Dear Mr. Marcuzzo:

Thank you for your letter dated October 16, 2019, regarding the timing of the Federal Aviation Administration's (FAA) last response and requesting to meet with FAA technical staff about NextGen flight procedures. We regret the timing of our response to your letters, dated January 17, 2019, and May 3, 2019, which you did not receive in time for the July 17 Forum meeting.

Representatives from the Western-Pacific Regional Office and FAA's technical staff will attend both the Noise Forum and the Forum's NextGen Subcommittee meeting scheduled for January 15, 2020. During the Subcommittee meeting, the FAA will address the topics listed in your letter, to include the CALSTATE Charted Visual Flight Procedure, the WNDSR Standard Terminal Arrival Route, and the HUSSH Standard Instrument Departure.

We remain committed to working collaboratively with the Forum and look forward to discussing these procedures with you.

Sincerely,

For
Raquel Girvin
Regional Administrator
