DISCUSSION ITEM

Payment in Lieu of Taxes (PILOTs)

Presenter: Colin Driver, Director of Economic Development

- In the 2023 budget, each tax dollar was allocated so the school received 57.99%, the county received 12.33% and the borough received 29.69%.
- The school budget is presented to the town and if the town adopts it, that is the amount of money that has to be paid, regardless of the borough's finances.
- A PILOT is a payment in lieu of taxes and is not considered a tax by the government. It doesn't affect state aid and it helps to support the budget because PILOT revenue goes into the general fund.
- It provides the town with a long-term, stable flow of cash that can be anticipated
- PILOTs start when a Certificate of Occupancy is issued.
- If you have a healthy PILOT program, your taxes don't go up as much because they're offset by the income stream of the PILOT.
- The property owner still pays the land tax portion.

- The state set up PILOTS to incentivize developers to go into challenged communities.
- The owner cannot make a tax appeal to reduce payments as it is not a tax.

Public Comments

Dora Del Sordo - I'm asking for Maple Street to be included in the Borough's list of streets that allow residential parking permits. I'm making this petition because 19 Maple Street does not have a private driveway. The residents of this street border a very busy street.

Close Public Session

Council President Vroom said we will look into the concern on Maple Street.
