SUBJECT: CONDUCT BUDGET WORKSHOP ON THE PROPOSED FY23-24 OPERATING AND CAPITAL IMPROVEMENT PROGRAM BUDGETS.

RECOMMENDATION

Conduct workshop for the proposed FY23-24 operating and capital budgets and provide direction to staff.

Note: The Board is not approving the Proposed FY23-24 Operating budget, Five-Year CIP, Measure A allocations, or any projects at this meeting. The Board is merely providing input and/or direction to staff regarding the proposed operating and capital budgets. The Board is tentatively scheduled to consider the adoption of the budget at its June 14th regular meeting.

BACKGROUND

At its March 22nd work session, the Board reviewed and discussed the preliminary Five-Year CIP budget. Staff provided an overview of the 5-Year CIP and the various capital reserves including revenue forecast. We also shared the revised format for the Parks & Recreation budget.

At its April 26th work session, the Board reviewed and discussed the Preliminary Five-Year Operating Forecasts.

The preliminary estimates presented in Five-Year CIP and Five-Year Operating Forecast at the March and April meetings, respectively, have been further revised into the proposed FY23-24 budget for discussion at this meeting.

DISCUSSION

At the budget workshop, we will discuss the Operating and Capital Improvement Program (CIP) budgets for Wastewater, Solid Waste and Parks & Recreation (P&R) operations. Specifically, we will review the following:

- Proposed FY23-24 Budget with detail sheets for certain expenditure categories
- Five-Year (5-Yr.) Operating Forecasts
- Capital Reserves/funds including vehicle, facility, and P&R funds
- Proposed Five-Year Capital Improvement Program (CIP) budget

- Proposed uses of Measure A Park funds
- Three years of actual expenditures

The Proposed FY23-24 Budget

Below is a summary of the Proposed FY23-24 Operating budget by Department with comparison to the Adopted FY22-23 budget. Each Department also has new “detail sheets” for certain expenditure categories (e.g., professional services) which shows more specific information as to what expenses are included in the line item. *Please note details regarding event costs will be available at the workshop.*

Overall, each Department has revenues exceeding expenditures *with surpluses available for transfer to capital reserves.* Staff will discuss each budget in more detail at the meeting.

	Adopted FY22-23	Proposed FY23-24	Variance	In %
WASTE WATER				
Total Revenues	\$ 5,927,800	\$ 6,145,806	\$ 218,006	3.7%
Total Expenses	\$ <u>5,446,500</u>	\$ <u>5,140,044</u>	\$ (306,456)	-5.6%
Surplus (deficit)	\$ 481,300	\$ 1,005,763		

Budget Highlight: Lower expenditures primarily due to the last mediation payment of \$250,000 to Sausalito-Marin City Sanitary District (SMCSD) in FY22-23 and slight reduction in maintenance costs due to completed CIP projects to replace sewer pipelines.

	Adopted FY22-23	Proposed FY23-24	Variance	In %
Solid Waste				
Total Revenues	\$ 2,632,000	\$ 2,828,290	\$ 196,290	7.5%
Total Expenses	\$ <u>2,258,700</u>	\$ <u>2,421,940</u>	\$ 163,240	7.2%
Surplus (deficit)	\$ 373,300	\$ 406,350		

Budget Highlight: The Board reviewed in great detail the proposed budget and 5-year forecast during the Prop 218 process. In essence, increases in revenues evenly offset the increases in expenditures.

	Adopted FY22-23	Proposed FY23-24	Variance	In %
PARKS & RECREATION				
Total Revenues	\$ 1,120,100	\$ 1,221,885	\$ 101,785	9.1%
Total Expenses	\$ <u>1,082,700</u>	\$ <u>1,145,588</u>	\$ 62,888	5.8%
Surplus (deficit)	\$ 37,400	\$ 76,297		

Budget Highlight: Increase in expenditure reflects a new allocation of \$40,000/yr. for vegetation management activities. The proposed budget also reflects a new format which

breaks down revenues and expenses by program area: Parks, Events/Programs, Facilities, and Administration.

Key Forecast/Budget Assumptions

Below are the base increases used for various revenues and expenditures by TCSD function.

Revenue sources base assumptions:

Wastewater (EDU & usage)- 4% (per adopted fee schedule)

Wastewater fee charges (e.g., permits, hook-up fees)- 5% (Feb. to Feb CPI)

Solid Waste- 2% (per adopted fee schedule)

Solid Waste fee charges (e.g., extra pick-up, dump bins)- no change, but staff will discuss this more at the meeting.

Parks & Recreation rental fees- 5% (per Reso. 22-08 based on Feb. to Feb. CPI)

Parks & Recreation property tax projection- 3.75%

Personnel Expenses base assumptions (all departments):

Cost of living adjustment- 4.2% (based on April-to-April CPI)

Performance Pay- 2% (one-time payment)

Health insurance- 7%

Dental insurance- 5%

Vision insurance- 2%

OPEB- 10%

O&M Expenses base assumptions:

General inflation- 4%

Other considerations range from 3% to 5%, with the exception for fuel at 9%

Five-Year Operating Forecast

The purpose of the Five-Year Operating Budget Forecasts (Forecasts) is to project costs and revenues over the next five-year period. This allows the Board to better evaluate the on-going impacts of new programs, the availability of surplus revenue for capital projects, projected increases in wastewater treatment costs, and impacts of various inflationary assumptions.

We used the five-year models prepared by the consultants for Wastewater (Hildebrand) and Solid Waste (R3) used for Prop 218 fee adjustments. For Parks & Recreation, we used the 5-Yr model prepared by Management Partners. While the models are slightly different in format and content, they all use the same base assumptions for similar expenses (e.g., 4% for general inflation) and revenues, with adjustments to reflect the specific use or fund.

The Five-Year Forecasts has been revised since the Board's April work session. The main difference is that the preliminary budget numbers for FY23-24 have been replaced with the proposed budget amounts. However, the "bottom-line" has not changed which is all 3 funds/department will remain fiscally sound over the five-year period. In other words, revenues will continue to exceed expenditures and allow TCSD to transfer surplus funds toward capital improvements. Staff will discuss the Five-Year Forecasts in more detail at the meeting.

Capital Reserves

The Capital Reserves Five-Year Forecast table shows:

- Beginning fund balance for Capital Reserves by Department
- Contributions (net surplus revenue) from Operating Funds by Department
- Transfers to other designated reserves such as the vehicle replacement and facilities funds
- Transfers to the CIP budget

Also attached are the updated designated fund tables for each department. These tables reflect the transfers in from the capital reserve. Please note only the Vehicle Replacement Fund shows actual expenditures in the fund. The other reserves such as the Facility Fund, P&R Capital Fund, and Park Development Fund show expenses as transfers to the CIP. Staff will discuss the Capital Reserve Forecast in more detail at the meeting.

Five-Year Capital Improvement Program (CIP)

The purpose of a Five-Year CIP budget is to show the projected cost and revenues for projects over a five-year period. This allows the Board to better plan for projects and the availability of funding sources.

The attached Five-Year CIP reflects input received from the Board at its March work session. The CIP also reflects any budget revisions and phasing since March. Many of the projects are in the conceptual design process and, as a result, we only have "rough" cost estimates. In any case, FY23-24 does appear to be an extremely ambitious year for major improvements to all TCSD facilities. It should be noted that not all projects will be completed within FY23-24, but we anticipate being able to bid out and start all the projects as planned.

The Proposed FY23-24 CIP shows a total CIP budget of approximately \$4.9M. Staff will discuss the Five-Year CIP in more detail at the meeting.

Measure A

The Measure A Table reflects the proposed sources and uses of Measure A County Park funds over a five-year period. The Board may recall at its March work session it indicated that it would be willing to consider the reallocation of Measure A funds from FY22-23 maintenance activities to capital projects. The Table reflects the reallocation of funds. However, the Board will need to take formal action to approve the reallocation of funds and the Measure A work plan for

FY23-24. This action will be included with approval of the budget at the June meeting. Staff will discuss the Measure A Forecast in more detail at the meeting.

Three Years Actual Data

As requested by the Board, we have provided three years' worth of actual revenues and expenditures by Department. We also included columns for the FY22-23 year-end estimates as well as the Proposed FY23-24 budget.

Next Step

Staff will incorporate any revisions, as directed by the Board, and return to the June 14th Board meeting with revised Proposed FY23-24 Operating and Capital Improvement Program Budget for approval. All the information presented at this meeting will be incorporated into a budget document including the staff report which will be converted into a budget message to accompany all the tables.
