**REBUILDING OUR COMMUNITY**

ROC Sonoma County (Rebuilding Our Community) is a collaborative network of local organizations addressing the long-term recovery of Sonoma County fire survivors.

From the basic needs of housing and clothing to ongoing spiritual and emotional support, insurance assistance and much more.

Tapping into the many existing non-profit organizations that have led the relief charge to this point as well as inviting new agencies to join this collaborative effort, ROC offers a complete array of services to Sonoma County residents who continue to rebuild their lives.
