Ordinance scheduled for Introduction

ORDINANCE #2719-23-1002

CREATING CHAPTER 149B OF THE BOROUGH CODE ENTITLED STORMWATER – PRIVATELY OWNED STORAGE FACILITIES FOR SALT AND OTHER DE-ICING MATERIALS

149B-1

SECTION I. Purpose:

The purpose of this ordinance is to prevent stored salt and other solid de-icing materials from being exposed to stormwater.

This ordinance establishes requirements for the storage of salt and other solid de-icing materials on properties not owned or operated by the municipality (privately-owned), including residences, in the Borough of Somerville to protect the environment, public health, safety and welfare, and to prescribe penalties for failure to comply.

149B-2

SECTION II. Definitions:

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number

include the singular number, and words used in the singular number include the plural number. The word “shall” is always mandatory and not merely directory.

- A. “De-icing materials” means any granular or solid material such as melting salt or any other granular solid that assists in the melting of snow.
- B. “Impervious surface” means a surface that has been covered with a layer of material so that it is highly resistant to infiltration by water.
- C. “Storm drain inlet” means the point of entry into the storm sewer system.
- D. “Permanent structure” means a permanent building or permanent structure that is anchored to a permanent foundation with an impermeable floor, and that is completely roofed and walled (new structures require a door or other means of sealing the access way from wind driven rainfall).

A fabric frame structure is a permanent structure if it meets the following specifications:

- 1. Concrete blocks, jersey barriers or other similar material shall be placed around the interior of the structure to protect the side walls during loading and unloading of de-icing materials;
 - 2. The design shall prevent stormwater run-on and run through, and the fabric cannot leak;
 - 3. The structure shall be erected on an impermeable slab;
 - 4. The structure cannot be open sided; and
 - 5. The structure shall have a roll up door or other means of sealing the access way from wind driven rainfall.
- E. “Person” means any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.
 - F. “Resident” means a person who resides on a residential property where de-icing material is stored.

149B-3

SECTION III. Deicing Material Storage Requirements:

- A. Temporary outdoor storage of de-icing materials in accordance with the requirements below is allowed between October 15th and April 15th:
 - 1. Loose materials shall be placed on a flat, impervious surface in a manner that prevents stormwater run-through;
 - 2. Loose materials shall be placed at least 50 feet from surface water bodies, storm drain inlets, ditches and/or other stormwater conveyance channels;
 - 3. Loose materials shall be maintained in a cone-shaped storage pile. If loading or unloading activities alter the cone-shape during daily activities, tracked materials shall be swept back into the storage pile, and the storage pile shall be reshaped into a cone after use;
 - 4. Loose materials shall be covered as follows:
 - a. The cover shall be waterproof, impermeable, and flexible;
 - b. The cover shall extend to the base of the pile(s);

- c. The cover shall be free from holes or tears;
- d. The cover shall be secured and weighed down around the perimeter to prevent removal by wind; and
- e. Weight shall be placed on the cover(s) in such a way that minimizes the potential of exposure as materials shift and runoff flows down to the base of the pile.

(1) Sandbags lashed together with rope or cable and placed uniformly over the flexible cover, or poly-cord nets provide a suitable method. Items that can potentially hold water (e.g., old tires) shall not be used.

5. Containers must be sealed when not in use; and

6. The site shall be free of all de-icing materials between April 16th and October 14th.

B. De-icing materials should be stored in a permanent structure if a suitable storage structure is available. For storage of loose de-icing materials in a permanent structure, such storage may be permanent, and thus not restricted to October 15 -April 15.

C. All such temporary and/or permanent structures must also comply with all other local ordinances, including building and zoning regulations.

D. The property owner, or owner of the de-icing materials if different, shall designate a person(s) responsible for operations at the site where these materials are stored outdoors, and who shall document that weekly inspections are conducted to ensure that the conditions of this ordinance are met. Inspection records shall be kept on site and made available to the municipality upon request.

1. Residents who operate businesses from their homes that utilize de-icing materials are required to perform weekly inspections.

149B-4

SECTION IV. Exemptions:

Residents may store de-icing materials outside in a solid-walled, closed container that prevents precipitation from entering and exiting the container, and which prevents the de-icing materials from leaking or spilling out. Under these circumstances, weekly inspections are not necessary, but repair or replacement of damaged or inadequate containers shall occur within 2 weeks.

If containerized (in bags or buckets) de-icing materials are stored within a permanent structure, they are not subject to the storage and inspection requirements in Section III above. Piles of de-icing materials are not exempt, even if stored in a permanent structure.

This ordinance does not apply to facilities where the stormwater discharges from de-icing material storage activities are regulated under another NJPDES permit.

149B-5

SECTION V. Enforcement:

This ordinance shall be enforced by the Department of Public Works, Zoning Office and any other municipal enforcement agency during the course of ordinary enforcement duties.

149B-6

SECTION VI. Violations and Penalties:

Any person(s) who is found to be in violation of the provisions of this ordinance shall have 72 hours to complete corrective action. Repeat violations and/or failure to complete corrective action shall result in fines of \$1,250 per day.

149B-7

SECTION VII. Severability:

Each section, subsection, sentence, clause, and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause, and phrase, and finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause or reason shall not affect any other portion of this Ordinance.

149B-8

SECTION VIII. Effective Date:

This Ordinance shall be in full force and effect from and after its adoption and any publication as may be required by law.

The resolutions listed below are in draft form and may be amended prior or during the meeting

PRESENTATION

ROOT 22 Dispensary LLC

Presenters: Joe Savino and James Barr

J. Savino - I have a background in finance and am a former Somerville resident. James and I have been looking to find a suitable location for a small cannabis store. We put together an application, which we think will be an asset to the community.

J. Barr - I have a background in healthcare finance and as a cannabis investor and operator.

- The property must be in the B5 zone. We're the last property to the east.
- We have a lease and are ready to move forward with construction once we have approval.
- It's far from the schools and there are no residential parcels bordering it. We feel it's a great location with access off Rt 22 and Gaston Ave.
- We'd maintain the existing building and add a second story.
- At the entrance, we will have a security guard checking IDs to ensure customers are 21+ before entering the secure sale floor.
- Customers can self-order at the kiosk or order through a sales rep.
- There will be a secure area for employees only for the fulfillment of orders.
- Advertising will be limited to 1 sign on the building and a social media presence.
- We expect the store to open in January 2025.
- Once we have an approval from the municipality, we're allowed to move forward to the next stage in the state licensing process.
- We need a resolution of support from the municipality and a zoning authorization letter confirming the property is in the right zone. Then we can submit our state application.
- Our goal is to hire at least 50% of our staff from the borough, with a special emphasis on veterans, women and minorities in our recruitment process. We expect to have about 15 full-time equivalent staff, with a mix of part-time and full-time employees.
- The majority of our customers will be people driving east-bound on Route 22. Gaston Avenue also allows us easy access from the residential neighborhoods.
- There is a 2% local transfer tax of the gross receipts. We anticipate, when fully operational, the business doing \$10 million in sales. The transfer tax to the Borough will be about \$200,000.

Comments

T. Mitchell - I love your location. It's at the north-east corner of town and not within walking distance. That, plus your security procedures will keep our young people safe.

G. Stravic - I think it's a solid plan. I am concerned about children getting a hold of edibles. I hope you can do an educational campaign through your store and maybe in alignment with our Municipal Alliance.

PROCLAMATION & RECOGNITION

The mayor read a resolution recognizing KNOCK-OUT OPIOID ABUSE DAY – OCTOBER 6, 2023

WHEREAS, New Jersey is in the midst of a life-threatening opioid abuse epidemic, causing unnecessary death and addiction in New Jersey; and

WHEREAS, in 2019, Governor Murphy signed Senate Joint Resolution 35 recognizing October 6 as Knock Out Opioid Abuse Day and it is now P.L.2019, JR-16, recognized by the Partnership for a Drug-Free New Jersey; and

WHEREAS, “Knock Out Opioid Abuse Day” is designed to raise awareness about the dangers of, and the link between, opioid abuse and heroin addiction and to educate health care providers, community leaders, lawmakers, and members of the public about the opioid abuse epidemic and its effects throughout the State of New Jersey and across the country; and

WHEREAS, in order to improve public awareness of the dangers of opioid addiction and the link between opioid addiction and heroin use, it is both reasonable and appropriate to invite New Jersey citizens to observe “Knock Out Opioid Abuse Day” in this State, and to participate in appropriate activities in relation thereto;

NOW, THEREFORE, BE IT RESOLVED, by the Borough Council of the Borough of Somerville, County of Somerset, State of New Jersey in order to raise awareness about the dangers of, and the link between, opioid abuse and further addiction, recognizes October 6, as Knock Out Opioid Abuse Day; and

BE IT FURTHER RESOLVED that a copy of this resolution be forwarded to Governor Murphy, the New Jersey Department of Human Services, Senate President Scutari,

Assembly Speaker Coughlin, the Partnership for a Drug-Free New Jersey, and New Jersey State League of Municipalities.

COMMITTEE REPORTS

G. Brady - We finalized the sale of the sewer system on October 3.

T. Bonner - I am now council liaison to the Department of Public Works and I got a chance to meet with Rodney Hadley and his team. Curbside leaf pickup will start on October 30. For now, you can put leaves in paper bags and call for pickup. For more information, visit www.somervillenj.org/leaves.

T. Mitchell - This weekend is Weekend Journey into the Past. The Fire Museum is a popular destination for historic tours. Borough Hall will also be open for historic tours.

G. Stravic - The Environmental Commission had a successful electric car show yesterday. We're collaborating on a campaign with PSE&G to help homeowners save on energy costs. An alternative to putting your leaves out to the curb is mulching and composting. On October 21, we're planting 37 trees at Walck Park through a grant project with MetLife and the Arbor Day Foundation.

R. Vroom - PSE&G has started paving and the current schedule is on the borough website at www.somervillenj.org/pseg-paving. As it gets colder, please make sure to check the carbon monoxide detectors in your home. Now is a good time to check smoke detectors and carbon monoxide detectors. Check the batteries and replace them every 6 months. Also, if there are storm drains in your neighborhood, please check are clear to help prevent flooding. And please don't drive on roads that are flooded.

R. Pitts - This Thursday, Oct 5, from 11 am to 1 pm, Coffee with a Cop will be held at Starbucks.

Mayor Sullivan - School is back in session and Somerville High School had about 9 merit scholarship semi-finalists. Congratulations to our students, teachers and parents. Covid and flu shots are now available at local pharmacies.

ADJOURNMENT

Mayor Sullivan said it's Breast Cancer Awareness month and encouraged everyone to get screened. Council member Bonner added that men also get breast cancer and should be tested, especially if they have a family history.

Councilmember Mitchell made a motion to adjourn, seconded by Councilmember Vroom, all voted favorably.

Respectfully Submitted,
Kevin Sluka, RMC
