Good afternoon, Ms. Dizon,

Concerning your question, Solano LAFCO has not received any money from California Forever. Our review of Suisun's Expansion Project is part of the public process steps under CEQA for a Notice of Preparation (NOP) of an Environmental Impact Report (EIR). The purpose of a NOP under CEQA is to inform relevant agencies and the public that an EIR will be prepared and to solicit their input on the EIR's scope and content. It serves as an early step to gather feedback on a proposed project's potential environmental impacts, reasonable alternatives, and mitigation measures. The NOP also officially notifies the public of the project's availability for review and comment. We are not studying the project for Suisun or California Forever, we are merely participating in the CEQA public process to provide comments.

Regards,

Rich

Thank you very much for the agenda.

Question: Did CA Forever agree to pay for the expense you incur for studying the Suisun City expansion plan?
