Mayor's Report

Mayor Broska appointed the members of the Master Plan Review Commission (MPRC) as selected per the Charter. The members selected who were in the audience stood to be recognized. Mayor Broska said this was a very important board that convened every five years, and last time the Commission was very detailed. Mr. Cieszkowski noted that the City needed to contract with a consultant (which should happen tonight), set a kick-off meeting with the Commission members, and then could set the meeting dates for the MPRC. Mayor Broska surveyed the appointees that were present in the audience and learned that Tuesday afternoons may be a convenient time for the MPRC to meet.

President of Council's Comments

Reports/Communications from Depts/Boards/Commissions

Chief Reinholz said the firefighters delivered a baby last Friday; mom and baby are doing fine now. There was also a small fire last Friday. Chief Reinholz was pleased to report that the Streetsboro firefighter who had a cardiac medical emergency at the station two weeks ago was now home from the hospital. The Department had recently completed the HAZMAT refresher training. The Department was arranging CPR training and AED instruction for all the City staff at the direction of the Mayor, and Council Members were invited to participate too. They were also planning to offer a CPR training session night, maybe in April, to the public through the Parks and Recreation Department. If it was popular, they would schedule additional sessions. Each session could only accommodate about 8 participants because that's how many mannequins were available.

Mr. O'Malia commented he was aware the City wanted an Olive Garden type restaurant in town (as was mentioned earlier this evening), but he currently didn't have a location that would accommodate it. He announced that the Happy Moose would be re-opening soon and would arrange for a soft-open with which the Council Members could assist. There was a ribbon cutting scheduled for 8:30 a.m. for Raising Cane's that would open tomorrow. Mr. Ring, and his constituents in the Shady Lake Apartments, were concerned about the Raising Cane's traffic backing up into Shady Lake Drive and blocking their ingress and egress from home. There was some discussion about arrangements that had been made to avoid that; Cane's could stack 31 cars on their lot. Popeyes was now planning to have their building completed no later than June 2023. They had unexpected supply line delays regarding getting the fryer equipment.

Mr. Czekaj said construction season this year would start with a bang. On social media it was mentioned that Dominion Gas was relocating their transmission line on SR 43 underneath the Turnpike. In order to do so, they would need to be in the roadway for 4-12 days. The traffic on SR 43 would be signalized starting on Wednesday in both directions, so he recommended finding another way around because there would be delays. The traffic light at Pike Parkway and Cherokee would be covered. After the 4-12 days, depending on the weather, they would have flaggers for the rest of the project, but at night they would open two lanes of traffic and plate the road. The City's SR 43 widening project would kick off concurrently with Dominion or shortly after. The snow plows would be made aware of the plates in the road if there was a snow event. Chief Wain added that this information would be posted to the Police Department social media sites tomorrow to make the public aware of the construction project and traffic changes.

Clerk read by title as directed for third reading.

MOTION: TO ADOPT ORDINANCE.

Moved by Mrs. Field, seconded by Mr. Lampa. Upon roll call, Mrs. Field – Yes, Mr. Lampa – Yes, Mr. Lombardo – Yes, Mr. Ring – No, Mr. Michniak – No, Ms. Wagner – Yes, Mr. Hannan – Yes. There was some discussion on whether the legislation had passed. It needed more than 4 votes to pass as non-emergency legislation since it was different than what the Planning Commission had initially sent to City Council. City Council had amended the moratorium to not include warehouses in excess of 150,000 square feet of floor area. Mrs. Field commented that she had no idea that Mr. Ring and Mr. Michniak were opposed to the legislation and asked if they wanted to explain. Mr. Michniak thought it took four votes to pass. He said he wasn't comfortable with the legislation and didn't feel it was necessary right now and was just a knee-jerk reaction to complaints about hotels, motels and car washes, which Streetsboro had always had. He said he had asked when this legislation was presented if there were any new hotels, motels, or car washes that had filed plans, and there were not. He felt it seemed kind of knee-jerk to cherry-pick these individual businesses and he did not want to get sued over it. Mr. Ring agreed and also thought it opened up legal issues. He also felt the free market should dictate this, not government; it was an overreach of government. He thought, if the City didn't want any more of those businesses, it should change the Code, not just pause them for 6 months or a year to get a study to take them out. Mr. Michniak didn't think specific businesses should be selected; he didn't think the courts would look favorably upon it. If no one even had one of those

businesses pending, he didn't think there was going to be a lawsuit, but he wanted to be on the record as saying a moratorium wasn't necessary at this time.

The Clerk pulled the Charter and read from Section 14.06 that at least 2/3 vote of Council was required to pass an ordinance which differs from the recommendation submitted by the Planning and Zoning Commission. Calculations were made and it was determined that six votes were needed to pass this legislation, so it was declared Failed. Mr. Cieszkowski pointed out that the fourth WHEREAS still mentioned the warehouses and the Clerk clarified that the fourth WHEREAS stated what the Streetsboro Planning and Zoning Commission recommended to City Council at their meeting of December 13, 2022. [During the Executive Session further calculations were made and it was realized that 2/3 of 7 members of Council was 4.66, so 5 votes were enough to pass this legislation.]

Announcements

Deadline to file for an elected office is Wednesday, February 1, 2023 at 4 p.m.

There will be a Public Hearing-EMC Signs, a Safety Committee, a Service Committee, and a Regular Council Meeting on Monday, February 13, 2023 starting at 7:00 p.m. in Council Chambers.

The Clerk announced that her thoughts were correct, but her math was not for the moratorium legislation voted on earlier tonight. The moratorium ordinance that was declared Failed earlier tonight did not Fail; it needed five votes to pass the legislation and the vote was 5-2, so it did pass; **T-7346 was now Ordinance No. 2023-21**. The Clerk would email this information to the newspaper reporters tonight before they wrote their articles.

There being no further business to come before this Council, and upon motion by Mr. Ring, seconded by Mrs. Field, this meeting adjourned at 10:03 p.m.
