Staff Report

DATE: December 9, 2019
TO: Local Agency Formation Commission
FROM: Rich Seithel
SUBJECT: City of Vallejo Water Department Presentation

RECOMMENDATION:

RECEIVE the City of Vallejo Water Department's update presentation.

BACKGROUND:

On October 15, 2018, the Commission received a presentation from Mike Malone, Water Director, City of Vallejo Water Department. Mike shared the Water Department's vision, strategic goals, history, water sources, and presented an overview of the Vallejo water system including Vallejo's Lakes Water System in the Green Valley area. Subsequent to the October 15 presentation, the City of Vallejo Water Department advises that they have initiated specific strategies for the Lakes Water system to address deferred maintenance and capital infrastructure investment, high water rates, and the need to address fire protection and to provide continuous water service during power outages

The City of Vallejo will be updating their October 15 presentation and sharing information from these initiatives and their potential impacts for the Lakes Water System customers and the Vallejo Water System overall.
