## GUIDING VALUES

As we implement the strategies in this plan, we will **raise the voices of people with lived experience** and **share power** with our unhoused and recently-housed neighbors.

We will focus on policies and programs that reduce racial inequity, in an effort to **reverse the disproportionately high rates of people of color who are unhoused**.

## THIS PLAN IS BUILT ON:

- ✓ Input from more than 8,000 community members

COMMUNITY PLAN  
TO END HOMELESSNESS

2020–2025

# PLAN BUILT ON 3 CORE STRATEGIES

---

# STRATEGY 1

## ADDRESS ROOT CAUSES

---

1. Ensure that people accessing safety net services have the support they need to obtain and maintain housing.
2. Ensure that people involved in the criminal justice system do not become homeless.
3. Create the conditions to develop enough affordable housing to meet the need in our community.
4. Protect residents from evictions, displacement, and housing discrimination.
5. Ensure all residents who are able to work have access to living wage employment.
6. Expand public and private sector support for ending and preventing homelessness.

# STRATEGY 2

## EXPAND PROGRAMS

---

1. Increase the capacity of supportive housing programs for people experiencing homelessness.
  - 7,000 people housed in Permanent Supportive Housing programs
  - 10,000 people housed through Rapid Rehousing programs
  - 3,000 people housed through Housing Problem Solving
2. Provide a broad range of supports to prevent homelessness.
  - Expand the Homelessness Prevention System to prevent homelessness for an additional 7,000 households who are at risk by providing targeted financial assistance and supportive services.
3. Create a state-of-the-art supportive housing system.
  - Center the voices of people who have lived experience of homelessness, especially people of color, in the policy and program design decisions of the supportive housing system.
  - Invest in professional development and competitive pay to attract and retain a highly qualified workforce of homeless service provider staff.

# STRATEGY 3

## IMPROVE QUALITY OF LIFE

---

1. Double the number of year-round temporary housing beds and offer a variety of welcoming temporary housing options throughout the county.
2. Increase street outreach, hygiene services, and transportation options to match the needs of unsheltered residents.
  - Increase access to basic hygiene resources, including bathrooms, showers, and laundry
3. Increase mental health and substance use services.
  - Increase the number of mobile crisis teams with clinical staff, and expand their hours, to support individuals experiencing severe mental health and substance use crises.
4. Engage a cross-section of community partners to address the needs of unsheltered residents.
5. Ensure that community spaces are safe and welcoming for housed and unhoused residents.

## By 2025, we will:

Achieve a **30% reduction** in annual inflow of people becoming homeless\*

House **20,000 people** through the supportive housing system

Expand the Homelessness Prevention System and other early interventions to serve **2,500 people per year**

**Double** temporary housing and shelter capacity to reduce the number of people sleeping outside

Address the **racial inequities present** among unhoused people and families and track progress toward reducing disparities
