

Household / Business Recycling and Garbage Information

The Sonoma County Waste Management Agency provides a hotline to answer questions about waste reduction and recycling. Messages or questions can be left at any time and your call will be returned. Call the Eco-Desk hotline at (707) 565- DESK (3375).

For more information about Residential or Business disposal resources regarding Recycling, curbside recycling, home composting, battery recycling, hazardous wastes and food composting, go to the [Sonoma County Waste Management Agency](#) website.

New State Recycling Requirement for Businesses and Multifamily Residences

California Assembly Bill (AB341) California's New Mandatory Commercial Recycling Law take effect on July 1, 2012 requiring all businesses that generate four (4) or more cubic yards of waste per week to recycle. Businesses include any commercial or public entity, including non-profits, retail centers and school facilities. AB341 also requires all multi-family dwellings of five (5) or more units to recycle.

The purpose of the law is to reduce greenhouse gas emissions by diverting commercial solid waste to recycling efforts.

For more information about AB341 and how you can implement recycling at your business or multifamily home, please contact the Sonoma County Waste Management Agency.

Recycling/Garbage Service

In Sonoma, recycling services are provided as part of your garbage service.
