

TOWN OF SWANSBORO

GENERAL POLICY NO. 9
RESPIRATORY PROTECTION POLICY AND PROCEDURES

It is the policy of the Town of Swansboro to comply with the Occupational Safety and Health Act (OSHA) Respiratory Protection Standards (1910.134). It is the intent of this policy to provide procedures for the proper selection, care, use and maintenance of respiratory devices. In addition, this policy will provide procedures for the proper fit of face gear and also medical requirements for all employees using respiratory devices.

In order to provide safe working conditions for Town of Swansboro employees, copies of the Respiratory Protection Policy and Procedures are available to all employees. All full time, part time, and volunteer employees whose duties include the need to use respirators are required to read and sign the Acknowledgment Form indicating their understanding of all requirements of the Respiratory Protection Policy and Procedures.

APPROVED BY THE TOWN MANAGER THIS 18th DAY OF AUGUST,
1994.

William E. Price
