Join us for our General Membership Event hosted in collaboration with The Intercultural Speakers Bureau: Let's Talk About Race!

Tentative speakers include: San Jose State University, People Acting in Community Together (PACT), Indian Health Center of Santa Clara Valley, Congregation Shir Hadash, Islamic Networks Group (ING), City of San Jose

More info:

The ICSB brings together a diverse panel of speakers from marginalized communities to unpack how racist narratives formed in US institutions and culture throughout history persist today. The interactive panel and breakout room discussion will address shared histories and experiences across multiple racial, ethnic, and religious groups, and will give specific action steps that elected officials can take to counter bigotry in their communities.
