (1) that the development is either a public work, for purposes of specified law, or that all construction workers employed in the execution of the development will be paid at least the general prevailing rate of per diem wages for the type of work and geographic area and (2) that if the development meets certain conditions, a skilled and trained workforce, as defined, will be used to complete the development if the application is approved, as provided. Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. Because a public agency would be required to comply with those new procedures, this bill would impose a state-mandated local program.

Calendar: 4/8/2019 2:30 p.m. - State Capitol, Room 126 ASSEMBLY REVENUE AND TAXATION, BURKE, Chair

Summary: Current property tax law, in accordance with the California Constitution, provides for a "welfare exemption" for property used exclusively for religious, hospital, scientific, or charitable purposes and that is owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Under existing property tax law, property that meets these requirements that is used exclusively for rental housing and related facilities is entitled to a partial exemption, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving lower income households represents of the total number of residential units, in any year that any of certain criteria apply. This bill, on and after January 1, 2020, would provide a similar

exemption for qualified property, as defined, that meets the requirements of the welfare exemption and that is used exclusively for rental housing and related facilities, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving moderate-income households, as defined, represents of the total number of residential units.

Status: 4/1/2019-Re-referred to Com. on H. & C.D.

Location: 3/28/2019-A. H. & C.D.

Summary: Current law, upon a declaration of a shelter crisis by the City of Berkeley, Emeryville, Los Angeles, Oakland, or San Diego, the County of Santa Clara, or the City and County of San Francisco, specifies additional provisions applicable to a shelter crisis declared by one of those jurisdictions. Among other things, existing law exempts from the California Environmental Quality Act specified actions by a state agency or a city, county, or city and county relating to land owned by a local government to be used for, or to provide financial assistance to, a homeless shelter constructed pursuant to these provisions. Current law requires a city, county, or city and county that declares a shelter crisis pursuant to these provisions to develop a plan to address the shelter crisis on or before July 1, 2019, and to annually report to specified committees of the Legislature on or before January 1, 2019, and annually thereafter until January 1, 2021. Current law repeals these additional provisions as of January 1, 2021. This bill would apply these additional provisions to a shelter crisis declared by the County of Alameda or the City of San Jose, if those jurisdictions meet specified requirements, and extend the repeal date of these provisions to January 1, 2023.

Summary: The Mitigation Fee Act authorizes a local agency to establish, increase, or impose various fees as a condition of approval of a development project, if specified requirements are met. The act defines a "fee" for these purposes to mean a monetary exaction other than a tax or special assessment, as specified, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, and excludes from that definition certain fees, including, among others, fees for processing applications for governmental regulatory actions or approvals, fees collected under development agreements, or fees collected pursuant to agreements with redevelopment agencies, as provided. Summary: The California Community Services Block Grant Program requires the Department of Community Services and Development to administer the federal Community Services Block Grant funds to provide financial assistance for activities designed to have a measurable and potentially major impact on causes of poverty in a community or areas of a community where poverty is a particularly acute problem. Current law authorizes this funding to assist programs that, among other things, meet the needs of migrant and seasonal farmworkers and their families, such as improved housing and sanitation, including the provision and maintenance of emergency and temporary housing and sanitation facilities. This bill would prohibit the provision of state funding, as defined, for the purposes of planning, developing, or operating any housing used to comply with the federal law requirement to furnish housing to H-2A workers and would require an employer, as defined, or other recipient of state funding who utilizes state funding for these purposes to reimburse the state or state agency that provided the funding in an amount equal to the amount of that state funding expended for those purposes

Summary: CEQA requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA. This bill would establish specified procedures for the administrative and judicial review of the environmental review and approvals granted for housing development projects with 50 or more residential units
