Revisions Incorporated after Planning Commission Process

1. Foundation System

To minimize site impacts, portions of the project have been changed from slab on grade foundation systems to elevated wood framed floors with perimeter stem walls and stepped footings. These areas of the project include the following as shown on the corresponding Pad Area Diagram:

- a. Guest Bedroom Wing [Item #3 on Pad Area Diagram]
- b. Barn [Item #4 on Pad Area Diagram]
- c. Main Terrace [Item #5 on Pad Area Diagram]
- d. Firepit Terrace [Item #6 on Pad Area Diagram]
