Summary:

Current law authorizes the legislative body of a local agency, defined as a county, city, or city and county, or a district, defined broadly to include other political subdivisions or public corporations in the state other than the state or a county, city and county, or city, to attend the Legislature and the Congress of the United States, and any committees thereof, and to present information regarding legislation that the legislative body or the district deems to be beneficial or detrimental to the local agency or the district. Current law also authorizes the legislative body of a local agency or a district to enter into an association for these purposes and specifies that the cost and expense incident to the legislative body's or district's membership in the association and the activities of the association are proper charges against the local agencies or districts comprising the association. This bill, with respect to moneys paid to or otherwise received by an association from a local agency or district member of the association, would prohibit an association of local agencies or districts from expending those moneys for any purpose other than the above-described activities and educational activities.

Position: Watch

CALAFCO Comments: As gut an amended, this bill appears to have significant impact to CALAFCO in the uses of member LAFCO and certain Associate Member dues being limited to only direct educational activities. CALAFCO will engage with stakeholders and the author's office as the bill moves forward in the next legislative year.

Summary:

The California Safe Drinking Water Act requires the state board, before ordering consolidation or extension of service, to, among other things, make a finding that consolidation of the receiving water system and subsumed water system or extension of service to the subsumed water system is appropriate and technically and economically feasible. The act defines "subsumed water system" for these purposes as the public water system, state small water system, or affected residences consolidated into or receiving service from the receiving water system. This bill would modify the provision that authorizes consolidation or extension of service if a disadvantaged community is reliant on a domestic well described above to instead authorize consolidation or extension of service if a disadvantaged community, in whole or in part, is reliant on domestic wells that consistently fail to provide an adequate supply of safe drinking water.

Position: Watch

Subject: Disadvantaged Communities, Water

CALAFCO Comments: This bill allows the SWRCB to order an extension of service in the case a disadvantaged community has at least one residence that are reliant on a domestic well that fails to provide safe drinking water. It allows members of the disadvantaged community to petition the SWRCB to initiate the process. It allows the owner of the property to opt out of the extension.

bill also places limitations on fees, charges and terms and conditions imposed as a result of the extension of service. Finally, the extension of service does not require annexation in the cases where that would be appropriate.

Summary:

Under current law, an application to annex a contiguous disadvantaged community is not required if, among other things, a local agency formation commission finds that a majority of the registered voters within the disadvantaged unincorporated community are opposed to the annexation, as specified. This bill would additionally provide that an application to annex a contiguous disadvantaged community is not required if the commission finds that a majority of the registered voters within the affected disadvantaged unincorporated community would prefer to address the service deficiencies through an extraterritorial service extension.

Position: Oppose

Subject: Disadvantaged Communities, Water

CALAFCO Comments: As amended on April 29, the bill still has a number of issues. The bill still allows for an extension of service in lieu of annexation.

The bill adds (8)(C) to Government Code Section 56375. As written, this section creates confusion and contradicts §56375(8)(A). It appears the intention is to prohibit LAFCo from approving the annexation of two or more contiguous disadvantaged communities within five years that are individually less than ten acres but cumulatively more than ten acres. If so, then this language conflicts with §56375(8)(A), which allows for commission policies to guide the commission in determining the size of the area to be annexed. Further, the term "paragraph" as used in this section creates uncertainty as to what section or subsection is actually being addressed.

The bill does nothing to address the engineering and financial issues that must be solved in order to ensure sustainable service. Further it does not allow for local circumstances and conditions to be considered by offering a "one size fits all" approach.

Summary:

This bill would require the Strategic Growth Council, until July 31, 2025, to establish and administer a local agency formation commissions grant program for the payment of costs associated with initiating and completing the dissolution of districts listed as inactive, the payment of costs associated with a study of the services provided within a county by a public agency to a disadvantaged community, as defined, and for other specified purposes, including the initiation of an action, as defined, that is limited to service providers serving a disadvantaged community and is based on determinations found in the study, as approved by the commission. The bill would specify application submission, reimbursement, and reporting requirements for a local agency formation commission to receive grants pursuant to the bill. The bill would require the council, after consulting with the California Association of Local Agency Formation Commissions, to develop and adopt guidelines, timelines, and application and reporting criteria for development and implementation of the program, as specified, and would exempt these guidelines, timelines, and

criteria from the rulemaking provisions of the Administrative Procedure Act. The bill would make the grant program subject to an appropriation for the program in the annual Budget Act, and would repeal these provisions on January 1, 2026. This bill contains other existing laws.

Subject: Disadvantaged Communities, LAFCo Administration, Municipal Services, Special District Consolidations

CALAFCO Comments: This is a CALAFCO sponsored bill following up on the recommendation of the Little Hoover Commission report of 2017 for the Legislature to provide LAFCos one-time grant funding for in-depth studies of potential reorganization of local service providers. Last year, the Governor vetoed AB 2258 - this is the same bill. The Strategic Growth Council (SGC) will administer the grant program. Grant funds will be used specifically for conducting special studies to identify and support opportunities to create greater efficiencies in the provision of municipal services; to potentially initiate actions based on those studies that remove or reduce local costs thus incentivizing local agencies to work with the LAFCo in developing and implementing reorganization plans; and the dissolution of inactive districts (pursuant to SB 448, Wieckowski, 2017). The grant program would sunset on July 31, 2024.

The bill also changes the protest threshold for LAFCo initiated actions, solely for the purposes of actions funded pursuant to this new section. It allows LAFCo to order the dissolution of a district (outside of the ones identified by the SCO) pursuant to Section 11221 of the Elections code, which is a tiered approach based on registered voters in the affected territory (from 30% down to 10% depending).

The focus is on service providers serving disadvantaged communities. The bill also requires LAFCo pay back grant funds in their entirety if the study is not completed within two years and requires the SGC to give preference to LAFCOs whose decisions have been aligned with the goals of sustainable communities strategies.

We were unsuccessful in getting the \$1.5 M into the budget so the author has decided to make this a 2-year bill and try again in the next budget. As this is a new Governor we are unsure about his willingness to make General Fund appropriations for items not in the budget.

Summary:

Would authorize the commission to propose, as part of the review and approval of a proposal for the establishment of new or different functions or class of services, or the divestiture of the power to provide particular functions or class of services, within all or part of the jurisdictional boundaries of a special district, that the special district, to mitigate any loss of property taxes, franchise fees, and other revenues to any other affected local agency, provide payments to the affected local agency from the revenue derived from the proposed exercise of new or different functions or classes of service.

CALAFCO Comments: This bill allows LAFCo, when approving a proposal for new or different functions or class of service for a special district, to propose the district provide payments to any affected local agency for taxes, fees or any other revenue that may have been lost as a result of the new service being provided.

Summary:

Current law requires the Secretary for Environmental Protection, on or before January 1, 2002, to convene a Working Group on Environmental Justice composed of various representatives, as specified, to assist the California Environmental Protection Agency in developing by July 1, 2002, an agencywide environmental justice strategy. Current law requires the Office of Planning and Research to be the coordinating agency in state government for environmental justice programs. Current law requires the Director of State Planning and Research to consult with specified entities, including the Secretary for Environmental Protection. Current law defines "environmental justice" for these purposes. This bill would require the director to additionally consult with the Attorney General and the Bureau of Environmental Justice in the Environment Section of the Department of Justice.

Position: Watch With Concerns

Subject: Environmental Justice

CALAFCO Comments: Recently amended, this bill changes one of the factors considered by LAFCo in the review of an application pertaining to environmental justice. Specifically it changes the definition of "environmental justice" to: "(A) The availability of a healthy environment for all people.(B) The prevention, reduction, and elimination of pollution burdens for populations and communities experiencing the adverse effects of that pollution, so that the effects of the pollution are not disproportionately borne by those populations and communities. (C) Government entities conducting direct outreach and providing capacity-building assistance and technical assistance to populations and communities most impacted by pollution. (D) Including populations and communities most impacted by pollution as active partners in the decisions or activities that affect their environment or health, and incorporating recommendations from those populations and communities into environmental and land use decisions."

It is unclear how LAFCo is to actually consider several of these definition factors.

Summary:

The California Safe Drinking Water Act provides for the operation of public water systems and imposes on the State Water Resources Control Board related responsibilities and duties. Current law authorizes the state board to order consolidation of public water systems where a public water system or state small water system serving a disadvantaged community consistently fails to provide an adequate supply of safe drinking water, as provided. This bill, the Consolidation for Safe Drinking Water Act of 2019, would authorize a water or sewer system corporation to file an application and obtain approval from the commission through an order authorizing the water or sewer system corporation to consolidate with a public water system or state small water system that has fewer than 3,300 service connections and serves a disadvantaged community, or to implement rates for the subsumed water system.

Position: Watch

Subject: Water

CALAFCO Comments: This bill allows for water (public or state small) or sewer systems corps to file an application for consolidation with the SWRCB.

Summary:

Current law requires a commission to develop and determine the sphere of influence of each city and each special district within the county and enact policies designed to promote the logical and orderly development of areas within each sphere. Current law requires the commission, in order to prepare and update spheres of influence in accordance with this requirement, to conduct a service review of the municipal services provided in the county or other appropriate area designated by the commission, as specified. Current law defines "sphere of influence" to mean a plan for the probable physical boundaries and service area of a local agency. Current law defines the term "service" for purposes of the act to mean a specific governmental activity established within, and as a part of, a general function of the special district, as specified. This bill would revise the definition of the term "service" for these purposes to mean a specific governmental activity established within, and as a part of, a function of the local agency.

Summary:

The Fire Protection District Law of 1987 provides that whenever a district board determines that it is in the public interest to provide different services, to provide different levels of service, or to raise additional revenues within specific areas of the district, it may form one or more service zones by adopting a resolution that includes specified information, fixing the date, time, and place for public hearing on the formation of the zone, publishing notice, as specified, hearing and considering any protests to the formation of the zone at the hearing, and, at the conclusion of the hearing, adopting a resolution ordering the formation of the zone. If a resolution adopted after the public hearing would substantially expand the provision of services outside of an existing service zone and the extension of service would result in those persons in the expanded area paying charges for the expansion of services, this bill would provide that the resolution does not become effective unless approved by a majority of the voters within the expanded service area.

Position: Watch

CALAFCO Comments: As amended, the bill amends the Health & Safety code regarding the formation of zones within a fire protection district by requiring the district hold an election, regardless of the protest level, if the district wants to substantially expand (as defined in the bill) services outside the zone. This is unrelated to 56133. CALAFCO will retain a Watch position.

Summary:

Would create the Small System Water Authority Act of 2019 and state legislative findings and declarations relating to authorizing the creation of small system water authorities that will have powers to absorb, improve, and competently operate noncompliant public water systems. The bill, no later than March 1, 2020, would require the state board to provide written notice to cure to all

public agencies, private water companies, or mutual water companies that operate a public water system that has either less than 3,000 service connections or that serves less than 10,000 people, and are not in compliance, for the period from July 1, 2018, through December 31, 2019, with one or more state or federal primary drinking water standard maximum contaminant levels, as specified.

Position: Support
Subject: Water

CALAFCO Comments: This bill is very similar to AB 2050 (Caballero) from 2018. Several changes have been made. This bill is sponsored by Eastern Municipal Water District and the CA Municipal Utilities Assoc. The intent is to give the State Water Resources Control Board (SWRCB) authority to mandate the dissolution of existing drinking water systems (public, mutual and private) and authorize the formation of a new public water authority. The focus is on non contiguous systems. The SWRCB already has the authority to mandate consolidation of these systems, this will add the authority to mandate dissolution and formation of a new public agency.

LAFCo will be responsible for dissolving any state mandated public agency dissolution, and the formation of the new water authority. The SWRCB's appointed Administrator will act as the applicant on behalf of the state. LAFCo will have ability to approve with modifications the application, and the new agency will have to report to the LAFCo annually for the first 3 years.

Summary:

The Mitigation Fee Act, among other things, requires fees for water or sewer connections, or capacity charges imposed by a local agency to not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed, unless a question regarding the amount of the fee or charge imposed in excess of the reasonable cost of providing the service or materials is submitted to and approved by 2/3 of the electors voting on the issue. The Mitigation Fee Act defines the term "fee" for these purposes. This bill would revise the definition of "fee" to mean a fee for the physical facilities necessary to make a water connection or sewer connection, and that the estimated reasonable cost of labor and materials for installation of those facilities bears a fair or reasonable relationship to the payor's burdens on, or benefits received from, the water connection or sewer connection.

Summary:

Current property tax law, for the 2006–07 fiscal year, and for each fiscal year thereafter, requires the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount for the prior fiscal year, if specified provisions did not apply, and the product of the amount as so described and the percentage change from the prior fiscal year in the gross taxable valuation within the jurisdiction of the entity. Current law establishes a separate vehicle license fee adjustment amount for a city that was incorporated after January 1, 2004, and on or before January 1, 2012. This bill would establish a separate vehicle license fee adjustment amount for a city incorporating after January 1, 2012, including an additional separate vehicle license fee adjustment amount for the first fiscal year of incorporation and for the next 4 fiscal years thereafter.

[CALAFCO Oppose unless amended letter April 2019](#)

Position: Neutral

CALAFCO Comments: This is a special act district formation. The bill takes what is currently a JPA and transforms it into a special district. CALAFCO has been working with the author and sponsor on amendments and the May 24 version addresses the vast majority of concerns. CALAFCO continues to work with the author and sponsor on minor technical amendments.

SB 654 (Moorlach R) Local government: planning.

Current Text: Introduced: 2/22/2019 [html](#) [pdf](#)

Introduced: 2/22/2019

Status: 3/14/2019-Referred to Com. on RLS.

Summary:

Current law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, makes certain findings and declarations relating to local government organizations, including, among other things, the encouragement of orderly growth and development, and the logical formation and modification of the boundaries of local agencies, as specified. This bill would make nonsubstantive changes to these findings and declarations.

Position: Watch

CALAFCO Comments: This is a spot bill. The author indicates he has no plans to use this for LAFCo law.

SB 780 (Committee on Governance and Finance) Local Government Omnibus Act of 2019.

Summary:

Current law requires the governing body of a public agency, within 70 days after the commencement of the agency's legal existence, to file with the Secretary of State, on a form prescribed by the secretary, and also with the county clerk of each county in which the public agency maintains an office, a specified statement of facts about the agency. Current law requires this information to be updated within 10 days of a change in it. Current law requires the Secretary of State and each county clerk to establish and maintain an indexed Roster of Public Agencies that contains this information. This bill would instead require the Secretary of State and each county clerk to establish and maintain an indexed Registry of Public Agencies containing the above-described information.
