COLD WEATHER TIPS

Help prevent freezing of water supply lines and pipes by following these recommendations:

- Remove outside hoses and cover faucets with Styrofoam cover or pipe insulation
- Open kitchen and bathroom cabinet doors to allow warmer air to circulate around the plumbing
- When the weather is very cold outside, let the cold water drip from the faucet served by exposed pipes. Running water through the pipe - even at a trickle - helps prevent pipes from freezing
- Keep the thermostat set to the same temperature both during the day and at night

DEAR WARR ACRES BUSINESS OWNER OR MANAGER:

It is time for your annual Fire/Safety Inspection. In 2017, the Warr Acres Fire Department will be visiting your establishment to complete a Business Safety Survey. Not only is this inspection beneficial to your company and employees, but it also ensures the safety of your customers. This visit allows your Fire Department to become familiar with specific locations or conditions of hazards that might be encountered during an emergency situation.

We will be assessing items including: fire lanes, visible street addresses, clear exit pathways, proper emergency lighting, electrical panels, storage of flammable liquids or hazardous materials, extension cord usage, and annual inspection tags on fire extinguishers, automatic fire sprinklers and hood systems.

We look forward to meeting with you and helping you to provide a safe and comfortable environment for your employees and customers. If there are any questions, please do not hesitate to contact the Warr Acres Fire Department (405) 789-5912.

SANITATION DEPARTMENT – ICE AND SNOW

The sanitation department has always attempted to provide garbage service throughout the city regardless of the weather. When the city experiences ice storms, we must alter the way we gather the garbage for the safety of our workers. For the safety of our citizens, it is suggested that they hold their trash until the next scheduled pick up day. When there is **ICE on the ground**, garbage “will not be picked up.” When there is **SNOW on the ground**, garbage **will be picked up Curbside only.**
